Log & Tally (USPS 317-560) is published quarterly for \$2 per year by the International Concatenated Order of Hoo-Hoo, Inc., 1420 Providence Highway, Norwood, Mass. 02062. Before I discuss goals 4, 5 and 6 for this year, let me say a few words about the Hoo-Hoo enthusiasm that is growing within our Order! It's almost unbelievable how cooperative and helpful a lot of our members have become. All of our S-9's have pledged to start or reactivate a total of 13 clubs this year. In addition to this, many clubs are initiating a record number of kittens. The quality of these kittens insure the future of our Order because many are in the age bracket of 25 to 35 and should be around for a long time. Couple this with many clubs adopting a balance of good programming, and we have the ingredients needed for growth and success. The willingness of clubs to schedule meetings for my convenience has also been most helpful. Hoo-Hoo people are the greatest!

Goal No. 4 for this year is to have Hoo-Hoo listed in the encyclopedias. I'm happy to report that 12 such publishers have been contacted and thus far 3 have responded favorably.

Goal No. 5 is taking place. Juris II had a great get-together in Wisconsin, put on by State Deputy Ken Hallgren with 6 clubs represented. Three clubs helped in the tremendous reactivation of the San Antonio Club. Juris III, the largest in membership, will probably have eight to ten clubs represented at its gathering in May. The Eastern part of Juris II is looking to Niagara for a six club gathering in June, while the clubs in Eastern Juris III are looking for their gathering of the clan in July. Southern California in Juris VI looks to its annual quad club meeting in August. They also met earlier this year at Coronado. The Western part of Canada in Juris V has rumors of a gathering this summer. So, if your club hasn't gotten together with a few of your neighboring clubs, get with the times. Contact your S-9 and tell him you want some help for a multi-club meeting.

Now we come to the good one! Goal No. 6 is to encourage more members to seek International office. After going up the chairs in a local club, most members kind of fade into the background. Too bad, because their experience and knowledge could be helpful to other clubs. More of these members should seek the office of Deputy Supreme Nine. He visits 2 or 3 nearby clubs and gives moral support and an exchange of ideas. This background prepares him for a 2 year seat on the Board as an S-9.

Air fares to two board meetings (one mid-year and one convention) are picked up by the International. He also receives .75 a year per each paid member in his Jurisdiction for expenses incurred within his jurisdiction promoting Hoo-Hoo. Employment involving travel is helpful but not necessary. The most important

Several times in recent years, at some of our board meetings and conventions, the question has come up "what does Hoo-Hoo do for the young lumberman?"

Hoo-Hoo offers logical avenues for the activities of the younger lumberman, which are not open to him in any other organization, and assure him benefits which he could derive from no other source.

The activities of the order provide opportunities for the young lumberman to use his initiative and energy in constructive work, for the Industry, and to get a great deal of personal pleasure out of the contacts and associations, not only with others of the younger generation, but with the more prominent and influential men of the industry. For Hoo-Hoo is the only organization that gives the young men on the "Firing Line" a chance to co-operate in an International movement.

Hoo-Hoo has plenty to offer the young man of the lumber industry, if we will but realize it

Report from Second Veep

Now that we are well into the 2nd half of the Hoo-Hoo year, I am happy to report that we are well ahead of last year in membership, new kittens, reinstatements, reactivated clubs and forming new clubs. This is very gratifying to the International Officers.

The membership drive programs that I recommended earlier in the year has proven itself a success for the clubs that have used it. A special thanks to all the clubs that have already held a concat. If your club has not held a concat yet, please schedule

and take advantage of his opportunities.

This is the message that somehow, we have to get to the young lumberman. I believe the personal contact is what is required.

Health, happiness and long life,

Fraternally,
James A. Jones L-72703

Snark's Message.....

what an S-9 can do is maintain close contact with his clubs. This can be done with letters and phone calls. Personal visits to his clubs are also helpful. Weak clubs need his encouragement and areas without clubs need to be developed so clubs can be started. An S-9 that does his job well should have members wanting the job when his term is up. (I strongly believe we have to afford our ambitious members the opportunity to move up lest we lose them.)

After serving on the Nine, our member is now eligible to move up again and become an International Officer. Travel fares to board meetings are again paid by International, along with a small allowance for expenses. Though not many seek the office of Snark, more should. We have a wealth of members qualified for our higher offices, so let's start now to encourage them to seek the job.

The Snark receives a \$6,500.00 expense allowance and, if he has to watch his expenses as I do, he can visit a lot of clubs by proper planning and a patient wife. The clubs will cooperate when they see a man is sincerely interested in promoting Hoo-Hoo. The opportunity to become Snark is open to every member.

The more members that seek these offices, the better chance we have of electing leaders that will bring growth to our Order. The more growth we have, the more there is to share. And that, brothers, is what our Order is all about - Sharing the fraternalism of men involved in the Forest Products Industry.

one at your earliest convenience.

I would like to make the following suggestions to the clubs that have taken in new members.

- 1.) Speak to your new members. There's nothing nicer than a cheerful word of greeting.
- 2.) Smile and be friendly. Remember - it takes 72 muscles to frown and only 14 to smile.
- 3.) Call the new members by their names. The sweetest music to a new member's ears is the sound of his name.
- 4.) Be friendly, helpful and candid as if everything you do is a genuine pleasure.
- 5.) Be genuinely interested in the new members.
- 6.) Be generous with praise and cautious with criticism.
- 7.) Be considerate with the feelings of your new members.
- 8.) Be thoughtful of the opinions of your new members. Remember, there are three sides to every controversy - yours, the new members and the right one.
- 9.) Be alert to give service and advise to new members.

I'd like to ask each club president to ask himself - "What is my club doing about those members who joined our club last year and have not renewed their membership this year?" This is probably one of the most serious problems we have in Hoo-Hoo today - last years new members not renewing. Club growth can only come through new members and reinstatements. We realize there will be a normal loss of members every year through mortality and attrition, so an equal number of new members and reinstatements must be recruited each year to even maintain the status quo.

Fred Meyer and I are spending considerable time trying to encourage lumbermen throughout Southern Illinois, Indiana, Ohio and parts of Kentucky and Tennessee to become involved in Hoo-Hoo. We are hoping to announce in the near future that a new club has been formed in Southern Illinois.

Since my last report I have travelled to the mid-winter Board meeting, attended the Jurisdiction II Conference in

Report from Juris. I

Since assuming my position on the "Nine" in Toronto last September, a great deal has transpired in the Northeastern part of the country.

The Harry L. Folsom Club No. 13 in Boston initiated 27 kittens on December 1st - one of the largest Concats ever in Boston. Snark Gene was present and introduced the "Hoo-Hoo Song". The Boston Club now has 287 paid members and is looking for more kittens for another Concat in May. Three Hundred by Hawaii?

On March 20th I attended Club No. 161 (Cradle of the Union) Annual Halley's Follies Nite in Albany, New York. About 110 wholesalers, retailers and contractors were present for a great evening. Under the leadership of John Passmore and Ray Hospot, this club is alive and healthy.

Two days later I went to Cherry Hill, New Jersey to visit the Walt Whitman Club No. 171. Charlie Montague and Ralph Dages are to be complimented for having 100 per cent paid membership on the 9th of December - the third successive year in accomplishing this. The club is very optimistic and has some great plans for the balance of the year. Other than my plane ride (Bomb Scare on flight 169) my trip to New Jersey was great.

The Granite State Club No. 107 (New Hampshire) held a Concat on March 26th with the Boston degree team on hand. New Hampshire now has 84 paid members plus 12 kittens for a record high of 96 Hoo-Hoo.

Report from Juris. II

Thanks at all members of Juris II for their support. It is an honor to be elected to the Supreme Nine According to Dom Chiarella, Emile Bernard and Joe Kuczynski, the club is "Just beginning to grow!"

Next stop March 29th at Lewiston, Maine where Dennis Pelletier and Roger Gowen made me feel very much at home. The Maine Club No. 54 hopes to hold a Concat in May. They will also be hosting an All Industry Night on September 13th, so for those of you not in Hawaii, I suggest you attend this gathering. Sounds like a great day.

The Roger Williams Club No. 51 (Rhode Island) has had a few problems of late, but I feel certain that if they go through with the plans formulated on February 27th, they can get back on the right track and begin to build their membership up once again.

The "Lumber Co-operator" the publication of the Northeastern Retail Lumbermen's Association, has agreed to feature Hoo-Hoo in its July issue. I urgently request that all clubs in Jurisdiction I get behind this project and support it to the fullest. What a vehicle to sell Hoo-Hoo!

Thanks to Rick Gutowski and Dr. Harold Gatslick, the Western Massachusetts Club No. 59 is scheduled for a reorganization meeting on April 19th in Springfield, Mass.

I hope to be able to get to Washington, D.C. and Baltimore, Md. and Northern New Jersey in the next month or so.

My personal feelings after six months for Jurisdiction I are very optimistic. The officers and Board members of the clubs I have visited are all working for the good of the Order. The clubs are active and healthy. Keep up the good work and please keep in touch with me for any assistance I may be able to offer you or your club.

Fraternally,
Richard T. Mullen 76940
S-9, Juris. I

and a privilege to have the opportunity to serve. Our Officers have charged us with the responsibility of continuing the increase in membership, and this will be our goal along with a closer-knit Juris II.

I am asking all clubs to have a special membership drive and Concat and to work on reinstatements. I have set a modest 10% increase for a goal, and feel that this should be no problem.

We will also be working to establish new clubs and to revitalize some that are inactive. 2nd V.P., Bob VanEvery is working for a club in Grand Rapids, Michigan. The Rochester N.Y. Hoo-Hoo Club expects to start a club in Syracuse and Ed Sembell of the Northern Illinois club and Executive Secretary of Illinois Lumber and Building Materials Dealers is going to get a club in Peoria.

Offers to help have come from the Indiana Lumber and Builders Supply Association of Indianapolis, the Northeastern Retail Lumbermen's Association of New York and New England, Forest Products Research of Madison, Wisconsin, Northern Hardwood and Pine Association of Green Bay, Wisconsin, Forest Products Research, Wisconsin and Ohio Lumbermen's Association in Columbus, Ohio.

Any readers of this that are members of the above associations please take note and follow up. If any of you know of any organization that might help us, please let me know.

Ken Hallgren of Northern Illinois Club put together a fine mini-convention in Wisconsin with six clubs represented! Detroit, Buffalo, Rochester, Erie, Pittsburg and Milwaukee all report a full calendar for the Hoo-Hoo year!

In closing I would like to make a prediction that the Detroit Club will be bringing the wood promotion trophy back from the convention in Hawaii this September!

Fraternally,
Fred Meyer - 58954

WHAT IF WE HARVESTED FOOD LIKE WE HARVEST TIMBER?

Consumers wouldn't stand for it. They would see that heads rolled in Washington.

Why, if we managed our agricultural crops as ineffectively as we manage our national forests, this country would no longer be the world's breadbasket.

Not by a long shot.

It's time we Americans asked our President, senators and congressmen, to take a look at the huge potential of our woodlands. We should point out that the economic and environmental benefits of the forest can be enjoyed at the same time without conflict.

It's time we said - look, there's over six billion board feet of timber going to rot out there every year.

We could take that material and build 400,000 new homes.

Create \$600,000,000 in local tax revenue.

If we got serious, we could make our national forests far more productive. Already private industry has shown how intensive forest management can double, in some cases even triple, the amount of wood grown on a piece of land.

What the Forest Service needs most is money - the funds to get the job done right. It's up to us to remind congress that every dollar invested in the Forest Service yields a profit to the U.S. Treasury.

We must let it be known that this country deserves a progressive National Forest Management Act which will see to it that:

1. Timber production goals be established consistent with the nation's anticipated need and with

the capability of the national forests to meet that need.

2. Timber be sold in volumes sufficient to meet the established production goals.

3. Funds be provided for intensive management.

4. Over-age timber be harvested before it decays.

Write today. A little yelling could do us all some good.

For more information on the need for a national timber policy, write Louisiana-Pacific, 1300 Southwest Fifth, Portland, Oregon 97201.

Report from Juris. III

Our Jurisdiction, being located in the great northwestern part of the United States, has a resounding heartbeat. We are fortunate to have vigorous and strong men in the lumber business. Their momentum carries over into healthy and fun filled Fraternalism.

We are looking forward to the gathering of the clan at our annual mini-conference which will be held at the resort lodge, "KAH-NEE-TA", in central Oregon. This event will be, not only a fun filled weekend of golf, swimming, a salmon bake and evening social activities, but also a work session and business meeting.

The exchange of ideas among clubs and the enthusiasm that is generated here really help keep Jurisdiction III "huffin' and a puffin' ". We also encourage campaigning and support for S-9 candidates to be a part of this event.

Our membership is growing and we are excited about the International Convention in Hawaii.

The Great Black Cat says "Aloha" from Jurisdiction III. Fraternally,

Report from Juris. IV

We have 12 clubs in Jurisdiction IV at the present time with the 13th club still in limbo for reasons listed later.

Adelaide Club No. 212 currently has 92 paid members and Mt. Gambier Club No. 214 has 68. The Sydney Club No. 215 has 114 members while our Melbourne Club No. 217 has 137 members (our largest club in the Jurisdiction.)

Our Brisbane Club No. 218 has 89 paid members and the Hobart, Tasmania Club has 41 paid. The Northeast Victoria Club No. 236

has 27 members and the Newcastle Club No. 237 has 17 members.

Jurisdiction IV's Launceston Club No. 239 has 39 paid members while the Perth Club No. 240 has 28 paid members.

Our new club No. 241 (North East New South Wales) has gained some membership and now has 34 paid members.

We have had a total of 10 Concats so far this year with more in the offing. The Singapore Club is still not off the ground due to the stringent official clearance regulations regarding clubs and societies. The Canberra Club No. 232 is now dormant with members pro-tem absorbed by the Sydney Club.

Our sincere fraternal greetings to all of you in North America, and we hope to see you all in Honolulu in 1979 and in Melbourne, Australia in 1982!

PERTH - Had a very successful Ladies Night in December. Membership Director, Roland Logue, is undertaking a complete survey of membership with the object of presenting a membership plan in which every member of the club will participate.

BRISBANE - (And NE NSW) - planning a full Concat in Grafton on Friday, 23rd February. Can other clubs (Sydney) support this, please? Barring disasters I will be there. Brisbane has drawn up its full calendar for the year including Miss Timber Dinner on 8th June and Open Forest Day 10th June - that would make for a nice weekend to cap their Timber Week June 4-10!

SINGAPORE - Still going through the formative stages owing to the need for government approval of Constitution, by-laws, etc., against a background of the old illegal secret society days. Perth has agreed to foster this club, but I expect to visit them at least once and hope other officers and members also will do so.

Mt. Gambier - Their Xmas day out in the Renwick Forest Reserve was attended by about 75 members, their wives, friends and children. They will hold a Honolulu presentation at the Port

MacDonnell Hotel on March 12th, with a seafood gourmet meal, after a cricket match on 11th March. They plan to suitably celebrate World Forestry Day on 21st March.

MELBOURNE - At February 19th meeting they have the Secretary of the Waterside Workers Federation as guest speaker and for the Ladies Night in March they will be inviting Ms. Ita Buttrose, editor of "Women's Weekly."

SYDNEY - Organizing a prestige celebrity night in March in conjunction with T.D.A. whose 40th Anniversary takes place this year. A prominent guest of honour will be in attendance. The Toy Project is going well with a large number of wooden toys distributed via the Lady Mayoress Relied Fund at Christmas time.

Ed. Note: The following report was written by Jurisdiction IV Supreme Nine Member Steve Stevenson 74063, and sent to each club in Jurisdiction IV, of which there are 13.

You all know we are making a determined bid for the HHI 1982 Convention to be held in Melbourne. Doug Howick and his team have done an absolutely marvelous job with the presentation and I would say have given us the inside running. Some of you may not know that there was some danger that a decision might have had to be made in Jaunary instead of at Honolulu owing to the U.S.A. bidder - Boston Club, being unable to hold the venue availability until that time. After an eloquent appeal by Doug Howick's committee and some masterly diplomacy on the part of Snark Gene Zanck, the Seattle Club is now underwriting the American bid by providing the option of a venue, and I can here confirm that the decision will be made in Honolulu as originally intended. Let's make sure now that we have the numbers there to carry the day.

GOTTSTEIN FUND - We want to give this our wholehearted support, not only this year, but over the next three

Report from Juris. VII

Thanks to Bill Burk and friends, the San Antonio Hoo-Hoo Club No. 20 was re-activated on Thursday, February 22, 1979.

The meeting was attended by Snark Gene Zanck, several members from the Houston Hoo-Hoo Club No. 23, and the Metroplex Hoo-Hoo Club No. 242, plus approximately fifty lumbermen from the San Antonio area.

Following the happy hour and dinner, a discussion was held on the re-activation of this club. The interest was extremely high and the San Antonio club voted to proceed with a Concat. There were twenty-nine new members concated and ten reinstatements.

Reports reaching us from San Antonio indicate the interest is still running high and a fine meeting was held in March with a slate of officers being elected.

Houston Hoo-Hoo Club No. 23 held a Concat on March 29th for eleven new members.

The Metroplex Club No. 242 is holding a Concat on April 5th and, as of this date, approximately twenty kittens are scheduled to be initiated.

The outlook for Jurisdiction VII continues to improve. With

years. I know of 3 clubs who have each voted \$1,000, 2 of them \$1,000 per year for three years, and I hope all other clubs will follow suit and let me know their decision. My view is that the bigger, older established clubs can handle at least \$1,000 per year for the three-year appeal, with the newer and smaller clubs looking at, say, \$500 p.a.

SNARK ZANCK - Many of you will meet Gene in Honolulu and he has told me he wants to attend all or most of the sessions of our own convention day on September 13th.

At the present time in Jurisdiction 8 we have seven clubs in operation. Two in Iowa, Three in Minnesota, One in Neb. and One in South Dakota. From the seven we have held six concats with a total of 72 Kittens received.

The membership is down some from a year ago, but we are planning three more concats this spring and each club is working to get in the delinquent dues. At the present time we have not reactivated any clubs but are still working on two prospects of a club in Duluth, MN and one in Fargo, ND. We also have a very good prospect of starting a new club in Northern Minn.

Report from Juris. IX

With the help of all the State Deputy Supreme Nine members, Bob Hayes in Virginia, John Schultz in North Carolina, Weems Jones in Georgia, Doug McCary in Alabama and Joe Ledford in Florida this Jurisdiction is in good hands.

I attended a meeting with the Central Florida Club No. 202 during November and also attended a Con-Cat with Miami Club No. 42.

During January of this year we did reactivate the Royal Palm Hoo-Hoo club No. 202 at Fort Myers, Florida. We had about 22 kittens and that club had had another Con-Cat during March so Ft. Myers is going to be a strong

and active club. Bob Hayes and his wife, Mary, came down to Greensboro, N.C. and my wife Fran and I met them and Bob and I met with the Greensboro-Piedmont club and we both were on the Con-Cat team. We all had a very productive trip with Greensboro.

I attended the Board of Directors meeting in El Paso, Texas on January 20th. Fran and I arrived on January 19th. We attended a cocktail party by Jim and Betty Jones our 1st V.P. The meeting was so busy that I did not get out of the Hotel until we checked out on January 21st. It was an enjoyable trip and a productive meeting.

February was a busy month for me. I attended the North Carolina, South Carolina Retail Dealers meeting in Charlotte where I met with several past Hoo-Hoo members who I expect to assist in the reactivation of the Charlotte club. We hope to have this club active before the Convention in September. The Atlanta Club No. 1 invited along with Birmingham our Snark Gene Zanck to visit with them and he agreed to come on February 19th. We had a big evening planned in Atlanta but LO, came the ice storm. Atlanta was forced to delay the meeting until the following day. I met the Snark in Birmingham on Feb. 20th and we had a long lunch meeting with 15 officers and directors of the Birmingham club. We then drove to Atlanta for the delayed meeting there. Because of the ice storm we only had 55 members and their wives present but Gene met some of our very pretty girls.

During March Fran and I attended the St. Patrick party and dance as guest of the Central Florida Hoo-Hoo Club in Orlando. It was a gala affair and the Orlando club did it up in GREEN. The Central Florida Hoo-Hoo Club under the leadership of their president Bud Ryan is even now one of the most active clubs in the universe.

The Orlando club had had a steady growth since their activation last year and even now

With the very capable assistance of our Deputy Supreme Nine Member, Jack Jacobson, all active clubs in Jurisdiction V have been visited or contacted several times this year to date.

Our membership status at the end of last Hoo-Hoo year showed we had a total of 656 paid members. Although accurate figures of the membership status at this writing are indefinite, we feel we have at least 82% of last year's total with about five months remaining. The bright spot on the horizon are the Concats that are planned for April, May and June. We expect to take in over 50 new members in the near future.

The Vancouver Club No. 48 is planning a Concat in April with 18-20 new members expected. They are also planning a fund raising dinner, a golf tournament, a family picnic and one general election in September.

The Toronto Club is planning a Concat, an election of new officers, A Night at the Races and a Wholesalers golf tournament.

Also, during March I met with a group in Tampa-St. Petersburg, Fla. who are interested in getting that club going again. Because of a heavy tourist season we have not been able to get accommodations in any hotel or restaurant until the first part of May. We will get this club going for sure in May.

I have made several trips not mentioned in the above report, to Knoxville, Tenn. To Columbia, S.C., to Mobile, Alabama. Everywhere I go I talk Hoo-Hoo and we have hopes of reactivation of the Knoxville, Tenn. club before September.

Will see you all in Honolulu.

The Victoria Club No. 183 is planning a Las Vegas Ladies Night, nomination and an election meeting, a Family Picnic and Fishing Derby.

The Cowichan Valley Club No. 229 is planning a fund raising dinner, Golf Tournament, Family Picnic and a Fishing Derby.

At this time our thoughts are still positive regarding the reactivation of the Ottawa Club No. 219.

We have some well experienced people living in Ottawa. Don Lockhart, 1960 Past President of Toronto No. 53, and presently a member at large; Paul Gravel, 1974-75 Past President of Toronto No. 53, and the only member in Toronto history to serve two successive terms as president and a member of Toronto No. 53; and Max Broady who is employed by Masonite of Canada, was Toronto's 3rd VP when he was transferred to Ottawa in December. We are counting on this group to assist us in selecting an interested number of potential Hoo-Hoo

members to form the Ottawa Club No. 219. Trust that positive results will be forthcoming for my report in Hawaii. If favourable results develop before then, believe me, I will communicate.

I am also very optimistic about starting a new club in the Maritimes. Bas Riddell, 1969 Past President of Toronto No. 53, has been transferred to Moncton, N.B. Bas works for Unik Industries, and has always been enthusiastic and a top notch performer in Toronto. There is no doubt that there will be a Hoo-Hoo Club in the Maritimes. Trust that we can put together before Hawaii.

Jack Martz, Deputy Supreme IX in Calgary reports there is a good opportunity to start a club in Edmonton, Alberta.

Jack Jacobson reports that Morris Douglas is once again making a survey of the area, and hopes to have favourable results soon.

The Annual Timber Ball sponsored by the Mt. Gambier Hoo-Hoo Club, was held on Friday, November 17th, 1978 and was another resounding success.

The holding of an APPITA (Australian & New Zealand Technical Association of Pulp and Paper Producers) Regional Conference at Mt. Gambier at the same time gave added interest and gave delegates the opportunity of also attending the ball.

One of the highlights of the evening was the judging of Miss Timber Industry for the ensuing year. This years winner, selected from seven finalists, was Miss Softwood Holdings, Mt. Gambier (Miss Michelle Howell).

Dancing was to Bob Barnards's 6-piece band from Queensland and full bar facilities plus an excellent seafood and champagne supper was well patronized by all.

Also, during March I met with a group in Tampa-St. Petersburg, Fla. who are interested in getting that club going again. Because of a heavy tourist season we have not been able to get accommodations in any hotel or restaurant until the first part of May. We will get this club going for sure in May.

I have made several trips not mentioned in the above report, to Knoxville, Tenn. To Columbia, S.C., to Mobile, Alabama. Everywhere I go I talk Hoo-Hoo and we have hopes of reactivation of the Knoxville, Tenn. club before September.

Will see you all in Honolulu.
Fraternally yours,

Dick Wilson

The Victoria Club No. 183 is planning a Las Vegas Ladies Night, nomination and an election meeting, a Family Picnic and Fishing Derby.

The Cowichan Valley Club No. 229 is planning a fund raising dinner, Golf Tournament, Family Picnic and a Fishing Derby.

At this time our thoughts are still positive regarding the reactivation of the Ottawa Club No. 219.

We have some well experienced people living in Ottawa. Don Lockhart, 1960 Past President of Toronto No. 53, and presently a member at large; Paul Gravel, 1974-75 Past President of Toronto No. 53, and the only member in Toronto history to serve two successive terms as president and a member of Toronto No. 53; and Max Broady who is employed by Masonite of Canada, was Toronto's 3rd VP when he was transferred to Ottawa in December. We are counting on this group to assist us in selecting an interested number of potential Hoo-Hoo

members to form the Ottawa Club No. 219. Trust that positive results will be forthcoming for my report in Hawaii. If favourable results develop before then, believe me, I will communicate.

I am also very optimistic about starting a new club in the Maritimes. Bas Riddell, 1969 Past President of Toronto No. 53, has been transferred to Moncton, N.B. Bas works for Unik Industries, and has always been enthusiastic and a top notch performer in Toronto. There is no doubt that there will be a Hoo-Hoo Club in the Maritimes. Trust that we can put together before Hawaii.

Jack Martz, Deputy Supreme IX in Calgary reports there is a good opportunity to start a club in Edmonton, Alberta.

Jack Jacobson reports that Morris Douglas is once again making a survey of the area, and hopes to have favourable results soon.

Mt. Gambier

Club #214

Mt. Gambier, S. Australia

The Annual Timber Ball sponsored by the Mt. Gambier Hoo-Hoo Club, was held on Friday, November 17th, 1978 and was another resounding success.

The holding of an APPITA (Australian & New Zealand Technical Association of Pulp and Paper Producers) Regional Conference at Mt. Gambier at the same time gave added interest and gave delegates the opportunity of also attending the ball.

One of the highlights of the evening was the judging of Miss Timber Industry for the ensuing year. This years winner, selected from seven finalists, was Miss Softwood Holdings, Mt. Gambier (Miss Michelle Howell).

Dancing was to Bob Barnards's 6-piece band from Queensland and full bar facilities plus an excellent seafood and champagne supper was well patronized by all.

Mr. A.L. Sealy, Mayor of Mt. Gambier leads the new Miss Timber to her throne.

The crowned Queen, Miss Michelle Howell, who represents one of the major forestry companies in the South East of South Australia, Softwood Holdings, Ltd.

**Central New Mexico
Club No. 69
Albuquerque, N.M.**

As the accompanying pictures will attest, the Central New Mexico Hoo-Hoo Club No. 69 had a bang-up good time at their annual Winter Dance-Disco in the Cabaret room of the Hilton Inn in Albuquerque.

"We had a delicious buffet style dinner," writes Tom Harris, "and then we danced to the sounds of non-stop disco music which was provided by radio station KRKE."

The program committee included Bob Moore, Pat Chaido, Jim George and president Gates Copeland.

Joe Leonard won a bottle of scotch and Tom Harris a bottle of vodka as door prizes.

Club 69's members are looking forward to March 16th - that is the date of their Saint Hoo-Hoo Las Vegas Night (a combination Las Vegas Night and St. Patrick's Day celebration) including free green beer.

Portland, Maine**

The Maine Hoo-Hoo Club No. 54 held its monthly dinner meeting at the Knights of Pythias Hall in Gray, Maine on February 22nd, 1979 with some 20 members present.

It was kind of a hectic moment with your secretary on vacation that week. Got a call from Mrs. Bonney who is in charge of the meals for our meeting at 4:30 on Wednesday (the day before the meeting) and she said she had to beg off because of illness in her family.

Well, you never saw a cat with a redder face in the history of Hoo-Hoo! But your secretary remembered that a couple of doors down there was the Coles Farm Restaurant. They graciously accommodated the entire turnout for which we will be forever grateful. We then went back to the hall and held our meeting and program.

Howard Hines, Gary Scott and Norm LeClair were the program chairmen and for a while even they got bogged down.

Steve Robie and Ted Wilcox from Weyco (Boston) were to present the program, but were unable to show. However, they made sure that the tremendous film on Weyco's tree farms, cutting operation, etc., got to us

on time. It was a great film and everyone enjoyed it very much.

The Maine Hoo-Hoo Club No. 54 held a dinner meeting at the Knights of Pythias Hall in Gray, Maine with more than 30 men present.

After a fine attitude adjustment period and dinner, your writer introduced the guest for the evening, Bob Hood, of Hood's Mailing Company who does all the work for our club. He was invited mainly to introduce different ways we could spruce up our bulletins for more attraction, and lend his ideas as to what we were looking for. He came up with one bulletin which he does for Kiwanis and it seemed to catch everyone's eye. We are behind somewhat due to some of our advertisers who have not yet come through with their ads. A second notice will be going out shortly on this.

Not noticing that the guest speaker came in with a little black case, he informed the members that he is in charge of the Shriner's Clown unit in the good town of Lewiston, and proceeded to con this writer into the fact that he was to become a clown! And a clown I became....especially when I got home with all that rouge and lipstick smeared all over my face. I am relying on George Hermans to come through with the picture he snapped so I can show my wife!

**Washington
Club #99
Washington, D.C.**

Our club held its January meeting at the Washingtonian Country Club, with cocktails at 6:00 and dinner at 7:00. Our guests speakers were Clark McDonald and Joe Lomerson of the Hardwood Plywood Institute.

They gave a slide presentation on the making of hardwood plywood and the method used in determining the flame spread rating of plywood. It was a very informative meeting, as we all found out the size of Gene Doves living room: The door prize was donated by Herndon Lumber Co., and won by Dick Burns from T.W. Perry. Ed Fones, from Herndon Lumber won the 50/50 cash drawing.

In spite of the 24 inches of snow which fell on the Washington area, our February meeting was held as scheduled at the Washingtonian. After the attitude adjustment hour and the buffet dinner, the 20 hardy souls that showed up were treated to a presentation by Craig Larson of the Western Wood Products Association.

Craig showed slides on the different grades and species of Western lumber, and answered questions from the members in regard to the advantages and disadvantages of the products his association represents.

Door prizes this month were donated by Huttig Sash and Door. They were won by Bob Tanis of T.W. Perry, and John Judd from M & W Millwork. Charlie Eaton and Bob Tanis won the cash drawing. The March meeting was held as usual at the Washingtonian. After cocktails and dinner, Chuck Galloway from Koppers Co. gave us a slide presentation on the basic methods of wood preserving and fire retardation.

Plans to attend the International Hoo-Hoo Convention in Honolulu were discussed, and the delegates seem to be looking forward to going.

The door prize was donated by Galliher and Huguey and was won by Ralph Lickey from Dale Lumber. Jim Richards from Ward Components won the 50/50 cash drawing.

Respectfully submitted,
Jim Joseph No. 81089

Northern Illinois

Club No. 139
Rockland, Ill.

In January the Northern Illinois Hoo-Hoo Club No. 139 gathered in Belvedere, Illinois VFW club to hold its annual Lumberjack Night. All members were required to attend dressed as a typical lumberjack and a prize was awarded to the "Best Dressed Lumberjack."

For the meal the men had a choice of hamhocks, sauerkraut and dumplings or swiss steak. After dinner prizes were awarded to raffle winners and "feats of skill" winners. The feats of skill included a two-man saw contest, free hand square cut, nail driving and wood identification of 14 different species of wood.

The Northern Illinois Hoo-Hoo Club No. 139 held its annual Concat at the Cloven Hoof in Marengo, Illinois, on February 8th. Seventeen new members were ushered into our great Order and given the rites.

Offering remarks at the dinner following the Concat were Bob Cheatham, Illinois Lumber Dealers Association President, who was also reinstated that night. We also had a word and story from Dave Storey, Illinois Lumber Dealers Association's Assistant Secretary, who joined as one of the new members.

Fred Diesel awards the sample to Mitchell Van Diggelen as part of his prize for the best score for wood identification.

Club No. 181**

Ukiah, Calif.

On February 21st, the Black Bart Club No. 181 made a tour through the Microphor plant in Willits, California. At the plant some refreshments were served after a very enjoyable tour.

After the tour we had a cocktail hour and dinner at the Brooktrail Lodge in Willits.

Maynard Stubberfield was the program chairman and he was rewarded for his efforts by a better-than-average turnout.

Here are some of the club members getting the inside information from a tour guide.

The Black Bart Hoo-Hoo Club No. 181 held their annual Sports Night at the Encore in Cloverdale, California in January with a pretty fair turnout of 61 members.

Our guest speaker was Brad Shear, coach of the Ukiah Lions Pop Warner football league, which has won better than 90% of their games. He was a very interesting speaker and told many stories of his experiences as coach.

Snark Gene Zanck was the honored guest. We had a ball and we were honored to have the Snark with us that evening.

Bill Carter was the program chairman for the evening.

Toronto, Ontario**

On Monday, January 22, 1979, some 50 members of the Toronto Club met at the Hotel Triumph for a fine dinner arranged by Mike Theberge of Paris Lumber, and a film entitled the "Normick Story". The forty minute film showed production details of spruce lumber and poplar plywood at various mills of J.H. Normick Inc., and was shown by their sales representative Dave Pulchinski.

The meeting was chaired by Max Broady who introduced Dave and announced his promotion to Gatineau, Quebec which left us short our third Vice-President.

Gord Condie gave details of our "Happy Days in Hawaii" draw and information on our success in finding a low cost charter fare to the convention. Our 50/50 draw was won by Richard Wand.

On Monday, February 26th, forty members and guests of Toronto Club No. 53 met for a fine dinner arranged by Tom Powell of Georgia Pacific, at the Hotel Toronto. Our main speaker for the evening was Bill Hatch, Sales Manager of Abitibi Price who deluged us with statistics affecting the 1979 spruce lumber market and fielded numerous questions on his forecasts for 1979 with extreme good humour

**Honolulu
Club #142**

Honolulu, Hawaii

A small but very enthusiastic group met at the Moanalua Golf Course in February for a regular membership meeting and enjoyed a very tasty dinner of stew and rice.

A total of \$92 was collected by our very active Gurdon, Howard Chong. This money was earmarked for the 1979 convention. Program Chairman Hamilton Ahlo informed the group that the next event will be a Ladies Night and will be held at the Cannon Club. Tom Richardson has collected a sizeable amount of money to insure exceptionally nice door prizes for the ladies. A large turnout is anticipated and we are happy to hear that Jim and Betty Jones will also be in attendance.

in spite of some good natured heckling from his attentive audience.

Gord Condie gave a short update on our Hawaii arrangements, information provided by Honolulu Club 142, and showed slides of some natural flora and fauna indigenous to the island. (Remember fellows - Flora was the one with the red flower in her hair). Gord also won the 50/50 draw.

Convention Chairman Nagao Yamada conducted a portion of the meeting and reports were given on progress to date by all the convention committee chairmen. From all appearances, everything is right on schedule and the club is pulling out all the stops to make this the biggest and the best convention in Hoo-Hoo's history. Rooms are limited, and we encourage all of you to get your registrations in early to insure your attendance.

**Metro-Plex

On Thursday, February 8, 1979, the Metro-Plex Club held a monthly dinner meeting at the Joe Garcia Restaurant in Forth Worth. A Mexican Fiesta was the theme. Temple Lumber Company was the cocktail host for a happy hour which last two hours because the kitchen caught on fire. It was one of the enjoyable meetings held to date.

A Directors and officers meeting had been held the week before and a lot of exciting plans are being put together. The next social function will be a golf tournament in May.

**HAWAII'S FINE
 IN '79**

Long before the history of mankind, eruptions under the Pacific Ocean poured hot lava in such quantity as to build a mountain chain rising as much as 14,000 feet above sea level. Thus, the Hawaiian Islands were born. Nature, in ensuing centuries, blessed the islands with a wealth of indigenous plant life. Ginger, Hibiscus and Orchids grow in profusion adding color to lush greenery and emanating a fragrant perfume which hangs heavily in the air.

The Islands, directly in the path of cooling trade winds, are "air conditioned" by nature. It is rarely too hot and never too cold...comfortable is the word! Average monthly temperature in Honolulu varies from 75 degrees in February to 85 degrees in August. There is just enough rainfall year round to provide for the luxuriant greenery and vegetation. Fortunately, the

beaches are protected from most of the rain by the mountain ranges. So when you come to the islands be prepared for sun-sun tan lotion and sun glasses are always in order.

Hawaii is primarily known for five of its islands. They are, in order of size: Hawaii (4,030 square miles and still growing), Maui (729 square miles), Oahu (604 square miles), Kauai (555 square miles) and Molokai (260 square miles). Each island differs from the other in geographic features, attractions and things to do.

**Oahu
 The Aloha Isle**

Third largest of the Hawaiian Islands and by far the most densely populated, the most famous, and the most frequently visited. Here you'll find Honolulu, largest city in the islands--the governmental, financial and educational center of the state. On the outskirts of Honolulu is Waikiki, the super-resort full of activity and fun

from early morning till very late at night. Visitors love Oahu for its excitement and gaiety and its exoitic blend of American, Polynesian and Oriental cultures.

The Polynesian Cultural Center gives you the opportunity to see six native villages representative of those in Fiji, Tonga, New Zealand, Tahiti, Samoa and old Hawaii. There's informal entertainment, demonstrations of native arts and crafts in the making, buffet dining and a theatrical extravaganza featuring a cast of 120 Polynesians in song, dance and drama. Sea Life Park is great fun for everyone with shows featuring frolicking porpoises and leaping whales.

**Maui
 The Valley Isle**

About 20 minutes by air southeast of Oahu lies the beautiful island of Maui. It is actually two islands joined together by a fertile peninsula, where modern suburbs adjoin broad fields of waving sugar

Hawaii.....

cane. The eastern "half" is a massive volcanic peak--the majestic 10,000 foot Haleakala, legendary home of Hawaii's Sun God. It's also the location of the Hana resort district. Other Maui attractions include Iao Valley, the historic and picturesque whaling town of Lahaina and the fabulous Kaanapali and Wailea resort areas. Lahaina, Maui was the capital of the Hawaiian Kingdom until 1850 when King Kamehameha moved the capital to Honolulu.

**Hawaii
The Orchid Isle**

Often called "The Big Island", Hawaii is the largest and southern-most island in the group. Here you may see, at close range and in perfect safety, intermittently active Kilauea Volcano, the chain of craters, lava tubes and tree fern forests which are part of Hawaii Volcanoes National Park. From the palm-fringed shores of Hilo Bay, your gaze will take in cane fields--and the lofty peaks of Mauna Kea and Mauna Loa, snow-capped in winter. Across the island, the historic Kona Coast beckons game fishermen, antiquarians and all who know the joys of full and perfect relaxation.

**Kauai
The Garden Isle**

Less than 100 miles north of Honolulu is the island of Kauai. To many it is the most beautiful of all Hawaiian Islands. Legendary home of the memehunes, Hawaii's "Little Men", Kauai's mystical cloak of things-that-were adds enchantment to its very modern things-that-are. Popular scenic

spots on Kauai are the spectacularly colorful Waimea Canyon (Grand Canyon of the Pacific); the lovely Fern Grotto on the Wailua River; exquisite Hanalei Valley and beaches so beautiful that movie producers regularly film them for "South Sea" settings.

MOLOKAI & LANAI

The islands of Molokai and Lanai are the smallest of the main islands, and least known to visitors. Molokai's beautiful Halawa Valley was the home for hundreds of Hawaiian fishermen and farmers until a tidal wave forced many of them to leave in 1946. Other attractions include churches built by Father Damien and Kalaupapa, the home of the old Leper Colony. Lanai is privately owned and devoted almost exclusively to pineapple culture.

DINING

Dining out is often one of the more pleasurable and memorable experiences of a trip away from home. Hawaii offers an unmatched variety of restaurants featuring menus from all corners of the world. Although the emphasis is naturally on Oriental and Polynesian fare, you will also find all the familiar American and Continental dishes. Many restaurants offer several distinct types of cuisine within one menu. And Honolulu has its share of Holiday Award winning restaurants, too. You can broil your own or be pampered with the finest of service, test lavish buffets or stop by a beach snack bar.

So hang loose, slow down, relax and enjoy--Hawaii's fine for '79!

**Proposed
By-laws
Changes**

At the International Board of Directors Meeting in El Paso, Texas on January 20, 1979, the following was accomplished:

A motion was made, seconded and carried to change

Article I of the Articles of Incorporation from "The name of this corporation shall be International Concatenated Order of Hoo-Hoo." to "INTERNATIONAL CONCATENATED ORDER OF HOO-HOO dba (doing business as) HOO-HOO INTERNATIONAL and-or INTERNATIONAL ORDER OF HOO-HOO

A motion was made, seconded and carried to eliminate the office of the International Second Vice President.

In accordance with Article XVIII of the International By-laws, the paid membership in Hoo-Hoo International is notified of the above proposed by-laws changes at least 60 days prior to the 1979 convention.

**The Second Vice Presidency
Should This Office Be
Retained Or Eliminated?**

In order to give this question full consideration, the pro's and con's concerning this question are herein presented for your consideration. Our Snark, a supporter of retaining this office, has written the pro side, while our secretary-treasurer, the proponent of eliminating this office, has written the con side.

**Statement For Having A
Second Vice President**

by Eugene D. Zanck

The need for a 2nd Vice President was proven recently by the death of Gordie Doman. Having served this Order as 2nd Vice President and 1st Vice President, I believe duties for these offices should be spelled out in more detail so the office holder can understand he is supposed to be working for the good of the Order. In addition to that, I believe both offices can be strengthened by equal division of responsibilities. This can be accomplished by assigning each Veep 4 North American jurisdictions. (Membership responsibility in Australia's Juris IV would remain under the Juris IV S-9.)

In addition to looking after his respective 4 jurisdictions, the Veep should also be given the assignment of reactivating or starting at least one club during his term of office. This would give the 2nd Veep experience in starting one club and the 1st Veep would have the experience of starting two clubs by the time he runs for Snark.

This experience, coupled with a first name working knowledge of people in 8 jurisdictions, will serve as a solid foundation for the Veep to become Snark. It will also further the cause of Hoo-Hoo, because it will guarantee us at least two new or reactivated clubs every year.

We presently give our 2nd Veep nothing for his Hoo-Hoo travels other than paying his air fare to 2 board meetings. On the other hand, we presently reimburse the 1st Veep for \$1500.00 worth of expenses in addition to paying his air fare to the two board meetings. This can be reduced to make this expense compensation more equitable by allotting

each Veep a fixed reimbursement for expenses, plus giving him a fixed dollar amount for each new member signed up within his respective 4 jurisdictions.

In other words, the incentive principal would apply--the better job he does, the more expense reimbursement money he receives. As an example, each Veep could receive a fixed expense amount of \$500.00 plus 75¢ for each new member signed up. These amounts can be determined by the Board of Directors and adjusted periodically according to need.

This proposal is the first constructive approach we've taken towards increasing membership in our Order and needs your support.

The by-law change to eliminate the office of Second Vice President is a step backwards which reduces the opportunities for members to advance within our Order. If we are to retain the positive attitude to increase membership as we have been doing these last several years then we need to retain the office of Second Vice President. I urge your support to keep this office.

**Statement For NOT Having A
Second Vice President**

by W.A. (Bill) Russell

Dear Hoo-Hoo members:

At the Hoo-Hoo International Convention in Honolulu, you will be asked to vote on a By-Law change to eliminate the office of Second Vice President.

Hoo-Hoo International operated from 1892 until 1964 with the office of Vice President being an honorary office. In 1964 it was decided that any member wishing to become Snark would first run for the office of Vice President and if elected, then the following year he would run for the office of Snark, unopposed. From 1964 until 1975, for various reasons three Vice Presidents did not run for the

Report from Juris. VI

At the end of the 1978 Hoo-Hoo year (September, 1978) Jurisdiction VI had 1,572 paid members which included 83 members-at-large.

My travels thus far in my term of office have been fairly extensive and I have visited several clubs, including the Honolulu Hoo-Hoo Club No. 142

I have a meeting with the Redwood Grove Committee in late May at which time I expect to meet with Snark Zanck and the officers of the Humboldt Club No. 63.

Our membership at this time shows that we have approximately 78 percent paid membership as compared with last year, and there are several Concats coming up in the next four months which should put our membership ahead of last year.

Almost everyone in Jurisdiction VI is talking about the Honolulu Convention in September, and I hope to see a lot of you there.

year directors meeting and this is costing Hoo-Hoo International from \$500.00 to \$700.00 per year.

Before we had the office of Second Vice President a member usually served two years on the Supreme Nine, a year as First Vice President, a year as Snark and then a year as Chairman, a total of five years of his time and I believe that you will agree, that's enough to ask of any member.

As a concerned member I seek your support in eliminating the office of Second Vice President by voting for this change in the By-Laws and as your International Secretary-Treasurer, it is my opinion that Hoo-Hoo International can not afford the expense of the office of Second Vice President. office of Snark, yet in all cases Hoo-Hoo was able to come up with capable men for the office of Snark.

In 1975 it was decided that we should have a Second Vice President and all that it has accomplished is to have the man stand in the wings for a year before he moves up to First Vice President. This is in no way the fault of the men who have held this office, but Hoo-Hoo International can not afford any money for office. Yet as an officer the Second Vice President is reimbursed for travel expense to the annual directors meeting and the mid

Tacoma Olympia Club #89

Tacoma, Washington

A regular meeting of the Tacoma-Olympia Club No. 89 was held in March and it honored all the club past presidents. There were 16 past presidents out of 25 present - a commendable turnout.

A special table was set aside for the past presidents and a short history of each man was given.

Mr. Neil Standal of the Boeing Aircraft Company presented a very fine program with slides on Boeing's new program regarding the 757 and 767 aircraft.

There were several liquid prizes given away at this very successful meeting.

The program was co-sponsored by John Crawford and Tony Merkel was the program chairman.

The Brady International Hardwoods Co. donated a door prize of \$10 which was won by Robert Riley. The club was fortunate to get good news coverage in the local paper. There were 86 in attendance.

The Tacoma-Olympia Club regular meeting was held November 7th, 1978. The program was a short form Concat which was conducted by Burt Vaughan for five new members.

Redding, Calif.

Shasta-Cascade Hoo-Hoo Club President, John Crane 83155, welcomed over fifty members and six kittens to its 27th Annual ConCat on January 12th at the Elks Club in Redding, Calif.

The evening was a great affair which was highlighted by the presence of Snark Gene Zanck L-68162; 1st V.P. Jim Jones L-

72703; Jurisdiction VI Director Bernie Barber 48864; Jurisdiction III Director Dan Brown 74477 and Rameses No. 56, John Hickey, 60300.

Snark Zanck was the visiting officer for the Degree Team and recited the Code of Ethics and gave new and old members an inspiring message. It is worthy of mention that Gene's attendance makes it twelve out of the last twelve Snarks to attend this annual event.

In addition to Snark Gene, the degree team consisted of Bernie Barber, Dan Brown, John Crane, Mike Webster, George Rogers, Don Chervosky, Marvin Keil, Bob Reagan and Bob Sheppard.

Hoo-Hoo members came from Los Angeles, San Francisco, Portland and all points between attended.

Snark Gene was presented with a properly inscribed chrome plated axe - a tradition of the club.

Jimmy Carter Led Astray?

A Pacific Northwest forester said today that President Carter's forestry advisers are leading him away from his goals of reducing inflation and unemployment by instituting policies and practices which will create an artificial timber shortage.

Speaking at the Portland Chamber of Commerce Weekly Forum, W.D. Hagenstein, Executive Vice President, Industrial Forestry Association, said the Administrations forestry performance has been fraught with error and misjudgement and gave three examples.

Reforestation: Carter's 1980 national forest budget reduced reforestation funding by a third. When Western Congressmen expressed their shock and anger over such short-sighted budgeting, Asst. Secretary of Agriculture Rupert Cutler said they were raising a "phony issue," despite evidence that there is indeed more than a million acres of national forest land in need of reforestation.

"Secretary Cutler must know that if we don't get the new trees in the ground, we can't justify the harvest of old ones," Hagenstein declared.

Reorganization: To make good on his campaign promise and justify the \$6½ million reorganization project, Carter plans to move the U.S. Forest

Prior to joining McCoy, he was president of Gulf Coast Forest Products in Panama City, Florida; sales manager for Maxey-Bosshardt Lumber Company in Atlanta; and cargo manager for MacMillan Bloedel in Jacksonville.

He currently serves as president of the Greensboro Hoo-Hoo Club No. 243 - a newly formed (1978) club.

FPRS To Hold 33rd Annual Meeting

The 33rd Annual Meeting of the Forest Products Research Society will be held at San Francisco's exciting Hyatt Regency Embarcadero Hotel, July 8-13, 1979.

A record attendance of over 1200 is expected to participate in the four day meeting which opens century. We can continue to supply that amount, but only if we grow trees on our national forests.

"I pray every night that in his fight for slowing inflation the President can replace the workhorses in his advisory stable who are now leading the Nation into a completely unnecessary timber famine that will make it tougher yet for young people to realize the American dream of their own home," Hagenstein concluded.

Monday morning, July 9, with an outstanding general session built around the theme "Problems, Opportunities, and Responsibilities of the Forest Products Industry -- 1979 - 1999."

"The Economics of Energy Conversion", "Capturing Future Marketing Opportunities for Forest Products", "Quality Control in the Forest Products Industry", and "Future Trends in Building Construction, 1979 - 1999" are just a few of the themes of the 33 technical sessions scheduled Monday afternoon through Thursday. More than 250 presentations, designed to offer an up-to-date look at current technology and future promises, assure that meeting attendees will come away with ideas that can be readily applied to their particular area of concern.

The FPRS Annual Meeting represents a unique forum for the transfer of current technology within the forest products industry. Researchers, technologists, and production, sales, and marketing personnel will all find that this conference offers significant opportunities for growth and development in their particular area of interest.

Approximately 30 exhibits of products and services of interest to attendees will complement the technical program.

Front Cover Pictures Needed

Second VP Bob Van Every has suggested we use more pictures of club activities for our front cover as we did last fall when we featured a tree planting ceremony. This can be done if the club will send an 8x10 picture taken with a good camera. Blow-ups of snapshots taken by Brownies or other small cameras just do not turn out well for front cover use. Your club can make the front cover of our magazine if you send us a good picture of an interesting club project or function. This can result in added publicity for your club if you will but take the time to send Cliff a worthwhile picture of a noteworthy activity by your club.

In the past they have been made out of black velvet. They don't have to be too fancy - just recognizable as a stuffed black cat.

WHY WORK?? NOMINATIONS!

Editor's note: This editorial appeared in a recent issue of a publication by the Roseburg Lumber Company, Roseburg, Oregon, and was written by that company's president, Kenneth W. Ford.

Due to America's misdirected welfare and tax laws, millions of this country's "poor" have little choice when they debate whether to join the productive workers or to remain in subsidized unemployment.

Two researchers at the University of Southern California, Arthur B. Laffer and Chris Petruzelli, have focused their studies on the typical member of the working poor: a married man with two children, living in Los Angeles, earning \$4,800 a year.

"This worker," says Laffer and Petruzelli, "would have \$810.48 in net spendable income from wages and government welfare benefits including such things as food stamps and housing assistance. Shockingly, the total would be only \$92.49 more than the family would receive if it wasn't earning a penny!"

"But it gets worse. At the earned income level of \$4,800, every time he earns an additional dollar, he loses so many benefits that his real income increases by only 5.2 cents.

"And if you think that's bad, consider what would happen if he got a 50% raise to \$7,200 a year. His net monthly spendable income would be down from \$810.49 to \$784.76. If, by some miracle, he doubled his earnings to \$9,600 a year, he'd really feel stupid - for his net family income would fall even farther to \$773.82. Indeed, at both these "higher" income levels, his combination of benefit losses and taxes would be more than 105 percent. Every dollar he earned would literally put him farther behind. Even if he really surged ahead and started earning \$12,000 a year, the monthly net, \$795.94, would be less than he had to spend with a \$4,800 income!"

Dear Cliff:

With a great deal of pride and sincerity, Detroit Hoo-Hoo Club No. 28 respectfully submits our own Robert VanEvery as nominee for the office of 1st Vice President for the year 1979-80.

Bob is currently serving as International 2nd Vice President and has been the Supreme Nine Member of Jurisdiction II for the four years preceding. Jurisdiction II has made steady progress during this period thanks to Bob's guidance.

Prior to his Supreme Nine duties, Bob had served as President of Detroit Hoo-Hoo Club No. 28, with great distinction. A life member of Hoo-Hoo, Bob owns his own retail lumber yard in Farmington Hills, Michigan. He has known nothing but lumber all his life and has become a success through good old-fashioned hard work.

We feel these same qualities will enable Bob to perform as 1st Vice President in an exemplary way to further betterment of all Hoo-Hoo.

Sincerely and Fraternally,
George Poulos L-79869
President, Detroit Club No. 28

Dear Brother Cliff:

At the direction of the Board of Directors of the Harry L. Folsom Hoo-Hoo Club No. 13, Inc., and our esteemed President, William F. Cotting, Jr., it is my pleasure to write you to place the name of Mr. Richard T. Mullen 76940 in nomination for the office of Supreme Nine Representative for the Jurisdiction I for the Hoo-Hoo years of 1980-82.

Is there any wonder why we have such a highly built-in unemployment rate? When extra efforts means fewer dollars, something is drastically wrong with the system. What we need is a way to reward effort and motivate people to not depend on welfare assistance.

Sincerely yours,
Kenneth W. Ford, President
Roseburg Lumber Company

Dick, as a past President of the Folsom Club, has the experience to be able to represent our jurisdiction in the highest traditions of Hoo-Hoo. Normally, the Snark stays clear of politics within the Order in the hope his non-committal attitude is beneficial to the Order. However, a situation has arisen which causes me to deviate from this practice.

I have had the honor and pleasure of being ably assisted by our 2nd Vice President, Mr. Bob VanEvery. His continual contact with me and his unselfish efforts to further the cause of Hoo-Hoo has shown he has the leadership qualities needed by our Order.

It, therefore, gives me great pleasure to nominate for the office of 1st Vice President, this capable man. I ask all of our members to join me in supporting his candidacy for this office.

As per our earlier conversation, and the instructions in your letter dated 26 December, enclosed you will find a check for \$199.99. This check, as you know, is to purchase for the Maine Hoo-Hoo Club's Secretary/Treasurer, Roger Gowen 62504, Life Membership in Hoo-Hoo International. The club feels that this is the least we can do to honor him for his devoted years of service and assistance, and I am, personally, very happy that we, the Maine Club, can set this example in recognizing a particular individual who got the club started and has kept it on its feet. No one in the Maine Club No. 54 is more deserving of this honor than Roger.

Thanks for your help.

Dear Gene:

I want to let you and the rest of the International officers of Hoo-Hoo know how the Portland Hoo-Hoo Club No. 47 feels about the job of International 2nd Vice-President.

We feel the job is of the utmost importance to the continued success of Hoo-Hoo. It enables a man to learn the duties and responsibilities of becoming Snark before it's too late. The fact that he is responsible for the membership of our order is reason

enough to keep his job in existence. We particularly feel that this year the 2nd Vice-President is doing a very effective job of increasing membership and encouraging more clubs to pop up around the world. We utilize the office of 2nd Vice-President in our own Club and find it to be a tremendous advantage for increasing and stabilizing our own membership.

We would also like to point out that we are very proud to have the Snark of the Universe living within Jurisdiction III. We want you to know we are behind you and even along-side of you all the way. You may feel free to make copies of this letter and send it to anyone you choose or publish it in the Log & Tally.

We are going to send a copy of this letter to our Supreme Nine, Dan Brown, and we want it to be known that our votes are cast in support of the office of 2nd Vice-President.

Dear Cliff:

Been drawn to my attention at the convention in Honolulu in September that a By-Law change will be put to a vote to drop the second Vice-President.

It took the organization about 75 years to get a By-Law change to provide a second Vice-President and now after about five years a few short sighted officers want to drop the office.

We need a 2nd Vice-President as a back-up to the First Vice-President in case of his inability to move up for reasons of health or business responsibilities. This situation has developed in the past and was the reason for adopting the amendment several years ago.

I hope through the L&T this situation will be widely publicized so that the membership can vote on this issue intelligently.

Dear Cliff:

It has come to our attention that there is to be a vote at the next convention as to the possibility of dropping the position of International second vice president.

This has been discussed with the members of the Vancouver Club No.48 and we feel this position is too important to do away with. Hoo-Hoo needs strong leadership from people who can fully understand and appreciate the problems that local clubs have.

Having the second vice president responsible for membership will put him on a first-name basis with many people from the various Jurisdictions by the time he

Do you attend the meeting
And mingle with the crowd,
Or do you stay at home
And crab both long and loud?
Do you take an active part

LOG & TALLY

Spokane Club #16 Spokane, Wash.

At a recent Valentine dinner dance, the members of the Spokane Hoo-Hoo Club No. 16 honored their wives and guests.

The club particularly honored Eugene D. Zanck and his wife, Jackie. Gene is the current President of the Hoo-Hoo International and is the third Spokane Club member to hold this office since the International Order was founded in Gurdon, Arkansas, in 1892.

Strange things happen in Spokane! The Spokane Club puts out a bulletin to its members called "Hoo-Hoo Highlights." Last January there was mention in the "Highlights" that a former Hoo-Hoo member, Leigh Wallace, had been consecrated as an Episcopal Bishop.

Another Hoo-Hoo member, Arnold Moss, received his copy of the "Highlights" and it had not been in his home 15 minutes when Bishop Wallace spotted the bulletin when he came for a visit. The Bishop was very pleased and took the bulletin with him.

It's a small world and an interesting one.

Ninety one people attended the Spokane Club's big Valentine Dinner last February with lots of guests included.

President Bob Grotefend introduced the head table (his wife and himself, Monica Spiker, the guest speaker and her husband, Snark and Mrs. Gene Zanck and Deputy Supreme Nine and Mrs. Norm Mikalson). Bob then introduced 2nd V.P. Norb Edwardson as M.C. He called on me and I told a little of Gene's Hoo-Hoo background and had Ellen Wales and Laura Perry present to Jackie a beautiful silver tray, a gift of the Spokane Club. I then called on John Howard who made two presentations - a wooden cat to Tony Perry as recipient of the "Snark Gene Zanck Hoo-Hoo of the Year Award," and another

different wooden cat as a gift to Snark Gene. These cats were made from chunks of wood by (former) member Alvie Marcellus with a chain saw.

Before my formal presentation of Snark Gene, I read the letter from "our member in the East" Lois Neilson, and letters and good wishes from S-9 Dan Brown and 1st V.P. Jim Jones.

Gene gave an outstanding short talk about Hoo-Hoo, its traditions and his ideas for the Good of the Order.

Gene surprised me by giving me a board routed and polished with Hoo-Hoo thanks from him to me. I was most surprised and honored.

Former Snark Ernie Wales (left) receives a "Thank You" plaque from current Snark Gene Zanck.

Ellen and I had brought two couples as guests, one couple being Mr. and Mrs. Howard Pike. Mrs. Pike (Doris) is the Rotary Club Executive Secretary. I introduced her and thanked her for the great co-operation between Rotary and Hoo-Hoo.

Our program was "A Lady Forester in the Austrian Alps." Monica Spiker is a graduate forester and did work in Austria as well as in the United States. She gave an excellent program with beautiful slides. Her talk was scholarly and well received even though the hour was late.

Attending from afar were Mr. and Mrs. Jack Jacobson from Vancouver, B.C. and the parents of Rameses No. 62, Wade Cory, from Lewiston, Idaho.

North Idaho Club No. 155

Coeur d'Alene, Idaho

The North Idaho Club held a regular monthly meeting March 8th at the Iron Horse Restaurant in Coeur d'Alene. There was no business to be brought up at this meeting except to change a couple of future dates for meetings.

K. Olson was the program chairman and the meeting was fairly well attended.

Standing are Rotary Club Executive Secretary Doris Pike and Rameses No. 50 Ernie Wales - seated are: Howard Pike and Ellen Wales. Other Rotarians present were Mr. and Mrs. Stan Green, Mr. and Mrs. All Stadt Mueller (Hoo-Hoo members) and Mr. and Mrs. Bob Thompson.

Mr. Ernie Wales, Rameses No. 50 and Treasurer of the Spokane Hoo-Hoo Club No. 16 has had another distinct honor bestowed upon him. Spokane Mayor Ron Bair and Neal Fossen, Chairman of the Spokane Sister City Societies, recently announced the appointment of Ernie Wales to fill the office of Vice Chairman of that association.

The Vice Chairmanship is a newly established position in the Spokane Sister City Societies, created to assist the Chairman and to help in the coordination of the Nishinomiya, Japan and Luebeck, Germany programs.

Mr. Wales, who has already traveled extensively throughout the world including Nishinomiya, Japan, was delighted to accept the additional responsibility.

The North Idaho Club had a regular monthly meeting on January 11th in Coeur d'Alene. Vice President Olson presided in the absence of Richard McCarty.

Committee reports indicate activities are progressing quite well. It was agreed that our February meeting would be held later than usual in order to permit Snark of the Universe, Gene Zanck, to make his official visit.

Tom Emerson of the First Federal Savings and Loan Association was the speaker of the evening.

K.L. Olson was the program chairman, and the speaker, Tom Emerson, won a fifth of Scotch as a door prize which was donated by C.J. Roth.

Our club's February meeting was a Valentine Party for the Ladies and also was a special visitation of the Snark of the Universe, Gene Zanck, from Spokane, Washington. There were over 50 present for the occasion.

Guests included Deputy Supreme Nine Norm Mikalson of Spokane and the Jack Jacobsons, from Vancouver, B.C. Both men are Deputy Supreme Nine Members. Ernie Wales, Rameses No. 50, was also with us.

McCarty introduced Gene and Jackie Zanck, but before Gene made his address, Pederson presented him with a plaque commemorating his visit to our club and promised him a decoupage of his picture on the September Log & Tally.

The Snark touched on a number of items in his talk - his pride in working with wood, and in his being a part of the International organization which Hoo-Hoo is. He stressed the need for more members - a 10% increase being his goal.

Gene also drilled us in the singing of a Hoo-Hoo song, and asked for a special verse for our North Idaho Club.

Zanck presented Carl Krueger, club secretary/treasurer, with a scroll and plaque - an award for service to the lumber industry and Hoo-Hoo International. This is a just-established award of the club.

Houston Club No. 23

Houston, Texas

The Houston Club No. 23 held a regular monthly meeting on January 26th at the Memorial Plaza Holiday Inn with about 61 members and guests in attendance. The cocktail hour sponsor for the evening was Thweatt Lumber Sales, (Bless 'em).

The International First Vice President, Jimmy Jones, was introduced to the general membership and was given a BIG Texas welcome.

Speaker for the evening was Mr. Barry Werner, a sports commentator for KIKK Radio in Houston. He discussed the Houston-related Sports Teams and talked about the 1979 Super Bowl.

Buddy Durham won the cash drawing of \$40.00, Mark Sensat won \$25.00 and Ed Radke won \$15.00.

At the February meeting on the 21st, our club held the Annual Ladies Night and Bingo Party with over 106 members, wives and guests attending for a real gala evening.

Our club was honored to have Snark Gene Zanck with us that evening.

Cliff Shafer and Joe Breeden are certainly enjoying themselves.

The International Secretary/Treasurer, Bill Russell, was presented with the Houston Club's "Hoo-Hoo Man-of-the-year" award.

The facilities for this event were arranged and sponsored by Mr. Sig Sigur.

The following evening Snark Zanck, several Houston members and some members from the Metro-Plex Club, journeyed to San Antonio to reactivate that club No. 20 in San Antonio.

On March 29th, the Houston club had another regular monthly meeting. The main event on the agenda was a Concat in which nine new members were brought into the Order and participated in the evening's activities.

The cocktail hour sponsor for the evening was Southland Wholesale Lumber Company. There was a short Directors meeting prior to the regular meeting.

There were about 65 members present at this event.

The Cat Tamer was Mr. Bill Comptom.

Ron Reia won the \$40.00 door prize, Jim Minton won \$25.00 and Ken Babcock won \$15.00.

**Harry L. Folsom
Club No. 13**

Boston, Mass.

The members of the Harry L. Folsom Hoo-Hoo Club of Boston enjoyed their annual Father-Son-Daughter Sports Night on Monday evening, Feb. 5 at The Piety Corner Club, Waltham, Mass.

The lumbermen and their children were treated to an interesting sports discussion by Guest Speaker, Roger Twibell, WBZ-TV Sports News Broadcaster. Roger, who brought a fresh new approach to sports announcing, does the early evening sports news and is a familiar face to young people.

After Mr. Twibell finished his talk, there was a question and

answer period during which the youngsters and oldsters alike could fire as many questions as they wanted to him. It was only a matter of time to bring the meeting to a close, however, because Roger had to appear on TV at 11:00 PM that night.

Roger Twibell is a native of Kansas City and a graduate of the University of Kansas.

He is a former Sports Director for KDFW-TV in Dallas, Texas, and from 1973-1975 he was sports announcer for KATU-TV in Portland, Oregon. For two years he was play-by-play announcer for the Miami Dolphins pre-season games and he also announced the U. of Miami football and the Fort Lauderdale Soccer teams.

Over fifty members and guests of the Harry L. Folsom Hoo-Hoo Club were in attendance at the March 5th meeting of the organization at the Piety Corner Club in Waltham.

After the cocktail hour a delicious roast beef dinner was served followed by a short business meeting conducted by President Cotting. The arrangements for the annual Lady's Night have been made at the Chateau DeVile in Randolph, Mass. Saturday, April 28th. Announcements will be sent out soon.

After the business meeting the speaker of the evening, Mr. Gene Zawatski was introduced. Mr. Zawatski is District Manager for

A combination of Old Timers Night and Past President's Night was held by the Oakland (California) Club No. 39 at the Beautiful Claremont Hotel in Berkeley, on March 13th.

The meeting was held in conjunction with the opening of the W.W.P.A. Convention in San Francisco.

Ross Hunnicutt came up from Houston, Texas and John Houston, a past president of the Medford, Oregon Club also made an appearance.

Our real old timer present was Emanuel Fritz L-32837, recalled having made a trip from San Francisco to Eureka by Pullman with Hoo-Hoo's Founder, Bolling Arthur Johnson, Rameses No. 1. He remembered that Mr. Johnson was a very heavy man and had

one hell of a time fitting into his Pullman bed.

Mr. Fritz was associated with the University of California Forestry Department for many years. He is 94 years young.

This is Emanuel Fritz L-32837, 94 years old, who joined Hoo-Hoo on January 27, 1923. A Club Past President.

There were at least 8 past presidents in attendance to make the evening a really festive occasion, and adding to the festivities was the arrival of Bob Moore, from Albuquerque, New Mexico.

At the Concat dinner we find Kirk Martin, Bob Worrick, Gary Schonschack and Brad O'Connor.

Our family is getting larger! Thirty-two (that's right - 32) new members were brought into our great Order on February 15th.

We had 102 in attendance to witness one of the finest Concats I have ever seen. The degree team and the stunt team did a superb job.

Interest was running so high at the meeting that we feel we should have another Concat again in April. With the 32 new members just taken in we have 185 paid members. I think I can speak for the entire Board when I promise you that we will have 200 in our club before the end of this Hoo-Hoo year, which was the goal we set at the beginning of the year.

When we reach this goal (and we will) we will have increased our membership 15% over the number we had at the end of 1978.

Seattle

Club No. 34

Seattle, Washington

In December, 1978, the Seattle Hoo-Hoo Club ended the calendar year with our annual Christmas Party. Almost everyone attended the function while the outside weather in Seattle was cold and wet. The group was entertained by a warm Polynesian Revue Show.

A lot of our members were able to keep from doing some last minute Christmas shopping by winning the many door prizes that were given away.

Also at the meeting Dean Carlson, Board member and Grading School Chairman, announced that our 1st lumber grading school would fill to capacity of 69 students. The school is put on by W.C.L.I.B. out of Portland and is co-sponsored by the University of Washington Forestry Department.

Also, the Seattle Hoo-Hoo Club is putting two seniors from the

A combined dinner meeting of the Mount Gambier Hoo-Hoo Club and S.E. Branch of Institute of Foresters was held on Monday night, February 12th, 1979, at the Federal Hotel, with over 60 members attending.

The evening highlights included a talk by David Douglas, officer-in-charge of the Logging Industry Training Team in Mount Gambier.

Mr. Douglas was awarded a Gottstein Memorial Fellowship in 1978 and took the opportunity to visit Sweden in September and October last year.

Fellowships are funded from the Gottstein Memorial Trust Fund formed to perpetuate the memory of Joseph William Gottstein of the CSIRO, who was tragically killed in a tree felling accident in New Guinea.

He was able to follow the recent developments in ultra-lightweight chainsaws of 50 cc capacity only half the weight of current models.

Another highlight of the evening was the award, by the Hoo-Hoo Club, of prizes to the top students in 1978 in the Forest and Timber Technology courses held by S.E. Community College, Rural and Timber Studies.

Recipients were Leigh Bawden (Forest Technology) and John Kobes (Timber Technology).

**Vancouver
Club #48**

Vancouver, BC Canada

The Vancouver Hoo-Hoo Club No. 48 was formed July 10, 1925 and functioned normally until the great depression of the 1930's at which time it became inactive. The same holds true for World War II - the club was inactive, as were many other clubs in our International Order.

The club was reformed in June of 1951 and since that time has

been very active in Hoo-Hoo International.

A grand Reunion Dinner arranged under the co-chairmanship of J. Earl Wilcox and Ted Pratt was held at the Terminal City Club on November 23, 1978. The Dinner brought together most of the members who were instrumental in the reactivation of the club in 1951, the present members and the Executive.

It was very gratifying to see such a large turnout and shows that "Once a Hoo-Hoo always a Hoo-Hoo."

The dinner must have been a success as there were many requests of an annual function of this manner.

The Vancouver Hoo-Hoo Club sends Fraternal Greetings to all in Hoo-Hoo International!

The very best to you all, and we are looking forward to seeing you in Honolulu in September for our 97th Annual International Convention.

**"HOW TO
RAISE KITTENS"**

Give them something to do during their first year in Hoo-Hoo. This will help them feel that they are a part of our organization.

Have the kitten understand that the initiation is merely the first part of his becoming a member. The second part is serving his "kittyship", much the same as a doctor serves an internship for a year or two following his graduation. During their "kittyship" a kitten can and should be asked to do certain things for the club. Examples are selling raffle tickets, writing a news release, picking up another member for his meeting and most important of all, signing up two additional members during his "kittyship".

Put the kittens on your meeting call list. Assign members to each kitten to call for each meeting thereby affording the kitten the opportunity to meet other members in his club.

Most important of all, keep introducing yourself to new kittens so that they continue to feel important to your club. Ask a kitten to sit next to you at your next meeting. Better yet, bring a kitten to your next meeting.

OUR TRAVELLING SNARK

In the dead of winter, our Snark, Eugene Zanck, made another swing through the country. The trip included Atlanta, Houston, San Antonio and Lake Lawn Wisconsin. The latter was a multi-club meeting.

On February 20th the first stop was Atlanta, Georgia, site of the 1980 Hoo-Hoo International convention. The occasion was a husband-wife (or?) dinner. About 50 people were there for the dinner and to welcome the Snark.

It was a great dinner and there was a brief business meeting which followed. Snark Zanck spoke briefly on the merits of Hoo-Hoo, and the party was over.

It might be well to add here that the day before this meeting, Supreme Nine Member Dick Wilson and Snark Zanck flew to Birmingham, Alabama for a luncheon meeting with 18 members of that club present. No pictures were taken in Birmingham.

Above is Supreme Nine Member Dick Wilson with his lovely wife, Fran.

Our Snark's next stop was Houston, Texas, site of the 1981 Hoo-Hoo International Convention. It was another good turnout of the membership (75) with a fine dinner and short business meeting. It was Ladies Bingo Night which was preceded by a cocktail hour and dinner.

One highlight of the evening was when club President Mel Allen presented Snark Zanck with the famous Houston Hat, and another was when the International Treasurer, Bill

Next stop was San Antonio, Texas where that club was reactivated right then and there. The San Antonio Club is club No. 20 which was originally chartered in 1923. It was a regular reorganization meeting which was helped along by 8 Houston members and 3 Fort Worth Members who made the trip to San Antonio.

The big deal of the evening was the initiation of 29 new members and the acceptance of 10 members who reinstated. What a turnout!

San Antonio Club No. 20 is going to go places!

On to Lake Lawn, Wisconsin for a multi-club meeting. There were about 14 or 15 couples present representing the Ben F. Springer Club No. 35 of Milwaukee, Wisconsin, the Northern Illinois Club No. 139 in Rockford, Illinois and the Mississippi Valley Club from Rock Island, Illinois. The Chicago Club No. 29 was to have had some attendees, but sickness and very bad weather prevented members of that club from attending.

Fred Meyer, Supreme Nine Member for Jurisdiction II (left) presents Ken Hallgren his Deputy Supreme Nine Certificate while Ken's wife, Carol, looks on.

At this meeting it was, after a busy work seminar, decided to 1.) reactivate the Dane County Hoo-Hoo Club No. 103 at Madison, Wisconsin, and also to make a concerted effort to start a new club in Peoria, Illinois.

At any rate, regardless of the final outcome of the meeting, it

was generally agreed that definite progress was made in an effort to increase membership in Jurisdiction II which includes,

Illinois, Indiana, Kentucky, Michigan, Western New York, Ohio, Pennsylvania, West Virginia and Wisconsin.

S-9's Pledge

The Supreme 9's at our recent International board meeting pledged their support to our 9-point program for progress this year by agreeing to form or reactivate clubs in their respective Jurisdictions as follows:

Juris I - One club in Western Massachusetts

Juris II - A club in Syracuse, N.Y. and another in Flint Michigan

Juris III - One club in Boise, Idaho

Juris V - One club in Price George, B.C. and another club in Ottawa, Ontario

Juris VI - One club in Reno, Nevada

Juris VII - One club in El Paso, Texas and one club in San Antonio, Texas (This latter club has since been reactivated, so congratulations, Gary Hester)

Juris VIII - One club, Fargo-Moorhead, North Dakota

Juris IX - One club in Tampa, Florida, one club in Jacksonville, Florida, and one club in Tennessee

In addition to the above, Jack Martz and Wilkie Wanless are working on the reactivation of the Edmonton, Canada Club and meeting dates have been set for the reactivation of the Peoria, Illinois Club and the Rapid City, South Dakota Club by our Snark.

The realization of accomplishing the goal of these additional clubs can be hastened through the cooperation of all of our members. Please contact your S-9 or State Deputy to advise him of potential members' names.
