CLUB ELECTS OFFICERS.

(Continued from page 13.)

Notice of this election was forwarded to National Headquarters by U. M. Carlton, Vicegerent Snark of Massachusetts.

CHIEF ADDRESSES LOS ANGELES HOO-HOO.

August Vollmer, chief of police of Los Angeles, entertained the Hoo-Hoo Club of that city with a talk, at their regular, Thursday meeting, October 4. Chief Vollmer combined the two essential elements of a good talk, in that it was instructive as well as entertaining.

A lecture to Hoo-Hoo by a policeman is no doubt a new wrinkle. This one, however, proved quite pleasant. C. J. Laughlin, Secretary, writes that the Los Angeles Club is growing greater and better every day in every way and the club will continue to have these interesting and instructive meetings which will be held regularly throughout the Hoo-Hoo year.

MOVIE MAN TALKS TO LOS ANGELES HOO-HOO.

The Los Angeles Club held a luncheon Thursday, October 4. Snark Rosenberg suffering a slight attack of illness, Senior Hoo-Hoo Cliff Estes presided. Phil B. Hart and Floyd Dernier served as joint Chairmen. Fifty-five members were present. Ernest Trexler, production manager for Eric von Stroheim of the Goldwyn Studios, was the speaker of the day. He gave a very interesting talk describing the details of the production of Goldwyn's latest big picture which is soon to be released under the title "Greed." The scenario was written from Frank Morris' story "McTigue."

NINE REASONS FOR HOO-HOO.

(Continued from page 3.)

8. Hoo-Hoo gives you membership in a National Organization of nearly eight thousand of the thinkers and doers in the lumber industry from every state in the Union. This national organization has become the great binding tie for all branches of the industry. Every individual lumberman and every branch of the industry can get full justice at Hoo-Hoo's door.
9. Hoo-Hoo will bring you clean fun and lots of it. Sound, wholesome amusement is a necessary part of life and lumbermen find in Hoo-Hoo an outlet for their "boy spirit," regulated and controlled by mutual respect among the membership.

A Merry Christmas
and a
Happy New Year

The warm glow which crept around our hearts and suffused our little faces with excitement at the hour for the anticipated visit of Dear Old Santa, is a heritage which we grown-ups can cherish but no longer enjoy.

But in its stead has come a new glow around the hearts of all of us—a new feeling of anticipation that suffuses our faces with excitement. It is the spirit of the Child Christ which bids us: "Peace on Earth; Good Will Toward Men."

Ours is the Joy of Service to our Fellows—of Happiness wrought by deeds of ours which in childhood days we could have ascribed only to a benevolent Santa—of Good Wishes and Blessings and Prayers which we dedicate to the Fellowship of Man!

And though the time for expressing the thoughts which have been bound in our hearts for the year past comes but once a year, every Hoo-Hoo knows that the joys we wish to be his this Yuletide shall be his guiding light through a year blessed by

# FORESTRY DOINGS IN GENERAL

## A FEDERAL FOREST PROGRAM.

(Abstract of Statement presented to the United States Senate Select Committee on Reforestation on November 22, 1923, by R. S. Kellogg, Chairman, National Forestry Program Committee.)

The Hearings held by the Senate Committee from Coast to Coast clearly demonstrate by overwhelming weight of evidence that any adequate plan for the maintenance of our timber supply must include:

Effective fire prevention on both public and private forest land.

Scientific utilization of forest products. Forest planting upon large areas of public land.

A substantial proportion of well-distributed forest land in public ownership upon which there may be grown the older classes and larger sizes of timber which we cannot expect in sufficient quantity from private initiative.

It is futile to think of depending upon foreign sources for any considerable future supply of wood products. We must grow more timber at home or alter the entire plan of American life and industry.

It is helpful to state a few truths as to the methods of forestry:

Forestry is not a law compelling the planting of a new tree for every one cut. Forestry is not a law limiting the cut to certain sizes and kinds of trees.

Forestry is not arbitrary control by any public body over the operations of private enterprise.

Forestry is not fire prevention—though this is everywhere necessary.

Forestry is the application of definite scientific principles to the growing and using of timber crops.

Forestry is and must be practiced by Government upon public property in order to insure some supply of forest products for the people.

Because of the long time investment and comparatively small return thereon, together with hazards of fire, insect, fungus and storm, a considerable area of publicly owned forest will always be needed although public ownership of the entire forest area of any country is neither necessary nor desirable.

The proportion of total forest area in public ownership of some form in the leading European countries in the practice of forestry is 35% in France, 53% in Germany and 24% in Sweden. Private capital engages in the growing of timber and co-operates with the public authorities in so doing in those countries, because capital gets a fair return therefor.

Forestry is and will be practiced by the private owner in the United States when he can see that it will pay him to do so.

Since the larger proportion of the forest area of the United States is likely always

to be in private ownership, any adequate forestry program must include measures which will promote permanent timber production on such land.

Any practical solution of the problem of continuous forest production must be based upon the principle of Federal leadership and co-operation with the States and timberland owners.

The ultimate program must include:

1. The determination for each forest region of the essential requirements for the maintenance of forest productivity.

2. Sufficient National appropriations to be expended in co-operation with State and other agencies to make such requirements effective.

3. A survey of forest resources and land classification to determine: What timber we have. How much we need. How much can be grown.

4. Provision for extensive research into problems of timber growth and utilization.

5. Forest planting upon a large scale, by both Federal and State agencies.

6. The devising of better methods of forest taxation and their adoption by the States.

7. The continual building up of publicly administered forests through purchase, exchange, transfer from the public domain and the several forms of public reservation until 40% of the ultimate forest area of the United States is permanently devoted to timber growing or watershed protection under public control.

At present 20 per cent of the forest area of the United States is publicly owned, but the situation is badly unbalanced. From the Rocky Mountains west, 70 per cent is in public ownership and from the Rockies east, but 3 per cent.

The immediate program should include:

1. A Federal appropriation of not less than \$1,000,000 yearly for cooperation with the States in fire prevention, the National Government to spend no more for this purpose in any State than the State itself spends therefor, including the expenditures of forest owners required by State law.

2. A Federal appropriation of \$5,000,000 yearly for the purchase of forest land upon the watersheds of navigable streams.

3. A Federal appropriation of \$1,000,000 yearly for forest research and investigation, including studies in forest taxation.

4. An initial Federal appropriation of \$100,000 yearly for forest planting in cooperation with the States and otherwise with provision for increases up to a total of \$1,000,000 yearly within 10 years as planting facilities and forest protective measures are improved.

5. A relatively small initial appropriation with reasonable yearly increases for co-operation with the owners of forest land, similar to the present appropriations for co-operation with the owners of farm-land. The Secretary of Agriculture recommends \$50,000 to start this work.

6. Authorization for determination by the Secretary of Agriculture of what lands, owned by the United States and not now embraced in National Forests or National Parks, are valuable chiefly for the production of timber or the protection of watersheds and provision for their ultimate inclusion within the National Forests or such other protection and administration as will promote their best use in the public interest.

None of these items can be rightly charged to the National Expense Account. They are investments in the future and permanent welfare of the country—an insurance upon one of our greatest and most necessary natural resources.

### WHERE DOES LUMBER COME FROM?

Although the increase in the cost of lumber from the prices of a few years ago may cause much worry in the mind of the average man, it seems true that when a carload of lumber is switched onto his dealer's siding he speculates little as to where it came from and the effect that the freight factor may have had on its price.

Thirty years ago the freight on the average lumber shipment into Chicago, the world's greatest lumber market, amounted to only \$3 per thousand board feet. Today, owing to the longer haul from the forests, the average freight bill amounts to at least \$13 per thousand.

As the virgin forests of this country have been swept away by logging and fire, the center of lumber production has shifted steadily westward. The forests of Maine, New York, Pennsylvania, the Great Lakes region, and the South have been chief contributors in turn, and now the center of lumbering activity is moving to the Pacific Coast. The resulting increase in the freight bill to most consuming centers, in addition to its own burden passed on to the consumer, requires a larger investment on the part of the lumber dealer on which he naturally expects a return. The remedy for lumber scarcity and high transportation charges lies in the permanent growing of timber on the ample forest-suited non-agricultural land near well-populated regions.

## HOW THE JUNK DEALER'S

truck is a means of forest conservation is told by a writer in the November number of American Forestry, when it is pointed out that the waste collection industry claims a rank in the billion dollar class. "One thing is certain," says this article, "the paper manufacturers of the United States pay the waste paper men the surprising figure of \$50,000,000 a year, representing about two million tons of waste paper.

"Were it not for the utilization of waste paper, there would be a depletion of the forests amounting to some 300,000 acres of virgin timberland every year. This is when account is taken of the fact that every six tons of waste paper produces the equivalent in pulp of an acre of virgin timberland.

"Two chief branches of the paper industry use waste paper—the paper board and the book paper mills. The book paper mills are dependent in large measure for waste paper of good grade for their mills. Old magazines, books, clippings, etc., are in demand for the manufacture of paper for magazines and book publishers. A large amount of new wood pulp is used in the manufacture of this paper, but such book paper centers as the Kalamazoo, Mich., valley are consumers of huge quantities of waste paper.

"The paper board industry represents the largest total tonnage of any branch in the paper industry, with a total of over 2,000,000 tons of board manufactured in 1922.

"The Forest Products Laboratory at Madison, Wis., has been doing extensive experimenting with the de-inking of waste paper for the making of newsprint paper and this can be done economically, producing at the same time a satisfactory grade of paper."

## HEED OUR WARNING. C. B. HARMAN SAYS—

"It takes a pine seed to make a pine tree—and it takes a pine tree to make a pine seed.

"Pine burrs grow only on pine trees. And it takes both a pine tree and a pine burr to make a pine seed.

"Georgia and the nation are more dependent on Yellow Pine trees than any other trees as Yellow Pine lumber constitutes a third of all kinds of lumber manufactured and used in the United States and because turpentine and rosin are made only from Yellow Pine Trees. And because Yellow Pine trees will reproduce themselves quicker than any other variety of lumber making trees when given a fair chance.

"In freight-producing revenue, lumber, timber, shooks, etc., lumber stands second only to coal. Lumber and timber, therefore, are more necessary and vital to progress in the South than anything other than coal.

"With a plentiful supply of lumber close at hand the cost of home building will stay reasonably low—the farther away we must go for lumber the higher will be the cost.

"We are trying to grow pine trees in

Georgia and as it takes pine burrs, pine seed, trees and forests to do it, we take this opportunity to 'sound the warning' that we must begin now, as our supply of timber is growing less every day and as it takes from twenty-five to fifty years to grow trees large enough to make lumber.

"Have mercy on your children and grandchildren and also have an eye to progress and economy.

"Heed our warning or prepare yourselves for an advance in the cost of lumber and for a further shortage of both lumber and turpentine in Georgia."

## Amid the Redwoods

To-day amid the titan trees  
There is no breathing of the breeze.

The silence, more than any sound,  
Gives one a sense of the profound.

The sunlight filters here and there;  
There is an incense in the air.

The giant boles against the sky  
Uplift in unmatched majesty.

God shaped these pillars without peers,  
And wrought through them a thousand years.

One can but feel, in awesome mood,  
That Deity still walks the wood.

## KELLOGG'S PULPWOOD AND WOOD PULP IN NORTH AMERICA

is the title of a new book just received, written by Brother R. S. Kellogg (22435). Brother Kellogg has a wide acquaintance in Hoo-Hoo, and is nationally known throughout Lumberdom. He is Secretary-Manager of the News Print Bureau of New York. His experience in forestry work, together with his previous connection with the various lumber Associations, is well known. It is questionable as to whether there is

R. S. Kellogg, No. 22435

any one man who can speak or write more authentically upon the subjects that this book contains than Brother Kellogg.

This book deals extensively with the question of timber supply, methods and cost of forestry, public responsibility of forestry in the future, a pertinent discussion of wood pulp, timber supply, timber production, and the future of the pulp and paper industry in North America.

The book is published by McGraw-Hill Book Co., Inc., No. 370 Seventh Ave., New York. Information contained in it is of interest to all who have to do with the industry. It is available through the above named publishers.

## NEW FOREST FOLDER MAPS OUT FOR OREGON AND WASHINGTON.

Detailed maps for public distribution of two Oregon and three Washington National Forests have just been issued by the Portland offices of the Forest Service. These include the Cascade and Umpqua National Forests in Oregon, and the Chelan, Olympic, and Wenatchee National Forests in Washington.

These folder maps carry descriptive matter of the principal mountain recreation areas, tables of distances, and suggested trips. Each is illustrated with several cuts of mountain scenery and forest camps. They contain information concerning the National Forest and highways of Oregon and Washington, with valuable information and suggestions for mountain travelers and tourists as to camping spots, scenery, special trips, forest resources, fire prevention warnings, mileages, and suggested outfits.

These maps are free. Copies may be obtained from the Forest Supervisors of these five National Forests, or from the District Forester's office in Portland, Oregon.

## GROWTH OF TIMBER IN THE ENTIRE WORLD

is equal to only two-thirds of the amount consumed, and the world's timber supply is steadily shrinking. The need for timber, on the other hand, especially for softwoods suitable for construction, is constantly increasing. Such is the situation as indicated in a new book on "Forest Resources of the World," by Raphael Zon and William N. Sparhawk, forest economists of the Forest Service, United States Department of Agriculture.

The book, which is not published by the government, is in two volumes and contains approximately 1,000 pages, with 16 colored maps. It is full of facts and statistics about the extent and kind of forests; cut, growth, and consumption of timber, timber trade and forest and secondary industries; forest ownership and legislation—all of which give the reader a comprehensive picture of the forest situation of separate countries and of the world as a whole. No such publication has ever been issued in any country. The volume should be in every

## Competition

The Parson says, "there are some men who think they know what competition means. Competition has long been a law of business life in every civilization of opportunity. It is a fine law to obey *rationality*. It is slowly being supplanted by co-operation. Co-operation, even, carries a competitive side.

"Too many men can think only in terms of price and dollars and so their competition is only in price. Such men are like squirrels in revolving cages. They may move fast but they don't get anywhere except to Dizzyville.

"Sane fair, just prices plus brainy constructive service is the only sort of competition worth maintaining by any group or individual in the lumber business."

## HOO-HOO ACHIEVEMENT.

Sometimes the Chaplain is asked by pretty big lumbermen who usually get results out of every man, machine and opportunity that comes their way, "But what can I get out of Hoo-Hoo?"

He has only one answer—"What you aim to get out—and what you put in." Hoo-Hoo is the soul of lumber, standing for brotherhood, and understanding vision and service on the basis of a practical program of education. That program touches all from forest to home. They should ask "what can I put in?"

One sometimes feels like asking, "What do you get out of your home, your club, your church, your country?" The men throughout the country who are putting thought and work, purpose and plan, enthusiasm and energy with Hoo-Hoo are not only building up a consciousness and an esprit de corps for the industry but are making friends, gaining valued influence, realizing material gain for themselves.

All constructive and confidence-creating activity pays huge dividends in happiness and better business.

## Greetings Due!

As the Yuletide and New Year roll on to mark another milestone in the lives of all of us, to You and Me is given the great treasure of clasping hands across the miles that separate us—to rejoice in the knowledge of Fellowship that binds us.

Your membership in the order of Hoo-Hoo, the greatest business Fraternal Organization of its kind in the world, brings to you the Season's Greetings from every corner of this great land. What greater treasure can there be than the fellowship of man?

The Value of your membership cannot be estimated in dollars and cents. The \$5.00 you spend each year for Hoo-Hoo dues has brought to you a Fellowship which millions could not buy.

Your membership in Hoo-Hoo is invaluable. If you are delinquent do not hesitate. Mail us your check for annual dues. DO IT NOW. It is my desire to see the smallest number of elapses ever recorded in the History of the Order. I assure you that your continued support and co-operation will be highly appreciated.

Please accept for your consideration my personal greetings for a Joyous Christmas and Prosperous New Year.

Sincerely and Fraternally,  
 H. R. ISHERWOOD,  
 Secretary-Treasurer.

## THE HUNDRED PERCENTER.

Nay, brother, this is not an effort to stir you up to attempt climbing the greased pole of the impossible.

The 100%—er! Umph! As the small boy says, "They ain't no such animal." To talk of it guff. The Nazarene was the only human being who ever batted a perfect score.

Even Father George and Uncle Abe Lincoln and Teddy and Warren Gama-liel, registered around 94 and 95.

Ulysses Grant and Nathan Hale and Hamilton reached up about that high. The fathers and mothers, the patriots and prophets, the statesmen and business leaders, and those of us who make up the "also present" in the big family ought to be happy if we can trail along after these big ones.

There is our little improvement in life even if there is in its clothes and food.

We should be ashamed of lower averages than we are capable of making but we should be wise enough to relieve ourselves of the complex inferior that comes of not attaining the impossible.

No chump on life's boards is an insufferably impossible as the Pharioic booster of an 100 per cent loyalty, goodness, efficiency, success. May a good God give grace and gumption to us to just play our best and when we bat 85 or better to be surprised and modest. Let's bury Mr. 100 per cent—he's a wind-blown delusion.

## CARTOONS BRING GOOD RESULTS.

The two cartoons, intended to awaken delinquent members, which appeared in the last issue of the Bulletin, have brought good results. The following paragraph, which was taken from a letter written by one of the members to National Headquarters, is an indication:

"On perusing the November issue of the Bulletin I came across the two cartoons intended for delinquent members and awoke with a start to my horrible condition. The cartoons certainly were effective and I hasten to remit the necessary dinero to patch my black eye, smooth my fur and make my tail erect as becomes a good honest cat."

# CONCATENATION NEWS AND OTHERWISE

## ON THE MOUNTAIN TOP.

A memorable day was November 19 for the members of the Sacramento Valley Lumbermen's Club and with a score of Orville citizens, the guest of the Hutchinson Lumber Company of Orville.

President Lang, General Manager Land and their force had prepared to carry their guests up nearly 4,000 feet above Orville on the new logging railroad to the camps of the company.

Automobiles carried the party to the terminus and two huge flats fitted up with seats were packed by about 150 guests who enjoyed the exquisite beauty as a five per cent grade carried them up the middle fork of Feather River and on to the heights. The view was a ribbon of magnificent beauty.

Arriving at the main camp President Lang in witty address welcomed the guests. The Chaplain was called upon to speak for the visitors and Hoo-Hoo. Then a dinner whose menu could not be out-matched was served in the camp dining room. Oysters, crabs, chicken, turkey, mince and apple pie and ice cream were enjoyed.

Then another ride to the woods. We saw a pine topped at 140 feet, saw a magnificent pine nearly five feet through crash and shake the earth, saw the loading cranes driven by electricity doing their work.

And then just before sunset, such a flaming glory of a crimson and azure sunset as was a fitting climax to the day, the party was safely dropped down into the purple shadows of canon and valley back to Orville.

Dinner was served at 8:00, everyone being the guests of the Sacramento Valley Club and just before and at dinner the new Vicegerent aided by Brothers Hiekok, Robey, and Hendrickson and the Parson got President Lang and General Manager Land and his son and Financial agent Green and a number of heads of departments signed up.

The Chaplain was asked to make the one address after dinner and voiced the gratitude of the company for a perfect day.

What a jolly Concat. Vicegerent Williamson was Snark and he was a real one, and his team with such men as Rod and Milt Hendrickson and Bert Neylan and Hiekok to help him did a really brilliant piece of work. Snark of the Universe, D. A. Williamson; Senior Hoo-Hoo, E. S. McBride; Junior Hoo-Hoo, Miltons Hendrickson; Bojum, Rod Hendrickson; Serivenoter, E. T. Robie; Jabberwock, J. R. were the center of attraction and the affair was peppy and enjoyable.

It was just the end to a perfect day. President Lang has his home in Charleston, West Virginia, and he will stir up the Hoo-Hoo there. Vicegerent Williamson (210), has surely set a fine mark in his first Concat. His next will be staged at Stockton, on December 8.

## TWO FORTUNATE AT FAITHFUL BOSTON.

The fact that two men were initiated into the mysteries of the Order at the Boston City Club, November 9, is sufficient proof that Hoo-Hoo is as ever ready to take in two men good and true, the same as if there were a list of fifty promising candidates.

The fortunate ones are: Charles A. Mather of North Stoughton, Mass., Salesman for the Wistar, Underhill and Nixon Company of Philadelphia; and Harold L. Smart of Buffalo, N. Y., salesman for the Standard Hardwood Company of Buffalo.

The addition of the names of these two men and the splendid attendance reflects credit on the good work of Vicegerent Snark Davenport of Boston.

## SNARK LEMASTER'S APPEAL TO ALL HOO-HOO FOR LAW OBSERVANCE.

The New Orleans Annual adopted the following ringing resolution on Law Observance:

"Maintenance of Law"  
 "Whereas, we stand for the loftiest citizenship and most unquestioned obedience to the law of our land, and being conscious of the growing lawlessness and contempt for authority, therefore

"Be it Resolved, that our entire membership be called on to pledge itself to the fullest maintenance of all laws and regulations—for this is the essence and safeguard of true citizenship."

In accordance therewith, each and every member of Hoo-Hoo is called upon to make a pledge to himself, his Country and to Hoo-Hoo that he will do his part to the fullest in the maintenance of all the laws of the land.

If Hoo-Hoo is to grow and provide benefits for the great lumber industry its members must be ever mindful of their obligation to society

Our Code of Ethics is a sound and practical standard. Let us reflect it in our daily walks of life.

Fraternally yours,  
 C. D. LEMASTER,  
 Snark of the Universe.

## CONCATENATION FOR LAFAYETTE.

C. M. Munger, Vicegerent Snark of LaFayette, Indiana, has completed arrangements and plans for a Concatenation to be held at LaFayette on the evening of December 20.

This Concatenation will be proceeded with a dinner at 6:30 at Hotel Fowler. Mr. Munger already has several applications in hand, and predicts he will have a nice class for the event.

A most cordial invitation is extended to all Hoo-Hoo and Lumbermen. Supreme Junior Hoo-Hoo, A. J. Inger of Lansing, Michigan, and Secretary-Treasurer Isherwood, will attend to officiate in the program preceding the Concatenation and to aid in the initiation.

## LOS ANGELES WILL CONCATENATE.

Vicegerent Snark Herman S. Rosenberg advises National Headquarters that a Concatenation will be held in the Los Angeles district sometime during the month of December.

The number of applications already received predicts a promising class of candidates.

**VICEGERENT J. R. L. KILGORE  
JOINS FROST-DAVIS LUM-  
BER CO.**

J. R. L. Kilgore, the well known live, energetic Vicegerent Snark of Southwestern Louisiana, who has been Assistant Sales Manager for the J. A. Bell Lumber Co., of Lake Charles, for the past four years, has resigned his position with that company to accept the position of Sales Manager for the Montgomery, Alabama, branch of the Frost-Davis Lumber Company whose headquarters are in New York City.

The Frost-Davis Lumber Company is one of the largest Wholesalers of Lumber in the East and also operates a sawmill in Alabama, and is interested in other manufacturing operations.

Mr. and Mrs. Kilgore left Lake Charles on November 10 for a visit with relatives and friends in Wichita, Kansas, and Kansas City, Mo. They also spent two days in St. Louis visiting National Headquarters prior to taking up his new position at Montgomery.

Mr. Kilgore is one of the most popular Hoo-Hoo and lumbermen of Southern Louisiana. He is recognized as a national leader in the development of Hoo-Hoo. During his term of appointment his initiative, interest, and loyalty to Hoo-Hoo resulted in two of the greatest meetings of Hoo-Hoo and Concatenations ever held in the South, which gained for Brother Kilgore a national reputation in Hoo-Hoo.

Mr. and Mrs. Kilgore carry with them the every wish of Hoo-Hoo and lumbermen and their friends of Louisiana for their contentment in their new home and in Mr. Kilgore's new position. They congratulate Mr. Kilgore's employers upon securing his services.

Mr. Kilgore was succeeded as Vicegerent Snark in the Southwestern district by Brother John W. Lewis, General Manager of the Long-Bell Lumber Company. The Hoo-Hoo of Alabama and throughout the land may be assured with Mr. Kilgore in their midst that they have one of the most loyal and energetic workers in the interest of the Order, and one whom they will find always ready and willing to lend a helping hand in promoting Hoo-Hoo and its ideals.

**DULUTH CONCATENATION.**

H. S. Robb, Vicegerent Snark of the Duluth district, advises National Headquarters that plans and arrangements have been completed for their Concatenation to be held on December 14. The event will be held at the Spalding Hotel. The evening program will begin with a dinner at 7:09 p. m. with the Concatenation following.

Mr. Robb advises that he is assured of a large attendance and that from reports he has received to date, there will be at least twenty to twenty-five guests from Minneapolis, and that they will have a class of twenty to twenty-five to initiate. A cordial invitation is extended to all Hoo-Hoo and lumbermen.

**PAUL BUNYAN'S TOWN SCENE  
OF STIRRING CONCAT—TO OR-  
GANIZE NEW HOO-HOO CLUB.**

National Headquarters has just received an interesting report from Chaplain Simpkin telling of the rousing Concatenation held at Westwood, California, November 15.

Thirty-five lively kittens were initiated and four old cats were reinstated. Following the Concatenation a delightful dinner was served, after which it was voted to organize a Westwood Hoo-Hoo Club.

Parson Simpkin arrived at Westwood, Tuesday, November 13, and met Chester E. Priest (14219) who for many years has been a stalwart supporter of Hoo-Hoo.

Westwood, the home of the Red River Lumber Company, is one of the greatest lumber centers in America. Westwood lies in the southeastern corner of an enormous holding that stretches across the Sierra to the west and northward into Oregon.

Westwood is a model town. It boasts of over 5,000 inhabitants and is supplied with almost everything that can minister to the social, industrial, religious, and educational needs of the community. Westwood also boasts of having one of the most perfect mill and factory plants in the country.

Parson Simpkin spent the next day quite pleasantly in company with Mr. Priest, and in interviewing Fletcher L. Walker, and his many superintendents. Mr. Walker is Director and Treasurer of the Red River Lumber Company.

The Parson visited the neighboring town of Susanville, where from the plants

Chester E. Priest No. 14291, unanimously elected Vicegerent Snark.

of the Lassen Lumber Company and the Fruit Growers Supply Company several applications were received.

On the evening of November 15, Chester E. Priest, John Rookaird, Charles McCowan, and John T. Shaw, the only old cats in the country side, were reinstated. A great Concat was held that evening in the Westwood Auditorium.

It was necessary to hold a preliminary session of the Concatenation in order to round out the Nine. Fletcher Walker, E. G. Seammon, Manager of Lands for the Red River Lumber Company, L. W. Smith, sales manager of the Red River Lumber Company, and Garfield Oates, Superintendent of the Engineering Department, were initiated to fill the Nine. Brother H. E. Cough, formerly of Oakland, now of Susanville, attended to help with the work.

At 7:30 the thirty-five kittens and the four old cats assembled. Then Chaplain Simpkin presented to them the ideals and the program outlined by Hoo-Hoo, showing the "need for friendly and close relation of all branches of industry."

Then Chester E. Priest, assisted by the following officers conferred the degrees impressively and well: Snark, Chester E. Priest; Senior Hoo-Hoo, R. P. Clark; Junior Hoo-Hoo, Peter A. Simpkin; Bo-jum, E. G. Seammon; Scrivenoter, John T. Shaw; Jabberwock, H. J. Goff; Custodian, J. R. Rookaird; Areanoper, Fletcher Walker.

The laughter and fun which marked the latter part of the evening made everyone ask, "When is the next Concat?"

At the close of the work all repaired to one of the main cafes of Westwood where dinner was served by courtesy of Mr. Walker.

Mr. Priest acted as toastmaster. A series of brief toasts followed. The Concatenation voted unanimously to ask that Mr. Priest be made Vicegerent Snark for the Northeastern and Northwestern Nevada District.

Those present were unanimously in favor of organizing a Hoo-Hoo Club and it was voted to do so. The purpose of this new club is to be not only a social center but a body which has in hand some of the problems of the community.

To Chester E. Priest, John Shaw, Jack Rookaird, and especially to Fletcher Walker, the entire Order is indebted for the hearty and generous help given in realizing this forward step in Hoo-Hoo.

Parson Simpkin had the privilege of making a brief talk between films at the Westwood Opera House, Wednesday before the night of the Concatenation. He has received a most cordial invitation to come back at the first opportunity.

This Concat sets a new mark for one lumber camp. And as there are forty or fifty more eligibles the Order may look for another big Concat early in the new year.

**GRAND RAPIDS HOO-HOO DINE  
AND CONCATENATE.**

A very successful meeting and Concatenation was held in Grand Rapids, November 9, reports A. A. Manning, Vicegerent Snark of that district. The

Texarkana, Arkansas.

WHEREAS, it has pleased Divine Providence to remove from the scene of his activities a beloved fellow-lumberman in the person of A. H. Whitmarsh, for many years intimately identified with the late William Buchanan in the management of his great lumber enterprises, in which he at all times exhibited remarkable ability as well as all those attributes of character which constitute true gentlemanliness; and

WHEREAS, the deceased is deeply mourned by his well-beloved brother of St. Louis, Thomas Calvin Whitmarsh, for many years general manager of the W. T. Ferguson Lumber Company, and to whom he was very closely drawn at all times, not only by the ties of blood but also by the equally binding links of business inter-relationship in the conduct and management of the Ferguson Buchanan interests; therefore be it

RESOLVED that we, the Hoo-Hoo of this jurisdiction and brother lumbermen in St. Louis extend to Thomas C. Whitmarsh our tenderest sympathy in the hour of trial and the poignant period of sorrow which has come to him in the loss of one to whom he was so deeply attached, and we assure him that we fully appreciate the virtues of the deceased as well as the truly genuine brotherly sentiment which has always existed between the living and the dead.

RESOLVED that a copy of these resolutions be placed upon the minutes of the meeting of St. Louis Hoo-Hoo Club No. 6, and that other copies shall be furnished to the members of the Lumber press here and elsewhere.

meeting and Concat were held at the New Morton house, which has just recently been opened to the public. The Nine in charge impressively initiated six candidates into the mysteries of the Order.

Over fifty members participated in an elaborate banquet which preceded the Concatenation.

After the six kittens had become full-fledged Hoo-Hoo, plans were discussed for holding a big Concat in connection with the annual meeting of the Michigan Retailers' Association, which is to be held in Grand Rapids in February. Over fifty applications for membership are anticipated before the date of this Concatenation. The fact that the Grand Rapids Hoo-Hoo Club will have charge of all plans and arrangements assures success of this coming Concat.

Supreme Junior Hoo-Hoo, A. J. Hager, of Lansing, Michigan, and eight other ardent devotees of Hoo-Hoo were in attendance at the Concatenation and greatly enjoyed the same.

"A most enjoyable and successful meeting and Concat," they said. Brother Hager is very enthusiastic over the plans made for the Concatenation to be held in February in connection with the annual meeting of the Michigan Retailers.

**THIRTY-NINE INITIATED—WARREN, ARK.**

Thursday, November 8, was a notable and gala day for the Hoo-Hoo and lumbermen of Arkansas, who gathered in the little city of Warren. This splendid and interesting event had been carefully arranged and planned by the live and energetic Vicegerent Snark, M. B. McLeod, and the members of the Warren Hoo-Hoo Club.

The visiting Hoo-Hoo and lumbermen on their arrival at Warren were taken in charge by the committees as their guests for the day and evening. They were shown about the city and through the various large lumber plants of Warren.

The afternoon program was followed by a sumptuous and elaborate banquet at the Y. M. C. A. hall, which was in charge of the wives and daughters of the members of the Warren Hoo-Hoo Club, and they certainly did themselves proud, as the room and table decorations were elaborate, and the Banquet served was sumptuous. Great credit is due to the ladies for the beautiful decorations and wonderful banquet.

Following the banquet, Vicegerent Snark M. B. McLeod, master of ceremonies, introduced the officers of the

Warren Club, who were responsible for this splendid program. With Z. K. Thomas as song leader, everybody joined in singing the old Hoo-Hoo songs. The live, energetic, and popular secretary of the Arkansas Retail Lumberman's Association, L. B. Biggs, delivered a short, interesting address, which was followed by an address by the secretary-treasurer, in which he outlined the program of the Order for the future, and the progress of the past few years. Supreme Bojum, J. H. Allen, delivered a fine talk upon the spiritual side of business life and the importance of the promotion of the ideals of Hoo-Hoo. He was followed by Mrs. Deeter, who entertained the audience with her Whistling Melodies, and that was followed by the Hoo-Hoo quartet. The address of "Welcome" was delivered by L. H. Derby.

There were over one hundred present at this banquet and the following cities of Arkansas were well represented: Little Rock, Crossett, Dermont, Pine Bluff, Jerome, El Dorado.

Messrs. Wyman, Richardson and Cockrane of Davenport, Iowa, officers of the Southern Lumber Company of Warren, were guests at the banquet.

Following the banquet, members and

**Hoo Hoo to Meet at Western Association Institute**

Herman S. Rosenberg (31295), Vicegerent Snark, Los Angeles, Calif.

Boys, meet Mr. Rosenberg, Vicegerent Snark of Hoo Hoo for the Los Angeles district of California.

Hoo Hoo the great unifying influence in the realm of lumberdom is growing stronger. The wheel horses of the lumber business who dropped out for a time are coming back. Others of progressive, aggressive spirit are joining. Hoo Hoo is especially strong in California.

When the Western Retail Lumbermen's Association meets in Los Angeles February 18th to 23rd they are going to put on a Concatenation. Mr. C. D. McMaster, Snark of the Universe, lives in California and will be on hand. So will a number of Vicegerent Snarks who did so much to establish the order in Los Angeles, including E. A. Goodrich, Dave Woodhead and Curtis Williams.

However, the responsibility for the success of the Concatenation will largely fall on the broad shoulders of the man whose picture adorns this article—Mr. H. L. Rosenberg. Having made an unqualified success of his own business, and knowing him as we do, we guarantee beyond question a Concatenation that will be one of the bright spots of Hoo Hoo history.

Those who join at that time will ever look back with satisfaction that they went in at that celebrated meeting.

"WESTERN RETAIL LUMBERMAN."

candidates formed in line for a parade to the K. P. Hall, where the Concatenation was held. There thirty-nine new members were initiated, with Vicegerent McLeod in the Snark's chair.

The degrees were conferred in a most impressive manner. Great credit is due the degree team for the splendid manner in which they officiated in their respective positions.

This is undoubtedly one of the most pleasant and impressive events in Hoo-Hoo land that has ever been staged in Arkansas. Warren is honored in having the first Hoo-Hoo club of the state, and has gained an enviable position in Hoo-Hoo, which has resulted in inspiring other cities of the state in planning to organize clubs. We may expect the state that is the home of Hoo-Hoo to take its place in the front ranks of Hoo-Hoo before the end of the Hoo-Hoo year.

Hats off to Warren!

**HOO-HOO MEETING AND CONCATENATION FOR FORT WAYNE.**  
To Organize First Hoo-Hoo Club in State.

Final arrangements have just been completed by Vicegerent John Suelzer, Jr., of Fort Wayne, Indiana, district, for a stirring meeting and rousing Concatenation to be held in that city on the evening of December 20.

Mr. Suelzer already has over twenty applications on file and anticipates that the number of applicants will total over thirty for the event.

The evening program will begin with a banquet. A cordial invitation is extended to all Hoo-Hoo and lumbermen throughout the state. Supreme Junior Hoo-Hoo, A. J. Hager of Lansing, Michigan, and Secretary-Treasurer Isherwood will participate in the evening program, and assist in the Concatenation. Many prominent Hoo-Hoo of the state have already signified their intentions of attending.

After the Concatenation a Hoo-Hoo

Club will be organized. This will be the first club for the state of Indiana, and promises to be one of the liveliest lumber organizations in that state. It is anticipated that other cities of the state will follow the excellent example that will be set by Fort Wayne.

**CONCATENATION FOR ALEXANDRIA.**

Supreme Jabberwock, J. H. Kurth, advises National headquarters that plans and arrangements have already been made for a Concatenation at Alexandria in connection with the annual meeting of the Alexandria Lumbermen's District Exchange.

The meeting of the Exchange will be held on December 22, and according to the present plans the business session will be held on the morning of the 22d, and the Concatenation will take place in the afternoon, beginning at 1:00, the Concatenation to be held during the afternoon so as not to interfere with the usual plans of the evening, which is to be an elaborate banquet to be followed by a dance. This will be a state wide meeting and a large class of candidates is assured.

H. D. Foote, past member of the Supreme Nine and who is one of the most loyal Hoo-Hoo of the State has accepted the appointment as Vicegerent for the Alexandria district, has charge of the plans and arrangements for this Concatenation and all may rest assured that with Brother Foote in charge it will be a grand success.

*There is but one way to bring out the best in others, and this way is the age-old rule of treating others as you would have others treat you.*

**TWIN CITIES HOO-HOO CELEBRATE ANNIVERSARY.**

A rousing Concatenation at which Vicegerent Snark Roy Thompson ushered twenty-three kittens into the mysteries of Hoo-Hoo Land, preceded by an elaborate banquet held in the Moorish dining room of the West Hotel, Monday evening, November 10, was a fitting celebration for the anniversary of the revival of Hoo-Hoo in Twin Cities.

Vicegerent Snark Roy Thompson presided. This was his first official appearance since his appointment to office. He and the members of the local Nine performed their work in a most impressive and creditable manner.

At 6:30 p. m., 150 members and candidates partook of an excellent beefsteak dinner. There were a number of distinguished visitors present who addressed the assemblage.

The names of all candidates were read aloud by Vicegerent Snark Thompson, and as their names were called they stood up and were greeted by the members. Brother Thompson called attention to the fact that only one year ago there were only eight members in good standing at Twin Cities, and that now there were more than 250 active Hoo-Hoo in Twin Cities. Brother Thompson insisted, however, that they have just begun and that by the end of the year they should have the largest membership of any district in the country.

Past member of the Supreme Nine of Wisconsin, Don Montgomery, Secretary of the Wisconsin Retail Lumberman's Association, made a short address, in which he complimented the local members on their excellent record. They had started to revive the Order in Wisconsin before the Minneapolis Hoo-Hoo re-awakened, but today the Twin Cities had far surpassed them in number of members and the progressive Hoo-Hoo Club, which has been a leading light for the other Clubs of the United States. He said that they are planning to have a big

Concated the time of their Annual meeting in February. They are desirous of having some of the efficient officers from Minneapolis assist them.

Harry E. Beekwith, president of the Wisconsin Retail Lumbermen's Association, said that it had been distinctly understood when he assumed his duties as an officer of that association, that all speeches should be made by Secretary Don Montgomery. In a short address he said that he was disappointed because his business associates had wasted his time in telling a lot of stories rather than putting it to good advantage and making a real speech. Nevertheless, he said it pleased him to be present and have the chance to renew his acquaintance with the Hoo-Hoo of the Twin Cities.

A. S. Bliss, president of the Twin Cities Club, in telling of the activity of the organization, remarked on the large number of vocations included in their membership. He humorously mentioned the peculiar characteristic of some of them.

Supreme Scrivenoter Ted T. Jones, urged all Hoo-Hoo to lend their ardent and loyal support to Vicegerent Roy Thompson.

Past Snark Platt B. Walker spoke briefly of some of his early experiences in the Order. He emphasized the fact that the future of Hoo-Hoo depended upon the younger generation.

Recently appointed Vicegerent Snark J. L. Villame, of the St. Paul district, said that his district was planning on having a Concatenation in the latter part of January and extended a most cordial invitation to the Minneapolis members to attend.

Secretary-Treasurer H. R. Isherwood, in his address, stressed a number of the vitally important facts of Hoo-Hoo. The Twin Cities Hoo-Hoo Club, he stated, had not only the largest membership, the largest number in attendance at its luncheons, and had gained a national reputation for its progressiveness. He also stated that of the many meetings he had attended throughout the land, that he was frequently called upon to tell something of the activities of the Twin Cities Hoo-Hoo Club and how they had been able to accomplish so much during the short period since they had organized.

He stated that the activities and progressiveness of the Twin Cities Hoo-Hoo Club had gained a national reputation for Minneapolis and had not only resulted in advertising their city but directly and indirectly had reflected in the most creditable manner upon the lumbermen of the Twin Cities district and gained a prestige such as they could feel proud of.

Secretary Isherwood spoke of the benefits derived from a membership in Hoo-Hoo and the extensive constructive work which is constantly carried on by the Order, and that the local Hoo-Hoo Clubs were the medium which afforded the one and only opportunity of bringing together all those identical with the different branches of the lumber industry, and which not only problems that concern the industry could be discussed but through which society could be better served.

Vicegerent Snark Roy Thompson  
No. 11890 of the Minneapolis District

He further stated, that among the constructive work which has been taken up was that of Forestry, and that the one way to insure a supply of Forestry products for the future was through the energetic campaign to be carried on to educate the public, and he further stated, that in so far as the Lumbermen are concerned in this great forestry problem, that it is no more the duties of the Lumbermen who cut the trees and manufacture for the use of the American public to replace the trees they cut than it was for the owner of the coal mines to put the coal that was taken out, and the oil man to replace the oil he was pumping, but that it was the problem and duty of every American citizen, regardless of his vocation, and that Hoo-Hoo would put forth its every effort to assist in the educational work that will help to gain the sentiment and shake the public's mind to the necessity of cooperating with the state and national government. The Twin Cities Hoo-Hoo Club is honored by being first in having a Hoo-Hoo Orchestra, made up of members out of its club, one that is a credit to any organization. This orchestra furnished music throughout the banquet, as well as throughout the Concatenation. As many of the visitors stated, it was one of the most enjoyable and impressive Concatenations they have ever attended, which was due to the efficient and energetic Vicegerent Snark, Roy Thompson and his Nine, together with the assistance of their splendid orchestra. The officers officiating were as follows: Snark, Roy Thompson; Senior Hoo-Hoo, T. M. Partridge; Junior Hoo-Hoo, M. J. Murphy; Bojum, A. A. Hood; Jabberwock, H. F. Partridge; Gurdon, T. E. Youngblood; Arcanoper, I. LeVesconte; Custocatian, R. W. Hasslen; Scrivenoter, Roy C. Norbeck; Junior Assistants, W. E. Sears, Cliff Sawyer, Arnold Nelson, Gene Mitchell, H. W. Squier, Walter Johnson.

The Twin Cities Hoo-Hoo Club has demonstrated the feasibility of the broad plans of the national organization for organizing Hoo-Hoo Clubs in all leading cities throughout the United States.

#### REX BROWNE STATE COUNSELOR FOR TEXAS.

Rex H. Browne, Vicegerent Snark for the Beaumont Texas District during the past year, was honored with the appointment as State Counselor for Texas, by Supreme Jabberwock, J. H. Kurth.

Mr. Browne is one of the leading and popular wholesalers of hardwoods in the Beaumont District with a wide acquaintance throughout the south, and one of Hoo-Hoo most loyal and energetic supporters and workers. During his term of appointment as Vicegerent Snark he has made an enviable record in his district and the Beaumont Hoo-Hoo Club is the result of the good work he has done in his district.

Mr. Kurth has not only made an appointment that means much to the Hoo-Hoo of the state of Texas, but throughout the land and has honored a Hoo-Hoo who is certainly most deserving of the appointment, which not only assures action and progress in the Beaumont District, but throughout the state of Texas.

#### BUTLER SUCCEEDS BROWNE.

P. P. Butler of Beaumont, Texas, has been appointed Vicegerent Snark for the Beaumont district by Supreme Jabberwock, J. H. Kurth.

Mr. Butler is Secretary-Manager of the Beaumont Export and Import Company. He is one of the most popular and prominent lumbermen in his district. Mr. Butler succeeds Rex Browne, who has made a record in Hoo-Hoo for his district that he can well feel proud of, and as a result of his good work in his district and his loyalty to Hoo-Hoo has been honored with the appointment of State Counselor for Texas.

The Beaumont district is assured of action and progress through increased activities, under the able guidance of the newly appointed Vicegerent.

#### DAVIS REAPPOINTED.

A. O. Davis, of Shreveport, Louisiana, who has served as Vicegerent for the past year in the Shreveport district, has been reappointed by Supreme Jabberwock, J. H. Kurth, for the coming year.

Mr. Davis is one of the popular and progressive lumbermen of his district. He is noted for his lumber association activities of his district, and therefore assuring continued growth and progress for Hoo-Hoo.

#### TOM HAYES REAPPOINTED VICEGERENT OF PAN HANDLE DISTRICT.

Tom M. Hayes, one of the most hard-working and enthusiastic Hoo-Hoo in the state of Texas, has recently been rewarded by his reappointment to the office of Vicegerent Snark of the Pan Handle district of Amarillo, Texas.

This reappointment comes to Brother Hayes as a fitting reward for the loyal services rendered to the entire Order as well as to his district while he served in capacity as Vicegerent Snark for the past year.

Phil Lanier, No. 16799

#### LANIER STATE COUNSELOR OF LOUISIANA.

Philip Lanier is honored with the appointment of State Counselor for Louisiana, by Supreme Jabberwock J. H. Kurth. He is to succeed W. H. Sullivan, Vice-President and General Manager of the Great Southern Lumber Company, Bogalusa.

Mr. Lanier is President of the Philip Lanier Lumber Company, New Orleans, and is one of the most popular and progressive wholesalers of the South.

Mr. Lanier was one of the prime factors and leaders in the organization of the Lumbermen's Club of New Orleans. He is its first president, and is a loyal and ardent supporter of Hoo-Hoo. Mr. Lanier's wide and popular acquaintance throughout the state assures real progress and action for Hoo-Hoo for the coming year.

#### GRIFFITH APPOINTED VICEGERENT SNARK HOUSTON DISTRICT.

J. E. Griffith, Life Member, No. 84, of Houston, Texas, has been appointed Vicegerent Snark for the Houston District, by Supreme Jabberwock, J. H. Kurth.

Mr. Griffith is sales manager of the Boykin Lumber Company. He is one of the leading and popular lumbermen of Houston. Mr. Griffith succeeds Dallas Tourtellot who has made an enviable record in the Houston district, and who is one of Hoo-Hoo loyal supporters.

Mr. Griffith has already arranged for a meeting of his Nine, Tuesday, Dec. 11, for completing plans and arrangements for a Concatenation to be held about January 15. His appointment means much to Hoo-Hoo for he will strive to make his district one of the leading Hoo-Hoo districts of the state.

#### C. H. GRIFFEN, JR., ACCEPTS APPOINTMENT FOR NEW HOO-HOO DISTRICT.

Snark of the Universe, C. D. LeMaster, advises National Headquarters of the appointment of C. H. Griffen, Jr., as Vicegerent Snark for the new Coast Counties District.

This is a new district which has just been established by Snark LeMaster. It embraces the territory down the coast, which is the same as that covered by the Coast Counties Lumbermen's Club.

Mr. Griffen is Secretary of the Homer

T. Hayward Lumber Company of Santa Cruz and is one of the leading lights of Retail Lumberdom in his district. The new district assigned to Mr. Griffen is Virgin Territory. Under the guidance and supervision of Brother Griffen, success in the developments of Hoo-Hoo is assured.

#### BARR APPOINTED VICEGERENT SNARK ORANGE COUNTY DISTRICT.

Mr. O. H. Barr, of Santa Ann, was nominated Vicegerent Snark of the Orange County District, by State Counselor, W. W. Woodhead of Los Angeles. This appointment had the unanimous approval of Snark C. D. LeMaster and members of Supreme Nine.

Mr. Barr is president of the Barr Lumber Company, one of the leading and progressive retail firms of his state. His wide acquaintance and high esteem he is held in by the members of his district assure action and progress in Orange County for Hoo-Hoo.

Mr. Barr succeeds Brother Whitson, who has served the Order in the past year in the most able manner.

#### NUMBER 210—VICEGERENT OF SACRAMENTO VALLEY DISTRICT.

D. A. Williamson, No. 210, of the T. C. Ferguson Company of Galt, California, has been appointed Vicegerent Snark of the Sacramento Valley District, by the Snark of the Universe, C. D. LeMaster.

Mr. Williamson holds an enviable record. He was initiated into Hoo-Hoo at Camden, Arkansas, January 23, 1903, Concatenation No. 20. He not only holds that enviable record of never having elapsed in his dues, but has been an active member his entire Hoo-Hoo life. It is a record that he can well feel proud of.

Mr. Williamson succeeds Mr. H. T. Fuller, who has served the Order during his term of appointment in the most energetic and loyal manner.

#### LEWIS SUCCEEDS KILGORE AS VICEGERENT SNARK.

J. W. Lewis has been appointed to succeed J. R. L. Kilgore as Vicegerent Snark of the Southwestern district of Louisiana. Brother Lewis was appointed by Supreme Jabberwock J. H. Kurth.

Brother Lewis is General Manager of the Long-Bell Lumber Co., of Lake Charles. He is one of the most popular and influential men of the district, and an enthusiastic member of Hoo-Hoo. He has a wide acquaintance and is held in high repute by his fellow Hoo-Hoo and lumbermen.

Vicegerent Lewis is succeeding one of the most popular Vicegerents of the country. The record Brother Kilgore made during the term of his office is one that has brought the Order to that high standing in his district, and has impressed upon the minds of Hoo-Hoo and lumbermen of the district the importance of the office.

Mr. Lewis in his appointment carries

with him the good will and support of all Hoo-Hoo and lumbermen of his district. They have the determination to render every aid to Vicegerent Lewis in upholding the enviable reputation of the Lake Charles district.

#### BECKWITH APPOINTED STATE COUNSELOR.

H. E. Beekwith of Chetek, Wisconsin, has been appointed by Supreme Scrivenoter T. T. Jones, of Minneapolis, State Counselor for Wisconsin.

Mr. Beekwith is one of the most prominent and influential lumbermen of the state, being president of the Chetek Lumber & Supply Company, operating a line of yards in northern Wisconsin, and also president of the Wisconsin Retail Dealers Association.

The appointment of Mr. Beekwith, with his wide acquaintance and popularity with men of all branches of the industry throughout the state, means much to the development of Hoo-Hoo. Mr. Jones is to be congratulated upon his selection in this appointment, which is also an honor and tribute to Mr. Beekwith's loyalty to Hoo-Hoo.

This appointment affords Mr. Beekwith the opportunity of serving Lumberdom in its entirety and assures Hoo-Hoo that its welfare will be well guarded with increased activities and progress throughout the state.

J. Walter Michel, No. 30166  
MICHEL REAPPOINTED VICEGERENT SNARK.

Supreme Jabberwock J. H. Kurth proved to Brother J. Walter Michel that Hoo-Hoo appreciates his devoted services as Vicegerent Snark for the Southeastern district of Louisiana, by reappointing Brother Michel to office for the coming year.

Brother Michel is Secretary of the New Orleans Lumbermen's Club and is one of the most popular and best-liked young men in the city.

The splendid record which Brother Michel made during the past year well proves he is justly entitled to the honor which Supreme Jabberwock Kurth and the Order have bestowed upon him.

Vicegerent Michel is still living up to the reputation he has made for himself, for he is already making preparations and arrangements for several Concatenations to be held after the first of the year.

# DOINGS OF THE HOO-HOO CLUBS

## JOE CHAPMAN STAR OF LOS ANGELES GOLF TOURNEY.

That leading light in Hoo-Hoo Land, the Los Angeles Hoo-Hoo Club, held another one of their brilliant social affairs Friday, November 2. It was a golf tournament and dinner dance at the Wilshire Country Club.

Fifty players took part in the morning and afternoon golf play. They competed for twelve beautiful prizes donated by several retail and wholesale companies of Los Angeles. Ted Lawrence of the Hart-Wood Lumber Company had charge of the tournament play. He was assisted in the handicapping by A. L. (Gus) Hoover.

Joe Chapman, of the LaBrea Materials Company, proved to be the star of the day. He was awarded first prize for low net. Mr. Chapman also has the honor of being entitled to have his name engraved on the Hippolito Cup, which must be won three times in order to be retained permanently. The first winner of this trophy was Bert Maule of the Hammond Lumber Company, but it was taken away from him by a low margin made by Mr. Chapman in this last play.

Other prizes for gross and net scores were awarded to E. R. Maule, S. C. Cooper, J. E. Lloyd-Jones, Joe Chelaw, R. A. Fobes, Andy Donovan, S. E. Slade, Fred Crozier, F. M. Connelly, F. T. Dolan, Harry Hansen, Jeff Tully, Curtis Merryman and Mark Lillard. Twenty-five of the ladies spent the afternoon in playing bridge and mah jongg. The honors and the prize in mah jongg were carried off by Mrs. Harry Hansen, while Mrs. Paul Masters was awarded the prize at bridge. Snark Merman Rosenberg, assisted by David Woodhead, chairman of committees, presided. Over one hundred Hoo-Hoo and guests attended the dinner and dance that evening.

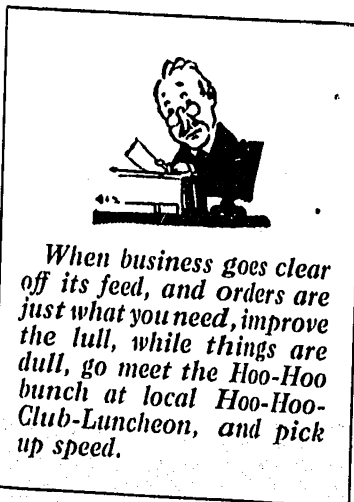

## HINDU PHILOSOPHER ADDRESSES TWIN CITIES HOO-HOO.

It isn't every day that a group of American lumbermen have the opportunity to listen to such an interesting speaker as the Christian Hindu philosopher, Rajah Habindramath Lemma. But that's just the rare treat which was enjoyed by members of the Twin Cities Hoo-Hoo Club at their regular semimonthly luncheon held Thursday, November 8, at the West Hotel, Minneapolis. The subject of the rajah's address was "Human Nature and How to Apply It."

He spoke of his address as one to a group of "Questions," and expressed his pleasure at having the opportunity to do so. Getting down to the subject of human nature, the rajah told

of a certain large line yard concern, the officials of which told its yard men to go out one day each week and study their trade and get acquainted. He then mentioned a number of incidents of service performed by them and which later resulted in lumber orders.

"A study of human nature will help move lumber," urged the rajah and the salesman must study the different characteristics of each customer so that he will know how to approach him. Furthermore, he insisted that if every salesman had a knowledge of the

*When business goes clear off its feed, and orders are just what you need, improve the lull, while things are dull, go meet the Hoo-Hoo bunch at local Hoo-Hoo Club-Luncheon, and pick up speed.*

different types and their features and also the ability to interpret them, that the salesman would be able to greatly increase the number of their sales.

The rajah then took time to describe various types of eyes, noses, lips, and chins, and also gave suggestions as how to read their meaning. He claims that this is an age of personal service as well as of suggestive salesmanship. He insisted that the best salesmen are those who know just what kind of sales talk to give to the different type of customers.

"There are five types of men," he said. He enumerated them as the alimentive type, those who enjoy good things to eat; the thoraci type, those who are more particular about the manner in which a thing is served rather than what it is they eat. This type must have appointments right. A third class is the osseous type, tall, thin and raw-boned. This type includes those who are very decided in their views. The less said to them the better, for their made up minds are not to be easily changed. The fourth type is the muscular type, the constructive people, the builders of the world. With them one must be plainspoken, to the point and practical. The fifth type is the mental type, which includes the teachers and educators. Should a

salesman desire to approach a man of this kind he would be wise to know something of this particular type before doing so.

In reporting for the Fraternal Committee, M. L. Jordan announced the death of Brother Joseph Benesch (33358). The funeral, he said, is to be held Friday, November 16, in St. Paul. He also urged the members to visit Brother Rodney Hodge who is in the St. Barnabas Hospital, recuperating from an operation.

President Bliss welcomed the seven guests present who had been requested to stand after their names had been called by Fred B. Anderson of the Attendance Committee.

The Concatenation to be held Monday, November 19, was announced by William H. Badaux of the Membership Committee. He urged the members present to get the applications of all lumbermen of high standing who desire to join the order.

The first prize of the day—two dollar bills—was awarded to Sam Strimling, and the second prize—a one dollar bill—went to Gale Merrick. The prizes were contributed by Harry F. Partridge.

These semimonthly luncheons have become a factor of great educational benefit as well as of untold pleasure to Twin Cities Hoo-Hoo. They are always featured by good speakers, and the presence of Rajah Habindramath Lemma, speaks for itself. Twin Cities has already begun to set a good example for the big gang that will paint Minneapolis red in the fall of 1921. Good work, Twin Cities. Keep it up!

## SIXTY-SEVEN ATTEND LOS ANGELES LUNCHEON.

There was a record attendance at the Los Angeles Hoo-Hoo Club regular Thursday luncheon, held November 8. There were sixty-seven members and guests present, which was the largest number in attendance for some time. Brother R. L. Forsythe, former Vicegerent Snark, presided at the luncheon.

Brother Forsythe introduced the first speaker on the program, Dr. G. L. Hoxie, of the Southern California Edison Company. Dr. Hoxie spoke of the work of his company and also gave some very interesting facts and data in regard to public and state ownership of public utilities.

Brother David Woodhead, in reporting for the committee which had charge of the last golf tournament, told how this affair had been handled in a most efficient manner.

A committee was appointed to represent the Los Angeles Hoo-Hoo Club at the annual convention of the South-

ern California Retail Lumber Dealers' Association, which was held at Long Beach, November 17. This committee was composed of B. W. Bookstaver, "Cappy" Slade, C. J. Laughlin and Phil B. Hart. Phil Hart said that they had a cat in the bag or something of that sort. They put on some sort of stunt, but just what it was was well kept secret until the convention of the Southern California Retailers.

Several members of the Los Angeles District Lumbermen's Club were present at the L. A. Hoo-Hoo Club luncheon, November 8, after which they held their weekly meeting.

## CLUB No. 9 ELECTS OFFICERS.

A. B. Wastell, recently appointed Vicegerent of the San Francisco Bay District, has shown his colors are those of a real live, true blue Hoo-Hoo.

He advises National Headquarters that the first luncheon meeting of Hoo-Hoo Club No. 9 was held at the San Francisco Commercial Club, Thursday noon, November 8, with sixty-two members present.

This meeting was held for the purpose of electing officers for the ensuing year. The election took place immediately following the luncheon and the following officers were elected: President, R. A. Hiscox; Vice President, J. W. Kelley; Secretary-Treasurer, J. C. McCabe; and Directors J. E. Martin, W. H. Wood, C. S. Smith, H. F. Faul and Hugh Hogan.

It has been decided that the club shall hold a luncheon every second and fourth Thursday of each month.

The National constitution and by-laws of the Order were unanimously adopted. The officers elected are men that are leaders in Hoo-Hoo in the Bay District, assuring real action and progress.

## FROLIC, FUN, FESTIVITY AT ATLANTA.

Frolic, fun, and festivity reigned supreme at the Hoo-Hoo dinner held by the Atlanta Hoo-Hoo Club, Wednesday evening, November 14. About seventy were present.

Brother J. E. Adams, President of the Atlanta Hoo-Hoo Club, presided at the affair which proved to be one of the most enjoyable and entertaining of anything of its kind ever held by the Atlanta Hoo-Hoo. All Hoo-Hoo wore their caps, and others were furnished with caps of colored paper. Souvenirs such as loaded cigarettes, jumping pencils, torpedo whistles and military mustaches were given.

E. M. Oettinger of Greensboro, N. C., Vice President of the Southern Sash, Door and Millwork Manufacturers' Association, drew the attendance prize, a beautiful silk necktie.

A. S. Parker of the Snow Lumber Company, High Point, N. C., won the loving cup in a novel contest. He won the cup from four other contestants by making the best five minute speech on a certain topic.

Mr. Parker is to keep the loving cup for one year, to bring it back to the next annual meeting, and if he wins it a second time it is his property, otherwise it goes to someone else until one person wins it twice.

A balloon race put on by six prominent Hoo-Hoo while six others made music on bag pipes afforded much amusement. Almost everyone present was called upon for some kind of joke or remark.

A twelve-piece Negro band which furnished old darkey music, dancing and singing concluded the program.

Plans have been made for a concert to be held in Atlanta sometime during the month of December. Quite a number of applications have already been received.

## All Are Equal

*When you associate with fraternalists you know instinctively you are in the best possible company, where your true worth is given consideration rather than the amount of your wealth or your social standing. We all are equal before the altar of Hoo-Hoo.*

## HOO-HOO BOWLERS ORGANIZE AT TWIN CITIES.

A short time ago Nate Thompson, chairman of the Sports Committee of the Twin Cities Hoo-Hoo Club, made a call for all loyal local Hoo-Hoo bowlers. The call was not unheeded, for a goodly number of Twin Cities Hoo-Hoo gathered at an informal organization and practice meeting held at the Central Y. M. C. A., November 9. The following scores were made:

In spite of the good turnout, the Sports Committee want still more to come to these meetings. Still more members could be used on these teams. If you don't care to play on a team, you can substitute. But come out anyway.

## HARRY FOLSOM HOO-HOO CLUB OF BOSTON PARTICIPATE IN BIG HARVEST DINNER.

Vicegerent Snark Davenport, of Boston, writes National Headquarters that the harvest dinner attended by the members of the Boston Hoo-Hoo Club and of the state, on Friday evening, November 16, at Acushnet Grange Hall, Acushnet, Mass., was a grand success. Mr. Howe of New Bedford, one of the state's most loyal Hoo-Hoo, was chairman of the program. Great credit is due him for the success of the event.

The idea of the dinner was to have a get-together without any tiresome after-dinner speeches or any other formalities. As Mr. Davenport states the best part of it was the dinner, and after the dinner those attending visited each other and really got acquainted. As a result, it was 10 p. m. before the party broke up. The occasion was one that will be long remembered by all those attending the enjoyable event.

## COMMITTEE ACTIVE AT TWIN CITIES.

The Entertainment Committee of the Twin Cities Hoo-Hoo Club is to have complete charge of the program for the regular meeting of the club, which is to be held Thursday, December 20. The club plans to entertain the children of some charitable home at this meeting. The entertainment committee is also to have charge of the plans for a club dance, the date of which has been set for Friday, December 28.

This committee and the several other active committees of the Twin Cities Club deserves favorable comment for their excellent work in promoting the Hoo-Hoo spirit in that city.

### SPOKANE HOO-HOO CLUB DINE BOY SCOUTS.

The regular meeting of the Spokane Hoo-Hoo Club was held on the evening of November 15. Fifty members were in attendance with fifteen Boy Scouts as their guests to demonstrate and show their knowledge of Woodcraft to the members of the club.

The evening program began with a sumptuous dinner, after which the Boy Scouts showed the lumbermen of the Hoo-Hoo Club that they can be valuable allies in spreading the doctrine of conservation of forests. The boys answered a volley of questions on trees, thus showing an extensive knowledge of forest lore.

The occasion was the monthly meeting of the Hoo-Hoo Club in the Hall of the Doges. Supper was served at the hotel to fifty members and their scout guests. The guests and members were addressed by C. C. Pratt, superintendent of schools. The full troop of Scouts was present led by Oswald S. Jones, assistant executive of the Spokane scout council. The boys were asked such questions as "How do you tell the difference between balsam fir and Douglas fir? Between spruce and hemlock? Between spruce and balsam?" They answered with a fair degree of accuracy in each case, according to Merrill Heald, Hoo-Hoo secretary.

After the evening program the following committee was appointed to work out plans for co-operation with the Boy Scouts: E. F. Wales chairman; I. N. Tate, W. E. Huson, A. C. Moss, F. D. Moon, C. M. Smith.

This is a most worthy movement and is the first club in the land to take that step forward to co-operate with the Boy Scouts. This important work was in accordance to the resolution adopted for such co-operation at the last annual meeting.

### EXCELLENT ATTENDANCE AT BAY DISTRICT LUNCHEON.

An excellent attendance of over 70 lively members turned out to the second club luncheon of that wide-awake Hoo-Hoo Club No. 9. The luncheon was held at the Commercial Club, San Francisco, Thursday, November 23. R. A. Hiscox, president of the club, presided. Secretary J. C. McCabe read a communication from Past Snark Julius Seidel of St. Louis, congratulating Hoo-Hoo Club No. 9, of the Bay District, on their splendid forward movement, and gave some splendid and helpful suggestions for Hoo-Hoo Club activities.

Snark of the Universe C. D. LeMaster, of Fresno, stated that he was glad to see the Bay District have a Hoo-Hoo Club. Snark LeMaster made a short but impressive talk in which he outlined the good work that this new club can do for Hoo-Hoo. He said that members of the Fresno District will organize a Fresno Hoo-Hoo Club in the near future.

Then President Hiscox asked Frank Trower to introduce his friend, Bob Neighbor, Pacific Coast Manager of the

Past Snark R. A. Hiscox, No. 14423, President, Hoo-Hoo Club, No. 9.

Atkins Saw Co., of Portland. Bob Neighbor is a past member of the Supreme Nine. Brother Trower complimented him for his loyalty and faithful service to the Order. Mr. Neighbor then spoke of the work that is constantly being carried on by the many Hoo-Hoo Clubs throughout the United States. In this very interesting talk he had a few words to say for the shingle industry in the northwest.

President Hiscox introduced the speaker of the day, Chaplain Peter A. Simpson. Then the Parson, in his usual vivid and descriptive manner, gave an inspiring account of the work that is being carried on by the three bright lights of Hoo-Hoo land, namely, the Minneapolis, the Atlanta, and the Los Angeles Hoo-Hoo Clubs. They are known as "the three big Hoo-Hoo Clubs." The Parson outlined the work that they are carrying on along the lines of social, educational, and public service.

He told of his two weeks trip to the Red River Lumber Co., Westwood, California, the Fruit Growers' Supply Co., Susanville, and the Hutchinson Lumber Co., Oroville.

The next Connotation of the Bay District, announced A. B. Wastell. Vicegerent Snark of that district, will be held in January at Oakland. He appointed Allen Turner to act as chairman of the arrangements committee.

The following visiting Hoo-Hoo were present: Charles Sands, Western States Lumber Co., Portland; George Meisse,

*Personally I make so many mistakes, and in making them, I am compelled to work longer and harder, and by this "longer and harder" plan, I seem to keep ahead of many who never make mistakes.*

Cadwallader-Gibson Co., Inc., San Francisco, Mr. G. Julian, and George C. Schmitzer, Gulf Coast Lumberman, Houston, Texas.

The next club meeting will be held the second Thursday in December, announced President Hiscox, at the Palace Hotel, San Francisco. Brother Rod Hendrickson will preside as chairman.

### FIRE CHIEF ADDRESSES L. A. HOO-HOO.

An unusually interesting and instructive program featured the regular Thursday luncheon, held November 15, by the ever wide-awake Los Angeles Hoo-Hoo Club. Fire Chief Scott and Max Silverburg of the Los Angeles Crime Commission were the principal speakers on the program. F. M. Donnelly of the Woodhead Lumber Company, presided as chairman.

Chief Scott was the first on the program. He had been asked to talk on his opinions as to the use of wood shingles. Chief Scott corrected an erroneous impression that he was opposed to the use of wood shingles, stating, in substance, that he was only in favor of anything that had a tendency to reduce fire hazards. He said that he was never opposed to the use of wood shingles, although he said he thought that something would be used to make them fire-retardant.

Chief Scott further stated that at the present time he had no ordinance in mind against the use of the wood shingle. He said that if at any time he did contemplate drafting such an ordinance he would certainly call in capable lumbermen to help him draft it.

Max Silverburg, the chief speaker of the day, gave a very interesting talk. Mr. Silverburg has done excellent work on the Los Angeles Crime Commission.

Snark Rosenberg announced that the first meeting of December would be "Old-Timers Day." A committee to urge all the old-timers to be present was appointed.

### WACO HOO-HOO CLUB ELECTS.

The members of the Waco Hoo-Hoo Club of Waco, Texas, held their regular meeting at the Raleigh Hotel, Tuesday evening, November 20.

The meeting was well attended. A course luncheon gave just the proper receptive attitude to all present. The program following made the event most interesting and pleasant.

The speakers of the evening were A. C. Patton and Dr. J. B. Tidwell, of Baylor University. Following these splendid addresses the election of officers took place, which resulted as follows: Walter Gregg, president; W. S. Morrow, vice president; Bob Nalley, secretary. Arrangement Committee: G. A. Porter, William Thresher and William Walsh. Entertainment Committee: Lee Dewey, John Nash and John Armstrong.

The Waco Hoo-Hoo Club is a real live organization. Many interesting meetings will be provided for the members during the ensuing year.

### L. A. HOO-HOO CLUB PARTICIPATES IN PROGRAM SOUTHERN CALIFORNIA ASSOCIATION.

The Los Angeles Hoo-Hoo Club chose a very novel, unique, interesting, and entertaining plan in the part they took for the entertainment of those in attendance at the annual meeting of the Southern California Retail Dealers' Association, at Long Beach on Saturday, November 17.

The entertainment was in the form of a one act play entitled, "Mr. Pip and Mr. Pep." It was presented by five members of the Los Angeles Hoo-Hoo Club.

This play was based on the two characters that have been made famous by the "Gulf Coast Lumberman." Mr. C. S. Estes, of the J. O. Means Company, Los Angeles, took the part of old Mr. Pip and Mr. Pep was portrayed by Mr. H. L. Rosenberg, of the Hipolite Screen Company and also Vicegerent Snark of the Los Angeles District Hoo-Hoo. Mr. C. J. Laughlin of the Long Bell Lumber Company took the part of a wholesale lumber salesman, Mr. Phil B. Hart, and managing editor of "The California Lumber Merchant," acted a part of a prospective home owner. Director of the play was Floyd A. Demier of the Lumberman's Service Association. The stunt gave these boys a wonderful opportunity to display any talent that they might have, and also carried a merchandising moral.

### SPOKANE HOO-HOO CLUB TO HOLD WEEKLY LUNCHEONS.

The first Hoo-Hoo luncheon of the Spokane Hoo-Hoo Club was held at Culbertson's tea rooms, on Friday, November 23. The attendance was splendid. Following the luncheon a splendid address was delivered by Frank Branch Riley, of Portland, a lecturer in the east on the beauties of the Pacific northwest. He urged members of the Concatenated Order of Hoo-Hoo to emphasize the beauties of the northwest in appealing to easterners to come to this region.

He asserted that there is greater appeal in emphasizing the natural beauties of the country than in any other presentation. He said that if business men are brought here, and their business sense set to work on the realization of the great resources here, many of them, no doubt, either would remain, or would expand to establish branches here. He also told of the reception his lectures on the northwest have been given by residents beyond the Mississippi river.

He also discussed the needs of the lumber industry. Speaking of reforestation declared that the denuded forest areas in the United States, now growing nothing, contain more square miles than all the forest areas of central Europe and the Scandinavian countries, or a greater area than that of the combined state of New York, Pennsylvania, New Jersey, Delaware, and Maryland.

Regular weekly luncheons will be held every Tuesday noon at the Culbertson tea rooms. A most cordial in-

itation to attend is extended to all Hoo-Hoo. The following program committee was appointed: E. R. Edgerton, J. M. Brown; M. F. Cronkrite. This assures that the future meetings will be most interesting.

### ST. LOUIS HOO-HOO CLUB WILL MEET DECEMBER 12.

Hal Ball, President of the St. Louis Hoo-Hoo Club, has completed plans and arrangements for the beginning of the monthly luncheons. The first is to take place at the American Annex, Wednesday, December 12.

Mr. Ball appointed R. Morris chairman of the Program Committee, which assures an interesting and entertaining program.

### "That Was All"

He caught a little cold—

That was all.

So the neighbors sadly said,  
As they gathered 'round his bed,  
When they heard that he was dead.

He caught a little cold—

That was all.

He left a little family—

That was all.

Who are working night and day,  
With no chance for fun or play,  
Just to keep the wolf away.

He left a little family—

That was all.

### SAN DIEGO CLUB ACTIVE, SAYS AL FROST.

Good work continues in San Diego. Vicegerent Al Frost writes National Headquarters as follows:

"San Diego Hoo-Hoo are continuing their weekly luncheons, which are well attended, the average attendance being over thirty out of a total enrollment of sixty-five.

"These luncheons are peppy and interesting to the members who are competing for an attendance prize of a cedar chest, donated by the Frost Hardwood Lumber Company.

"Among the speakers heard at San Diego recently, are Jerry Sullivan, Sr., president of the Western Lumber Company and the Sullivan Hardwood Lumber Company, and Philip Morse, a pioneer lumberman, long associated with the San Diego Lumber Company."

### FROST HARDWOOD COMPANY ENTERTAINS SAN DIEGO HOO-HOO CLUB.

Mr. Howard Thompson, manager of the Frost Hardwood Company, San Diego, entertained the San Diego Hoo-Hoo Club, on November 21st, at the new offices just completed by his company.

Forty members of the club attended, this being two-thirds of their entire membership of sixty.

The meeting was in the nature of a celebration of the opening of the beautiful new plant, recently finished, and the boys enjoyed a splendid feed. They

indulged in some community singing led by Mr. and Mrs. Wallace Moody, of San Diego.

Mr. Elwood Bailey, a noted globe-trotter and lecturer, entertained the meeting with a talk on "Confidence and Co-operation in Business Matters."

These luncheons, usually held at the Maryland Hotel, are getting better and better. All visiting Hoo-Hoo are invited to attend.

Mr. C. J. Laughlin, manager of the Long Bell Lumber Company, Los Angeles, was a guest of the club on this day.

### LANSING HOO-HOO CLUB HOLDS WONDERFUL MEETING.

One big, bounteous banquet served to eighty-six people was one of the attractive features which accompanied the regular meeting of Hoo-Hoo Club, No. 17, held at the Downey Hotel, Lansing, Michigan, November 15.

Just before dinner was served all joined in singing the national anthem. Immediately after the dinner a clever entertainment was put on by performers from local theatres. This novel feature was enthusiastically received by all those present. Brother Fred O'Leary of Grand Lodge displayed his vocal talent by taking the lead in community singing.

The meeting was called to order by President Hall who introduced William N. Sweeney, purchasing agent for the Michigan Agricultural College. Mr. Sweeney talked about the college and told of his work there, at the same time blending into his talk a few amusing little stories.

Edgar Cochrane, Secretary of the State Conservation Department, spoke on the subject of "Reforestation," a subject upon which Mr. Cochrane is more than qualified to talk, as he has made an extensive study of the reforestation problem. In this vitally interesting and instructive address he quoted statistics which predict the effects that will be upon the retail Lumberman's activities unless certain changes are made in the national reforestation program. He emphasized the idea that is back of all association and fraternal work, which is that nothing can be accomplished through individual effort alone, that everyone should support the reforestation movement so that our children and our children's children should not have to suffer the effects of a wood famine.

President Hall voiced his appreciation of the excellent program presented by the entertainment committee which was composed of Lou Burgess, Elmer Hammond and Walter Miner.

After a short business session at which the minutes of the previous meeting were read and approved, and other business transacted, President Hall called upon the following members and guests for impromptu talks:

Harry Wiborg, Cincinnati, Ohio; J. C. Pattison, Toledo, Ohio; Robert K. Jardine, Grand Rapids; Hubert North, Kalamazoo; William H. Porter, Lansing; John Kreilick, Kalamazoo; and

Bert S. Thatcher, Vicegerent of Central Michigan.

Supreme Junior Hoo-Hoo A. J. Hager spoke briefly of the many advantages to be gained at these gatherings. And to Mr. Cochrane, who had just spoken on "Reforestation" Brother Hager voiced the sentiment of the entire order in saying that Hoo-Hoo stood as one as an ardent supporter of the national reforestation program.

President Hall then announced the following committees: Program Entertainment and Sports Committee—Lou Burgess, Robert Corlett, Walter Manner, Don Olds, Elmer Hammond. Public Welfare Committee—William Burgess, Bert S. Thatcher, Ansen Longstreet. Research Committee—A. J. Hager, Emil Lee, Frank Benedict.

#### W. G. HOLLIS (49) ADDRESSES TWIN CITIES HOO-HOO.

W. G. Hollis, former secretary of the Northwestern Lumbermen's Association, was the principal speaker at the regular semimonthly luncheon of the Twin Cities Hoo-Hoo Club, held at the West Hotel, Minneapolis, Thursday, November 22. During this talk Mr. Hollis well lived up to the reputation which had preceded him.

"Doc" Watson presided at the meeting and Oscar Deckert introduced Mr. Hollis.

Stories suggested by reminiscences and the reading of favorite poems, from which he drew morals, composed a large part of Mr. Hollis' talk.

Mr. Hollis took time to read some radical propaganda gotten out by a so-called "workers" party. He told of a "Lenine College" established in Chicago, for the purpose of training speakers to spread the cult of radicalism. This body already has twenty-two speakers throughout the country and they soon expect to have five hundred. Mr. Hollis urged the members of the club to do all in their power to combat this movement.

He then read "My Philosophy," one of James Whitcomb Riley's well-known poems. From this he drew the moral that every man should do the best he can regardless of criticism.

He then spoke of his work in the Northwestern Lumbermen's Association, stating that he had been retired for life on a salary because while he was in the harness he never let other matters interfere.

He concluded by reading the poem, "The Day That Might Have Been Better." This metrical composition showed the writer's determination to use the experiences of a day that had passed as a foundation for greater accomplishments in the future.

"Bill" Sears then introduced his guest, Wirt Wiley, secretary of the Minneapolis Y. M. C. A.

Mr. Wiley said that the local Y. M. C. A. and the Twin Cities Hoo-Hoo Club had the problem of building up the city as a common purpose. Hoo-Hoo contributes to the material building of the city while the Y. M. C. A. helps to build up good citizenry.

HOO-HOO has a meeting.

HOO-HOO may or may not be a word of mythical origin but

HOO-HOO means LUMBER, which suggests

## HOME

HOME is the last word in human achievement.

HOME is the back-bone of Nations.

HOME is the foundation of modern civilization.

HOME is the shrine of love.

HOME is the fountain of Health, Happiness and Long Life.

HOO-HOO—LUMBER—HOME are inseparably linked together.

HOO-HOO is the Nation's Home Builders.

HOO-HOO in its broadest sense means

## HOME-BUILDER

He said that investigation showed that students in "Y" courses had added to their incomes at the rate of \$3 a session and that they had been able to earn a million dollars more than the cost of the Y. M. C. A. The annual cost of operation is \$400,000, while fees and dues amounted to \$380,000.

He cited an instance of what the Y. M. C. A. had done for the youth of the city. He told of a gang of twelve boys who, unassisted by any social welfare organization, went to the state reformatory. He told of another gang of nineteen boys who had gotten into trouble with the local authorities and after a Y. M. C. A. secretary had interested them in finding the proper kind of amusement, they were no longer a source of trouble to the police.

Fred Anderson, in reporting for the attendance committee, stated that there were seventy members and eight guests present. M. J. Murphy got the first prize, a muffler; and Hugh Perry, the second, a pair of cuff links. The prizes were donated by Charles Espey.

M. L. Jordan, of the fraternal committee, announced that the cigars had been contributed by William H. Badeaux, in honor of the arrival of his baby daughter.

"Doc" Watson addressed the new members and guests. He urged the members to contribute their "literary germs" to the Hoo Hooter, the official organ of the Twin Cities Hoo-Hoo Club.

1924—MINNEAPOLIS—1924

#### L. A. HOO-HOO CLUB MEETING BETTER AND BETTER.

The Los Angeles Hoo-Hoo Club met at their regular Thursday luncheon at the City Club, November 23, Berne Barker as chairman. Mr. Barker had provided two very interesting speakers—Will G. Farrell, of the Farrell Company, Insurance Estate Builders, spoke on the situation in Southern California as regards financing building during the coming year.

The second speaker, Motley H. Flint, active vice president of the First National Bank and the Pacific Southwest Trust & Savings Bank, spoke on what 1924 has in store for Southern California.

Secretary Laughlin says: "These were easily two of the most interesting speakers we have had to date."

A Concatenation has been arranged for either December 14 or 15.

#### LOTS OF CRUST!

(Tune: "The Old Apple Tree.")  
'Neath the crust of the old apple pie,  
There is something for you and for I;  
It may be a pin,  
That the cook has dropped in,  
Or it may be a nice little fly.  
It may be an old rusty nail,  
Or the tip of a HOO-HOO CAT'S  
TAIL.

But whatever there be,  
It's for you and for me,  
'Neath the crust of the old apple pie.

Be a Booster.
