MEMO ...from the Snark's desk

ENJOYABLE INVOLVEMENT

We've changed the name from Mini-Conventions to Jurisdictional Conferences, but the purpose is the same—enjoyable involvement.

It is impossible for the Snark to visit all the active clubs in Hoo-Hoo Land. The Jurisdictional Conferences do make it possible for all the clubs and the Snark to meet together.

Many times, other officers of Hoo-Hoo International will be in attendance in addition to the Snark. Hopefully, in the future, it can be arranged where all the officers will be able to participate in each Jurisdictional Conference.

It is at these meetings that the most fruitful of ideas are interchanged. Out of these meetings come inspired officers, (local and international), and members with new challenges and new worthwhile goals. Everyone is the winner.

Be sure all of the officers of your club and as many members as possible will attend and participate in your Jurisdictional Conference. You will be hearing from your Supreme Nine Representative as to the date, time and place of your conference. Plan now to be there and come home a winner.

Shifting To The Offense

By George C. Cheek,
Executive Vice President,
American Forest Institute

Along with most other American industry, manufacturers of wood products face a bleak and uncertain 1975.

Lack of mortgage money and inflation in general have combined to force housing, the wood industry's principal market, to bear most of the brunt. The lack of demand, and resultant decline in wholesale prices, have put some producers in the position of paying more for their raw material than they can realize in sale of finished products.

Losses like that can't be made up in volume.

Some industry experts see at least a modest upturn in housing activity by mid-year. No matter when it actually comes, there seems little doubt that eventually pent-up demand for new homes will once again restore activity to a level considerably higher than today.

One way to insure that the wood will be available to meet that increased demand, when it comes, is to make sure the public knows that we can have the wood products we need and still have the other benefits of our forests if we practice good forest management.

This has been one of the key objectives of an industry-wide communications program first launched in 1972 under the banner of the Forest Industries Council. The FIC is a coordinating body composed of the officers of several national trade associations in the forest products industry. American Forest Institute, a member of the FIC, is the primary implementing organization for the FIC communications Program.

To date, the program has been funded almost entirely by manufacturers of both paper and solid wood products. However, many dealers and distributors have participated through the use of materials developed as part of the program.

Plans and formulas are being developed now to enable more on the distribution side of the industry to participate more fully in the funding of the program.

The Program's overall objective is to be sure that our efforts are continually aimed toward creating a favorable public opinion necessary to achieve favorable government or marketplace action with respect to the industry's position. In other words, there simply has to be a payoff that means something to the industry.

The whole reference to getting off the defense and shifting to the offense is largely taken from the lexicon of football.

So let's carry the analogy a step further: All the fancy plays developed, no matter how well executed, whether by individual or team effort, mean nothing if the ball doesn't cross the goal line.

Seizing the offensive during 1975 means, instead of just talking about planting and growing trees, we're going to spend more time talking about cutting them down. Because cutting trees down, and utilizing the fiber to make useful and profitable products is the ballgame. Planting and growing trees occupies a great deal of justified attention. But, if when trees are ready to harvest, the public won't let us have them, we haven't won after all—despite the fancy plays.

Advertising is the most visible and direct aspect of our program. It's also the most expensive. But for reaching the large number of people we want, with the messages we want, it turns out to be just about the most efficient communications tool. AFI's current "Green Paper" campaign has been running in TIME magazine every other week since the end of April, 1974, reaching approximately 12.5 million people with each message. The ads have told readers that America is not running out of trees and show how industry shares its lands. This campaign will continue into 1975.

Readership studies show the ads are being read and believed. In fact, the first measurement of the campaign's persuasiveness indicated a strong shift in attitude toward our position. We'll continue to measure the campaign's effectiveness to be sure we stay on the right track.

We have and will continue to consider other publications for AFI's advertising messages and we are not locked into the national edition for every ad.

A number of companies and associations have helped to extend the effectiveness of the campaign by ordering reprints of the ads for placement in local community or plant publications, for distribution to employees and community leaders and for posting on bulletin boards.

Educational materials also reach a large audience. And, to many, young people are our most important audience. They will certainly have a great deal to say about what happens to the trees we're planting and growing now when they're ready to harvest in 20 or 30 years.

But to break into the education systems, materials

Cont. on next page

Cheek...

Continued from page 3

must fit within the established curricula. We've been working with educators and industry people to develop materials that do fit within curriculum planning and we've had some good success.

Now, we've moved one step further. In a joint project with the state environmental curriculum directors of thirteen western states, we have developed a program called, "Project Learning Tree." Basically, this is a guide to integrating material on forest and forest products into classroom programs for kindergarten through the twelfth grade.

This doesn't mean forestry will be taught to a bunch of second graders. What it does mean is that a second grade teacher planning a science unit will know what materials are available to interject forestry into the unit. It will also make suggestions to help lighten the teacher's preparation role—and that will increase the chance of getting our material into the classrooms.

Like many of the rest of AFI's programs, this one will need heavy doses of industry participation: In terms of material, in terms of time and in some cases, in terms of supporting funds. What we learn from testing the program in the West will be evaluated and translated so that it can be used in other regions of the country. We expect to make real progress along this line during 1975.

Also during 1975, AFI will continue the development of new materials for classroom use such as the filmstrips and teaching units we already have.

Publicity is one aspect of a communications program that usually gets a bad rap. This is probably because when we think of publicity, we think of show business and fakery. But publicity is an extremely effective way to get our story told.

During 1974, AFI began a series of regionalized newspaper clipshets for use by industry communicators. These were camera-ready sheets containing approximately seven stories each on some aspect of forest management. In each case, the stories were first released nationally in a different format, then distributed by people throughout the industry to local daily and weekly papers. The results of our clipping service show that industry communicators have really done their job.

Placing materials, such as public service spots and news tapes, on radio and television stations has also been a good example of teamwork between the AFI staff in Washington and industry communicators in the field. The material is produced in Washington. But it does no good unless someone is willing to knock on a radio or television station door and ask that it be used. This has been happening with increasing frequency over the past year and AFI will continue to develop new materials to make the job easier.

Tours of woodlands and manufacturing plants have blossomed from five in 1971 to fifteen in 1974. In addition to news executives and reporters, these tour groups now include congressional staffs, outdoor activists and community leaders.

In its earliest days, AFI was more closely associated with the Tree Farm program than any other

activity. This program was started in 1941 to help stimulate interest among private woodland owners in doing a better job of managing their forests for repeated tree crops.

In establishing the Forest Industries Council Communications Program, it was decided that restoration of the American Tree Farm System was a high priority item. The system had to be put back in good shape before we could talk about it.

Therefore, the second largest increment of funds, after advertising, went into the Tree Farm reinspection program. We now know that the 31,000 plus tree farms listed in our files represent 31,000 examples of good forest management of privately-owned forest and woodlands.

One ad in this year's TIME campaign described how a tree farmer in Maine, managed his 264 acres. This resulted in scores of inquiries, some of which have already begun the process of qualifying for Tree Farm certification.

During 1975, we will continue to promote the program by placing some special advertising aimed specifically at recruiting Tree Farmers and other funds are being allocated to help state tree farm committees create additional favorable publicity.

Some other new materials that are on the drawing board for 1975 include a new booklet to replace our basic consumer literature piece, "Forests USA." Our plan is to convert "Forests USA" into a less expensive fact sheet so that it can be distributed even more broadly.

In cooperation with the American Revolution Bicentennial Administration, AFI has produced a tree planting kit, "Trees From the Nation's History." It is designed to inform the American public about the important role trees and the products made from wood played throughout our nation's history. We're currently working out distribution details for this kit.

There are other new projects in the works but that gives you a general idea of the directions AFI will be taking.

Our efforts to help you help us multiply the effects of the program will accelerate during 1975, capitalizing even more on the regionalization trend.

AFI's guide to better press relations for non-communicators, "Telling the Story," will be kept in supply and will be joined by similar publications aimed at working with teachers and employees. We are going to develop some speeches for use by industry executives that relate to the various issues of topical interest.

As we look forward to 1975 and 1976, we on the AFI staff hope you share our anticipation that taking the offense in telling industry's story will move us even closer to a solid public understanding and appreciation of what we're trying to do.

Good News from Jurisdiction VII

ATTENTION all members of Jurisdiction VII!

Plans and dates have been completed for the Jurisdictional Conference (nee Mini Convention) at Gurdon, Arkansas (Birthplace of Hoo-Hoo in 1892) on March 14-15, 1975. We have many great things in store for you.

Maxene and I made a trip to the great state of Arkansas November 26th and met with the Gurdon Club #120. They will be our host club for the Jurisdiction Conference. As usual, their Southern hospitality was of the utmost warmth and dignity. We believe that if we are ever in need of a friend we would head for Arkansas. If you doubt me, send your reservations to me and be in Gurdon on March 14th and 15th. You will be pleasantly surprised! You will profit highly by attending, learning more about Hoo-Hoo and the fellowship of your many lumber friends.

Would you believe we have planned an afternoon at the race track in Hot Springs, Arkansas? Admission fee is all included in the registration fee.

As you well know, the Snark of the Universe is from our own Jurisdiction VII, and he will undoubtedly be at the meeting.

To acquaint the newer members with our Snark, the photo below shows Juris VII Supreme Nine Member, Laurn Champ, kissing the ring of our great Snark, Dave Marteney.

While in Gurdon, Ark. it was my pleasure to appoint Peter Rudolph as State Deputy Snark of Arkansas. He is a past president of the Gurdon Club and he wants to reactivate the Hot Springs Club #190.

FEBRUARY 1975

Below is a shot of the Gurdon Hoo-Hoo Monument. Shown standing L to R are Laurn Champ, Paul Barringer and Peter Rudolph. Paul Barringer is President of the Gurdon Club #120.

At the meeting in Gurdon we were entertained by the World Champion Duck Caller, Eddie Holt. He owns a small company that makes these duck callers out of a special imported wood.

While in Arkansas I contacted Dick Sells of Hot Springs. He, too, is to help reorganize the Hot Springs Club #190 in February. Dick originally joined Hoo-Hoo at Twin Cities, Minnesota.

In Kansas I have appointed for a second term as State Deputy Snark, my friend, John Todd. A.W. Harris of Houston, Texas is SDS for Texas. The State of Missouri will have as SDS a great Hoo-Hoo member, Bob Hertling, Club #6 of St. Louis.

In November my wife and I journeyed to Kansas City where we were joined by Snark Marteney. It was Ladies Night and I had the privilege of installing the new officers. Our thanks to the new President, John Creel—past president Don Piercy, his wife and two sons, Jeff and Ronnie.

Wichita Club #173 held a Ladies Night in December honoring our Snark, Dave Marteney,

and his wife, Margaret. I am proud to serve under our Snark as we have been personal friends for years.

This same night my wife presented to me, as a complete surprise, a Lifetime Membership to Hoo-Hoo International. I am most humbly grateful for two reasons: Receiving it from my lovely wife and having it signed by our Snark and friend, Dave Marteney, who is from Jurisdiction VII and the great state of Kansas.

Please watch the mail. You will be hearing from me a number of times throughout the year.

Sincerely,
Laurn R. Champ, L-75820

I would like to report that I was at the Pittsburg Club #179 meeting on October 30th. The meeting was held at the officers club at the Greater Pittsburg Airport. I furnished the program, I showed the film, The Forest Productive, and gave a full report on both the 74 convention and what is happening on the International level.

Most disappointing for me, was to learn after I got there was that Bob Greiner, their secretary was in the hospital with a serious eye infection.

Bill Cameron, President this year, did a fine job conducting the meeting. I'm sure he will agree with me he has good backing in Andy Gich, Ed Emack, and Howard Beattle, and all the rest of the members.

Also my thanks must be extended to Bill and Bob of U.S. Plywood for bringing the projector and screen, so we could show the film, and to Ed Emack for getting me back to the terminal to catch my flight back home.

Cliff I'll really appreciate you rewriting this, so you can be sure it gets into the next Log & Tally.

I didn't take my camera because Bob Greiner always had his, but, after I got there I found he was in the hospital. So no pictures were taken.

CLUB NEWS

San Joaquin

Club #31
Fresno, Calif.

The San Joaquin Club #31 made another first for Hoo-Hoo on October 11th when, during the golf tournament at the Fort Washington Country Club 31 member Mike Bakula's tee shot on the 12th fairway hit and broke the windshield of an airplane which was spraying the golf course for mosquitos. It is believed to be the only time a golfer has ever hit an airplane in flight with a golf ball, a record that will undoubtedly stand for some time.

A large crowd was on hand for the evening festivities, including Supreme Nine Member Jim Jones, of Jurisdiction VI.

The following officers and directors were re-installed for the new Hoo-Hoo year: Don Johnson, President; Norman Griesbach, Vice President; Bernie Barber, Jr., Secretary/Treasurer; Craig Gaffney, Sgt.-at-Arms; Jean Hartsock, Vicegerent Snark.

San Francisco Club #9 Greets Aussie Friends

Forty members and wives of the San Francisco Hoo-Hoo Club #9 entertained 35 visiting Australians at the California Redwood Association Headquarters in San Francisco on October 12th. It was a trade development tour sponsored by the Australian Timber and Building Material Merchants Association.

The Aussies were welcomed by

Club #9 with a cocktail party and buffet as they passed through San Francisco enroute to the NLBMDA meeting in Phoenix, Arizona.

Pete Johnson, Club Secretary and CRA Official, presented each visiting lumberman with a small growing Redwood burl to take home with them, to grow, hopefully, Redwood trees in Australia.

Winners of the golf tournament were: Calloway, first place, Richard Taylor; tied for second place, Ron O'Connor and Larry Deaver. Low Gross: First Place, Ron Talcott, second place, Dick Holt. Low net: First Place, Bob Rader, tied for second, Al Smith and Gene Bell.

Unfortunately the photographer was not on hand to record Mike Bakula's tee shot to the plane; however, the event had ample publicity in the local newspapers.

A one-handicap golfer, Mike Bakula stepped up to his ball on the tee and swung hard. It rose quickly into the air.

Bakula and his companions said that the plane suddenly appeared from behind some trees.

The hard-hit golf ball went through the whirling propeller of the single engine plane, smashed through the windshield and broke a side window after bouncing off the pilot's helmet.

Later on, a physician dug out eight pieces of the shattered windshield from the pilot's face.

Western Mass.

**Club #59
Springfield, Mass.**

The Western Mass Hoo-Hoo Club No. 59 is alive, kicking and growing. We held our first meeting of this Hoo-Hoo year Sept. 12, at the Elmcrest Country Club, East Longmeadow, Mass. The weather was perfect for the 39 members and guests who played golf.

The golfers were lead by Don Gaw and held up by John Murphy—our most honest golfer. We had 45 for dinner which was followed by a short business meeting and the drawing of the Door Prizes. The Door Prizes were supplied by numerous wholesalers and manufacturers and were appreciated by all.

Our second meeting was a Concat held Oct. 2 at Lido's Restaurant, Springfield, Mass. Six new Kittens were initiated into the Hoo-Hoo organization. The six Kittens, Bob Dunn, Doug Magee, John Murphy, Earl Tessier, Bill Grise, and Connie O'Doherty were supervised by Art Price and Bill Boilard.

Art Price prepares for another concat for Club #59.

Club 59's new members include (L to R) John Murphy, Earl Tessier, Bill Grise, Doug Magee, Bob Dunn and Connie O'Doherty.

John Chalmers, reporting for the Victoria, B.C. Hoo-Hoo Club #183 tells us that his club's fund raising dinner was a huge success. The whole deal was held aboard the vessel **SS Princess Patricia** on October 18th, and the club had a sellout crowd of 150 people. From all reports there wasn't a person who did not have a good time.

The North Idaho Hoo-Hoo Club's new officers are pictured here. Standing (Left to Right) Gilbert Mitchell, 78525, immediate past president; D.D. Jones 79187, Incoming President, and Ray Hilding 79186, Vice President. Seated is Carl G. Krueger 62636, Secretary/Treasurer.

Club 155's first meeting of the year was held September 20th at Coeur d'Alene. Our new officers, Don Jones, President; Ray Hilding, Vice President and Carl Krueger, Secretary/Treasurer were installed by Vicegerent Snark Dave Weistaner.

New club projects were discussed, and the Club President appointed various committees for the year.

The program was an interesting progress report on the interstate tussock moth control project, given by Ladd Livingston, a biologist with the Idaho Department of Lands.

Ray Hilding and Clem Pederson made up the program committee.

This meeting was not very well attended because of football game competition.

Club #155 held its regular October meeting in Coeur d'Alene, Idaho. The major item of discussion at the business meeting was the Woodman of the Year Contest. Several areas had been viewed. It was finally decided that no awards would be made in 1974 for lack of suitable candidates.

Lumberjack contests at the

area community colleges were also discussed.

The program was a talk and excellent movie on the aluminum industry by Ed Christler of Kaiser Aluminum in Spokane, Washington.

Pederson and Hilding did their usual fine job putting on the program.

Carl Krueger 62636 reports that in the Coeur d'Alene area some mills are shut down altogether and others are on short work weeks.

At the regular monthly meeting of Club 155 in November, a good turnout enjoyed an illustrated talk by Ray Hilding 79186, on his recent trip to the British Isles.

The club has endorsed the project of constructing, reconstructing, or moving in a building which can be fitted out as an old logging camp blacksmith shop at the Museum of North Idaho.

One of the club's oncoming projects is supporting the Junior Colleges lumberjack contests in the Spring of the year.

Shasta Cascade's first meeting of the year was held at Bellingham, Washington on September 17th, and was attended by 81 members. Brother Sam Newman 78879 was speaker for the evening and he spoke on timberland taxation.

After the program the Past Presidents embalmed the immediate Past President, Neill Bowman 78826, in the usual dignified ceremony.

We are sorry to report that the Gateway Mill Company has suffered a disastrous fire. At this writing Jim Hammer 79587 is undecided on future rebuilding plans.

The Seattle Snohomish Mill Company plans to be in operation soon with all the latest equipment for cutting high grade lumber and timber.

The Club members are looking forward to the many activities for this active Hoo-Hoo year under the direction of President Gil Emory 78845, and Program Chairman Norm Irons 72621.

Forest Products Week

Each year the President of the United States proclaims the third week of October as Forest Products Week—October 20-26th. This annual observance is to recognize the importance of the forest resources to provide the raw materials for housing, for paper products and other thousands of consumer products derived from the tree. Multiple use management of the forest will provide these materials along with the ever expanding recreational needs.

Also each year the Shasta Cascade Hoo-Hoo Club #133, a fraternal order of lumbermen of Redding and surrounding area joins

ED O'KELLEY 71272
Lumberman of the Year

the Redding Trade Club as sponsors of the October meeting (October 22nd). The joint kickoff meeting for Forest Products Week this year was sponsored by 81 lumber and related firms. Brad Broyles was general chairman of the meeting.

At each of their meetings the Trade Club selects the Citizen of the Month. At each October meeting the Hoo-Hoo Club has the privilege of selecting the Lumberman of the Year. This year that person is Ed O'Kelley of Redding. He is Vice-President and Sales Manager of the Wisconsin-California Forest Products Company of Redding. There were 425 industry men and friends in attendance to honor Ed. He was introduced by Bill Harrison, President of Shasta Cascade Hoo-Hoo Club and was presented a plaque as a token of the honor. He was also selected as Citizen of the Month by the Redding Trade Club.

Ed was born in Warren, Arkansas, and at an early age his family moved to California. It was in Oroville that he received his grade and high school education. His beginning in lumber was in 1941 in a box factory at Graeagle, California. After three years in the armed service and other areas

of employment, he re-entered the lumber business as a tallyman and grader. In 1950 he was certified as a complete lumber grader by the Western Wood Products Association.

In 1959 he joined a wholesale firm in Sacramento as a lumber sales trainee. For the next ten years he worked in various sales capacities in the Sacramento area. He then moved to Redding and shortly after, joined the Wisconsin California Forest Products firm in the capacity mentioned above.

Ed joined the Sacramento Hoo-Hoo Club in 1960 and served on the Board of Directors and as President. He was also President of the Redding Hoo-Hoo Club this past year.

He and his wife Eleanor live on Cheryl Drive in Redding. They have two sons and two daughters.

Both Ed and Eleanor are regularly seen on the golf course and Ed is an ardent bird hunter and dog fancier.

Minutes of the meeting September 7, 1974, Rogue Valley Country Club, Medford, Oregon. (Ladies Night)

Meeting was brought to order by President Ed Nolte asking for self introductions and introductions of lady guests.

President Nolte turned over the meeting to Ivan Harrington for the installation of officers.

He gave the oath of office to two board members, Don Puckett and Bob Trimble; Dean Norman was not present. He then gave the oath of office to the Treasurer—Vic Hadley, since our Secretary was not present either. This was followed by the oath of office to our President—Tom Hauptman.

President Nolte then asked all of his officers and board members for their support in the past year and turned the gavel over to the new President Hauptman.

President Hauptman congratulated the newly elected officers and praised Ed Nolte for a job well done. He then presented Ed Nolte with a past presidents pin and tie-tac, as well as a plaque.

President Hauptman then asked for volunteers from the better half of the families to take over the calling committee.

The meeting was adjourned and a fine dance followed.

\$150.00 donation made by Hoo-Hoo #94 for the purchase of new equipment.

Secretary Steve Campbell read letter of thanks from Oregon State University for the \$500.00 scholarship fund set up for their forestry school.

President Tom Hauptman gave an interesting lecture on the dangers of blasting caps which he had the misfortune of finding out about at the age of 14.

The meeting was called to order by President Tom Hauptman. Tail-Twister Bob Nelson collected \$18.50 mainly from visiting railroad guests, who were—R.J. Higgins (DRGW), Harold Pyle (BN), Ernie Hadley (CNW), Chris Christensen (RI), Norwood Lickliter (MP), Mike Cox (UP), and Bill Longmore (SP).

Guests of Hoo-Hoo #94 were Virgil Jones, Bob Roberts, Chuck Woods and Jack Taylor.

John Austin presented his ideas for the forthcoming Sportsman night. He will get John Arnett, formerly L.A. Rams, for the evening speaker.

New board member Bud Brennen was welcomed by Pres Tom Hauptman. Also read letter from Supreme 9 asking for nominations for candidate for State Deputy Snark.

The meeting was turned over to Jim Shaw for old Timers night. Ron Larson presented awards to old Timers who were present. Oldest members were Harry Elden #50638 and Jim Lowman #50842. There was also a prize for the youngest member who is Lee Rosenberg #82433.

Fred Hitchens, president of WCLIB introduced the speaker for the evening, Paul Hollenbeck, vice-president of WCLIB. Paul presented very interesting facts about the grades of lumber used in other countries.

The drawing was held prior to adjournment with the winners being Phil Austin—\$50.00, Don Puckett—\$25.00, and George Lucas—\$10.00.

The Rogue Valley Club had a fine Sportsman's Night December 6th, at the Holiday Inn in Medford, Oregon. John Austin was in charge of the program.

This fine evening was attended by 70 members and guests. President Tom Hauptman opened the program and announced that Rogue Valley #94 was contributing \$1,000.00 to the Oregon State Hospital, and \$1,000.00 to the McLarna School for Boys and Girls Christmas Fund. This decision had been approved by the board and our club is proud to be capable of this action.

President Tom turned the meeting over to John Austin, who introduced Earl Stelle former Quarterback from University of Oregon at Eugene. Earl recounted his experiences at Oregon and his acquaintance with Jack Morris, formerly of Oregon, the L.A. Rams, and the Minnesota Vikings.

Earle Stelle introduced Jack Morris, now associated with U.S. Plywood in Roseburg, Oregon. Jack recounted his experiences at Medford High School, University of Oregon, L.A. Rams and Minnesota Vikings. Also his experience and association with Jon Arnett, our speaker of the evening. Jack turned the meeting over to Jon Arnett.

Jon Arnett was formerly great U.S.C. back, L.A. Rams back and Chicago Bear great. Jon presented a very interesting program with films and commentary on different plays from the Rams and Bears when he was a great back. Jon is now in the real estate business in southern California.

Winema

Club #216

Klamath Falls, Ore.

The Winema Club's September meeting is held annually at Dorris, California, and this year's meeting was no exception. This meeting was the first one conducted by the newly elected officers.

The traditional speaker is Barney Cavanaugh, Head Jackass, Order of the Antelope (an elite Oregon mystic order).

In reality, Barney is manager of a local printing firm and an enthusiastic Hoo-Hoo supporter. Upon conclusion of his hilarious talk, Barney was presented a plaque in appreciation of his "extemporaneous contributions" to the Winema Hoo-Hoo Club.

From Right to Left John Tritch, standing, newly elected Club Secretary; Ron Thomas (seated) Treasurer; Merle Clark, standing, Club President, and Barney Cavanaugh, speaker (seated).

Club Secretary John Tritch (standing right) present Barney Cavanaugh, Head Jackass, Order of the Antelope, a plaque. Looking on, seated, is Ron Thomas, club treasurer.

The Winema Hoo-Hoo Club #216 of Klamath Falls, Oregon had a concat in November which brought 12 new members into Hoo-Hoo.

The degree team is pictured above with visiting members from the Paulina Club in Redmond, Oregon. This is obviously an extremely serious and sober group.

Here's a typical Winema Club welcome to our visiting friends from the Paulina Club. Kneeling are Loren Irving and Ed Wilsonm Standing are Larry Garroute and Ted Saunders.

Bad News #1 (Right) Ramesses #65 appears with his newly initiated #2 Son William. Bill makes the #3 Putnam behind his older brother Gary and his father, Leonard. Looks like Hoo-Hoo land will be plagued with Putnams for generations to come.

Harry L. Folsom

Club #13

Boston, Mass.

The Harry L. Folsom Hoo-Hoo Club No. 13 of Boston produced another highly successful Concat and Reception - Dinner on Friday evening, December 6 when twenty-four new members were initiated into the fraternal lumbermen's organization at ceremonies held in the Statler Hilton Hotel, Boston.

It was one of the largest groups of "kittens" brought into the Club in recent years although old-timers remembered when forty or fifty new members wasn't unusual. This year, about two hundred members attended the reception and dinner following the concat. The only sour note was the relatively small number of members that attended the initiation itself. There were only about fifty Hoo-Hoo members watching the 24 kittens enter the "Gates to the Garden".

In addition to the Boston membership, there were lumbermen in attendance from neighboring chapters including the Roger Williams Hoo-Hoo Club of Rhode Island and the Granite State Hoo-Hoo Club of New Hampshire.

The newly accepted into the exclusive lumbermen's club included the following: Daniel J. Aguiar of Westboro from Seaboard Plywood & Lumber Co., Gilbert D. Arduine of Newton Center from Wholesale Doors, Inc., John D. Beninati of Waltham from Wholesale Doors, Inc., John F. Craigen Jr. of Manchester from Harbor Millwork, Inc., Barry P. Devanna of Malden from Elhide Co., David Downes of Weston from Rex Lumber Co., William F. Espinola Jr. of Ipswich from North Atlantic Millwork, George A. Estano of Canton from Freeport Door & Window Co., Kenneth C. Ghelli of Wollaston from North Atlantic Millwork, Peter C. Hyatt of Laconia from Denison-Cannon Co., the only new member from New Hampshire, Bernard A. Jacobi Jr., of Lowell from Friend Building Center, Leonard

Smith of Marlboro from Mullen Lumber Co., James D. Stewart of Arlington from Prudential Building Materials Co., Gregg P. Sweetser and Jeffrey W. Sweetser, both of Quincy and both from Elhide Co.

Following the initiation, the new members joined the other members and officers at the social hour and banquet followed by the usual gala entertainment. After the show, many lumbermen continued the festivities in hotel suite parties in the hotel and at night spots throughout the city.

Monte Carlo Night

The Harry L. Folsom Hoo-Hoo Club of Boston continued its lively fall program with "Monte Carlo Night" held on Monday evening, October 7 at the Lexington Lodge of Elks, Waltham Street, Lexington, Mass.

About seventy members were in attendance at the popular annual event, and following an excellent buffet dinner, members converted their cash into "play money" for an evening of chance, all proceeds going to the club treasury for future use.

The gaming tables included a choice of poker, blackjack, craps, chuk-a-luck and roulette. Door prizes for the evening were donated by S&K Lumber Co., Milton, Mass.

Folsom Club Hears Rosenthal Boston HBA Leader

The Harry L. Folsom Hoo-Hoo Club of Boston reported a turnout of forty-nine members for its last dinner-meeting on Monday evening, November 4 at Knights of Columbus Hall, Highland Ave., Needham, Mass. One lumberman attributed the lighter-than-usual turnout to the fact that some members were out campaigning for political friends running for election on November 5.

Those who made it for the delicious broiled chicken dinner, heard an excellent discussion on the home construction market by guest speaker, Mr. Sidney "Sid" Rosenthal, president of the Greater Boston Homebuilders Association.

Mr. Rosenthal, of Newton, Mass. is also president of his own development firm in Watertown. For more than 20 years he has been involved in the planning, financing and construction of residential and commercial properties.

Since 1964, he has developed and managed apartments in southern New Hampshire, Florida and in Massachusetts at Amherst, Lowell, Newburyport, Fall River and Milford.

Mr. Rosenthal holds membership in the National Association of Home Builders, GBREB, RHA, Mass. Bar Association on the executive committee of Liberty Bank & Trust and is the construction and mortgage analyst with the Lawrence Savings Bank.

Sid Rosenthal of Newton, center, president of the Greater Boston Homebuilders Association was guest speaker at the last Harry L. Folsom Hoo-Hoo Club dinner-meeting held in Needham, Mass. On the left is Don Johansen, president of the Folsom Club and on the right is Dick Mullen, 2nd vice president who arranged for Sid's appearance at the fraternal lumbermen's meeting.

Canokalan Club #233 Omak, Wash.

Our December 20, 1974 Christmas party and installation of officers held at the Omak Elks was a merry affair and was enjoyed by all. The exchange of gifts turned out very well with a lot of humorous gifts showing up. We ate off the buffet which was the best meal at a Christmas party we have had to date.

We had 26 members and their wives attending; Mr. and Mrs. Gene Zanck from Spokane; two new kittens and their wives were in attendance; Mr. and Mrs. Jon Jeffries, the Assistant General Manager of Biles-Coleman Lumber Company; Mr. and Mrs. Pete Carranza. Pete runs the Pateros Distribution Center. Also, Mr. and Mrs. Al Terwilliger brought a guest, Mr. and Mrs. Al Gann. Al is a local carpenter. Our special guest was Jerry Blann of the Aspen Corporation who put on our Christmas program.

At 7:59 p.m. President Hawley called the meeting to order. The minutes of the last meeting were read and approved. New and old business and dues. Please, unpaid members, get your dues sent to Chuck Walter so that he can send them to the International office.

President Hawley had the honor of introducing our Supreme Nine member from Juris III: Gene Zanck from Spokane, Washington. Gene presented a beautiful book to the Omak Hoo-Hoo Club from the International called "Timber Country". "Timber Country" will in turn be donated to the Omak Library in the memory of Ed Wade. Ed was the organizer of our Canokalan Club #233. He was the backbone of our club while he was with us. When Ed left here, he was our Secretary. He was Snark of the Universe in 1962-63 and had his Hoo-Hoo story told in the February 1974 issue of the "Log and Tally". The Land of Hoo-Hoo suffered a great loss with Ed's death. Gene Zanck expressed it best saying wherever he went Hoo-Hoo flourished. Also that his Hoo-Hoo efforts of recent years

could well be used as a guide for all of us.

John Ayers introduced our guest speaker, Jerry Blann, who is the Social Manager of the Aspen Corporation. The Aspen Corporation is the largest ski corporation in the world. They want to put in a year around recreational facility in the Winthrop area. It will accommodate up to 4,000 skiers at one time. It has a lodge, entertainment, transportation and food. Everything a person would want. It was a very well presented program. Hope to have Jerry back at one of our later meetings when he has more information on what they will be doing.

Meeting was adjourned at 9:45 p.m. with dancing in the downstairs lounge.

The Canokalan Club's October meeting was held at the Omak (Washington) Elks Club.

Enjoying the exchange of Christmas gifts are new kitten Jon Jeffries and Mr. and Mrs. Pete Carranza. Pete is also a new kitten.

Club #233's new officers are: (L to R) Hawley Wooschlager, President; Chuck Burgess, Secretary; Howard Betty, Vicegerent Snark; Al Terwilliger, Director; Irv Sasse, Director; Chuck Walter, Treasurer, and John Ayers, Director.

Gene Zanck, left, presents the book "Timber Country" to Club President Hawley Wooschlager in memory of Ed Wade. Book is to be presented to the Omak, Washington, Public Library.

Harry Sanford of the U.S.F.S. put on a fine program on land use planning. It was very informative.

Lewis-Clark Club #66 Lewiston, Idaho

Ray Libey, Secretary of the Lewis & Clark Hoo-Hoo Club #66 reports that his club has elected new officers for the 1974-1975 Hoo-Hoo year.

President is Norman Mattoon; V.P. is Don Scheib; Secretary is Ray Libey and Treasurer is Orville Dixon.

The Club's directors are Daryl Smith, Roy Bartlett and Larry Brown.

After a short period of inactivity, Club #66 is again having regular meetings and, according to Ray Libey, they are experiencing a pretty good turnout at the meetings.

At the October meeting there were 22 members present to hear a speaker from the University of Idaho who was on loan to the government and has been in South America setting up lumber mills financed by the World Bank. He also showed slides which were very interesting.

Don Schieb won the door prize of a fifth of Black Velvet.

Washington

Club #99

Washington, D.C.

Hoo-Hoo Club #99 of Washington, D.C. got its 74-75 season underway with its annual Fall golf outing and meeting on September 25th at the Washingtonian Country Club. A beautiful fall day brought out the golfers (36 strong) with some excellent scores, and some swings which resembled Ice Hockey shots.

Above are Vance Corbett with a kitten, Bob Wyatt.

Phil Dawson, Rameses #66 but Snark when this photo was taken, gets the run-a-round from Wally Murphy (left) and George Brinsko (right).

Since we at #99 do not meet during the summer months, this meeting always turns out to be one of the highest in attendance. Eighty brothers came to the dinner meeting that evening, where we honored 15 of our past presidents. Some of the pictures in this edition were regrettably not in the last Log and Tally due to failure to meet the deadline, but contain some shots of our hard working "ex" Snark Phil Dawson.

Congratulations to our new Snark of the Universe, Dave Marteney, and to all his Supreme Nine members. Hopefully we'll get Dave to attend #99's Concatenation along with our Jurisdiction I representative Charles Lyons.

We at Club #99 are striving for our best year in membership, promoting friendly relations, confidence and above all fraternalism, in a business year in which I'm sure we'll need it.

The Buffalo (New York) Hoo-Hoo Club #71 has a new idea! They have made up a 3-3/4 x 15" Black on day-glo Orange bumper sticker which reads "Buffalo Hoo-Hoo Club #71" in small letters, and underneath that in very large

black letters, "BUILD WITH WOOD".

These bumper stickers are being made available to you or your club for the paltry sum of \$150 for 500 stickers and your own club name & number will be imprinted on

the sticker. Minimum Order is 500. To order your club's supply, write to Vic Lichtenthal, 4440 Overlook Dr., Williamsville, New York 14221.

Attention All Old Timers!

Gene Zanck, our Supreme Nine Member from Jurisdiction III was assigned the duty recently of finding out the words to any or all of the old Hoo-Hoo songs. We know there are quite a few of those songs.

The Hoo-Hoo Song

(To the tune of I've Been Working On the Railroad)

We are members of the Hoo-Hoo
From Every Part of the land—
Where good fellows get together—
United we will stand.
Health and Happiness and Friendship—
Wherever you may roam—
You'll always find a loyal Hoo-Hoo
To welcome you back home.
Also—

If you have the words to any old Hoo-Hoo songs, please send them to the International Office or directly to:

Gene Zanck 68162
3917 East 19th Ave.
Spokane, Washington 99203.

Gene has already found the words to two of the songs, and they go like this:

Oh, the liquor was spilled on the barroom floor
And the bar was closed for the night
When a little mouse crept from a hole in the wall
And sat in the pale moonlight.

He licked up the liquor on the barroom floor
And back on his haunches he sat
And all night long he sang this song
"Bring on the Hoo-Hoo Cat."

The black cat came from behind the bar
And ate up the little white mouse
So the moral of this story is,
"Don't take a drink on the house!"

Club #33 Eugene, Ore.

On November 22nd the Eugene, Oregon Hoo-Hoo Club #33 held their annual Reno night at the Country Squire Inn. Nearly 90 attended on a cold and wet evening when one might expect a smaller crowd.

After a buffet dinner of Roast Baron of Beef and baked ham, the group adjourned to the card and dice tables in the next room. By selling \$1,000 of bogus money for \$3 it allowed a whole lot of gambling for a small investment.

The money was cashed in at the end of the evening at the rate of \$1,000 for one raffle ticket. Mrs. Charles Willet took first prize for

the most money won by a woman during the evening—\$127,000. Bob Stanton was the winner for the men with \$51,000. Tickets were drawn for the prizes which included a rotisserie, blenders, car robes, clock radios and, of course, a little tonic.

All in all it was a very successful evening for Club #33.

Top row (L to R) Bob Stanton receives \$50—biggest winner for the men; The Dinells with prizes;

Eager faces; Ron Weiss & Dick Minkler kibitz a little. Bottom row: Time to cash in! Frantic gambling;

Mrs. John Huston and Homer Dinnell win again!

"Our November meeting," writes Skip McBride, Club Secretary of Club #228 in Erie, Pennsylvania, "was held at the East Erie Turners Club, and we labeled it the 'Bring a Guest Night.'"

"We had an excellent turnout, and Mr. Harold Royer of PALCO gave a very interesting talk on the advantages of California Redwood. His talk was followed by a short film prepared by the CRA.

After the film Mr. Royer skillfully fielded a number of questions from the floor.

The entire evening was most enjoyable.

Ron Runstedler 78087, was the program chairman for the evening, and our thanks go to him for a well planned evening.

"This was one of our best turnouts," reports Skip, "we even had to set up extra tables for the overflow."

The Club 50/50 drawing was won by Bill Larson who was a guest of Bob Daily, both from Allied Eastern Corp.

Bob Van Every, Supreme Nine from Jurisdiction II was to have attended this meeting, but his plane got socked in because of weather.

Vaughan H. Justus 50593 Rameses #59 was initiated into Hoo-Hoo in Albuquerque in 1948. Roy Stanton, Seer of the House of Ancients, came to Albuquerque in that year and did a fine job of organizing "Central New Mexico Hoo-Hoo Club #69."

Vaughan has served as Secretary Treasurer, President, and State Deputy Snark. He served on the "nine" in 1961-63 and was elected to the office of Snark in 1966 at the Diamond Jubilee Convention in Washington, D.C.

Vaughan's first convention was in 1952—Denver, Colorado. He has worked in retail sales, manufacturing wholesale, and distribution yard. He is presently handling sales for Tom Gallagher who has been his employer for over 25 years. Mr. Gallagher owns a Stud Mill in Vernal, Utah, Vaughan moves the production locally and in the Mid-West.

Born in Dierks, Arkansas on August 16, 1918, Vaughan grew up around Hot Springs. His first job was invoicing lumber at Broken Bow, Oklahoma, in the office of Dierks Lumber and Coal (now owned by Weyerhaeuser). He served in the Air Force in World War II and was in England for two years with the Eighth Air Force. After the war ended he returned to Hot Springs for approximately 8 months before moving to Albuquerque in 1946.

Vaughan married Peggy Starrett in 1948 and they have 3 children—Laurie is married and lives in Chicago—Mary Louise is a junior in high school. Edgar is a freshman at the University of New Mexico. Peggy has attended many conventions with Vaughan and has made many dear friends in Hoo-Hoo. She has been a great help to him in all his working. Vaughan is a unit commissioner in Scouting and is very active in the United Methodist Church. He is 1st Vice President of the New Mexico Easter Seal Society and is on the board—North American Wholesale Lumber Assn. "I have met many fine gentlemen and ladies in Hoo-Hoo and value their friendship over the years. I appreciate the opportunity to write to the Log & Tally and feel certain Hoo-Hoo will move forward in health, happiness, and long life." Fraternally,

The Vaughan H. Justus Story

Hoo Hoo #50593

Rameses #59

A Living Past Snark.....

VAUGHAN H. JUSTUS

Ed. note: Mr. Justus was assisted in his term in office as Snark of the Universe by the following Supreme Nine Members.

- Juris I: Wade P. Cory L-72945
- Juris II: Al Groskopf 62878
- Juris III: Robert L. Johnson L-74148
- Juris IV: H.J.M. Jorgensen III. 60207

Vaughan H. Justus 50593 Rameses #59 was initiated into Hoo-Hoo in Albuquerque in 1948. Roy Stanton, Seer of the House of Ancients, came to Albuquerque in that year and did a fine job of organizing "Central New Mexico Hoo-Hoo Club #69."

Vaughan has served as Secretary Treasurer, President, and State Deputy Snark. He served on the "nine" in 1961-63 and was elected to the office of Snark in 1966 at the Diamond Jubilee Convention in Washington, D.C.

Vaughan's first convention was in 1952—Denver, Colorado. He has worked in retail sales, manufacturing wholesale, and distribution yard. He is presently handling sales for Tom Gallagher who has been his employer for over 25 years. Mr. Gallagher owns a Stud Mill in Vernal, Utah, Vaughan moves the production locally and in the Mid-West.

Born in Dierks, Arkansas on August 16, 1918, Vaughan grew up around Hot Springs. His first job was invoicing lumber at Broken Bow, Oklahoma, in the office of Dierks Lumber and Coal (now owned by Weyerhaeuser). He served in the Air Force in World War II and was in England for two years with the Eighth Air Force. After the war ended he returned to Hot Springs for approximately 8 months before moving to Albuquerque in 1946.

Vaughan married Peggy Starrett in 1948 and they have 3 children—Laurie is married and lives in Chicago—Mary Louise is a junior in high school. Edgar is a freshman at the University of New Mexico. Peggy has attended many conventions with Vaughan and has made many dear friends in Hoo-Hoo. She has been a great help to him in all his working. Vaughan is a unit commissioner in Scouting and is very active in the United Methodist Church. He is 1st Vice President of the New Mexico Easter Seal Society and is on the board—North American Wholesale Lumber Assn. "I have met many fine gentlemen and ladies in Hoo-Hoo and value their friendship over the years. I appreciate the opportunity to write to the Log & Tally and feel certain Hoo-Hoo will move forward in health, happiness, and long life."

Fraternally,
Vaughan Justus 50593
Rameses #59
P.S. Looking forward to seeing all my Hoo-Hoo brothers in Albuquerque in 1976—ya'll come—you will like it.

The Spokane Hoo-Hoo Club #16 had a meeting in early December at the Ramada Inn. This was a different meeting from the usual run and was a beer and crab feed get-together.

A "plus" was a style show put on for the members by the Ramada Inn and models from the LaChapina Imports in downtown Spokane. The models were attractive, dignified and showed an interesting array of pant suits, dresses, skirts and lingerie.

The program was introduced by Spokane Club member Prof. Grotend of the Spokane Community College who then introduced Wayne Ratcliffe from his forestry class who gave a very interesting talk on the logging events in which the students participate in competition with other schools.

One of the models—Susy.

We were pleased to have an official group including State Deputy Snark Clem Pederson and President D.D. Jones of the North Idaho Hoo-Hoo Club. We also had one Northwest Montana Hoo-Hoo Club member with us.

All in all this was one of the better meetings and was the best attended in a long time.

Buffalo

Club #71
Buffalo, N.Y.

The Buffalo Hoo-Hoo Club #71 had a fine concat at the Club Bar in Buffalo (New York) October 15th at which four new kittens were initiated.

Like all Hoo-Hoo Concats, it was a good one and made for a great evening for all involved.

Program chairman Frank Kosior, assisted by co-chairman Bob Hollywood did an outstanding job as usual.

The Degree Team consisted of George Beyser, Jim Flurry, Rick Carrier, Vic Lichtenthal, Don Skronski, Jim Grant, Bob Armstrong, Vern Hans, Lenny Bakowski and Stan Sadlo.

The "President's Award" was won by a kitten, Lee Woklueter, and the 50/50 prize was won by another kitten, Mike Flurry.

The Buffalo Hoo-Hoo Club's four kittens are: (L to R) Mike Justinger, Mike Flurry, Lee Wohlhueter and Lee Metz.

A portion of Buffalo's hard-working degree team.

Pacific Northwest Is Growing Fast

Pacific Northwest Forest Industry brought over \$5 billion into Oregon and Washington for the first time in 1973, according to W. D. Hagenstein, Executive Vice President, Industrial Forestry Association.

The forestry official said that forest production in 1973 was up to \$5.8 billion—a \$1¼ billion jump over 1972. "This is clear evidence that forest products is this Region's biggest business and is growing just like the trees on which it is based," Hagenstein said. He noted that the Industry is heavily dependent on the housing market which has weakened in the past few months because of unavailability and cost of mortgage money. "But the annual value of forest products and the jobs and payrolls they provide to the Pacific Northwest have been increasing steadily over the past decade," he said.

Hagenstein said the Forest Industry paid more than \$1.7 billion in wages in 1973 in the two states—\$973 million in Oregon and \$764 million in Washington. "This represents a \$171 million increase over the previous year," he emphasized. The forester added that the Industry directly employed 163,308 persons in 1973, an increase of 6,246 over 1972, and directly supported 1,665,741 people—45 percent of Oregon's population and 21 percent of Washington's."

Lumber again was the Region's most valuable commodity, with a total value of \$2.1 billion. Pulp and paper ran a strong second with \$1.4 billion. Plywood was third with \$1.1 billion.

IFA has reported Northwest Forest Industry statistics and economic data annually for 26 years. "The 1973 report stands as the all-time record," Hagenstein concluded.

Nominations

Dear Cliff,

On behalf of the Toronto Hoo-Hoo Club #53 I hereby take pleasure in nominating our Supreme Nine Member W.A. (Bill) Bader 75318 as "First Vice-President" of the International Order of Hoo-Hoo at the forthcoming election of officers.

Bill is well known to the present membership and his ability and loyalty has been demonstrated through his past efforts on behalf of the organization. He is therefore highly qualified and I am sure his election to this office would be in the best interests of our Order.

Yours truly,
C. Laman Stevens

The Rochester, Minnesota, Hoo-Hoo Club #150, recently staged a most successful golf outing and dinner at the Creek Valley Country Club. The attendance was excellent and the weather exceptional.

Waddy ya mean it dog legs to the left—it's straight away!

In spite of the fact that the course was new and not yet of championship caliber, the golfers thoroughly enjoyed playing and turned in some remarkable scores.

Obviously they had a good round. Wonder who bought?

A steak dinner followed the days events and numerous prizes

were awarded for both drawings and golf.

Our camera caught some of the activities, as shown.

Okay, men—let's get this golfer-oo on the road.

Congratulations—you won a prize!

FHS Holds 27th Annual

The Forest History Society held its 27th annual meeting in Seattle, Washington on August 29 in conjunction with the annual meeting of the Pacific Coast Branch of the American Historical Association. Highlights of the meeting, presided over by newly-elected President Frank H. Kaufert, included presentation of bronze and wood plaques to three new Fellows of the Society, announcement of the Forest History Society's third annual writing awards, and a session of papers read to an audience of historians and Society members.

The newly-elected Fellows are Henry Schmitz (posthumously), one of the founding fathers of the Forest History Society; Harvey R. MacMillan of MacMillan Bloedel, Limited, Canada; and George A. Garratt, Dean Emeritus of the Yale University School of Forestry and outgoing president of the Forest History Society. All were cited for outstanding contributions to forest history at the President's Banquet held at the Washington Athletic Club. En-

graved and handsomely mounted plaques were accepted by Mrs. Melba Schmitz on behalf of her late husband, by Mrs. Gordon Southam on behalf of her father, H.R. MacMillan, who was unable to attend, and by George Garratt. The featured speaker of the evening banquet was Henry Clepper, well-known author and forest historian.

Winners of the Forest History Society's third annual article awards are historians Susan L. Flader, University of Missouri, and Thomas R. Cox, San Diego State University. The awards were announced and presented by Elwood R. Maunder, executive director of the Society, following luncheon at the University of Washington. Dr. Flader accepted the Frederick K. Weyerhaeuser Award and a check for \$250 for her article "Thinking Like a Mountain: A Biographical Study of Aldo Leopold," which appeared in the April 1973 issue of *Forest History*. "Conservation by Subterfuge: Robert W. Sawyer and the Birth of the Oregon State Parks," published in the January issue of the *Pacific Northwest Quarterly*, won the Theodore C. Blegen Award and a check for \$250 for Dr. Cox. Associate editor Emily E. Johnson accepted a framed citation awarded to the *Pacific Northwest Quarterly* for publishing Cox's article. Guest speaker at the luncheon was Charles E. Cuninghame, editor-in-chief of the University of Washington Press.

An audience of 75 members of the American Historical Association and the Forest History Society heard papers presented by historians Thomas Cox and Susan Flader at a morning paper session on the University of Washington campus. The session was chaired by Donald C. Swain, vice chancellor of academic affairs at the University of California at Davis. Commentators were Harold K. Steen, associate director of the Forest History Society, & Thomas Gedosch, associate editor of the Territorial Papers Project at the National Archives. Presentation of the papers and commentaries was followed by a lively question-and-answer period involving members of the audience.

International Order of Hoo-Hoo Wood Promotion Trophy

The annual award of the Wood Promotion Trophy will be made at the Hoo-Hoo convention each year. The award is made to the Hoo-Hoo Club which, in the opinion of the judges, has made the greatest accomplishment in wood promotion activities during the previous Hoo-Hoo year. The trophy is a large walnut sculpture of the Hoo-Hoo cat. The trophy remains in the possession of the winning club during the Hoo-Hoo year. The club to whom the award is made will be responsible for delivering the trophy at the next convention.

The Snark of the Universe will appoint a special committee as judges for the award. All clubs are invited to participate.

RULES GOVERNING CLUB TROPHY AWARD

1. The club may submit evidence covering all wood promotion projects adopted by the club, including National Forest Products Week.

2. The entrant club will make its presentation to the judges and the convention. Tangible evidence of the project(s) must be submitted by the club delegate, who must be conversant with the project from start to finish as he may be interviewed by the judges. This evidence may consist of newspaper clippings, photos, scrap books, samples, or display material. A slide projector will be available.

3. Each participating club must submit a written outline of the wood promotion project(s) to contain the following: (a) A description of the project(s); (b) State the goal of the project(s); (c) Tell of the method of operation; (d) Specify the relative proportion of financial and/or manpower support from cooperating organizations; and (e) Statement of the results.

4. DO NOT SEND CLUB CONTEST MATERIALS TO THE INTERNATIONAL HOO-HOO OFFICE. The Club delegate is responsible for all contest materials, and to provide the LOG & TALLY magazine with a complete story for publication. The delegate may ship the materials, addressed to himself, in care of the convention hotel, marked "hold for arrival on September __, 19 __."

5. Decision of the judges will be final. A club is eligible to be awarded the trophy in two or more consecutive years. In the absence of an acceptable club presentation, at the discretion of the judges the trophy may be retained in the International Headquarters for one year. In addition to the trophy, certificates will be presented to the clubs placing first, second and third. No judge shall be appointed who is a member of a club making a competitive presentation.

6. Hoo-Hoo Club wishing to make a presentation for the trophy are requested to advise the International Office by letter prior to August 20th of each year.

7. Each of the following facets of the wood promotion project shall be rated by each judge, independently of the others, on a scale of 1 thru 10 for letters C and D and 1 thru 5 for letters A, B, E, & F, 10 being the best.

- A - Accomplishment based on size of club.
- B - Involvement of members.
- C - Immediate effect on the community.
- D - Lasting effect on the community.
- E - Written presentation.
- F - Oral presentation.

Report of Committee on Resolutions Detroit, Mich.

Whereas Hoo-Hoo has suffered the mortality of 78 members including Glen Ross L-45275 Ramesses #57, and Ben F. Springer L-34265 Seer of the House of Ancients, be it resolved that our International Secretary be instructed to transmit to the families of these brothers, our sincere sympathy and prayers.

Whereas the officers and members of the Supreme Nine have faithfully and effectively fulfilled their duties for the past Hoo-Hoo year, be it resolved that the delegates assembled at this 84th convention extend thanks and appreciation of their individual clubs to each officer and Supreme Nine member, and be it further resolved that all International Officers, upon completion of their term in office, be duly recognized with a memento of their service.

Whereas Snark of the Universe, Philip H. Dawson L-53384, has completed a very active and successful year of service to Hoo-Hoo, giving of his time, energy, experience and heart, be it resolved that the convention delegates assembled offer their thanks to the Snark for an active, inspiring and progressive year of accomplishments.

Whereas the hard work, energy, time and efforts of the Detroit Club #28 has resulted in a most hospitable, worthwhile, friendly and educational convention, and whereas the Detroit Club #28 has met with the enthusiastic support and approbation of the attending delegates and their wives, be it resolved that the cordial thanks and sincere appreciation of all be extended to our hosts.

Whereas the established procedure calls for the awarding of the Wood Promotion Trophy for the recognition of outstanding club programs in behalf of wood promotion, and, whereas the trophy is now in possession of Hoo-Hoo to be awarded annually, the success of the program depends on the participation by all clubs, now, be it resolved that each Supreme Nine Member encourage the clubs in his Jurisdiction to enter the competition for the Wood Promotion Trophy.

Whereas the Vancouver Hoo-Hoo Club #48 has graciously offered to host the 85th Annual Hoo-Hoo Convention in 1975, be it resolved that the order's **Log & Tally** Magazine take the necessary steps to publicize the anticipated convention in Vancouver, B.C.

**Tacoma-Olympia
Club #89
Tacoma-Olympia, Wash.**

A regular meeting was held by the Tacoma-Olympia Club #89 in November with 77 present.

We were pleased to have as visitors State Deputy Snark Jim Lewis, Past Supreme Nine Member Tom Dolan, and Gil Emery, President of the North Cascade Club #230.

We initiated 11 new members and welcomed back two reinstatements.

Our degree team was made up of several fairly new members who did an outstanding job.

Vice President Tom Read was the Program chairman for the meeting, and we offer our thanks.

Manke & Sons donated a door prize of \$10 which was won by Burl Bickford. Also, Ted Vaughan won the \$28.25 permanent pot.

Past Presidents all—(L to R) Fred Bleich, Burl Bickford and Gene Botsford.

Bob Anderson, left, has just told Bob Pearce that the bar was closed.

Club 89 Past President Larry DeRocher and Vice President Tom Read.

The Tacoma-Olympia Hoo-Hoo Club had a regular meeting on October 1st, 1974 with nearly 60 members and guests present.

Past President Al Meier gave an interesting report on the International Convention in Detroit, and Vice President Tom Read introduced Donald Puggnetti, editor of the Tacoma News Tribune who gave a very interesting talk on the operation and management of a city newspaper.

Tom Read, the Club Vice President, was the program chairman for the evening, and Morrie Melberg won the \$10 door prize which was donated by Wm. B. Swensen Co.

Ross Tolles (left) and Clarence Engell have just told Skip Fleischer, past president of the Seattle Club, all about the lumber market.

**Portland
Club #47
Portland, Ore.**

Portland (Oregon) Hoo-Hoo Club #47 held its election of officers earlier in the Hoo-Hoo year.

Elected as President was Marty Conlin, Columbia Plywood Co.

Elected as Vice President was Frank Lucas from the DRGW Railroad.

Louie Buschbacher was elected Secretary/Treasurer, and he is from the Fullmer Lumber Co.

Pictured from left to right are Club #47's new officers. Marty Conlin, President; Frank Lucas, Vice President, and Louie Buschbacher, Secretary/Treasurer.

**Granite State
Club #107
Manchester, N.H.**

The first meeting of the year for the Granite State (N.H.) Club was held at the Copper Trey in Manchester in October with 35 members present. The roast beef dinner was excellent as was the speaker, Captain John Dickenson, a Vietnam Veteran fighter pilot who augmented his talk with some excellent slides.

In a membership drive this year the club is offering to the man who signs up the most kittens, a very large bottle plus free club membership for one year.

New officers for the 1974-1975 Hoo-Hoo year include Jack Shipley, President; Paul Renaud, Secretary; Emile Bernard, Treasurer; V.Ps are Loren Smith, Bill Veazy, A. Walter Hill and Larry Shirley.

Jack Shipley was the program chairman.

**Fargo-Moorhead
Club #104
Fargo, N.D.**

The Fargo-Moorhead Club #104 had the first meeting of the new Hoo-Hoo year at the Ranch Bowl on November 4th with a fairly good turnout.

Tom Partridge, International vice president, was on hand as was Eric Canton, president of the Twin Cities Hoo-Hoo Club #12.

Canton spoke about the environmental problem facing the forest products industry, and the aids that are available from the American Forest Institute.

**Iowa
Club #102
Des Moines, Iowa**

The Iowa Club No. 102 recently held its monthly meeting at the Bavarian Haus in Des Moines.

The excellent dinner and fine program was extremely well attended and thoroughly enjoyed by all. John Bimson, the popular representative of the Iowa Lumbermen's Association was on hand to take some candid shots.

Club members are indebted to Wayne Ill, Iltis Lumber Company and Jim Ritz, Pittsburg-Des Moines Steel Company, for providing an excellent program.

The Board of Directors of the Des Moines Hoo-Hoo Club #102, met recently at the Merle Hay Holiday Inn and, among other pertinent topics of business, discussed the club's sponsorship of Theater Night at Charlie's Show-place.

The event is staged in conjunction with the Iowa Lumbermen's Convention and will be held March 24, 1975.

Del Cole, reporting for Club #181, tells us that they had a fine turnout at a recent meeting at the House of Garner at which the club honored the Railroaders.

Cliff Smoot was Master of Ceremonies and Merl Tanner was the program chairman. About 60 were in attendance.

The Black Bart Club had a combination meeting in September. It was a combination wine tasting and Installation of Officers night. The wine tasting part was held at the Italian Swiss Colony winery at Asti, California.

New officers installed included Jack Powell, President; Gary Gamble, Vice President; Harry Ford, Secretary/Treasurer, and Roy Neilsen, 2nd VP.

Dear Cliff:

Please be advised of our address change, we're leaving Klamath Falls—due to skyrocketing logging costs.

Maybe I made a mistake!

When I hired "that logger,"* he had a '36 Ford truck and a surplus Italian Army tractor; and I was riding around in a chauffeur-driven, hand-crafted, luxury limousine. Now, I'm cramped in the back of a car-pool import job. But I notice in the Log & Tally, that he's playing it up big in Detroit.

I'm very grateful to the Jones's of Vallejo, California, who presented him with an Ape. If I know Leonard, and unfortunately I do, he'll pick that Ape's brain—and, you know, we could end up with a smarter logger!—thanks to Hoo-Hoo!

*"That logger" refers to L.R. Putnam, Rameses #65.

Gentlemen:

Please be advised that I am now a member of Tucson Hoo-Hoo Club #110, having just been transferred to this area. I was formerly a member (and past president) of San Diego Hoo-Hoo Club #3. Recently, I was on the verge of joining the new Anaheim, California chapter, but I was transferred to Tucson before I had the chance.

It's nice to belong to a club again! Tucson has a very active one, and I intend to lend what I can to it.

Sincerely,
William H. Seeley

Dear Phil:

Please accept my congratulations for a tremendous convention.

All of the arrangements, food and entertainment were superb and it was obvious to all that the great work done by the Detroit Club and your committee really paid off.

Your pictorial Snarks report was outstanding and I am sure, capped a great year in your life.

Again, our thanks for a very enjoyable stay in the Motor City.

Sincerely,

Dear Cliff:

As we talked at the convention, I remembered the photo of my Redwood hat. Notice the muscles in my neck if you do not think balancing the weight of this hat was a problem....!

In case you have not heard, Phil Dawson and I have challenged each other to a game of golf in Vancouver in September. If any of the preliminary plans discussed come to pass, this will be one of the greatest handicaps any sporting event has ever had to overcome.

As a humble female, I will await the formal announcement of the Chairman of the Board before laying before you any of the plans I am considering. But I will say that I will be awarding Phil (Bobby Riggs) Dawson, a trophy at the convention in 1975.

Sincerely,
Betty Jones

Dear Cliff:

The Toronto Club would like some of the other clubs who have had experience designing or setting up booths at Exhibitions and Home Shows—particularly where they were for the purpose of displaying wood projects or crafts, etc.—to share their knowledge.

We have put up a 10' x 20' display for the past few years at Toronto's Home Show for the 80 or so competitors in the final judging of our woodworking competition with the high schools. It lacks a fair bit and now that the rest of the program is so well established we feel that its time to improve the merchandising of the finished product.

We're going to design and build a booth that will show off these projects and promote our product to best advantage. Naturally the booth should be also designed to be set up, taken down and stored readily.

We would welcome any ideas, photos or whatever that any of the other clubs could send along to my office.

Regards,
W.A. Bader #75318

Dear Cliff:

We were hoping that it might be possible to get a notice into a forthcoming Log & Tally that we are encouraging all Hoo-Hoo clubs in our 13 Western states circulation area to advise us of their club dates for the year so that we can run the items in our monthly "Calendar" section. For deadline reasons, we need copy 7 weeks before each event.

Any and all other news of the clubs and the meetings are also most welcome and we'll do all we can to continue our support of Hoo-Hoo.

Dear Bob:

It was a tremendous convention. We enjoyed every minute of it and you are to be highly complimented for your long hours of planning and hard work. It will be difficult to improve on all the events in years to come.

You, Phil and Detroit Club 28 did just a great job and I look forward to seeing more of you in the future.

Dear Bob:

I was very pleased to receive a copy of the Log & Tally, International Order of Hoo-Hoo. Your organization has to be the greatest ever. I am tremendously impressed with the fraternal nature of the organization and the sincerity and enthusiasm of all of its members.

I hope that the Supreme Nine of Juris II and Mrs. Van Every had a fine time in Kansas City. Kansas City is interesting and I am sure that the International Order of Hoo-Hoo found a great deal of activity to keep them busy.

I hope that our paths cross occasionally in the future.

Letter from the Seer

Dear Dave:

I would surely love to do something for Hoo-Hoo which would be helpful to our fine Order, although I realize that at my age my help could only be of an advisory nature. I only wish that I had the energy that I put into Hoo-Hoo back in the forties and early fifties when I was so deeply engrossed in Hoo-Hoo activities.

I do have some ideas in mind which I think might be constructive.

You probably know of **Dee Es-sley**. He was on the Nine back in the forties and I don't think that anyone has taken more interest in Hoo-Hoo. He and I were very active in revitalizing the Los Angeles Club back in the early forties when we both served as President. Dee was the man who did such a wonderful job in connection with the L.A. Convention in 1947 when I was elected Snark of the Universe. We were partners for 15 years in operating a Dry Kiln and we get together very often to discuss Hoo-Hoo matters. He was delighted to read your letter and we have had several heart-to-heart talks to discuss ideas for the good of the Order.

We both feel that Hoo-Hoo should be progressing faster than it has and that actually the number of members and clubs should be double what they are today. Possibly the reason for slow growth has been the fact that Hoo-Hoo has not been taken seriously enough by the leaders of indus-

tries who may feel that it is too much of a play organization. This, of course, is true in some cases and I feel strongly that we should have some serious objectives along with the good fellowship and fraternalism. Along with our golf tournaments we should have some good speakers and discussions regarding industry problems.

I think that every club should have a project of which the members can be proud and which will provide a common interest that will hold the clubs together.

We had such a project in the fifties which was tremendously popular with the members and also their families and lumbermen in general. This was in connection with LeRoy's Home for boys of broken families. Patterning after a project started by Harry Weis of the Memphis Club which we organized while I was Snark, we provided a manual training shop with machinery and also an instructor for the boys.

I guess we all know that Hoo-Hoo could stand a good shot in the arm and I have often dreamed of what might be effective in providing this great incentive and a common interest by all clubs in an International Hoo-Hoo project which might start our fraternity down the road of real growth and progress. Perhaps it is just a dream in my mind but I have wondered what the effect would be if Hoo-Hoo set up a Hoo-Hoo International Foundation to be of common interest to all our clubs and their members.

I know that this would be a very ambitious project but some day I think it will become a reality. There are many older members and also a good many of the leaders of our wood industries who are active in Hoo-Hoo as they feel that it is largely a pleasure organization, so I believe that their interest would be kindled if they carried on worthwhile projects of which their members would be proud. Of course a major International project such as the International Hoo-Hoo Foundation would promote enthusiasm and greater growth for Hoo-Hoo.

Mail Bag.....

I would surely like to have your opinion and that of Phil Dawson re this idea.

I would personally like to contribute generously to this project and would also leave a sizable donation to it in my will. Our L.A. Rotary Club has accumulated over half a million dollars in their Foundation and I donate every year to the Sigma Alpha Epsilon Foundation. I am sure that retired businessmen like myself would be happy to contribute in some way as I would.

In closing, Dave, I am very happy that Hoo-Hoo has devoted men like you and Phil Dawson putting in such splendid efforts and such great interest and enthusiasm in our fraternity. I was greatly impressed with Phil when he called on me here when I became Seer. I know that he is a very successful businessman and is certainly the type of leader that we need so badly. Actually, fine leadership right down the line from Snark to club leaders is the number one need for Hoo-Hoo. And they must develop and carry on programs which maintain interest and cooperation making our unique organization one which all our members might be proud to belong to.

Many thanks again, Dave, for your letter and I do hope you will call on me whenever I can be of service. I am co-operating right now with Jim Jones in connection with a meeting of the officers of our Southern California Clubs.

With my warmest regards,

Leroy H. Stanton, Sr.

Portland

Club #47

Portland, Oregon

The Portland, Oregon Hoo-Hoo Club #47 helped itself along in October by bringing 11 new kittens into our Order. The meeting was held at the Western Forestry Center, and before the Concat there was a delicious Prime Rib Dinner for everyone.

Club 47's new kittens include: (standing) John Blackwell, Western Forestry Center; Britt Newton, Dwyer Overseas Timber Co; Terry Vogli; Dwyer Overseas Timber Co; Marty Conlin, Columbia Plywood; Dick Stenberg, Soo RR; Chuck Morelli, DRGW RR; and Duane Cramer, Rose Valley Pallets. Kneeling: Don Larson, SP RR; Dick Whitted, Soo RR; Ted Fullmer, Fullmer Lumber Co, and Pete Jackson, Linton Planing Mills.

Sacramento

Club #109

Sacramento, Calif.

Dick Fledderman of the Sacramento Hoo-Hoo Club #109 advises us that his club held the annual Concat and Old Timer's Night in November at the Engineer's Club with fantastic results.

The club held one of the best ever initiations and established a first for the club by having a degree team made up entirely of club past presidents and international officers.

The evening started out with a concat which was followed by a happy hour. The happy hour was hosted by American Lumber Species and J.E. Higgins Lumber Co., and the spirits flowed freely. After dinner there was a short business meeting. The evening was enjoyed by 62 members and guests with respects being paid to twelve (12) past presidents in attendance and also to all the old timers present.

A special decanter of Jim Beam was presented to Lorin Swift 34021, for being the oldest member in age and membership number in Club #109. He also served as Club President 1951-1952.

Club 109's twelve new kittens flank Brent Crosby of the Degree Team.

Club 109's Annual Christmas Party and Auction was held December 17th at the Tuesday Club in Sacramento. The affair started with a hosted cocktail party followed by dinner and then on to the auction. Over forty items were donated by 29 of our sponsors and these were auctioned off with some spirited bidding taking place. The auction ended up by sweetening up the pot by over \$650.00.

Following the auction, dancing was enjoyed for the remainder of the evening and five members of the George Liberace Orchestra did the honors.

The auctioning duties were performed by President Brent Crosby and State Deputy Snark Bert LeBeck. We wish to extend to them our thanks for a great job, and to Marge Fledderman for handling the tallying and collecting.

Seattle

Club #34

Seattle, Wash.

The Seattle Washington Club had a Board Meeting in September. There was a lot done in the way of planning for the new Hoo-Hoo year, and we extend our thanks to Bob Byers and Jim Lewis from the North Cascade Club #230 for their advice and attendance. What better way to find the best route to follow than through cooperative efforts of other clubs!

Our Club's first Fall meeting was held September 25th and was a rousing success. There were 54 attending including 10 quests, 3 of whom were from neighboring Tacoma.

In lieu of a standard program it was a get together and a huge drawing was held (at 25¢ and 50¢ per donation) and six went home big winners.

We all had a good time, and it looks like a great year ahead for Club #34.

In the foreground are Dick Putnam and Dean Boender.

Above are Carl Knoll, Frank Vandermeer and Francis E. Bass.

We would like to express a "get well soon" to one of our oldest club members, Dick Allen, 54328, a real friend to all of us and to Hoo-Hoo. Dick is recovering from a heart attack, but we know he will be back soon.

In the front row are Warren Liggstand, Gordon Brown. Back row: Joe Herrin, Mell Brown and Steve Kalberg.

The Seattle Hoo-Hoo Club had the regular Fish Buffet Night in October which was well attended by 40 members, and we had entertainment by a local comedian.

"In November we had a 'Turkey Shoot' and gave away well over 100 pounds of turkey for our Thanksgiving theme," writes Dan Ayers, reporting for the club.

Standing is Bill Frazier. Seated (L to R) are Joe Herrin, Mike McEvoy and Bob Grimm.

Report on Jurisdiction VIII Conference

The Holiday Inn South, Rochester, Minnesota, was the site of a Conference staged by the Lumber Industry Fraternity Clubs of Jurisdiction VIII on December 6 to 8, 1974.

The Conference was sponsored jointly by the Twin Cities and Rochester Clubs and was held in conjunction with the latter Club's Annual Christmas Party.

Attending and participating in the business sessions were the following International Officers: Philip Dawson, Chairman, St. Clair Shores, Michigan; David Marteney, President, Wichita, Kansas; Thomas M. Partridge, Vice President, Minneapolis, Minnesota, and Henry Hess, Secretary-Treasurer, Pine Island, Minnesota.

Phil Dawson, Chairman of our International Order, speaks to Jurisdiction VIII delegates.

The business sessions were called to order at 8:00 a.m. Saturday morning by Dallas Day, Vice President of the Twin Cities Club, who introduced the first speaker, Phil Dawson. Mr. Dawson spoke on club reorganization and improvement. He also mentioned that although there may be some dangers involved, it might be advisable for some of the larger clubs to investigate the possibility of incorporating.

Tom Partridge outlined the need for regular Board meetings and recommended that club boards be limited to six members. It is his feeling that smaller boards could more efficiently run the clubs affairs.

Tom Partridge, International Vice President, urges regular board meetings for the clubs.

Eric Canton, President of the Twin Cities Club, outlined procedures followed by his club. He discussed the various committees in which each Board member is involved and how the committees operate. Canton also described the loose-leaf book given to each Board member. It contains pertinent information on what occurred at each meeting and is kept up-to-date by the Board member.

Eric Canton, President of the Twin Cities Hoo-Hoo Club, outlined procedures followed by his club.

When a new member is elected, he is given a book which brings him up-to-date on all previous activities.

Dallas Day introduced a film produced by the Sierra Club which really opened the delegates eyes as to what the opposition was doing. The Hoo-Hoo film, "The Forest Productive,"

was also shown and members were urged to expose the film as much as possible through civic and fraternal clubs, schools, etc.

Mr. Dallas Day, Vice President, Twin Cities Hoo-Hoo Club #12.

Roy Hagner, Chairman of the Twin Cities Club Legislative Committee, discussed legislative issues affecting the forest products industry on state and Federal levels.

He strongly recommended that all members become involved by advising legislative representatives of their stand on issues that affect the industry and the member's livelihood.

The Rochester Club's Annual Christmas Party, held on Saturday night was, as usual, an outstanding success. Henry and Donna Hess are to be congratulated for their outstanding efforts in organizing the social events of the Conference.

International President Dave Marteney has some words of wisdom for the delegates.

The Conference closed on Sunday morning following a brunch which was thoroughly enjoyed by all attending.

Express Mail Now Goes Around The World Overnight

New York—The U.S. Postal Service's EXPRESS MAIL is everywhere, it seems, with four times as many cities now on the overnight delivery list than before, according to William Malvey, spokesman for the Postal Service in New York. Express Mail is the special high-speed low-cost mail delivery system now being used by individuals and businesses to guarantee next day delivery to what is now more than 400 cities and towns throughout the United States and many foreign countries, including the United Kingdom, Brazil, The Netherlands, Hong Kong and Australia. Anything up to 50 lbs that might otherwise be mailed or sent by air carrier may be sent by Express Mail instead, often at very substantial savings and with maximum safety and reliability.

The expanded network is the latest in a number of increased benefits introduced since the system was begun just over two years ago. It now brings overnight delivery service to virtually every major city in the nation, and also to numerous suburban areas where the new industrial park complexes are situated. Express Mail thus reaches more important destinations with greater dependability and at lower cost than any comparable service. Delivery is guaranteed within the time specified or the Postal Service will refund your charges. To find out more about this program ask at any post office window, or call a Customer Service representative. In New York the official number is (212) 971-7815.

FEBRUARY 1975

OBITUARIES

Edward F. Wade 55904 Rameses 53

We are sad to report the loss of our dedicated Hoo-Hoo brother and friend Ed Wade, Rameses 55 who died December 1, 1974. Ed will be missed by many who witnessed his long years of service to Hoo-Hoo and the industry.

Ed was a native Oregonian, born in Portland. He spent his entire working life in the forest products industry starting in 1935 as a green chain puller at the Pope & Talbot Lumber Company at Port Gamble, Washington. When Ed was Snark of the Universe (1962-63), he was General Sales Manager for the Snellstrom Lumber Company and most recently served as Sales Manager for the Plywood Division of the Biles-Coleman Lumber Company at Omak, Washington.

It was April 3, 1951 when Ed first became a member of Hoo-Hoo and the local chapter at Eugene, Oregon. As a member of Club #33, Ed served in all offices of the local club from Secretary-Treasurer on up the chairs to President. He then served two years as Club Deputy Snark and one year as State Deputy Snark.

In 1960 at the Miami Beach, Florida Convention, he was elected to the Supreme Nine of Jurisdiction III. The following year, he was re-elected to the Nine and in 1962 at the Chicago Convention, Ed was elevated to the high office of "Snark of the Universe". The following year he served as Chairman of the Board.

His enduring dedication to Hoo-Hoo did not end here. In 1972 he organized the Canokalan Hoo-Hoo Club #233 and helped it flourish to its present status of over 70 members.

J.P. Smith 61741 we were recently advised, has passed away. He was a resident of Baltimore, Maryland and a member of the Hoo-Hoo Club of Maryland #100.

Richard A. Anderson 74953 died in June, 1974. He was born in Osceola, Nebraska December, 1914 and was a recent resident of Omaha, Nebraska. Richard became a member of Hoo-Hoo in 1964 at Omaha where he was a member of the Omaha Hoo-Hoo Club #124.

Robert W. Adair 29530 passed away November 11, 1974 at the age of 83. He was born January 20, 1891 in North Bend, Washington. Robert became a member of Hoo-Hoo International in 1917 at Omaha, Nebraska and had been a resident of Eugene, Oregon since 1945. He belonged to the local Eugene Hoo-Hoo Club #33 and held one of the oldest active Hoo-Hoo numbers in International. Only 17 active Hoo-Hoos now hold a lower one.

Michael L. Godfrey 74627 died recently. He was a member of the Alpine Hoo-Hoo Club #164 in New Jersey where he served as Club President 1969-70. He had been a member of Hoo-Hoo International since October, 1963. Mike was born September, 1941 in Jackson Heights, New York.

Chester S. Hanson 74596 of the Iowa Hoo-Hoo Club #102 is deceased. He became a member of Hoo-Hoo at Des Moines, Iowa in 1963 and continued as a member of the Iowa chapter. Chester was born April 16, 1920 in Mount Vernon, South Dakota.

Andrew G. Kratina 62156 of Mountain Lake, New Jersey has passed away. He was a recent member of the Lakeland Hoo-Hoo Club #159 of New Jersey where he was initiated in 1954. Andrew was born in Brooklyn, New York June 7, 1914.

Arthur E. Wall 52864 of Eugene, Oregon is deceased. He was a recent member of the Eugene Hoo-Hoo Club #33 of Oregon from the time of his initiation in 1949. Arthur was born in Hillsboro, Oregon April 3, 1903.

L. Stuart Carroll 73556 passed away October 4th, 1974 at the age of 45 after a short illness. Stu had been a member of Buffalo Club #71 where he was initiated in 1962. His millwork career started in 1953 with the Iroquois Door Company at Buffalo, N.Y. Stu's quick grasp of the millwork business and his diligent efforts advanced him through the ranks to the position of warehouse superintendent in 1966, the position he held at the time of his death.

He is survived by his wife, Virginia, two sons, Stuart and Jay, his mother, Mrs. Evelyn Carroll of Buffalo, and three brothers, Douglas and Brian, both of Buffalo, and Robert of Forestville.

Proposed By-law Changes

Ed Note: William Bader 75318, Chairman of the Legislation and Good of the Order Committee, has asked that these proposed by-laws changes be printed in this issue of our magazine.

Your comments and suggestions are solicited prior to April 1st, 1975.

The following proposed changes will be brought up for vote at the 1975 Convention in Vancouver, B.C. If you are opposed to any of the proposed changes, let your voice be heard and tell your own club how you feel so that the delegates to the convention will know how to vote on the changes.

election of the Snark of the Universe, other corporate officers and members of the Supreme Nine.

(a) The Snark of the Universe, the 1st Vice-President, the 2nd Vice-President and the Secretary/Treasurer shall be elected annually by a majority of the votes cast at the Annual Conventions.

(b) The Snark of the Universe shall be elected from the membership-at-large without regard to Jurisdiction but with the requirement that to be eligible for office he shall at some time have served as a member of the Supreme Nine.

(c) The 1st Vice-President shall be elected from the membership-at-large without regard to Jurisdiction but with the requirement that to be eligible for the office he shall at some time have served as a member of the Supreme Nine.

(d) The 2nd Vice President must be at all times a member of the Supreme Nine and shall be elected by a majority of the votes cast at the Annual Conventions.

(e) The Secretary/Treasurer shall be elected annually from the membership-at-large without regard to Jurisdiction but with the requirement that to be eligible for the office the member must be in good standing.

(f) At each Annual Convention, the Snark of the Universe shall appoint a Nominating Committee of Nine Members, each representing one of the Nine Jurisdictions.

The Nominating Committee shall give impartial hearings to reports of any and all delegates and individuals to ascertain their preferences and wishes as to candidates for the offices of Snark of the Universe, 1st Vice-President, 2nd Vice-President, Secretary/Treasurer and for all the officers of the Supreme Nine as elected by each Jurisdiction. After due consideration, said committee shall recommend and nominate members to fill the vacancies; one member for Snark of the Universe, one member for 1st Vice-President one member for Secretary/Treasurer and one member from the remaining Supreme Nine members and new Supreme Nine members for 2nd-Vice-President. Any member shall have the privilege of placing an opposing candidate in nominations for any of the said offices prior to the vote.

(g) There shall be one member from each of the Nine Jurisdictions serving on the Supreme Nine, (Board of Directors). He shall be a member of a club in, or reside in, the Jurisdiction he represents. A member of the Supreme Nine shall be elected at an Annual Convention by a majority of the votes cast by the authorized delegates (see Article IV) from the Jurisdiction in which that member resides. Where a Jurisdiction has proposed more than one candidate for the office, that Jurisdiction will meet in Caucus under the chairmanship of the member of the Nominating Committee for that Jurisdiction and elect one member to be presented to the Convention as their Supreme Nine representative. Each Supreme Nine member shall be elected for a term of two (2) years. Even numbered Jurisdictions (2-4-6-8) will elect their representative in the years ending in an even number. Odd numbered Jurisdictions (1-3-5-7-9) will elect their representatives in the years ending in an odd number. All positions on the Supreme Nine are of equal rank.

(h) The outgoing President shall be appointed Chairman of the Board. His duties shall be to serve as a Director with full voting rights, to assist the President, and to act as an overseer of the affairs of the Order.

Retention Equals Recruiting as a Factor in Membership Growth

Without denying that new members are the lifeblood of an association, old ones constitute the flesh and bones. "Every member get a member" is a tested formula for survival, but "Every member *keep* a member" is just as important. Ask any retailer, service station, bus company—even physician or church. Without the "regulars," continued effectiveness would be difficult, if not impossible.

Growth and retention are keywords to success. Amid pressures for the first, we must not forget the second. To paraphrase the maxim, an association is known by the members it keeps. The test is easy to pass if everyone does his bit. Here are some ways you can help:

Watch for signs of dropping out. Recurring absence from meetings is diagnostic, as the naturalists say. It indicates waning interest in the group and its activities—sometimes triggered by dissatisfaction with the way things are going. Some potential dropouts call attention to themselves by criticizing, griping and oral flareups. When you see this happening, tell the officers, who could well be unaware. With your help, they can forestall a break.

Help the "loners" get involved. Some members belong for years without volunteering for committee service or accepting minor responsibility—and after long passivity, they simply fade away. Fears of being rejected or of failing on the job may have locked their lips, rather than pure modesty or being "too busy" to help. One cure for such a member is to have him named to a committee, preferably one on which you serve. Go to him personally with the news and tell him you need his help. Follow through by getting him to meetings and seeing that he participates.

There are general ways, too, in which members can help with retention. They include: 1. Getting all you can from belonging, because enthusiasm is infectious, and some of it bound to rub off. 2. Be vocal about the benefits: word of mouth is the most convincing advertisement. 3. Extend yourself at meetings: cheery greetings, easy conversation and willingness to swap ideas help our association's image as a friendly organization. They also demonstrate anew that fellowship is a payoff as well as a privilege.

Massachusetts Lumberman Collects Almost Anything About Lumber

Walter Biss, Biss Lumber Company in Taunton, Mass. has made a concerted effort during the last few years, of collecting memorabilia concerning the lumber industry and other related industries. Walter makes no bones about it—if a guy has something on his person about the lumber industry, he takes it from him. Many items in his collection have been found in garage sales, auctions, and other places where others may fear to tread, but fearless Walter and his attractive wife, Cynthia, look everywhere for lumber items and are elated when they find something.

Most of the items on the opposite page are watch fobs which have been placed on a large piece of

pecky cypress which was cut in the style of a circular saw. The entire piece is about 32" in diameter, and comes in a beautiful hand-crafted case for carrying.

Says Mr. Biss, "my wife and I have had a lot of fun out of collecting all this stuff, and it has become a fine hobby of ours."

The collection is continuously on display at the Biss Lumber Company in Taunton, Mass, much to the delight of the local lumbermen who visit his office often.

Mr. Biss is a member and officer of the **Roger Williams Hoo-Hoo Club #51** of Providence, Rhode Island.

This portion of Mr. Biss's collection has a little bit of everything in it. The large cat in the middle says, "Little Rock, June 23rd, 1906. Other items of note include C. A. Mauk Lumber Co; Thomas & Proetz Lumber Co; WOW button from Pike's Peak Camp #5,

What's In a Name?

Hoo-Hoo Name Change— Contemplated Many Times But Always Fails at a Vote.....

Ed Note: At the 1974 Convention in Minneapolis, Minnesota, there was considerable discussion about changing the name of our Order. Everyone thought the idea had been dropped because there was so much opposition to changing the name, but it has been brought to a head by a newspaper article which appeared in the Rochester, Minnesota newspaper following an interview by a reporter from that paper and Eric Canton, President of the Twin Cities Club #12.

Mr. Canton made copies of the article and sent it to all the officers and members of the Supreme Nine for their information. This prompted a flow of letters across the continent which is continuing long after our deadline for this issue of *Log & Tally*.

The newspaper article is quoted in its entirety in the letter adjacent to this article. (See "Putnam Burns").

Herewith is a sampling of the letters received by this office. All of the letters have been "con" and none "pro".

Putnam Burns

Dear Cliff:

I am writing this letter in response to an article which appeared in the Rochester (Minnesota) *Post Bulletin* Saturday, December 7th, 1974.

The Article

Who the Hoo Hoo? They Are Serious, Woodn't You Know

"A very serious group of forestry industry representatives are meeting in Rochester this weekend, the International Order of Hoo-Hoo."

"Now a name like that doesn't project serious subjects like mort-

gage interest rates or the loss of forest land to other purposes, though that is what, among other things, the group is discussing."

"The group is trying to shift to another, more dignified, label, according to Eric Canton, Twin Cities chapter president who will chair the meeting at Holiday Inn South."

"The oddball name, he said, originated in 1894, and was originally a fun organization for the industry. The purpose of the group became more serious, he said, but the name didn't."

"They are now calling the group the Forest Industry Fraternity, a more dignified label. But somewhere in the meeting announcements, Canton says, there still has to be a mention of the Hoo-Hoo title."

"For many, that's the only name that's recognized for the group."

Please note the Date December 7th. This reminds me of a most tragic sneak attack which occurred 33 years ago on December 7th, that started a terrible war. I consider the above article a sneak attack, and I am ready for all-out war to the end.

The above article states in paragraph three that "the group is trying to shift to another, more dignified label" (brother, don't consider me part of that group!) The article also states that the oddball name originated in 1894. That's not true. The fine name of Hoo-Hoo originated in 1892. The name was created by Bolling Arthur Johnson, Hoo-Hoo #2, Rameses #1. I suggest you all read the brochure "**Whence Came Hoo-Hoo**". Copies can be obtained from the International Office. Read carefully the Hoo-Hoo Code of Ethics written by the late Charles D. LeMaster L-29727, Rameses #29, and Past Seer of the House of Ancients.

The International Order of Hoo-Hoo is a Fraternal Order of Lumbermen, I repeat—a Frater-

nal Order of Lumbermen. Stated in the by-laws of Hoo-Hoo, Article I, Section 2, paragraph (a) "to provide a common ground of fraternal fellowship on which male members from all branches of the Lumber and Forest Products Industry may associate and through which may be developed these essential principles of mutual welfare: Friendship, Confidence and Education."

I have had the privilege of travelling throughout Canada and the United States visiting various Hoo-Hoo clubs. I have had numerous speaking engagements on behalf of Hoo-Hoo, to groups other than Hoo-Hoo groups, and not once have I experienced any shame or embarrassment with the name Hoo-Hoo. In fact, quite the opposite. I have been proud to represent Hoo-Hoo and its members.

In closing I respectfully suggest that any Hoo-Hoo member that is ashamed of our organization or its name, should withdraw as a member immediately and join some other organization with a name more suitable to his dignity.

Long live Hoo-Hoo!

Sincerely and fraternally,
Leonard R. Putnam L-74489
Rameses #65

Dear Brothers in Hoo-Hoo:

I have received a copy of letter written by Eric Canton, President of the Twin Cities Hoo-Hoo Club and this letter is very disturbing to me, not from its contents but rather that it was signed by Eric Canton as president of the Forest Industry Fraternity MPLS-St. Paul and not as president of the Twin Cities Hoo-Hoo Club.

I have great affection and respect for this fine old Hoo-Hoo Club and was really pained and

shocked to note that the name according to Brother Canton has been changed. I can hardly believe this as the Twin Cities Hoo-Hoo Club has been a stalwart outstanding Hoo-Hoo Club since I can remember and I number its former officers of the Club and those who have been Snarks and members of the Supreme Nine as very good friends, as well as Hoo-Hoo members who have done wonders for our great order.

I have not heard of any proposals to the Supreme Nine to change the name of our beloved fraternity and it does seem to me that it is improper and unfair to the order to change the name of any clubs without due action by our Supreme Body.

Certainly if there is any move to change the name of our International Order of Hoo-Hoo it should be acted upon in accordance with our by-laws and I personally feel that it should only be done by the entire membership of Hoo-Hoo after approval by the Supreme Nine.

I personally would not object to the classification "International Order of Hoo-Hoo, Wood Industry Fraternity," but I really think it is like putting the cart before the horse to label it as the "Forest Industry Fraternity" affiliated with the "International Order of Hoo-Hoo." Certainly our fine old cherished name should not be obliterated without due process and not by the whims of a few Hoo-Hoo members.

We have had some really outstanding men over the past 82 years who have given their all to Hoo-Hoo and I feel that they would feel that their devotion and herculean efforts for Hoo-Hoo would have gone for naught if the name established back in 1892 were to be changed without the approval of the vast majority of our members today.

Leroy H. Stanton 31930
Seer of the House of Ancients

Dear Sir:

Introducing myself, I am Jas. E. "Jimmy" Atkinson, Atkinson-Stutz Co., San Mateo, California. I joined Hoo-Hoo in Santa Cruz,

California August 24, 1924 or approximately 51 years ago. My number is 35637. I have been in the lumber business in various capacities for approximately 57 years.

It is rumored changing the name of HOO-HOO is being considered. In my opinion this would be a serious mistake causing confusion and dissention which could prove detrimental to the order. We have associations covering the various branches or segments of our industry, manufacturing, wholesaling, retailing etc. which deal with their respective problems.

We have another organization, HOO-HOO, which EMBRACES members of all these associations thus making it unique and distinctive. HOO-HOO is strictly a fraternal organization, a society of persons associated in union for a common good, FRIENDSHIP AND BROTHERHOOD. The name HOO-HOO is friendly and exciting. It has been in use since its inception, has a real traditional value and should not be cast aside or abolished.

Sincere wishes for a healthy and happy New Year.

Sincerely,

Jas. E. Atkinson 35637

Dear Dave:

I have just received a copy of Eric Canton's news release and opinion relative to a change in the name of Hoo-Hoo International.

As a new state deputy snark, I was totally unaware that such a change was being, or had been, considered.

My personal opinion is that any change is unwarranted. Eighty Four years of sound identity with one name is an enviable record, especially when our organization is still strong and healthy.

It would appear to me that the name adopted by Twin Cities Club #12 creates the image of a pure lobbying group and I feel it would be a mistake to make that our major and single goal. Hoo-Hoo is much more than the "fun organization" mentioned in the release, but I feel that we need full range

goals in order to meet the needs of the total membership.

Congratulations on your election. Hope to see you on the Coast sometime in 1975.

Fraternally,
F.W. Niesen

Dear Brother Dave:

It has been called to our attention that there is a movement to consider a change in the name of Hoo-Hoo.

I can't express strongly enough the feeling of our club that the name should remain as it has been since its inception in 1892. We certainly can see no reason for even contemplating the change.

Sincerely and fraternally,

Dear Eric:

Thank you for your letter and comments. I agree with you and the role your club is playing in accepting the leadership in your community for promoting our industry. However, I would like to make a few observations relative to the attitude of the other clubs that make this an International Order.

The Toronto Club, for example, plays a serious role in this area but it complements the leadership of certain other groups—The Canadian Lumbermen's Association, The Canada Wood Council, The Forest Products Association, The Ontario Forestry Association and several others. Most of our club members are also members of one or more of these and many

are on the various executives. The name Hoo-Hoo is known here in the community and government circles and is respected. Our members appreciate the social fraternalism that they have that does not exist in the other organizations they work with. Other clubs in Canada and the U.S.A. have the same experience. Their members work in and through other industry groups.

You know that the various International executives have for many years strongly encouraged the local clubs to evolve and become involved in promoting our industry. Sadly, the silent majority—until someone upsets their own personal view of things—interpret the original purpose of our Order too literally. Article 2 on page 1 states that "...the general purpose of this corporation shall be to advance, practice, and encourage education, science and benevolence among its members and to promote the health, happiness and long life of its members...". Times change sure enough but many, if not most of our clubs, still practice this "closed door" philosophy.

If we keep hammering away for a more aggressive role to be played in our industry by our Order then perhaps we will win enough support for it to have a strong International voice such as your club has locally. This is not the picture today. Internationally we are still primarily a social fraternalism and before any acceptance could be found for a name that our Order could consider adopting that may be more suitable for this new role, we would first have to gain the support of these "closed door" clubs. Most do not see the need for a change in name because they do not recognize the need for a change in what motivates our Order.

As I have noted, many clubs like Toronto have been successful with both a serious role in the community and the name Hoo-Hoo. Other clubs will insist on retaining their original concept of a fraternity and will leave the promotion of our industry to others.

Because of Toronto's experience

I personally find no need for a name change—only a greater emphasis on the identification of our Order in promoting what I feel is a new and more worthwhile purpose—an involvement outside the membership. Perhaps when we can convince these other clubs of the value of this kind of involvement we can look for Hoo-Hoo to be a strong national and International spokesman for our industry.

W.A. Bader #75318

Minutes of Int'l Meeting 11-9-74

Kansas City, MO.

Board of Directors Meeting—November 9th, 1974 — Crown Center Hotel, Kansas City, Missouri.

The meeting was called to order at 8:29 AM by President David B. Marteney, L-65075.

The Executive Secretary was asked to read the minutes of the Board of Directors Meeting on September 15th, 1974 at the Annual Convention in Detroit, Michigan. The minutes were accepted as read.

The Executive Secretary then read the minutes of the Board of Directors Meeting of September 19th, and they were also accepted as read except that those present were to include the name of Ramesses #56, John G. Hickey, 60300.

A discussion of by-laws changes followed which were proposed by the Committee on Legislation and Good of the Order at the Detroit Convention. A motion was made, seconded and carried that the offices of Secretary and Treasurer be combined into one.

There was a discussion on the matter of discrimination—not allowing females into the International Order. The Committee on Legislation had previously given a lot of thought to this matter, but it was generally agreed that the by-laws clearly state that the Order is open to males only. However, a motion was made, seconded and carried to

change Article II, Section 9, paragraph (a), to read: "Any individual who cannot qualify " thus striking the word "male". This will leave the clubs an opportunity to accept females as associate members.

A motion was made, seconded and carried to create a new office, ie, that of 2nd Vice President, except that the 2nd vice president must be a member of the Supreme Nine; to serve the office of a supreme nine member and 2nd vice president concurrently.

A motion was made seconded and carried to grant Lifetime Membership to all Hoo-Hoo members who have been members of the International Order for 50 years or more.

A motion was made, seconded and carried to reduce the minimum age requirements for membership in the International Order to 18 years. The motion was carried, but there was on dissenting vote, that of Eugene Zanck 68162.

Then followed a discussion on new rules for judging in the wood promotion trophy competition at each convention. It was generally agreed that they should be changed, and Laurin R. Champ was assigned the task of revamping the rules. The Executive Secretary was assigned the task of designing a paper award certificate for 2nd, and 3rd place on the trophy award competition.

A motion was made, seconded and carried that the International Annual dues be increased to \$11.99. There was only one dissenting vote, that of Eugene Zanck 68162.

The Executive Secretary was assigned the task of pursuing the possibility of having some plaques displaying the Order's Code of Ethics similar to the ones that were given to each convention registrant at Detroit in 1974.

Gene Zanck was appointed a committee of one to investigate the possibility of Hoo-Hoo promoting logging competition between community colleges throughout the U.S. and Canada.

The meeting was adjourned at 4:29 P.M.

Respectfully submitted
