## MEMO FROM THE SNARK

Greetings as your new international president!

We have an enthusiastic Board of Directors who are dedicated to the advancement of Hoo-Hoo and the application of its ideals to the members and the forest products industry. Our thanks to Rameses 79 Jack Jacobson and his Board for a great overall effort and the maintaining of an increase in membership which we shall endeavor to lift to the desirable 10 percent this year.

Decisions made at the convention to attain this membership increase are:

1. Continued club membership recruitment and concats.
2. Club membership retention scheme.
3. The reactivation or establishment of a new club in each jurisdiction, and ...
4. Funding of Deputy Supreme Nine's travel, through their respective Supreme Nines, to allow better contact with clubs.

There are a lot of lumbermen throughout Hoo-Hoo Land who have not had the opportunity to enjoy the fraternalism and contribute to our great Order.

We want them.

Our hard working Gurdon crew, Billy and Beth, will be getting an updated computer for general procedures to continue the highly successful dues billing program. Communications between the office, directors and clubs will be greatly improved by the installation of a new facsimile machine in Gurdon. Billy Tarpley is composing a registry of FAX numbers for the HHI officers and club contacts, for distribution. Please advise him as soon as you have an available number for contacting.

The convention in Seattle attended by over 300 was a fantastic success. So, too, was the pre-convention hosting by Vancouver club and the post-convention West coast sawmill tour. My congratulations and thanks to all the organizers who made it so enjoyable and rewarding to so many Hoo-Hoo, including 27 Kiwis and Aussies. One of the highlights was the presentation to me by the North Cascade Club 230. It was a monument as a symbol of friendship between North America and the South Pacific region — J-IV. It is a magnificent 8 ft. high cedar carving of an American bald eagle, which will be installed between a huge American Ponderosa and Pacific Island Pine growing beside my Hoo-Hoo bar in "Gurdon" Woy Woy Bay. Although just one of the many examples of Hoo-Hoo fraternalism displayed at the convention, it will be cherished by the members from "Down Under."

Thanks to all the Supreme Nines for helping me get together a program to visit clubs early next year. I shall start from the West coast at J-6 in mid-February through J-7 to Gurdon for the weekend of the 11th March for the mid-year Board meeting. All are invited to join in the celebration of the planned reactivation of the Hot Springs Club No. 190. I shall then proceed to J-9 for their mini-convention the following weekend, and continue on counter clockwise through to J-3 by the end of May. At this point, I will be joined by Billy Tarpley who will return with me to J-IV as their guest to visit clubs and attend the J-IV Mid-year board meeting. I feel sure this will give him vital experience and assistance in handling J-IV affairs back in Gurdon.

This year is J-IV's 25th Anniversary of the formation of Hoo-Hoo in their region and I shall be attending the celebrations in Adelaide, Deputy S-9 for Hawaii, Hammie Ahlo, will be attending and calling afterwards with me on five club meetings to spread a little more international knowledge and fraternalism — That's what it's all about!

Wishing you all a rewarding new Hoo-Hoo year!

# VICE PRESIDENTS' REPORT

## FIRST VICE PRESIDENT

**Phil Cocks L-77298**

I have just returned from 2 weeks of Hoo-Hooing which included the International Convention in Seattle and a tour of the West Coast, the highlight of which was a visit to the Hoo-Hoo Memorial Redwood Grove, near Eureka.

My thanks go to the Seattle Club for a very successful and well attended convention and also to Dave Jones, who did an admirable job of organizing and directing the tour. If this was Dave's first effort, I don't know what he will do for an encore (will there be an encore, Dave?).

Now that most of the fun is behind us, it is time for the board and club officers to get down to the serious business and work to make our organization better and more desirable to the membership. Various board members have been given assignments to achieve this aim. Gordon Graham and myself have undertaken the tasks of retention and membership, respectively. H.H.I.'s overall goal this year is a 10% increase in membership. What? You say! Isn't that the same as last year? — Correct! But with this worthy goal, we achieved a 1% increase — in other words, we achieved only 10% of our goal. Can you imagine what the result would have been had we not made the extra effort?

We believe we have stopped the bleeding and now we really have a chance to make some progress. To assist you, we have introduced direct billing. For those who doubt it's effectiveness, as of today, 9/28, Billy Tarpley advises me that we are 60% ahead of last year in collections.

I don't want to get into Gordon Graham's area of responsibility, but you all know how your chances of collecting decreases as the debt grows older.

New membership — what must we do to attract more worthy members? I emphasize worthy, as quantity is of no use without quality. I am listing a few do's and don'ts that I feel can improve membership.

DO — Make your club more visible in your local area.

DO — Encourage regular programing that will attract quality membership.

DO — Set yourself a club goal of 10% membership increase this year and start now.

DO — Create a membership committee charged with attaining your goal.

DO — Welcome new members, be concerned with their attendance and involvement in club activities.

DO — Get involved in helping a new club start up.

DON'T — Recruit, heedless of eligibility.

DON'T — Plan meetings month to month — Set the year's program in advance.

DON'T — Let a couple of hard workers do it all — Create committees and use them.

DON'T — Put off any of the above.

In order to give the clubs better representation from Hoo-Hoo International, Deputy S-9's will be given financial assistance for the first time. This assistance is to be allotted at the discretion of the Supreme 9 who appoints the Deputy S-9. H.H.I. office in Gurdon, Arkansas is installing a Fax. This

will give us an added dimension in communication through this increasingly popular medium.

In 1992, Hoo-Hoo will be 100 years old, Rameses Larn Champ is heading up this project which will be held in Hot Springs, Arkansas. Fund raising is already under way with a special \$1 per member per year assessment.

Attendees at this years convention in Seattle contributed \$7,200 to a 50/50 raffle organized by Gordon Graham which put an additional \$3,600 in the Centennial Kitty.

If you don't count the lucky winner, Mrs. M. Hoeck, wife of Second V.P. Lyle Hoeck, this means that on an average, each couple bought \$48 worth of raffle tickets.

The proceeds, which brings our Centennial Kitty to over \$8,000, will help underwrite costs for what will be an affordable, memorable Hoo-Hoo event.

I look forward to working with you this year — any comments, help or constructive criticism, would be welcome and appreciated.

Health, Happiness, & Long Life.

Phil Cocks L-77298

## SECOND VICE PRESIDENT

**Lyle Hoeck L-77159**

I want to take this opportunity to thank everyone for the support in electing me as your 2nd V.P. for the coming year. I also want to thank everyone in the Seattle, Tacoma-Olympia, and North Cascade clubs for such a wonderful convention. It will be long remembered by my wife, Marian, and me. The committees and all who worked so hard to make it all possible, we give thanks to all.

As we enter a new year, I hope we can all give our support and enthusiasm to our new Snark Dick Campbell. I will endeavor to do what I can to make this year a great success for all Hoo-Hoo.

We will all have to strive for increase in membership and I hope every club will try to increase as this is what Hoo-Hoo is all about. I think we should take a look at some of the members we have lost over the years and make a greater effort to regain some of the members we have lost. There is a pot of gold in all of those, so let's strive for them to become active again.

We also need to increase our kittens and afterwards get them involved in club activities. With these efforts we can strive for that increase that our Snark again is working for.

Again, thanks to all.

**HEALTH, HAPPINESS AND LONG LIFE!**

# 1987-1988 INTERNATIONAL BOARD OF DIRECTORS

JOHN K. "JACK" JACOBSON L-73133

**JOHN K. "JACK" JACOBSON L-73133**

Jack became Chairman of the Board after a successful term as Snark of the Universe last year. He was concated in Vancouver in 1962 and became a member of the Vancouver Club 48. Jack served two terms on the club Board of Directors, and also served as president in 1976 and 1977. He was appointed to the position of Deputy Supreme Nine of J-V from 1977 to 1979, and was later elected as the Supreme Nine representative for 1979-80 and served again in 1983. Jack is self-employed at Jacobson-Phillips, a log-brokerage and log trading company in Vancouver since 1972. He has been an active member of the forest industry since 1948. He and his wife, Norma, live in Vancouver. They have two children, Kathleen and Keith. Keith joined Hoo-Hoo last year.

DICK CAMPBELL L-77398

**DICK CAMPBELL L-77398**

Dick was elected Snark of the Universe at the recent convention in Seattle. He has been closely associated with the Lumber Industry since 1947 when he worked with a bush sawmill in the hardwood regions of southern New South Wales. For the past 20 years, Dick has been Managing Director of his family company which was involved initially in lumber distribution and now specializes in resawing and retailing at Woy Woy, 50 miles north of Sydney. His initial training was in engineering, and he later graduated in Commerce and Management at the Sydney Institute of Technology. He is currently a fellow of Australian Institute of Management. His interests are water skiing, collecting lumber industry hats, and getting a singalong going with his ukelele. Dick's eldest son, John, is a member of the Brisbane Hoo-Hoo Club 218 and his younger son, Mark, was concated into the Woy Woy Club 260 with four Phillipines two years ago. Dick is a life member of Sydney Club 215 which he joined in 1966. He has also served as president of the Sydney club and Woy Woy Club and served as an S-9 member for J-IV. His wife, Diana, is a Hoo-Hoo Ette of Club 8 in the USA and is a willing hostess to those who visit them at "Gurdon" — Woy Woy Bay.

## A MESSAGE FROM THE SEER OF THE HOUSE OF ANCIENTS

SEER DAVE DAVIS (right) visits with Snark Dick Campbell during BBQ at the Jones' house in Napa, California.

The challenge of today is the challenge that has existed for centuries, to live and work together in the spirit of the GOLDEN RULE. "Do unto others as you would have others do unto you." When I was Snark in 1955-56 travelling around the country for Hoo-Hoo, this was my opening theme. Possibly you have heard it. I like it.

It was my pleasure to attend the B-B-Que at Jimmy Jones, Rameses No. 72, in Napa, Ca., September 22, 1987, where the Hoo-Hoo delegates and their wives from Australia, Canada, New Zealand and many parts of the U.S.A. gathered to end their trip. This was the final stop after leaving the International Convention in Seattle, Washington and visiting many sawmills, logging operations and Hoo-Hoo Clubs along the Pacific Coast. This included the Hoo-Hoo Redwood Grove, which was one of the main reasons for the trip. Dave Jones L-82806, Chairman of the Redwood Grove Committee, arranged and organized this very successful trip. Good work, Dave.

While I have not been very active in Hoo-Hoo for the past few years, it is gratifying to see and feel the old FRATERNAL spirit at the B-B-Que. We must never forget that Hoo-Hoo was founded on FRATERNAL spirit, along with our Code of Ethics, in 1892. That is a long time ago. And do not forget that Hoo-Hoo is the oldest and possibly the only Industrial-FRATERNAL organization in the world. We have had some great leaders over these many years that have maintained the FRATERNAL spirit in our great FRATERNAL ORDER of Hoo-Hoo. Let us not forget this. I was pleased to meet our new Snark of the Universe, Dick Campbell L-77398, of Woy Woy Australia, and I am sure he will follow our old traditions. Dick is going to have his hands full in following the great job done by Jack Jacobson.

After meeting all the ladies and gentlemen of Hoo-Hoo that attended Jimmy Jones B-B-Que, I am very happy to say that it appears we are in good hands for another outstanding year, 1987-88, for our FRATERNAL ORDER of Hoo-Hoo.

I have been an enthusiastic member of Hoo-Hoo since I joined in San Francisco in 1925, and while I am now 83 years old, I do not think I have lost much of my spirit, as those that were at the B-B-Que can attest to.

I have purposely repeated FRATERNAL because this is one of the main reasons Hoo-Hoo was founded, so as to make a UNITED FOREST PRODUCTS INDUSTRY. After 95 years we have done a good job. Could we have done better? What do you think?

Sincerely & Fraternaly,  
Dave Davis L-37575,

## SUPREME NINE REPORTS

### Jurisdiction I

I would like to thank all Jurisdiction I for your support in electing me to S-9. Also, I look forward to meeting as many clubs as I can possibly see this year.

My first duty as S-9 was to appoint Joe Bock 81009 of the Harry Folsom Club No. 13 in Boston as a Deputy Supreme Nine to assist me in reaching club needs in his area. Joe has been an asset to his club, and I know he will continue to do a good job.

At this writing, I have just been through a great convention at Seattle, and my wife and I are leaving for a planned trip down the California coast to San Francisco. We will visit a couple of mills and several Hoo-Hoo clubs.

I look forward to seeing lots of Jurisdiction I in the near future. Please send any info on your new officers and club meeting nights as soon as possible. This will assist me in making visits to your clubs.

My address is Charlie Eaton 72174, 4413 Judith Street, Rockville, Maryland, 20853. My home phone is 301-949-7940 and my work phone is 301-652-2600.

Wishing you Health, Happiness and Long Life!  
Charlie Eaton L-72174, S-9, J-I

### Jurisdiction II

I want to add my compliments to the many others that must have been received by the people who put on the Convention in Seattle this year. Congratulations are in order to all who made this year's get together a very memorable affair.

Jurisdiction II was represented by Ken Hallgren from the Northern Illinois Club No. 139. Ken is a convention regular. I was particularly pleased to see Harold Smart from the Ben Springer Club No. 35. This was Harold's first Hoo-Hoo convention and I gotta believe, from what I observed, this will not be his last.

Detroit Club No. 28 had four in attendance this year.

The Detroit contingent of four was headed by Rameses 73, Bob Van Every. Club President Dennis Karas made his first trip this year also and Dick Ashton No. 53424 went along to renew some of the memories that he must have hidden away from past conventions. You see, Dick served on the Supreme Nine in 1955-57 under our present Seer of the House of Ancients, Dave Davis. And yours truly made the fourth.

All those in attendance at this year's convention had to go back to their respective clubs enriched as a result of the many discussion groups that took place there. Hopefully, this exchange of ideas will be beneficial to every club represented.

Much of the thrust this year dealt with membership and how we might do something about creating an increase. The goal again at the International level is 10 percent over last year. If this goal is to be reached, then it is rather axiomatic that each club is going to have to do their share to make this goal become a reality.

Last year Jurisdiction II had a 1 percent increase in member-

ship over the year before. We went from 400 to 405 - not much to write home about, but we stemmed the losses of previous years. This is a whole new ballgame! We're starting a new Hoo-Hoo year now and I think we, here in the Great Lakes area, can be just as aggressive as some of the other Jurisdictions. Let's show 'em we can meet the 10 percent challenge!

The best job in J-II last year was done by the Ben Springer Club No. 35. Their membership went from 45 to 58, giving them a 28 percent increase to lead the pack. Much of this fantastic growth was due, I'm sure, to the tenacity of President Jeff Cain No. 90291 and Secretary/Treasurer Russ Kilps No. 90293 (note the low Hoo-Hoo numbers). Congratulations to these men who have shown the real Hoo-Hoo spirit.

The Detroit Club No. 28 was second with an 8 percent increase. This was due primarily to a tremendous effort put on by the membership, when it came Concat time in February. They initiated 22 new members and brought their total to 175. The word among the Board of Directors this year is that they will go over the 200 mark before the end of this Hoo-Hoo year. That's good news!

The Rochester Club No. 184, although they have not been very active in the last few years have maintained a 100 percent, with 30 members. This has a lot to do with Fred Meyer's efforts and I know we can expect the same this year.

Northern Illinois Club No. 139 did very well with a 95 percent showing and I know through talking with Ken Hallgren this club will increase their membership in 1987-88.

The Saginaw Valley Club No. 246 stumbled this year and wound up with a 78 percent. I know we will see this number improve under the direction of their young President Lee Stevens No. 90384 (another low Hoo-Hoo number). I'm confident this club will turn it around again and get those numbers back to the 50 mark.

The newly reactivated Chicago Club held on with 76 percent and I'm sure they will do their share to help Jurisdiction II meet the 10 percent goal for the coming year.

Every club President and every club Secretary in J-II is aware of the direct billing procedure put into effect this year. Each one of your members have already received their dues notices for 1987-88. That job was done for you this year by the International office. It is now your responsibility to follow up on the un-paids in your club. And to **all members** in Jurisdiction II - PLEASE send your dues to your club secretary immediately!

Wishing you all Health, Happiness and Long Life.

## Jurisdiction III

My name is Jeff Loth L81125, and I have been elected as Supreme Nine member for J-III. I consider this a great honor. I have been a member of North Cascade Club No. 230 since 1974, where I went through the chairs of 230 and have had the honor to serve as its president. The past two years I have served as Deputy S-9 for J-III under Bill Patterson and consider this also an honor because Bill was a great S-9 and is a loyal Hoo-Hoo member. I have learned much from him.

I very much appreciate the opportunity ahead of me and will strive to be worthy of the position to which I have been elected. J-III is a very large and very strong jurisdiction and I will do my best to keep it strong and build on its qualities.

With your support, J-III will thrive and grow even stronger if we work together as a team, and all of Hoo-Hoo will be the stronger with your efforts.

Again, I do very much appreciate your support.

Health, Happiness and Long Life!

Jeff Loth L-81125, S-9, J-III

## Jurisdiction IV

Enroute to the 95th Annual Hoo-Hoo International and Forest Products Industry Convention, I arrived in Vancouver, B.C. September 5th with my wife, Thel, and we were picked up from the airport and hosted by Rod and Gloria Noga for a week prior to the convention.

The Seattle convention was a real busy time with much productive discussion resulting in worthwhile resolutions. Congratulations to new Snark Dick Campbell L-77398 who has a keen Executive and Board to assist him this coming year. I pledge full support for J-IV for Dick — our second Snark. Congratulations to the Convention Committee and the supporters for a well organized business and social agenda although the weather was not kind for Big Al's steak fry hosted by the Central Florida Hoo-Hoo Club No. 115. Nobody cared too much because, as usual, Hoo-Hoo fraternity and hospitality was overwhelming.

Convention attendance from J-IV totalled 17 delegates plus 10 wives — the best roll up since Honol-Hoo-Hoo '79.

The Post-convention "Lumber Products Industry Tour" attracted 21 members and wives from J-IV. It was a most informative trip organized by Dave Jones, chairman of the Hoo-Hoo International Redwood Grove committee — Thanks, Dave!

J-IV membership increase for the year was not up to expectations to say the least. While we gained approximately 160 new members, we lost about 145 to show a net gain of 15. Based on these statistics we need a 15 percent increase to break even.

Plans for the year include:

**MEMBERSHIP** — to strive for a net increase by a mixture of recruiting and retention, also to reactivate and charter clubs where practical.

**VISITATIONS** — to visit as many clubs as possible with emphasis on those with special needs. Some will not be on schedule as I would need to travel over 20,000 miles to meet with all 22 clubs.

**MANAGEMENT** — to offer assistance on request for updating club systems and procedures.

**VICEGERENTS** — to encourage these area representatives to be my regular contacts with all clubs.

**MEDIA** — to continue to improve advertising and copy in the South Pacific Log & Tally and J-IV member listing.

Lastly, a big "Down Under" thanks to Jack and Norma Jacobson and Vancouver members and wives who so generously hosted people from Australia and New Zealand. We extend J-IV Hoo-Hoo hospitality to all North Americans for the convention in 1991.

Rod Abel 75979, S-9, J-IV

## Jurisdiction V

In this, my first report as Supreme Nine representative for J-V, I would like to express my thanks to the clubs and their directors who supported me in my election. It is my intent to work with each club in the jurisdiction and to serve our new Snark to the best of my ability.

I would like to announce the appointment of Lynn Edey as my Deputy S-9. Lynn will, of course, be my contact for the eastern parts of this large jurisdiction.

Health, Happiness and Long Life!

Bruce Woodrow 79644, S-9, J-V

## Jurisdiction VI

Can you believe it: Here we are starting our 96th year of Hoo Hoo. I just returned from the International Convention in the beautiful "Emerald" City of Seattle, Washington. It was a great convention, put on by the Seattle, No. Cascade and Tacoma-Olympia Clubs. I will say this, that anyone from Jurisdiction VI that missed the opportunity to attend this West Coast Convention really dropped the ball in the mud. Jurisdiction VI had representation from Black Bart No. 181, Sacramento No. 109, Honolulu No. 142, San Diego No. 3, Oakland No. 39, Fresno No. 31, and Albuquerque No. 69. Everyone had a great time. Thanks again to the Jurisdiction III clubs that put it all together.

Jurisdiction VI had the great honor of having our Honolulu Club No. 142 win both the "Wood Promotion Award," and Jack "Cheshire Media Award." The presentations were very ably presented by Past President Lee Haskins.

I have sent letters to the club secretaries in Jurisdiction VI outlining dates for the visitation of Snark Dick Campbell during February 16th through 26th, 1988. We plan on meeting with eleven (11) clubs during this period. Your assistance will be greatly appreciated. (Let's show the "Snark" from Down Under what we can do in the Up-Above!)

Down to business: It was agreed to continue our program to increasing membership by 10 percent during the 1987-88 year. We have a good chance to achieve this goal, "if" we work at the real problem - RETENTION - keep last year's kittens active, and with us this year. Jurisdiction VI concated approximately 100 new

(continued next page)

(continued from page 10)

members last Hoo Hoo year. If we retain them and do the same this year we have a very good chance to meet our membership goal. Example: If you sponsored a kitten last year, make it your responsibility to help him make local meetings, functions, and introduce him and make him feel a part of your club. If you concat 15 new kittens and lose 8 the first year, and then concat 12 the following year, you have lost 3 members for a two year effort. There are just so many people out there that qualify to join Hoo Hoo, so if you take the time to sponsor a member then take the time to follow up and keep him a good sustaining member.

I want to thank all of the clubs in Jurisdiction VI for their assistance last year in making your Supreme 9 and visiting International officers feel welcome on our visitations to your clubs. We are looking forward to visiting with as many clubs as possible this year. Let me know about your club functions.

We are going to be asking for more assistance from the Deputy Supreme 9 members this year. In fact, I am going to try to put together a Deputy-S-9 meeting this year. Any suggestions will be welcome.

Looking forward to seeing you on the Hoo Hoo Trail. REMEMBER JURISDICTION VI WILL HOST THE 1990 INTERNATIONAL CONVENTION IN OAKLAND, CALIFORNIA.

Health, Happiness and Long Life,

Brent F. Crosby

Supreme Nine Jurisdiction VI

## Jurisdiction VII

The members of Jurisdiction VII represented at the International convention would like to say "Thanks" to the Seattle #34, Tacoma Olympia #89 and the North Cascade #230 clubs for having a constructive and fun convention. Hats off to the Central Florida Club #115 from Orlando, Florida for hosting the steak fry at Al Meier's. Larry Jordan and crew really put forth an extra effort to make this a memorable event. Fred Scheffler from Seattle was able to put together an enjoyable fishing trip for Frank Kinney, Bob Tjepkes, Gary Gamble, Jim and myself. We may not have hurt the salmon population but we had a great time.

In the board meetings and committee meetings many important topics came up for discussion. By this time most of you have received a dues notice directly from International. To date, for example, the Houston club has had good response on dues coming in, and hopefully the other J-VII clubs will have similar results. It is vital for International to know how many members are current and active. The membership goal for the 1987-1988 year has been set at a net ten per cent increase. A few ways to achieve our goal is to locate and retain good quality kittens, the 5 on 1 recruiting program, and to emphasize reinstating inactive members. Another important goal is to improve communications between individual clubs, the S-9 and Deputy S-9 members, and the executive secretary. Gentlemen, Hoo-Hoo International is blessed to have a qualified individual like Billy Tarpley as executive secretary. There is a wealth of information available in Gurdon for all clubs. We need to stress that if your club president and secretary do not have a club operations manual, contact Billy. There is a nominal charge for the manual but it is well worth the time and money. The manual, if used properly, can really help organize your club and offers a lot of

ideas and information. Another important link in the communication chain is the *Log and Tally*. Other clubs, as well as your own clubs, are interested in the current events in your area. Tentatively some important dates to remember are the first two weeks in March. On March 11th-13th the mid term board meeting will be held in Gurdon, Arkansas. Snark Dick Campbell is planning on visiting the clubs in our Jurisdiction just prior to that date.

In closing, I would like to say thanks to Dan Steer from the Vancouver club for his help with our post convention trip. It is heart warming to know that in a city unknown to you our fellow members are there to help and make your trip as effective and comfortable as possible.

Health, Happiness and Long Life,

Bill Franks 84101

## Jurisdiction VIII

Thanks to Seattle Hoo-Hoo Club No. 34 for putting on a great 95th Annual International Hoo-Hoo convention.

Congratulations to the new officers of HHI especially to Lyle Hoeck L-77159 from Sioux Valley Club No. 118 who, after serving three years on the Supreme Nine Board, was elected 2nd International Vice President of HHI.

I will be filling in for Lyle on the S-9 Board from J-8 for the year of 1987-88, then we in J-8 will be looking for a new man.

I am looking forward to visiting every club in our jurisdiction this year. To the officers of all the clubs in J-8, please send me your meeting or party dates so I can plan to be there.

Health, Happiness and Long Life!

George Olsen L-69342, S-9, J-VIII

## Jurisdiction IX

Having just returned from the 95th International Convention held in Seattle, Wa., I would like to take this time to congratulate them for a job well done. I went to the convention held at Mt. Washington, New Hampshire last year and really did enjoy it and came home with a few ideas for us. After seeing how well the one was in Seattle, Wa. and also coming home with a few more ideas, we of Central Florida Club #115 have our work cut out for us but feel that we will accept the challenge and equal if not surpass the past two conventions. I would like at this time to request all members of HOO-HOO in the state of Florida to start planning now to attend the 96th International Convention which will be held jointly with the FLBMDA at the Orlando Marriott World Center in September of 1988.

While in Seattle, Central Florida Club #115 hosted a Bar-B-Que at the home of Al Meir and fed over 225, cocktails and a steak dinner. Everything went well during the day of preparing and setting up for the function. Just as the buses arrived with the delegates and their wives, something else arrived. "RAIN". A good time was held by all and we didn't let a LOT of "RAIN" stop us.

Snark Dick Campbell has continued on with our 10% increase and a strong retention program. Snark Dick would like to request that each club appoint a committee of 5 or more members, depending on the size of the club, to work on retention and to report success each month to the board of officers. We are losing members who have been in 1-2 years in the organization who have dropped out for one reason or another. We need to bring them back into the club and get them active. Ask each club in JIX to establish this committee on Retention and also that the Deputy Supreme Nines follow up with the clubs.

Spacecoast Club #221 has been given 3.29 acres in Brevard County to ADOPT A PARK for Brevard County. I was invited to attend the Brevard County Board of Commissioners meeting just prior to going to Seattle, at which time the Board of Commissioners gave the property to Spacecoast Club #221 to develop into a park program. This was the first for Brevard County and Hoo-Hoo was the first. This came about from Ron Thompson, this years president and Cal Hoar, vice president finding out that it was available and pursuing it. This is quite a project for a Club with 28 members, who are dedicated to making Hoo-Hoo a part of their life. This club also has 8000 trees which they will be selling in December to help make some money for the park.

Looking forward to working with each club in Jurisdiction IX this coming year. Let's all try to achieve that goal of 10% in membership and a real strong retention program.

Spacecoast Club #221 will be hosting the 4th Annual Mini Conference this next year. It will be held at the Hilton Hotel on Cocoa Beach March 18, 19, and 20th, 1988. We will have with

us the Snark, 1st V.P., 2nd V.P., Executive Secretary, and many Ramases attending. Watch for the news about it in the Feb. issue as well as letters from Spacecoast Club #221. We would like to have good representation from all clubs in JIX as this will be the time that the Snark will be making his visit.

# CONVENTION 1987!

## A LOVE AFFAIR GOES ON . . . WITH SEATTLE!

The 95th Annual Hoo Hoo International Convention loves Seattle, Seattle loves the 95th Annual Hoo Hoo International Convention . . .

Seattle, the Emerald City of the Northwest, opened its arms to embrace the 95th Annual Hoo Hoo International Convention, September 13th through the 16th. Seattle Club No. 34, with the support of the North Cascade Club No. 230 and the Tacoma-Olympia Club No. 89, was proud to host one of the largest international conventions ever held. Many of our events attracted well over 300 participants.

Registration opened at noon Sunday, September 13th, at the beautiful downtown Seattle Sheraton Hotel. Registrants picked up canvas tote bags containing, among other things, Washington apples, a can of salmon, and a handsome cedar covered convention program (thanks to Brian Dickie and Steve Mattson). It was great to see people mingling in the lobby from all corners of the globe. Friendly greetings were exchanged that varied from "Good Day, Mate" to "Howdy y'all."

As Sunday evening approached, the convention shifted into high gear. Weyerhaeuser was kind enough to sponsor our icebreaker at their beautiful corporate headquarters in Federal Way, and they proved to be most gracious hosts indeed. Many thanks to all our friends at the Big W and committee coordinator, Dave Gleason.

Monday, September 14th, found everyone bright eyed, bushy tailed and ready for business. After the presentation of colors, Fred Scheffler, President of Seattle No. 34, welcomed everyone and John Bratland, the Convention Committee Chairman, introduced his committee members and The Reverend Malcolm Undeseth, who delivered the invocation. Master of Ceremonies, Judge Godfrey,

introduced Seattle City Councilman, George Benson, for an official welcome to our out of town guests.

Snark of the Universe, Jack Jacobson, brought down the gavel and business sessions were underway. Executive Secretary, Billy Tarpley then made an official roll call and after recognizing all of the Rameses present, a tribute was paid to our departed brethren.

This was followed by a series of International Officer's Reports from Chairman of the Board, Al Meier; Snark of the Universe, Jack Jacobson; 1st Vice President, Dick Campbell; 2nd Vice President, Phil Cocks; Treasurer, Bernie Barber; and Executive Secretary, Billy Tarpley who discussed club operations and proposed by-law changes.

After a coffee break, the members split up for roundtable discussions on a wide range of topics that affect both day-to-day and long-range club operations. Many members commented later that they found these sessions to be some of the most meaningful of the convention. Certainly the exchange of ideas for the betterment of the order is one of Hoo Hoo's primary goals.

As the men debated in smoke filled rooms, the ladies were taking in the sights of Seattle by bus on a tour organized by convention committee wives, Dolores Bratland, Margie Olson and Gaye Godfrey. They stopped for lunch at Salty's on the waterfront and enjoyed a fashion presentation by Nordstrom's.

Meanwhile, back at the Sheraton, the men's luncheon featured Bob Spence, President of Pacific Lumber & Shipping as the principal speaker. Mr. Spence gave us a realistic view of environmental issues as they relate to the cutting of old growth timber on the west coast. It seems a shame to see our industry held hostage by the spotted owl.

SEATTLE - Convention delegates and wives enjoyed the fun and fraternal atmosphere of a joint luncheon.

SEATTLE - It was down to business Monday morning as the delegates prepared for the general session.

SEATTLE - New Snark Dick Campbell (Center) is always handy with his ukelele to begin a spur-of-the-moment songfest!

SEATTLE - North Cascade Club 230 Paul Kriegel (left), John Denby and Jeff Loth (right) presented new Snark Dick Campbell (second from right) with a 7-foot eagle for Dick to take home to Woy Woy Bay, South Wales, Australia.

(continued from page 14)

Business continued throughout the afternoon with committee reports, speeches from candidates, and jurisdictional caucuses.

By 6:30 p.m. everyone was ready to sail across beautiful Puget Sound on the "Spirit of Seattle" which took us to nearby Blake Island for an authentic Indian Salmon Barbecue at Tilicum Village. The views of the Seattle skyline and the activity of a busy Elliott Bay provided a perfect backdrop for cocktails (compliments of Loth Lumber) and singing (music provided by Dick Campbell and his Uke). After a delicious salmon dinner and a taste of Northwest Coastal Indian song and dance, we cruised back to Seattle under the stars.

Tuesday, September 15th was full of options for our convention goers. Tours of the new3 Museum of Flight at Boeing Field in Seattle and the Boeing 747 plant in Everett were popular.

Steve Kallberg, the Convention Committee Golf Chairman, organized a tournament at the North Shore Country Club in Federal Way. Steve reported that the golfers all enjoyed abundant sunshine and low scores.

A half dozen or so hearty souls chose to venture out on the icy waters of Puget Sound for a chance to land the wily Coho or Silver Salmon. Fred Scheffler arranged a charter for them out of Edmonds, and the fishing reports were good.

Others chose to venture far and wide around the greater Seattle area. Joe and Lynne Cade from New Hampshire even found their way down to Mt. Rainer, and ended up driving through 4" of fresh snow! Guess we had to show them that Mt. Washington isn't the only place it snows in September.

Tuesday evening found the bus caravan heading for Al Meier's home in Tacoma. The Central Florida Club No 115 put ojn a fantastic steak fry despite some adverse weather conditions (occasionally we are blessed with a bit of liquid sunshine here in the Evergreen State). Tacoma-Olympia Club No. 89 hosted the bar and their President, Jim Smith, presented Al Meier with a handsome wood carving commemorating his term as Snark. Jim, a very talented carver, was commissioned by Central Florida No. 115

(continued on next page)

SEATTLE - Chairman Al Meier and Snark Jack Jacobson stand beside an all-redwood carving which was auctioned off with the proceeds going to the Redwood Grove Fund. The carving was provided by Redwood Grove Chairman Dave Jones.

SEATTLE - Auctioneer Dick Wilson (second from right) and his assistant Leigh Anne Anderson successfully auctioned the redwood carving for \$1,200 to Jeff Loth (right). Redwood Grove chairman Dave Jones (left) commissioned the carving from an artist in the San Francisco area.

for this carving. Cudos to the "Orlando 88" committee, Phil Cocks, Frank Gray, Bud Ryan, Chuck Browning, Larry Jordan and Harry Aroian and their spouses for a terrific party. If this is any indication of Southern hospitality, your convention will be a great success.

Wednesday, September 16th, began with a men's breakfast, followed by the presentation of numerous excellent entries in both the Wood Promotion Award and the Jack Cheshire Award competition.

First place in the Wood Promotion competition and the Jack Cheshire Media Award competition went to the Honolulu Hoo-Hoo Club No. 142, making that club a double winner of two of Hoo-Hoo's most prestigious awards. First runner-up in the Wood Promotion competition went to Vancouver Club No. 48, second runner-up honors went to Atlanta Club No. 1 and third place went to Spokane Club No. 16. Read more about the Wood Promotion competition elsewhere in this issue.

As previously mentioned, Honolulu also won first place in the Jack Cheshire Media Award competition, but first runner-up

honors went to Auckland Club No. 248 and second runner-up honors were presented to Woy Woy Club No. 260. Read more about the Jack Cheshire Media Award competition elsewhere in this issue.

Committee reports were given and future conventions were discussed: 1988 - Orlando; 1989 - Honolulu; 1990 - Oakland; 1991 - Sydney; and 1992 - Hot Springs, Arkansas.

Various awards were presented during the men and ladies joint luncheon. The most notable of which were the Wood Promotion Presentation and the Jack Cheshire Media Award both won by the Honolulu Club No. 142. Their shirts must have helped! Our luncheon speaker was local humorist, Carl Grant, who polked a little fun at "stress in the workplace."

After lunch the business session was concluded with votes on the election of candidates.

Elected to office for the 1987-88 Hoo-Hoo year were the following:

Snark of the Universe - Dick Campbell  
First Vice President - Phil Cocks

(continued on next page)

SEATTLE - Snark Jack Jacobson dons his new collar and medallion presented by Dick Campbell and his new hat presented to him by Bob Frost.

SEATTLE - Snark Jack Jacobson is transported to his embalming ceremony inside his personalized casket during Wednesday's convention.

SEATTLE - The Snark arises from his casket to greet his special female companion surrounded by his fellow Vancouver members and the "sheeted" Rameses.

SEATTLE - After the embalming ceremony, the whole crew posed for a few photos.

Second Vice President - Lyle Hoeck  
Secretary/Treasurer - Bernie Barber  
Supreme Nine, J-I - Charlie Eaton  
Supreme Nine, J-III - Jeff Loth  
Supreme Nine, J-IV - Rod Abel  
Supreme Nine, J-V - Bruce Woodrow  
Supreme Nine, J-VII - Bill Franks  
Supreme Nine, J-VIII - George Olsen  
Supreme Nine, J-IX - Frank Gray

Voting on proposed by-laws changes was also conducted at the Wednesday afternoon session, and the proposal to change the age of eligibility from 18 years to 21 years passed by a vote of 103 in favor and 13 against. The proposal to strike the word "male" from the eligibility requirements failed by a vote of 51 in favor and 65 against, and the proposal to make technical corrections to the by-laws passed by a vote of 116 in favor and 0 against.

At 2:59 p.m., the clock ran out for Snark of the Universe, Jack Jacobson. His Canadian entourage did a wonderful job of embalming him, complete with a procession of Indian dancers and wailing Rameses mourning his passage.

SEATTLE - "The Singing Snark" - following his induction as the new snark of the Universe, Dick Campbell serenaded the conventioneers during the dinner/dance activities, and ...

Rameses Ernie Wales of Spokane acted as Seer of the House of Ancients, and Rameses Dick Wilson assisted in giving instruction and oaths of office to our new Snark of the Universe, Dick Campbell, and his officers.

The evening ended with the Snark's Reception and a beautiful banquet and dance in the Grand Ballroom. The 95th Annual Hoo Hoo International Convention came to a close as pledges were made to meet again next year in Orlando, and the strains of "Waltzing Matilda" drifted off into the Seattle night.

Thanks to one and all from the Emerald City - to thy 95th Convention Committee Chairman, John Bratland; Treasurer, Dan Olson; Secretary, Mel Brown; and members Brian Dickie, Dave Gleason, Steve Kallberg, Steve Mattson, Doug Mekkers, all Past Presidents of Seattle No. 34; and to Ed Williams, 2nd VP/Treasurer; and Fred Scheffler, President of Seattle No. 34. HEALTH, LONG LIFE, AND HAPPINESS.

## CONVENTION COMMITTEE REPORTS

### RETENTION COMMITTEE REPORT

The Retention Seminar, held at the Convention in Seattle this year produced some very interesting results. The discussion group chaired by Gordon Graham, Detroit Club #28, was made up of such stalwarts as Rameses Larn Champ; "Ham" Ahlo of the Honolulu Club and Bill McLean who has spent many years in the Winema Club #216.

Also present were such active members as Jim Smith of Club #89 and Paul Wunder, Club #216, both current presidents of their respective clubs. In addition, there was Les Sjöholm, past president and Vicegerent Snark of Club #89; Joe Dempsey, Vice President of Club #99; Bill Franks, Club #23 and Harold Smart, Club #35 - both current Board members of their clubs and Bob Johnson from Club #181.

This representation gave a good cross section from around the country and produced many ideas that could be implemented to bring about a successful retention program at the Club level.

All members of this committee agreed that our greatest loss of members occurred during the first and second year after a man was initiated into our fraternity. Past surveys on this subject has proven this to be a fact. It was, therefore, our goal to come up with some ideas that might help solve this loss in membership during this period. After much discussion, we boiled it all down to a concise and what we believe to be a workable program to hold onto the first and second year members.

We called our program **THE 4-R's OF RETENTION!**

The 4-R's are — **RECOGNITION - RESPONSIBILITY - REQUEST - REWARD**

**RECOGNITION** - The recognition of new members should be both written and verbal.

New members should be mentioned in club newsletters as often as possible. Their work background, their military service and their community activities are a few things that could be talked about.

At Club meetings a new member might be asked to stand and tell the group something about himself, where he works, what he does there, etc.

Ask new members (a few at a time) to sit in on your board of directors meetings to see what makes your club tick.

**RESPONSIBILITY** - Give new members a job as soon as they are initiated! This will make them feel part of the organization.

Ask them to be "greeters" at your meetings. This will allow them to meet everyone who comes through the door.

Put new members on the entertainment committee to secure speakers for your meetings.

**REQUEST** - Ask new members to participate! Ask them to be part of a phone committee to contact members prior to club meetings. This will give them exposure.

**REWARD** - It is important to give the new member some sort of recognition before his peers when he contributes to the club operation. A Certificate of Appreciation is offered by some clubs.

A free dinner at one of your club meetings might be a proper reward for some special help performed. If this type of reward is used, the membership should be informed why the award was given during the meeting.

In addition to the foregoing, the concensus was that a "Kittens" prime sponsor (the man who was responsible for bringing the new member into the club) should assume full responsibility for seeing to it that **his Kitten** remain a member! If a man thought enough about bringing another person into our organization, the

committee felt it was incumbent upon him (the prime sponsor) to see to it that **"his Kitten"** stayed a member for more than one year.

And finally, it was the committees feeling that **GOOD CLUB PROGRAMS** is the best assurance against loss of membership. If a club provides **GOOD CLUB PROGRAMS**, the people will want to belong.

For the Retention Committee,  
Gordon Graham  
Chairman  
10/8/87

### REPORT OF MEMBERSHIP COMMITTEE

The Membership Committee, which was co-chaired by 1st V. P. Dick Campbell and 2nd V. P. Phil Cocks, reported the direct mailing of dues notices to individual members had been well received by clubs and congratulated the clubs for concatenating 664 new members during the 1986-87 year through continued club co-operation, and that the issue of membership loss should be examined in each club in an effort to resolve the problem. The committee also reported that, although new membership and club reactivation techniques had been clearly defined and discussed, it wanted to draw attention to the importance of the Retention procedures as discussed by the Membership Retention Committee which was chaired by Gordon Graham.

### REPORT FROM THE RESOLUTION COMMITTEE:

WHEREAS, Hoo-Hoo has suffered the mortality of several of our beloved members, **BE IT RESOLVED** that our Executive Secretary be instructed to transmit to the families of these brothers our sincere sympathy and prayers, and

WHEREAS, Snark of the Universe Jack Jacobson has led our Order for the past year in an inspiring and motivating manner, helping us to carry on the business of HOO-HOO in the face of some adverse business conditions, travelling extensively throughout the land, visiting Hoo-Hoo clubs, spreading the philosophy of brotherly love, fraternalism, and the joy of belonging to Hoo-Hoo and for these efforts, and **BE IT RESOLVED** that the convention delegates assembled for this 95th annual convention offer their thanks and appreciation to Snark Jack Jacobson for his leadership this past year, and

WHEREAS, the officers and Supreme Nine members have faithfully and efficiently performed their duties for the HOO-HOO year, **BE IT RESOLVED** that the participants assembled for the convention extend thanks and appreciation of their individual clubs to each officer and Supreme Nine member for a job well done, and

WHEREAS, our Executive Secretary Billy W. Tarpley with the very capable assistance of his Administrative Assistant Beth Thomas has done an outstanding job in carrying out the affairs of the Order, compiling, editing and publishing of our *Log & Tally* magazine, **BE IT RESOLVED** that this convention and its delegates on behalf of the entire membership, extend our sincere thanks to Billy and Beth for a job well done, and

WHEREAS, Rameses 72 James A. Jones continues to give dedicated service to Hoo-Hoo as the chairman of the Museum committee, and for his efforts collecting memorabilia and history of our Order for the new annex in Gurdon, **BE IT RESOLVED** that all members at this convention give thanks to Jimmy for his endless efforts, and

WHEREAS, the hard work, time and efforts of the Seattle Hoo-Hoo Club No. 34, John Bratland, chairman, committee and all who have worked so hard to put together a convention full of hospitality, fraternity, sociability, frivolity and the necessary solemnity and dignity to make this 95th international convention a most enjoyable event and an outstanding success for all of the delegates and their mates who have attended, BE IT RESOLVED that the delegates of this convention do hereby extend their thanks and appreciation to the convention committee, officers, members and supporters in the industry who made this such a success, and

WHEREAS, the Central Florida Club No. 115 from Orlando, Florida has offered to host the 96th annual convention in 1988. BE IT RESOLVED that the Order's *Log & Tally* magazine take such steps as are necessary to publicize this convention, and

WHEREAS, Phil Cocks, International 2nd Vice President, has willfully offered to print out new international dues notices at his office and have them sent out to all of the members, thanks to Phil for the use of his computer, and time and efforts. The Officers and Board of Directors extend their thanks, and

WHEREAS, Rameses 70 Larn Champ of Goddard, Kansas, General Chairman of the upcoming Centennial convention for the 100 years of Hoo-Hoo International for his dedicated work and effort in planning and work that he has done and is doing to make it a memorable convention, BE IT RESOLVED that all officers and members extend their thanks for his loyal dedication to Hoo-Hoo International and Forestry L-53433 of Gurdon, Arkansas the Hoo-Hoo International and Forestry museum now has available for its use a microcomputer and printer. Hoo-Hoo International wishes to express our deep thanks to Mr. Cabe for his endless support toward Hoo-Hoo, and

WHEREAS, the issue of tree spiking has become a primary concern to the forest products industry having resulted in serious personal injury, and threatening the lives of those who work to process raw forest materials, and

WHEREAS, extreme right-wing conservationist groups have admittedly driven spikes into thousands of trees in the northwestern United States, northern California and other forests in North America in a deliberate attempt to ruin harvesting and processing equipment and hamper logging operations, and

WHEREAS, these groups have done so with no regard for how lives are being endangered, and

WHEREAS, this has resulted in the loss of millions of dollars of revenue by preventing the necessary harvesting of forests, thereby affecting the livelihood of those who work within the industry, BE IT RESOLVED, that this convention makes this public statement that we do strongly condemn the practice of tree spiking and make this appeal to conservationist groups which are involved in these activities to cease this dangerous practice and seek to resolve differences through the peaceful method of negotiation, and

WHEREAS, Hoo-Hoo International is a fraternal organization of lumber, timber and forest products persons who are concerned about each other and all mankind in the spirit of Health, Happiness and Long Life, BE IT RESOLVED that Hoo-Hoo International shall continue to support the efforts of the industry organizations, who promote a better understanding of the forest as a reasonable renewable resource, and continually support proper management of these resources, and, we, the officers and directors of Hoo-Hoo International assembled in Seattle, Washington acting in the spirit of Fraternity, Industry and Goodwill, do hereby

put our seal to these resolutions on this 16th day of September, 1987.

#### OSIRIAN CLOISTER SUPPORTS CENTENNIAL FUND

At the convention in New Hampshire last year, the Osirian Cloister - a group dedicated to the betterment of Hoo-Hoo - committed themselves to the raising of money to help support the International Centennial Fund.

Their first effort took place at the recent convention in Seattle this September and what an effort it was. It took on the form of a 50/50 drawing and from the results, everyone present must have participated by buying tickets.

A total of \$7,200 worth of tickets were sold through the aggressive salesmanship of the Cloister members present as well as some other recruits such as Bernie Barber, Betty Jones, Sylvia Cocks and Billy Tarpley. Our sincere thanks to these folks who helped make this project such a great success.

The winning ticket was drawn at the banquet on the last evening of the convention and it was none other than Marian Hoeck, the wife of our new 2nd Vice President that came up with the winning number. The one and only prize amounted to \$3,600 cash and Marian had to be escorted from the stage by a hotel security guard.

Congratulations, Marian!

The real winners however, are going to be the participants in the Centennial Celebration. The Centennial Fund was established to help defray the registration costs at the convention celebrating our 100th year. That convention will be held in Hot Springs, Arkansas in September 1992 and it is the Committee's goal to reduce the cost of registration so that every member in Hoo-Hoo can afford to attend.

The Osirian Cloister will carry on with this effort and continue in its' service to Hoo-Hoo.

For the Osirian Cloister,

Gordon Graham L-70604

### A NOTE FROM KEVIN KELLY RAMESES 75

Please allow me to express via the columns of *Log & Tally*, firstly my complete surprise, then utter delight and finally grateful thanks to by many friends in Hoo Hoo who attended the Seattle Convention, for the beautiful gift of the book of 'The Redwoods' and the lovely thought of everyone at the Convention to write me messages of kind thoughts and Hoo Hoo greetings. I reciprocate the greetings to you all.

We would certainly hope to be in Florida next year to see you all again, until then I will, as I have been doing, turn up the book regularly and think of you all and pray for your well being.

Health, Happiness and Long Life.

Yours fraternally,

Kevin F. Kelly L-75940

## REPORTS FROM CONVENTION ROUNDTABLE DISCUSSIONS.

### ROUNDTABLE DISCUSSION: WHAT ARE THE WAYS AND MEANS OF MAKING OUR CLUBS BETTER KNOWN THROUGHOUT OUR COMMUNITIES?

The topic listed above was discussed by a fifteen member roundtable discussion group during the 1987 convention, and the group presented several practical ideas Hoo-Hoo clubs could institute to promote a better image within our individual communities.

Rod Abel, who co-chaired the discussion with Executive Secretary Billy Tarpley, reported the group recommended that each club appoint a Publicity Committee to identify projects in the community which would be performed by the club in an effort to develop positive public reaction to Hoo-Hoo. He also said each club should have handouts or leaflets available to present to the press, and that clubs could improve their image by supporting worthwhile projects such as the American Forest Foundation's program, Project Learning Tree, which is aimed at educating school children regarding the renewability and extractibility of forest resources.

The group agreed that the image of Hoo-Hoo has been tarnished in many areas because of rawdy and boisterous behavior on the part of the club's members. The group recommended that clubs review their overall behavior at meetings and determine whether it is attractive to industry personnel who may visit the Hoo-Hoo functions. Nothing is wrong with having some fun, the group agreed, but a bad image is difficult to overcome, and a club should take care to protect its good image.

### WOOD PROMOTION ROUND TABLE DISCUSSION

The discussions, at the Seattle convention, pointed out the following suggestions:

Club Presidents should start early in the season selecting a chairman to head up a Wood Promotion project for the coming year.

Use Operation Manual for rules of competition. It has excellent information for selecting a committee; ideas on local exposure, speakers bureau, industrial arts scholarships, fund raising, etc.

Suggested that H.H.I. contact A.L.S. in Washington and C.L.A. in Canada to access information of the different agencies and associations as to what is being done in wood promotion. Also contact J4 in Australia and New Zealand for the same type of information.

Clubs should be limited to entering once in every 5 years if using an on-going project every year.

Because of the prestige of winning the Wood Promotion trophy, a club should follow the set of rules precisely. These rules should be sent out when a club advises H.H.I. of their entry.

Log & Tally to have a section devoted to Wood Promotion in each issue.

All clubs to advise H.H.I. as to projects they are doing, even if not entering in competition for the trophy. This could be

printed and give clubs ideas and suggestions.

Keith Waddell, L84324

Chairman.

**NOTE: The report on Membership Retention appears on page 18 under the title "Retention Committee Report."**

**TOPIC: "Now that we are ready to expand on a Deputy Supreme 9 program what can we do to make this program successful?"**

The panel was jointly chaired by Phil Cocks, and Al Meier, together with 15 members, from 7 Jurisdictions.

Preamble: A Deputy Supreme 9 program has been in existence (to the best of our knowledge), since Hoo-Hoo has been divided into Jurisdictions. Duties & responsibilities, are detailed on page A-5 of our Operations Manual. This area has not received a great deal of attention for some years. For the first time, an allowance has been created, to enable the Supreme 9 to compensate Deputy Supreme 9s, for some of their expenses involved in carrying out their duties.

To make this program successful, the panel felt the program should include emphasis in the areas of, RECRUITMENT, TRAINING, APPLICATION, & method of reporting EXPENSES.

**RECRUITMENT:** Recruitment is the responsibility of the S-9. Considerations for recruitment should be based on needs in the Jurisdiction that the S-9 is not able to fulfill, & for which a deputy could handle on his behalf. Examples are maintaining contact with a club, or number of clubs that an S-9 finds geographically remote & difficult to service. Often a Deputy from a neighbouring Jurisdiction can be closer. Candidates may be found among the members at large, who are too far from a local club to attend meetings, but may be very helpful in starting a new club. Local clubs may be able to suggest a member who travels in a part of the jurisdiction where help may be needed, and who may be able to handle a specific task for the S-9.

**TRAINING:** Specific duties are listed in the Operations Manual, but in general, the S-9 would work closely with the deputy and hopefully, communicate often. It is important that the Deputy be given a current Operation Manual, and Gurdon advised so that it may be kept up to date. Close involvement with club's will keep him up to date on activities, and should a negative trend set in with a particular club, such as slow processing of dues, irregular meetings, decreasing membership, etc., then he can react in a timely fashion and advise the S-9, or intervene personally.

(continued on next page)

(continued from page 21)

**APPLICATION:** As listed in the Operations Manual, he will report to the S-9 on all matters affecting his area of responsibility, receive reports from Vicegerents, report to clubs on H.H.I. activities. This application can be specific. In very large clubs it is helpful to have a Deputy S-9 in the membership and hopefully in attendance at club Board meetings. Targetting reactivation of defunct clubs would be a productive pursuit, which requires a commitment to attending all of the formation meetings. In most Jurisdictions, it is impossible for the S-9 to do all the club officer installations. The deputy can relieve this problem.

**EXPENSES:** With one dollar, per paid member, in his jurisdiction, the S-9 has a predetermined amount to allocate to his deputies. For this reason, expenses have to be preapproved. As you can well imagine, 3 or 4 deputies requesting expenses after the fact, could well create financial problems for the S-9.

The expenses should be attributable only to Hoo-Hoo activities, for which the deputy would not normally have had to pay. For example, if a deputy normally goes to a club's monthly meeting, as a matter of routine, we should not have to now pay his expenses. The expenses are intended for EXTRA and above normal expenses, that the deputy would

normally be prepared to pay himself.

It is important to note, that an S-9 should be able to allocate some of his expenses to his deputies, but NOT vice-versa. If a deputy, who lives in another jurisdiction, incurs expenses, then the jurisdiction who benefited from his activities should bear the cost. Preapproval should take care of that problem. At all times the criteria should be, does it benefit Hoo-Hoo?

Local clubs should be encouraged to help their member deputy attend H.H.I. conventions.

**SUMMARY:** This panel felt that an expanded Deputy S-9 program, which would include training, targetting specific jurisdiction needs, compensation for reasonable expenses, and clearly defined authority and responsibilities, should be extremely beneficial to Hoo-Hoo.

Deputy S-9s should be allowed to attend H.H.I. Board meetings, as spectators, so as to educate them further and to give them a feeling of belonging, which hopefully would encourage them at a later time, to seek further office in H.H.I.

Respectfully submitted,  
Phil Cocks L77298, Co-Chairman

## HONOLULU 142 WINS! 1987 WOOD PROMOTION CONTEST

This year's competition was entered by four clubs, Honolulu No. 142, Vancouver No. 48, Atlanta No. 1 and Spokane No. 16. Judges were, Bill Patterson, Phil Cocks and Keith Waddell.

All four clubs had a very worthwhile and successful program and to declare a winner was very difficult. Space is limited as to how much detail can be devoted to covering this great event. Further details are available upon request from the above clubs.

### Honolulu Club No. 142 — Winner

Honolulu Club No. 142 took the coveted trophy this year with a very comprehensive entry. Lee Haskin did an excellent presentation. They entered a five program Wood Promotion project which consisted of the following:

#### 1. State Wide Parade of Honour.

Featuring the best use of wood structurally, architecturally

and overall.

#### 2. Wonderful World of Wood.

A show of new products, services, information and ideas; attendance 3,500.

#### 3. 1987 Hawaii Lumber and Wood Product Guide.

A complete directory of uses and availability of lumber products available in Hawaii; 10,000 issues sold with a profit of \$2,000.

#### 4. Woodworking Seminar

138 attending, with a profit of \$1,993.

#### 5. Industrial Arts Show

Statewide High school entries with 5 divisions.

## HONOLULU CLAIMS MEDIA AWARD! 1987 JACK CHESHIRE MEDIA AWARD COMPETITION

HONOLULU CLUB 142 member Lee Haskin made the club's presentation during competition for the Jack Cheshire Media Award.

INCOMING PRESIDENT Don Stiger (center) of the Honolulu Club accepted the 1987 Jack Cheshire Media Award from Chairman Al Meier (left) and Snark Jack Jacobson.

The Honolulu Hoo-Hoo Club No. 142 was a double winner at this year's international convention, capturing the Wood Promotion trophy and the highly coveted Jack Cheshire Media Award.

The Jack Cheshire Media Award competition attracted three clubs - Honolulu No. 142, Woy Woy Club No. 260 and last year's winner, Auckland Club #248. The Auckland club was awarded second place in this year's contest and the Woy Woy won third place.

The Jack Cheshire Media Award was developed in 1986 to recognize clubs that utilize the media to promote Hoo-Hoo, and was named in honor of the late Jack Cheshire, Rameses No. 64 of Albuquerque, New Mexico.

Lee Haskin of Honolulu made the presentation of Club 142 which had designed and sponsored several feature articles and layouts for publication in the Building Products Digest, an industry magazine which enjoys large circulation in Hawaii. The articles and features were published in the magazine and distributed widely throughout the state.

The Auckland Club No. 248 presentation was made by Ross Molony who displayed several articles which were printed in the New Zealand Herald newspaper and Timber for Today magazine regarding Snark Jack Jacobson's visit last year and various Hoo-Hoo functions. In addition, he said the club was cooperating with a theater company in Auckland to develop a musical version of "The Hunting of the Snark," and had commissioned an artist to design and complete a sculpture made from the roots of a native tree which was presented to the city for placement in the Auckland Public Library.

The presentation for the Woy Woy club was made by Bob Frost who said the club's media promotion activities were divided into six areas — press coverage, banners, promotion of the Hoo-Hoo flag, providing awards for The Dunny Derby (outhouse race) and promotion of the "Gurdon" park.

All Hoo-Hoo clubs are encouraged to notify the media when club meetings are other special events are scheduled. The term media includes newspapers, television stations, radio station, magazines, company newsletters and other press which could help promote the cause of Hoo-Hoo.

### INTERNATIONAL SECRETARY TREASURER'S REPORT By Bernie Barber

There is good news and some unfortunate bad news as happens frequently when discussing conditions of the fraternity.

The unfortunate news is that the Snark's goal of a 10 percent increase in members did not materialize. However, it is not all bad, as there was an increase from 7,215 members in 1986 to 7,252 in 1987. This was due primarily to a large number of new members in 1987.

The good news is that HHI realized \$8,600 in income-over-expenses for the 1986-87 year, and members equity totalled \$115,817. The amount of money received from dues, reinstatements, new members, etc. for 1987 was \$120,006 compared to \$120,098 in 1986. The total amount of money received, including Log & Tally advertising, sale of specialty items, and interest, etc. was \$143,515 in 1986.

The total expenses for the 1987 year were \$134,663 compared to the amount in the budget which was \$146,025. Some of the expenses that did not use the amount contained in the budget were: officers and directors expenses, as some of the officers and directors did not request any reimbursement. Ritual equipment, data processing and printing and stationery, also the Seer of the House of Ancients all were below the amount budgeted.

The items which exceeded the budget were for insurance, postage and freight, utilities, membership pins, and the Operations Manual revision.

The total assets as of August 31, 1987 were \$123,897, and members equity was \$115,817, compared to \$107,206 last year. The funds are primarily in CD's and Money Market Accounts.

the year totalled \$4,001.551, less expenditures of \$3,259.40 leaving a balance of \$2,222.13. Memorial contributions for that period totalled only \$125 compared to the previous year when memorial contributions totalled \$3,808.98, again because of the launch of a major fund raising effort for the Museum during 1986.

The following are the present account balances:

CD	\$12,000.00
Savings	\$ 7,917.31
Checking	\$ 2,222.13
<b>Total assets</b>	<b>\$22,139.13</b>

## THE 1987 REDWOOD GROVE HOO-HOO SAWMILL AND FOREST TOUR A BIG SUCCESS!

HOO-HOO From around the globe boarded the FUN BUS for the Sawmill & Forest Tour which was masterfully organized by Redwood Grove Chairman Dave Jones.

SNARK DICK CAMPBELL (right) presents Weyerhaeuser Company Rep. Byren Dahlen with a commemorative banner.

At 3:00 p.m. on Thursday September 17 a group of Hoo-Hoo members consisting of 11 Australians, 10 New Zealanders, 6 Canadians, and 10 Americans began a sawmill and forest tour following the 1987 International Hoo-Hoo convention in Seattle. Not only was this group diverse in where they came from, some 12,000 miles separated Brian Beer furthest to the west to Keith Waddel furthest to the east, but also they were diverse in their occupations, from Bruce Woodrow a log scaler to Ted Anderson a retailer.

The tour traveled south from Seattle to San Francisco over a period of six days. Along the way we visited the Weyerhaeuser sawmill at Longview, Washington. The Mt. St. Helens Visitors Center, The World Forestry Center in Portland, Weyerhaeuser's overseas cargo facilities in Coos Bay, the Hoo-Hoo Redwood Grove in Prairie Creek Redwoods State Park, the Arcata Redwood sawmill, Pat Dorseys "Lumber Jack" (the last three in Orick, Ca.), the Parducci Winery in Ukiah, Ca., had a BBQ at Jimmy & Betty Jones' in Napa, and toured San Francisco after crossing the Golden Gate Bridge. We meet with Hoo-Hoo Clubs and members in Portland, Eureka, Ukiah, and the Oakland Board of Directors in Napa. As you can imagine we saw and did quite a lot in six days.

I think all those on the tour and those who meet the tour along the way would agree that it was a rewarding experience. When we got on the bus in Seattle, helmed by the now world famous driver Oscar Herriman, there were some people we knew well, some acquaintances, and some strangers. However, as we all piled off the bus, six days later, in San Francisco it was like a family going back to their respective homes after a reunion. I think everyone had experienced the "Spirit of Hoo-Hoo." Getting to know and to become friends with others in the forest products industry.

This trip was successful because of many people in Hoo-Hoo that organized tours at the places we visited and the functions we attended. The following deserve credit for their efforts to making this trip a success; Gary Gamble, Kevin Kelly, Bill Patterson, Bill McLean, Dan Bonnington, Glen Lowe, Phil Cocks, Al Meier, Byren Dahlen, John Gotshal, Bob Tjepkes, Frank White, Jimmy & Betty Jones, Jim Hunter, Jim Rydelius, Bill Scott, Billy Tarpley & Oscar Herriman. A special thanks to those that went on the tour for making my time such a great one.

Health, Happiness, & Long Life,  
David B. Jones

# ORLANDO '88 - THE CITY BEAUTIFUL! PART I

The 96th Annual Hoo-Hoo International Convention to be held September 13-18th, 1988 promises to be one of the best ever! The convention will be sponsored by the Central Florida Hoo-Hoo Club No. 115 in conjunction with the Florida Lumber and Building Material Dealers Association.

Orlando, located in Orange County in the heart of Central Florida is a city of natural scenic beauty with a mild climate year round. The area is surrounded by many beautiful lakes, palm trees, and citrus groves. The Atlantic Ocean, Indian River and Bannana River are to the East approximately 25 miles with the Gulf of Mexico two hours drive to the West.

At the heart of downtown Orlando many new high-rise building and major new public office towers are constantly changing the city's skyline.

Agriculture provides a great deal of vegetables such as sweet zellwood corn, carrots, lettuce, tomatoes for those areas that are unable to grow fresh "veggies" during the cold months.

The Orlando area has many huge shopping malls which include some factory outlet malls.

The Greater Orlando area is becoming, if not already, the number one tourist destination in the world.

Watch for upcoming editions of the *Log & Tally* to include:

February issue - Orlando '88 - Part II, The Attraction.

May issue - Orlando '88 - Part III, The Convention.

August issue - Orlando '88 - Part IV, The Convention Update

Start making your plans early! Those of you who made the '87 convention in Seattle have the Orlando '88 convention brochures. Any additional information may be requested from the Club No. 115 convention committee.

### WASHINGTON HOO-HOO CLUB NO. 99

The Board of Directors of Washington Hoo-Hoo Club #99 was busy during the summer planning a number of superior programs for the coming year. Here are a few notes to help keep you posted.

#### SEPTEMBER MEETING

For the next year we will continue to meet at the Tysons Corner Marriott on the traditional third Wednesday of the month. However, for September **only** our meeting was on the **second** Wednesday of the month. The International Convention in Seattle concluded on the third Wednesday, so this afforded our delegates to the convention an opportunity to attend our meeting.

#### GOLF OUTING

Tom Carlson and Chuck Norris did their utmost to have a summer golf outing to make up for the rained out May outing, but the pieces just did not fall into place. However, we do have an outing scheduled for 1 PM on September 9 — second Wednesday of the month. More details will be forthcoming on this.

#### DEATHS

It is my sad duty to report to you that in the past several months we have lost two of our longtime supporters and very good friends. RAY SIM 45163, who was the retired president of Washington Woodworking Co., Inc., was president of our club in 1945-46 and was quite active in helping us host the 1946 and 1966 conventions. MEL OGDEN L-44871 was general manager for many years of the J. Frank Kelly, Inc. until his retirement and the company's liquidation. Mel was a charter member of our club and attended part of the 1984 convention at The Shoreham. Our sympathy goes to the families of both of these fine gentlemen.

#### CONVENTION DELEGATES

Our Club was represented in Seattle

by Charlie Eaton, Joe Dempsey, Jim Quinn and Lee Roberts. As you probably know, Charlie is now the Jurisdiction I representative for a two-year term on the Supreme Nine.

### GRANITE STATE HOO-HOO #107

Granite State Hoo Hoo #107 kicked off its new Hoo Hoo year with a business related meeting. The social hour gave the members a chance to get caught up on events of the preceding summer. Following "The Yard's" famous buffet, the group heard from economist Bob Berg on what he feels the economy and the lumber business will experience in the next six months. President Jim Fenn then outlined the balance of the year's activities. It looks like a very exciting and beneficial year for #107.

### REPORT FROM NORTHERN ILLINOIS CLUB #139

This is to get you up to date on the latest information; local, international and industry connected. First of all, a new year started on September 9, 1987. You should have received your dues notice from international. They have been able to come up with a complete billing system which includes international and local dues. You just need to send the dues back to your local Treasurer.

The 95th Annual convention was held in Seattle, September 12-16 and Ken Hallgren was club 139's delegate.

Already this year the club has had many interesting events, and coming up is the Lumberjack party at the Moose Club in Woodstock on November 19th.

Club president Tony Boeckhold would like to have all your cooperation during the year. Without your participation and help our club cannot be successful. It's your club to enjoy, so let's all do our part.

Everyone seems to be experiencing

good business these days in the building material field. Hope it keeps going. THINK HOO-HOO.

### HOO-HOO CLUB OF SPOKANE No. 16

#### News Item

The last meeting of the Hoo-Hoo year, 1986-87, was held at the fine home of President Bill and Ellen Lenten, on their patio by the swimming pool on August 12. Included as special guests were wives/dates of the members, adding a touch of glamor to this great occasion.

After a social hour and a fine dinner of "Ribs from Idaho," salads, etc., President Bill called the meeting to order. He gave a brief report of the Club's finances, a substantial gain from the previous year. Bill called on Dep. S-9 Kris Wales to speak briefly of the upcoming Hoo-Hoo affairs in Kalispel, Mont., Colville, Wash., and HHI Convention in Seattle.

Secty. Ernie Wales explained briefly the "Snark Ernie Wales Safe Diving Cup," and then presented it to this year's very surprised winner, Dan Loessin of Dellen Wood Products. Then the Secretary told briefly of the "Snark Gene Zanck Hoo-Hoo of the Year award," which was awarded to PP Perrin Zanck of Pre Built Structures, Inc. Unfortunately, Perrin was delayed in Alaska, so the Chain Saw Wooden Cat was presented to Perrin's father, Gene Zanck to be given to Perrin upon his return.

At this time, the meeting was turned over to "the youngest Rameses at the meeting," #71, Gene Zanck. Gene then, in a greatly inspirational ceremony, formally installed new President Jack Eskeberg, and re-elected Secty./Treasurer Ernie Wales, as well as the members of the Board of Directors into these offices. Jack was presented the Gavel and President's Pin; PP Bill Lenten was presented his Past pres. pin, as well as his Vicegerent Snark Pin.

Before closing the meeting, Pres. Jack called on his cousin, Ellen Wales, who eloquently thanked hosts Bill & Ellen Lenten for their hospitality, and she thanked the Club for all the women,

### WASHINGTON HOO-HOO CLUB NO. 99

The Board of Directors of Washington Hoo-Hoo Club #99 was busy during the summer planning a number of superior programs for the coming year. Here are a few notes to help keep you posted.

#### SEPTEMBER MEETING

For the next year we will continue to meet at the Tysons Corner Marriott on the traditional third Wednesday of the month. However, for September only our meeting was on the second Wednesday of the month. The International Convention in Seattle concluded on the third Wednesday, so this afforded our delegates to the convention an opportunity to attend our meeting.

#### GOLF OUTING

Tom Carlson and Chuck Norris did their utmost to have a summer golf outing to make up for the rained out May outing, but the pieces just did not fall into place. However, we do have an outing scheduled for 1 PM on September 9 — second Wednesday of the month. More details will be forthcoming on this.

#### DEATHS

It is my sad duty to report to you that in the past several months we have lost two of our longtime supporters and very good friends. RAY SIM 45163, who was the retired president of Washington Woodworking Co., Inc., was president of our club in 1945-46 and was quite active in helping us host the 1946 and 1966 conventions. MEL OGDEN L-44871 was general manager for many years of the J. Frank Kelly, Inc. until his retirement and the company's liquidation. Mel was a charter member of our club and attended part of the 1984 convention at The Shoreham. Our sympathy goes to the families of both of these fine gentlemen.

#### CONVENTION DELEGATES

Our Club was represented in Seattle

by Charlie Eaton, Joe Dempsey, Jim Quinn and Lee Roberts. As you probably know, Charlie is now the Jurisdiction I representative for a two-year term on the Supreme Nine.

### GRANITE STATE HOO-HOO #107

Granite State Hoo Hoo #107 kicked off its new Hoo Hoo year with a business related meeting. The social hour gave the members a chance to get caught up on events of the preceding summer. Following "The Yard's" famous buffet, the group heard from economist Bob Berg on what he feels the economy and the lumber business will experience in the next six months. President Jim Fenn then outlined the balance of the year's activities. It looks like a very exciting and beneficial year for #107.

### REPORT FROM NORTHERN ILLINOIS CLUB #139

This is to get you up to date on the latest information; local, international and industry connected. First of all, a new year started on September 9, 1987. You should have received your dues notice from international. They have been able to come up with a complete billing system which includes international and local dues. You just need to send the dues back to your local Treasurer.

The 95th Annual convention was held in Seattle, September 12-16 and Ken Hallgren was club 139's delegate.

Already this year the club has had many interesting events, and coming up is the Lumberjack party at the Moose Club in Woodstock on November 19th.

Club president Tony Boeckhold would like to have all your cooperation during the year. Without your participation and help our club cannot be successful. It's your club to enjoy, so let's all do our part.

Everyone seems to be experiencing

good business these days in the building material field. Hope it keeps going. THINK HOO-HOO.

### HOO-HOO CLUB OF SPOKANE No. 16

#### News Item

The last meeting of the Hoo-Hoo year, 1986-87, was held at the fine home of President Bill and Ellen Lentes, on their patio by the swimming pool on August 12. Included as special guests were wives/dates of the members, adding a touch of glamor to this great occasion.

After a social hour and a fine dinner of "Ribs from Idaho," salads, etc., President Bill called the meeting to order. He gave a brief report of the Club's finances, a substantial gain from the previous year. Bill called on Dep. S-9 Kris Wales to speak briefly of the upcoming Hoo-Hoo affairs in Kalispel, Mont., Colville, Wash., and HHI Convention in Seattle.

Secty. Ernie Wales explained briefly the "Snark Ernie Wales Safe Diving Cup," and then presented it to this year's very surprised winner, Dan Loessin of Dellen Wood Products. Then the Secretary told briefly of the "Snark Gene Zank Hoo-Hoo of the Year award," which was awarded to PP Perrin Zank of Pre Built Structures, Inc. Unfortunately, Perrin was delayed in Alaska, so the Chain Saw Wooden Cat was presented to Perrin's father, Gene Zank to be given to Perrin upon his return.

At this time, the meeting was turned over to "the youngest Rameses at the meeting," #71, Gene Zank. Gene then, in a greatly inspirational ceremony, formally installed new President Jack Eskeberg, and re-elected Secty./Treasurer Ernie Wales, as well as the members of the Board of Directors into these offices. Jack was presented the Gavel and President's Pin; PP Bill Lentes was presented his Past pres. pin, as well as his Vicegerent Snark Pin.

Before closing the meeting, Pres. Jack called on his cousin, Ellen Wales, who eloquently thanked hosts Bill & Ellen Lentes for their hospitality, and she thanked the Club for all the women,

P.S. Another interesting "side Light" was that after a lapse of 20 years or so, 4 wives of members, who started life speaking another language were again together, i.e. Laura Perry (Mrs. Tony) was born in Italy; Gerda Glinde-man (Mrs. Bill) was born in Germany, and Renee Yingst (Mrs. Merald) was born in France, and Ellen Wales, though born in Spokane, grew up in a Danish community, and spoke Danish until starting to school.

#### First Meeting Sept. 23

Our "first" meeting of the new HOO-HOO year was a "last," as it was a tour of the Potlatch Co. sawmill in Coeur d'Alene, Idaho, which shut its doors for good on October 1, 1987 after more than 60 years of operation at this location. It was a last chance to see this

#### Willamette Valley Hoo-Hoo Club No. 33

"New Member-Past President's Night"

Here we go again, another year unrolling in front of us. This year we are off to a well planned start. Doug Gregg was in charge of the first meeting and had a good one in store for us. Doug asked Jon Anderson from Random Lengths to speak on "How lumber markets have changed from 1979 to 1987." This gave us an idea on what has been going on the past 8 years. All of us well know doing business today is a lot different than from the 70's. It was a good subject all of us have an interest in.

DUES, DUES, DUES — You have gotten a bill from the International for your 1987-88 dues. Please remember, you pay the Club. Willamette Valley Club 33 is located at P.O. Box 423, Eugene, Oregon 97440. The home office is sending out billing this year to assist the local clubs. It is a new and very good idea. For the record, the below listing shows dues for Willamette Valley Club 33:

Renewals	\$29.99
Reinstatement	\$34.99
New Membership	\$39.99

Remember, we told you the International was raising their portion of the dues this fall. The local club did not raise dues several years ago when the Inter-

national did. However, the Board of Directors of the local club decided it was time to catch up on dues this year.

Continuing with dues, dues are now due. Please remit as soon as possible and we will have that chore out of the way. We have continued to keep some members on our mailing list who have not paid the past 1-2 years. We can reinstate you for just \$34.99, plus filing out a reinstatement form. Hey, Hoo-Hoo is on the way up in Eugene. Better get reinstated quick.

We must take a minute and welcome the following new members to Club 33 (a couple are reinstated). Please welcome the following:

L.F. Annes, M.L. Bennett, M.A. Carey, G.W. Carter, M.A. Denner, J.A. Walsh, M. Edlin, A.K. Ferrenburg, K.R. Ferrenburg, E.R. Gross, S.J. Hanson, D. Williams, N.R. Heestand, P.E. Hellwege, M.G. Hodges, W.R. Johnson, K.R. Jones, A.L. Wirth, S.H. Killgore, M.E. Kirkelie, G.W. Knowlton, J.R. Lilyengren, G.E. Mack, K.M. Wright, G.T. Murdoch, D.M. Myers, A.C. Nelson, K.O. Parks, G.L. Pittman, R.N. Poppe, K.P. Reffstrup, M.R. Shelton, J. Singer, R.J. Sloan.

33 new and reinstated members, that's a real record catch. Let's keep up the good work and get these folks out to the meetings. Thanks to all the hard work to get new members put in by Dennis Reinwald and Doug Gregg. Thanks.

Please take a look at the new stationery. We have 37 sponsors from the 1987 golf tourney. Thanks a lot people, we appreciate the support. And, I understand some are waiting in line for the 1988 tourney. We must have done something right!

You will note the officers for the 1987-88 year as follows. They decided to keep Archie Brown again as president. Moving up to 1st VP is Doug Gregg. Dennis Reinwald moved to 2nd VP and Rich Cone to Vicegerent Snark. New to the Board is Steve Killgore and Gary Murdoch. Steve recently got reinstated and Gary is a new member. Seems we already have a Murdoch in the organization! Congratulations fellows. Welcome to the Board. Board member Max Allen just didn't have time for Hoo-Hoo board meetings in his busy retired life. We will miss Max's long years of Hoo-Hoo experience. Thanks a lot for a lot of years of hard work, Max.

We had three delegates representing Willamette Valley Club 33 at the Hoo-Hoo International Convention in

Seattle this year. Doug Gregg, Max Allen and Archie Brown attended another outstanding convention! Seattle has a lot to offer and the committee took advantage of every bit of their wonderful area.

Our future schedule is as follows: November 21 is Reno night. December is open (Merry Christmas). January is Industry Night. February is Con-Cat. March is Horse Races (being reviewed by the Board). April is open at this time. May is the Trap Shoot. June (first Friday) is the Golf Tourney.

Hey, it looks like Hoo-Hoo is alive and very well. See you Sept. 24.

#### HOO-HOO #34 SEATTLE, WASHINGTON

Hello! from all of us in Seattle, WA, Hoo-Hoo #34. We hope you enjoyed your stay with us in Seattle for the International Convention. If you missed the trip, ask your friends who came about the Great time they had while in our Great City!

A Big THANK YOU goes to the Chairman of the Convention Committee, John Bratland and his Great Committee Members, all past Presidents of our Local N.W. Clubs. We can't thank those people enough for a job well done.

Our September Meeting was held on Tuesday, the 1st, and we enjoyed the comments of our guest speaker Place Kicker, Norm Johnson of the Seattle Seahawks. Norm assured us that Seattle would be in the Superbowl in San Diego so we best make plans to visit our Hoo-Hoo friends in California. So start making plans for our trip to the Sun in January.

The meeting was small due to the change of date, but all had a great time. Next meeting will be a joint meeting with North Everett Hoo-Hoo whose president is John Demby. We look forward to that meeting and expect over 150 in attendance.

Until next time, hope all had a great time in Seattle, and thanks for coming.

#### Portland Club 47 Hosts Barbeque for Touring Hoo-Hoo

The Portland Hoo-Hoo Club No. 47 swung from its very successful annual golf tournament to hosting an outdoor barbeque for the touring international conventioners. They were on their way

to the Redwoods.

We had more than 120 people in attendance from all over the nation and, of course, a large contingent from Australia and New Zealand.

Several Portland members spent time at the national convention in Seattle.

#### Summer Report From Tacoma Olympia Club #89

We have no regular meetings for the months of July and August, but have a board meeting in August to get the club started for the 1987-88 year, and the first meeting in September.

We held a very successful lumber auction on the last weekend of June. This was a combined effort between Tacoma Olympia Club #89 and Seattle Club #34. Building materials were donated

by local mills and lumber yards.

Chairman of the auction was Dave Peters assisted by George Koeing and Jim Smith.

The monies raised go toward helping the Boy Scouts, school athletics, forestry scholarships and helping fund the 1987 Hoo Hoo convention in Seattle.

Our September meeting was opened by Pres. Jim Smith. Present were 57 members, 10 past presidents.

A great program was presented by Maritime Ventures. They showed videos of diving on the wreckage of The SS Governor which lies in 240 feet of water in northern Puget Sound. She went down 66 years ago and the jewelry and artifacts they have recovered are a step back in time.

So it looks like we are off to a great start for the coming year.

#### REPORT FROM WINEMA CLUB 216

During election nite in June, Winema 216 elected the following officers for 1987-88.

Vicegerent Snark - Wes Sine  
President - Paul Wunder  
Vice President - Ed Maloney  
Treasurer - Ted Paddock  
Secty - Buzz Wagner

Directors - Ralph Lyon, Mike Pellegrino, Bill Nelson, Denny Holl & Lowell Netzer. Now there's a hard working crew!

There was a lot of discussion about our recent Juris III "Mini" with words of praise for chairman Dunn and his committee. It really was a lot of fun, and it looks like we even made a couple of bucks on the affair.

Our meeting in July was our annual Eagle Ridge Steak Fry - and was enjoyed by some 200+ members and guests - Probably one of our finer efforts - Brown & Balcom had the road "muddy," no "Mozzies," the weather was superb, and all came to have a good time. Our thanks to Brown & Balcom for the water trucks, Strunk & Dunn for waterhole #1, Wunder & Nelson on tickets, Lyon & Pellegrino at the bar, Ore St. Forestry for the fire wagon, Columbia Plys' crew for the food dispensing, and to Prexy Sine for setting the whole thing up - Yes, he did have a few "left-overs."

The Malin Park Barbe in September and installation was a good one. Vane Day started things going early, but these Hoo Hoo'ers are great "Bull-Shippers," so by the time we got around to installation, it was "cool" and dark. The food was excellent and the negotiated price was right. Outgoing Sup. 9 Bill Patterson waxed most eloquent as the installing officer, Wes got his Past Presidents pin, Wunder grabbed the clubs reins, Debbie probably became the bookkeeper and Becky became "Head popper of corn" in darn short order while the rest sat in the dark, shivered and enjoyed every minute of it.

From good hands into good hands."

Our "Thanks" to all you fine folks behind the scenes who always seem to find time and make the effort to insure that our projects are successful - You're beautiful people, you know! Winema #216 is healthy and growing with 185 paid up members. We've elected a good bunch of officers for 1987-88, our hosting of the Juris III "Mini" worked

#### NORTH CASCADE #230

Even though summer seems like a quiet time for our club, a lot goes on behind the scenes. Your club officers and directors have been busily preparing programs for next year. There will be a couple of new ideas for our first two meetings.

John Denby has had the directors working on the call lists for this year. It is very important that your correct phone number is on file as we have to have an accurate head count for our meetings. If you have changed jobs or moved recently or know of someone who has, please tell Harry Stuchell so that the call lists can be changed.

John, Paul, and Dick are working hard to make the programs interesting for all involved. Support your club by attending the meetings. If you have an idea for a program or want to see something different tell an officer and they will see what can be done. For all the new members we have brought into the club in the last few years, don't be afraid of telling the officers your thoughts. You won't be put on a committee just because you have a new idea. We do not work that way. You have to volunteer your services, you are not volunteered.

Unfortunately, I was unable to attend the International Convention but I heard the Seattle Club did a great job.

Jeff Loth was elected to the Supreme 9 from Jurisdiction III. Let's give Jeff all our support. He has a large area to cover.

Remember to attend as many meetings as possible. Let's have a good year and support Hoo-Hoo.

Hoo-Hoo Club #16 had an unusual, but most rewarding September meeting at noon at Holiday Inn in Coeur d'Alene, Idaho on Wednesday, Sept. 23, 1987.

President Jack Eskeberg called the meeting to order at 12:30 p.m., after lunch. He welcomed all present, and introduced our newest member, James Miller, who operates a Cabinet Shop.

Secretary Ernie Wales advised that Dick Campbell of Woy Woy, Australia had been elected Snark of the Universe. He also advised that Snark Dick, as well as HHI Exec. Secty, Billy Tarpley are expecting to visit our area in late May. A golf tournament, to be called the "Snark Dick Campbell Golf Tournament" will be held and a dinner for golfers and other Hoo-Hoo members will be held after the golf games.

President Jack then called on Director David Lenten, who had been one of our delegates at the HHI Convention, to report on the Convention. This was Dave's first HHI convention, and he did an excellent job of telling about all that happened at the Convention.

## Jurisdiction IV

### HOO-HOO JURISDICTION IV Now Associated with N.A.F.I.

Following a unanimous decision by the JIV Directors at the mid-year Board Meeting, Jurisdiction IV is now an "associate member" of the National Association of Forest Industries Ltd.

Hoo-Hoo, along with most timber industry organizations and personnel, have been most interested in the establishment of N.A.F.I. ever since Dick Darnoc the Foundation President, promoted its objective: "To arrest the decline of timber consumption in Australia."

Many clubs have since conducted Industry meetings with Dick Darnoc as a guest speaker.

Dick, whose Hoo-Hoo number is 74077, was a foundation member of Sydney Club 215 and an honorary member of Woy Woy 260, being their first guest speaker at their inaugural Industry meeting.

We are pleased to welcome to Hoo-Hoo, N.A.F.I.'s Executive Director, Tim O'Sullivan 92519. A rechartering member of the newly reactivated Canberra Club 232.

Both Dick and Tim have expressed their thanks to the Clubs who have helped them to date with their mammoth task in spreading the word.

No doubt Hoo-Hoo Clubs with the closer link of "Associate Membership" will help even further in the future.

Already one club has taken up the challenge by including the N.A.F.I. logo with the caption "Associate Member" on their letter head.

Other Clubs are planning to have either Dick or Tim speak at future dinner meetings.

Hoo-Hoo has a national membership that can fully appreciate the advantages of increasing the use of timber and can help in many ways.

Remember the proud boast of our order: "Through Hoo-Hoo, a united Forest Products Industry." Let's go for it....

Dick Campbell L-77398

### MELBOURNE 217

Over the past few months the Melbourne Club has commenced improving the walkway and steps in the Gembrook National Park, which comes

under the control of the Pakenham Shire.

In this forest which is mainly eucalypts, five Redwood seedlings were planted about 50 years ago by a local resident. He was a sawmiller in the district, and they were planted for Melbourne's centenary celebration. Two of the trees survived, and are robust examples of 50 years growth in natural surroundings.

### BRISBANE 218

The fraternal spirits is still strong in 218.

The combined meeting with North-East N.S.W. Club 241 at Seagulls Leagues Club, Tweed heads was successful in its implementation and is a fore-runner of dual meetings to come.

In May, the Club hosted the Timber Industry Dinner where the annual Queensland Timber Innovation Awards were presented — this was followed by the Industry's "Living and working with wood" exhibition.

The Hoo-Hoo Bar was a scene of many a convivial meeting.

Variety was added to our meeting in June by having a children's night with guest of honor being racing car driver, Dick Johnston.

Displaying our talent for fraternalism, even with southerners, the guest speaker in July was Peter Knights, Coach of the new Australian Football side in the V.F.L. competition, the Brisbane Bears.

It was also at this meeting that Club 218 took the opportunity to honor three life members for the involvement over the years to Club activities.

Finally, we have taken up Perth's challenge with six special schools to participate in the Clubs' "Creative Youth Awards for 1987."

### N.E. N.S.W. 241

Six Members of 218 attended the 241 A.G.M. in July.

JIV first V.P. Rod Abel, V-G Worrall McCarthy and Dough Bartlett Pres. 218, aided by Charlie Henry, Malcolm Powell and Norm Sparkes partook of a relaxed and casual night with a small but enthusiastic roll up of local members. 241 looks forward to an active year with at least six special club meetings planned.

### IN REMEMBRANCE

Steve Retter, 78786, Sydney Club stalwart passed away on July 9th, 1987.

He leaves his lovely wife Cynthia and two children, Phillip and Eathy.

Steve was a past President and past Treasurer of 215 and was also a member of the Timber Preservation Association, joining the council in the early 1970's and holding the position of President for four years.

He was an active member of the Timber Development Association, serving on the Council for several years.

### WOY WOY CLUB NO. 260 WINS AGAIN!

Woy Woy Club No. 260 President Clem Jones was proud to announce that his club had won the "Novacastrian Shield" golf award for the third year in a row. The Woy Woy team defeated the Sydney and Newcastle teams in the event that was again held at the Everglades Country Club.

### NORTH QUEENSLAND 265

This is the first, of what we are confident will be regular contributions to South Pacific Log and Tally. We have just dismantled our timber promotion stand at the Townsville Show, our second display in less than twelve months. JIV President Tony Hobson has been up to see us and only missed our timber stand by a few days. He thought he was coming up for what he said was a well earned break, we didn't disillusion him by telling him what we had planned. We just put him to work. We organized a television interview immediately after he got to town for that evening's news. The Club's AGM that evening of which he addressed the Club, a tree planting ceremony the following day with the Major of the new Thuringowa Garden complex, (at which we have an ongoing beautification commitment) again with TV and newspaper coverage. As we are less than twelve months old, and because they did such a good job, we have retained most of the nine from last year. Darrell Gibson has led us very well during our first term, and despite what he says we are sure he does enjoy it, so we have saddled him up as President again. Brian Tutton has been an inspiration to us during this year and all Club members have responded to the tasks Darrell has set for us.

**REPORT FROM  
TORONTO CLUB NO. 53**

The Toronto Club No. 53 was well represented at the 95th Annual Hoo-Hoo International convention in Seattle by past president Lynn Edey and Supreme Nine member Keith Waddell. Keith has completed his term as S-9 for Jurisdiction V and Lynn will take over in that capacity in 1989. We did not send the strongest in numbers but we made up for it in quality. Lynn and Keith were joined in Seattle by Gerry Omand, president of the Oktoberfest Club No. 262, who attended with his wife, Lottie.

The November meeting is scheduled for Monday, November 23. (The

time, place, menu and program for the meeting were not available at the time of the printing, ED).

The December meeting will be as part of the Wholesale Lumber Dealers Association Christmas party at the Royal York Hotel. We will have more details as we get closer to Christmas.

We lost two more oldtimers over the summer holidays. Angus Coulas 63714 passed away in July. Harold Paul Gallander 67699, brother of Albert Gallander 62698, passed away July 9th.

The following Executive Committee was elected last year to serve during the 1987-88 Hoo-Hoo year in Toronto Club No. 53:

President - Bob Seldon 90809  
1st V.P. - Art Moseley 79695  
2nd V.P. - Dave Warren 90507  
3rd V.P. - Norm Thomas 88010  
Treasurer - Dave Morrow 92628  
Secretary - Jeanne Pascal  
Editor - Tommy Thompson 84323  
Past President - Ralph Ayers 84310  
Golf Committee Co-chairmen - Guy Pyselman 90808, Ernie Warnica 77756.

The new committee has had meetings during the summer plotting our outings and meetings for the year, if all their plans are realized our attendance at meetings should continue to increase as they have been for the past two years.

229 REPORTS**

The Cowichan Valley Hoo Hoo Club held its annual Golf Tournament on Saturday, April 25, 1987 at the Mount Brenton Golf Course in Chemainus.

Forty-nine "golfers" of diverse abilities were rewarded by clear, sunny conditions. Low gross was Gord Koster who won the Hammie Baillie Memorial Trophy and Gary Urton won low net. The "Most Honest Golfer" award went to Rocky Bradford who recorded an undisclosed but reputedly large score. Leo Kossey did a great job organizing this fun event.

A Shar rock draw in March and the Spring Stag in May helped the Club to continue its annual bursary at Malaspina College. Money raised from these projects enables the Club to maintain their sponsorship of school children visiting the Duncan Forest Museum.

G.S. (Gordie) Doman Memorial Foundation continues ... New methodologies and techniques are continually changing in the medical field and in a small way, each year, the G.S. (Gordie) Doman Memorial Foundation continues to contribute to the educational development of the medical staff of the Cowichan District Hospital.

Gordie Doman's philosophy in life was always to take the positive approach, and as such, was one of the founders and Charter President of the Cowichan Valley Hoo Hoo Club #229. He was also a motivating force behind the young men and women of the community and an enthusiastic promoter of the forest industry.

HOSTS SPEAKER'S NIGHT**

In July, San Diego members were educated and entertained by a Speaker's Night presentation by Tree Source. Over

Seventy members and guests attended a very social evening at a local hotel. Warren Hoffman from Dixieland Lumber projected the event and it got rave reviews. If you have not seen Tree Source's film on early logging in the United States - do so - it is worth the effort.

We also completed our annual raffle of our week in Hawaii. Our regional Supreme Nine representative, Brent Crosby, donated his condominium once again and ... once again ... a member of American Mill won the drawing. Bill Evanson will enjoy the Winter sun in the Islands.

### CLUB NEWS - HOUSTON No. 23

Howdy, From Houston! We've had a busy summer, hope yours was the same.

On June 30th, Houston -23 held its annual Old Timer's Night. We met at the Anheuser-Busch Brewery (Rossey's Shrine) and had a great turn-out. Even Jack Jacobson, Snark of the Universe, Al Meier and E. Z. Hunt showed up to help us east bar-b-que and empty a few cups. That night the club awarded four trips to the International Convention in Seattle. The lucky winners were Bob Ridley, Bill Baird, Fritz Lee, and Bill Franks.

In August, the club elected its new slate of officers and board members. They are: Pres. - Mike Knigge; V. Pres - Ross Hunnicutt; Secretary-Treasurer - Frank Aranza; Snark-Sergeant at Arms - James Sullenger, and as Cat Tamer - Kyle Williams. The Board members are James Antee, Joe Breeden, Bill Franks, Claude Huering, Ed Radke, David Tschatschula, Terry Welch, Jim Moncrief, and Wally Swanson, with Von Simpson as their chairman.

**News Flash!** Dateline: Houston Club

No. 23 is proud to announce that the new Supreme Nine member from J7 is our own Bill Franks. We congratulate and support him. Salutations also to all the new International Officers, particularly Dick Camp-

bell, our new Snark of the Universe. Thanks to Seattle and everyone else involved for a **great** convention in the beautiful northwest.

### EAST TEXAS HOO HOO CLUB NO. 135 MAKES DONATION

The energy, enthusiasm and wanderlust of Snark of the Universe John K. (Jack) Jacobson No. 73133 carried him to Lufkin, Texas in July for a luncheon

meeting with members of the East Texas Hoo Hoo Club No. 135 in the Blue Room of the Crown Colony Country Club. In tow, were Jurisdiction VII Supreme Nine Eddie Hunt No. 85910 and Rameses 78 Al Meier.

(Continued on Next Page)

(continued from page 42)

Members presented the Snark of the Universe with several tokens of their esteem and appreciation, including an official blue Hoo Hoo Band shirt, which Jack received from Hoo Hoo Band leader Glenn Miller No. 92616 (no relation).

The East Texas Club has raised funds through two raffles. A rifle raffle at the Sportsman's Extravaganza last fall raised

funds for the Hoo Hoo Band and the Texas Forestry Museum. Funds from the raffle were presented to Museum Director Carol Riggs.

A raffle for a RCA video recorder at the Texas Forest Festival in May raised funds for an educational scholarship. Ken Johnson No. 85911 of Lufkin won the recorder. Gary Bridges No. 92610 of Diboll coordinated the raffle and held proceeds.

EAST TEXAS 135 - Hoo-Hoo members Ed Wagoner (left) and Jerry Huffman mans the Hoo-Hoo raffle booth at the Texas Sportsman's Extravaganza. Raffleprize was a Weatherby 22-250 bolt action rifle.

At the June meeting of the East Texas Hoo Hoo Club on beautiful Lake Sam Rayburn Reservoir in Nacogdoches County, Club President George Murphy No. 89880 of Camden presented the \$500 educational scholarship check to Dr. Kent Adair, dean of the Stephen F. Austin State University School of Forestry in Nacogdoches. Dr. Adair treated fourteen club members and guests to a two-hour boat cruise on the lake aboard the 30-foot-plus floating classroom of the Piney Woods Conservation Center Educational Workshop of Stephen F. Austin State University.

The water trip was arranged by Dr. Adair as an ideal setting for the presentation of the East Texas Hoo Hoo Club's scholarship to the School of Forestry.

The Texas Forest Festival was another opportunity for the East Texas Hoo Hoo Club to promote forestry and forest products. For the second year, the club competed in the Southern Hushpuppy Olympics, one event at the four-day festival. Last year, George Murphy took the forestry division honors as Best Hushpuppy Cook in Texas.

Six other teams from every part of the forest industry in Texas participated. They included the Texas Forestry Museum, Texas Forest Service, Texas Forestry Association, Champion International Cor-

poration, Temple-Eastex Incorporated and the Consulting Foresters of Texas.

A special attraction for the forestry division cook-off was the appearance of several members of the Hoo Hoo Band shirts. They entertained contestants during the cooking event by playing a selection of marches, waltzes and popular favorites.

For their excellent musical contribution to the event, the Hoo Hoo Band won the Southern Hushpuppy Olympics Forestry Division Showmanship Award. Band leader Glenn Miller accepted the award on behalf of the band.

### SNARK MAKES TOUR THROUGH J-VIII

Snark Jack Jacobson, accompanied by Chairman of the Board Al Meier and J-VIII Supreme Nine member Lyle Hoeck, made a tour through Jurisdiction VIII early in the summer and left a good impression on the clubs there.

On June 25th, Jack and company were with the Omaha Club No. 124 for cocktails and dinner at Mister C's. The function was attended by some 30

members and their wives.

June 26th, the group was with the Iowa Club No. 102 in Des Moines where Jack visited with past S-9 member Robert Leachman 45226. The Snark met with ten members of the club Board of Directors for a luncheon.

On June 27th, the Snark attended a joint meeting of the Hawkeye Club No. 193 and the Mississippi Valley Club No. 131 at the Highlanders Inn in Iowa City. 21 members of the Hawkeye club and 10 members of the Mississippi Valley club were present for the meeting. The meeting marked the first time in several years for the Mississippi club to hold any

kind of meeting. Bill Burress and other interested members of the club will contact potential members about re-activating 131. Good Luck and Best Wishes, Men!

The Snark and entourage met with the Central Minnesota Club No. 91 for the Mississippi River Cruise stag dinner at Pirate's Cove on June 29th to wind up the J-VIII tour.

Many thanks to Jack and Al for taking time to tour our jurisdiction and they may rest assured that they are welcome back at any time!

### SNARK GALA IN OMAHA JUNE 25TH AT FAMOUS MISTER C'S

Now There Are Three! Three Snarks Have Been Made "Admirals" in the Nebraska Navy!

It all started at the 1983 international convention in Victoria B.C. when Homer Hahn of the Omaha Hoo-Hoo Club No. 124 brought a commis-

sion from then Governor Bob Kerry, which made Kevin Kelly the only Snark to be an Admiral in the Nebraska Navy.

On June 25, 1987 in Omaha, where Snark Jack Jacobson and Chairman of the Board Al Meier were present with their wives, Homer thought it would be a good idea to have such good men also belong to the Nebraska Navy. With the

help of brother Kurt Yost, two commissions were obtained from the state's lady Governor Kay Orr. So now the navy has three good men!

The Omaha club had a fun evening with Jack and Al and their lovely wives. It was the kind of evening that makes you feel good about being a member of Hoo-Hoo!

**SIoux VALLEY CLUB NO. 118  
HOLDS R&R DAY**

About 130 members and guests attended R&R Day on August 18th hosted by the Sioux Valley Hoo-Hoo Club No. 118. The event was held at the Brandon Country Club, which was also the site of the golf tourney. The S.F. Isaac Walton club was the location for the trap shooting, steak fry, door prizes

and refreshments.

Attending were Rameses 77 Carle Hall and Supreme Nine member Lyle Hoeck. It was a beautiful day enjoyed by 102 golfers. Trophies were presented to Fred Rupp (championship flight 9 holes), Tom Fellows (18 holes), Sellwyn Ronning (1st flight) and Steward Elliott (2nd flight). The trap shoot was won by Doug Haag.

Many prizes were given away following the steak dinner. The raffle prize of the 19 inch color TV was won by Bill Sanders.

This was another great day enjoyed by all bringing many friends together in the fraternity of Hoo-Hoo. Thanks go to all who served on the committees for another successful R&R Day!

AT SEATTLE CONVENTION**

Six members of the Central Florida Hoo-Hoo Club No. 115 attended the 95th Annual convention in Seattle in September and hosted a cocktail hour and dinner for several hundred people at the beautiful home of Rameses 78 Al Meier.

Al and Georgia were very kind and gracious to allow us to use their home for this event, and we are truly grateful for

their hospitality!

An event is hosted each convention by the club which will sponsor the next convention, and since Orlando will be the site of the 1988 Hoo-Hoo convention Club 115 was honored to sponsor the cocktails and dinner for delegates and wives.

Attending from the Central Florida Club were Harry Aroian, Lou Wadsworth, Larry Jordan, Frank Gray, Phil Cocks and Bud Ryan.

Thanks again, to Al and Georgia Meier for the gracious use of their home for this highly successful event!

**SPACE COAST CLUB NO. 221**

Space Coast Hoo-Hoo Club No. 221 has undertaken a project to develop a 3 acre tract of riverfront property, donated to the club by the county, into a public park for the citizens of Brevard County, Florida.

Upon reading of the recent acquisition of property throughout the county, valued at more than \$3,000,000, for riverfront conservation, representatives of Club No. 221 approached the Board of County Commissioners with a proposal to develop a parcel of land into a public park.

At a meeting of the Brevard County Board of Commissioners on September 2, 1987, at the recommendation of Commissioner Sue Schmidt, a 3-acre parcel valued at more than \$400,000 was turned over to the club for this project. Present at this meeting and representing the club were Supreme Nine member Frank Gray L-86365 and Cal Hoar 92815, club vice president and Deputy Supreme Nine.

Commissioner Schmidt reported to the several hundred in attendance that this was the first parcel of the recent waterfront purchase to be given to any group for improvement and praised the club highly for this ambitious undertaking, expressing hope that other organizations would follow the lead and volunteer for such an objective.

**SPACE COAST HOO-HOO CLUB  
221**

We've been at it again. Club 221 has launched a couple of new events. First, as you know from our last report, we participated in that great Cape Canaveral Seafood Festival and became overnight celebrities as "corn shuckers extraordinaire." This event was followed by a mid-summer deep sea excursion. A fantastic turn out! Over fifty people and a good thing too — at least we weren't short of good fish stories. Apparently, the fish had been fore-

(continued on next page)

(continued from page 47)

warned and the day's catch was rather small. However, on the bright side, it was a great day — blue skies, blue green seas, light wind with 3'-4' swells. As you can see by the captioned picture, not everyone had to stop at the fish market on the way home.

During the August meeting the club elected new officers and decided to have the formal installation of officers during the September meeting. Now a first for our club, an invitation was extended to all club member's wives to attend the meeting and witness the installation of the new club officers. Frank Gray, J IX presided over the official installation ceremony by administering the oaths of office to the new club officers. At this meeting, our best launch yet was announced. The club has been pursuing the idea of developing a park (county) adjacent to the Indian River. These efforts were recently rewarded when the county awarded the project to the club. The club will develop approximately three acres

of land between Indian River and US Highway 1 in Rockledge, Florida. The park name will reference Hoo Hoo International and club 221. Many thanks to Ron Thompson for his diligent work. Also, special thanks are due Frank Gray and Call Hoar who presented the concept to the Brevard County Commissioners at an open meeting. We view this project as a tremendous challenge and at the same time as an opportunity to provide a substantial community service. Plans for the park site are currently being finalized. Club 221 anticipates using the park as a site for many future functions/meetings. As you may be able to see, we are very proud of this project and we will be providing update reports as the park site develops.

While the project is developing, the club will participate in a Concat at the Florida Lumber and Building Materials Dealers Association, Trade Show later in September.

#### DR. CHARLES GARRISON CLARK 77958

Dr. Charles G. Clark 77958, age 65, of Arkadelphia, Arkansas died on September 27, 1987. Brother Clark was a member of the Gurdon Hoo-Hoo Club No. 120 and practiced medicine in Arkadelphia until he retired to manage his extensive timber property. He was a much-loved and well respected member of the Arkansas timber community and played a vital role in various activities to benefit his community and county. His sudden death was a shock to those who knew him and loved him. Brother Clark leaves behind a legacy of honor and trust to which all of Hoo-Hoo should aspire. He was the personification of our Nine Point Golden Rule and his very life was an example that all should follow.

Brother Clark was concatenated on April 23, 1968, in Gurdon.

Bert B. Larsen 71074, age 64, of Squamish, British Columbia died August 22, 1987. Brother Larsen was member of the Vancouver Hoo-Hoo Club No. 48. He was born August 6, 1923 and was concatenated March 10, 1960 in Vancouver.

#### FRANK. A REDDING 69049

Frank A. Redding 69049, age 81, of Wichita, Kansas died on Wednesday, August 5, 1987. Brother Redding was retired from the Comley-Neff Lumber Company sales department and was a member of the Wichita Hoo-Hoo Club No. 173. Rameses 67 Dave Marteny wrote of Brother Redding, "He was not just a member, he was a participating member, faithfully attending most meetings and other planned events until failing health restricted his activities. He was fair and honest in his dealings and therefore very much respected by customers, competitors and colleagues alike. One should pause for just a moment, even if not acquainted with him, to mourn the loss of such a fine example this good man provided the rest of us."

Brother Redding was the father-in-law of another Hoo-Hoo member, Ben Coulter who died several years ago.

Brother Redding was concatenated November 24, 1958 in Wichita.
