## From The Desk Of The Snark Of The Universe

### MEMO FROM THE SNARKS DESK:

Well Hoo-Hoo has become a whole new ball game. With my election to Snark in Melbourne the order has honored a relatively new — just 20 years — area of Hoo-Hoo, but a very vital area with the first Snark outside the continent of North America. A very big responsibility which I recognize as a tremendous challenge and you can be sure with the terrific officers and Supreme Nines we have this year we will make it a mighty year.

Let's return to the founding principals of Hoo-Hoo, 50% work, 50% fellowship and in the fellowship department we have always been strong, so now let's find the work. Today everyone in our great lumber industry is under pressure of some sort. Pressure to sell, pressure to produce, pressure to perform. Therefore, when he looks at the priority on his spare time he will choose a recreation that is pleasurable and meaningful, Hoo-Hoo should be this.

Under today's trading conditions we are bound to lose membership, but let's not deter, we have seen that happen the last two years, now we must go out and revive the failing clubs, give them new encouragement and strong virile leadership. Start new clubs in new nations and bring the spirit of friendship and fellowship to lumber people everywhere.

Our Convention in Melbourne was magic, let's carry this out to the clubs and be positive in all we do. If the South is to be the big growth center of lumbering and our International Office has just returned to there, then we should try to secure our future there by securing a private property bush. Imagine what the Redwood Grove would be worth now if we were able to sell it. Sure we haven't the money in Hoo-Hoo International to buy such property, but we do have many wealthy supporters who might like to endow Hoo-Hoo with such an asset. The future of our order would be assured in the South where our Head Office is established.

# That Fantastic 90th Annual Hoo-Hoo Convention

By Russell H. McClain

FANTASTIC is a mild word to describe the 90th annual convention of Hoo-Hoo International in Melbourne, Australia, in September. Doug Howick L-80748, Melbourne Club #217, Chairman of the Organizing Committee, officially opened the sessions at 0859 Monday, September 13, Melbourne time. Invocation was by Jack Cheshire L-55025, R. 64, acting chaplain.

Official opening and welcome address to the delegates was by Honourable Robert Fordham, M. P. and Deputy Premier of the State of Victoria. Flags of the seven nations having Hoo-Hoo clubs plus the Hoo-Hoo official flag were placed near the stage by a color guard where they were to remain throughout the convention. Flags displayed were those of United States, Canada, Singapore, New Zealand, New Guinea, Fiji and Australia.

Welcome addresses followed: Stuart St. Clair 78787, S9, J IV, welcomed the delegates to jurisdiction IV; President Peter Roberts 83986 on behalf of the host club, Melbourne #217. All sessions were in the fabulous new Wentworth Melbourne Hotel, a 52-story showplace of which any city in

the world would be proud. Members of all Hoo-Hoo clubs in Jurisdiction IV, the hotel personnel, visitors from the area — everyone — went all out to assure the delegates, wives and others in visiting parties a brilliant red carpet welcome.

Keynote of the reception of delegates and visitors was ably stated by Doug Howick in his welcoming message: "In 1982 the concept of Hoo-Hoo was instigated in the United States in the little town of Gurdon in Arkansas. In 1962 the first Australian Hoo-Hoo Club was formed in Adelaide in South Australia.

"Today, 90 years after the first event and 20 years after the second, all members of Jurisdiction IV are very proud to be hosting the 90th International Convention in Melbourne.

"Jurisdiction IV has about one-ninth of the world-wide membership of Hoo-Hoo International, but its area includes no less than five different nations.

"Thus on behalf of members of Hoo-Hoo Clubs in Australia, New Zealand, Singapore, Papua, New Guinea and Fiji, I have great pleasure in welcoming delegates and their partners to Jurisdiction IV, to Australia and to Melbourne. We have worked hard to make this convention a very special one. Thank you for coming to share it with us."

The first Snark of the Universe to preside over a convention outside North America — Daniel G. Brown L-74477 — then assumed the chair and welcomed all Rameses, delegates and their parties, everyone attending the convention. Five Rameses were present: Ernie L. Wales L45412, R. 50; Jack A. Cheshire L-55025, R. 64; Thomas M. Partridge L-45201, R. 68; Eugene D. Zanck L-68162, R. 71; James A. Jones L72073, R. 72. The official tally of representation by jurisdiction was: J I 1; J II, 1; J III, 15; J IV, 128; J V, 6; J VI, 11; J VII, 7; J VIII, 4; J IX, 6. Total 179.

There followed a memorial service for Hoo-Hoo Brethren who have died since the last convention conducted by Jack Cheshire L55025, R. 64.

# Forest Industry Field Day

Wednesday, September 15, was outstanding for lovers of open-air activities. First the delegates and guests visited the Australian Native Garden at Royal Park in Melbourne. The activity was the dedication of Hoo-Hoo International Gazebo by the Honourable R. A. MacKenzie, MLC and Minister of Forests in Victoria. It was a very impressive and interesting ceremony.

Delegates and guests were then issued hard hats and proceeded to an Australian Forest Field Day courtesy of the Forest Commission of Victoria. Activities during the day included: Inspection of demonstrations of Australian forest activities including tree felling and thinning and demonstra-

tion of some of the heavy forest equipment used in Australian forests. The tour then proceeded to the nursery and museum operated by the Commission which was a really fabulous place which engages in production of seedlings and conducts experiments in tree culture that are most interesting. Also featured were various skill demonstrations — wood chop, sawing and saw carving by outstanding experts in these skills. One of the most interesting to many visitors was a sheep shearing demonstration. An outstanding barbecue luncheon was served accompanied by a demonstration of the practical aspects of large-cut barbecuing.

# 90th Annual Hoo-Hoo Convention

(Continued from page 3)

Resolutions — Ernie L. Wales L-45412, Chairman; Jack A. Cheshire L-55025, James A. Jones L-72073.

Wood Promotion — David E. Lee 83769, Chairman.

Operations Manual — A new standing committee to consist of six members (two Rameses, two from the Board of Directors, and two from the lay delegates to the annual convention. This committee was to be named later.

Museum — James A. Jones L-72073, Chairman; Laurin Champ, Russell H. McClain 88090, Dick Wilson L-51796, Gary Hester, Bernie Barber, Jr. 48864.

The location of future Hoo-Hoo International conventions was announced: 1983 — Victoria, British Columbia, Canada, Empress Hotel; 1984 — Washington, D.C.; 1985 — Minneapolis-St. Paul, Minnesota; 1986 — Manchester, N.H.

Tuesday was a "free day" for most of the Hoo-Hoo delegates though a large number of them attended the all-day seminars of the Australian Forest Products Conference which was held in conjunction with the Hoo-Hoo convention.

The Wednesday Field Day is a story in itself (page 5).

Thursday was another full day of the General Sessions of the convention. Featured was the report of the nominating committee and elections and installation of officers. The two proposed changes in the Hoo-Hoo International By-Laws were voted upon; the proposal to establish a new standing committee on the Operations Manual was approved; the proposal to take the second Vice President off the Executive Committee and make the International Secretary-Treasurer a member was defeated. Apparently the convention delegates felt that it was essential for the 2nd Vice President to remain on the committee. Doug Howick made a presentation on "The Link for Carroll to Hoo-Hoo." To the Thursday luncheon International Hoo-Hoo members and ladies and other guests were invited. It was featured by presentation of the Snark's awards and other hi-lights.

Ed's Note: It is impossible to do justice to the entire convention in one issue. Several features of the sessions — including the wood promotion story, one of the most exciting and sensational of all — and articles suggested by the very fact of visiting Australia have been reserved for the next edition.

The Thursday afternoon session, which was open to all members and guests was the time for presentation of pins and recognition of new officers. This was routine but was followed by the climax everyone had been waiting for — the Embalming of the Snark.

The embalming was conducted by a team of Rameses under the direction of Jack A. Cheshire L-55025, R. 6. It was marked by some of the most bizarre and outlandish and unique figures imaginable. One could imagine being in a very exciting nightmare with figures from Lewis Carroll's "Hunting of the Snark" drifting around everywhere. Some of them appeared to have a function and raison d'etre, some of them did not — other than to scare the poor nightmare victim into insanity. Dan Brown was the central target of the ceremony; one could well wonder what dreams came to him that night.

The Thursday of action closed with a reception and party hosted by Victoria Club #183 of British Columbia, Canada. This club will be hosts and organizers of the 1983 convention.

Friday, September 17, was a most impressive day of the convention. The morning feature was a mini-tour of the Melbourne Timber Industry hosted by Stan Duncan and members of the Melbourne Club #217. Lumber and wood-working establishments from the largest in volume to smaller establishments were visited and officials of each industry very courteously explained his operation. Australia and New Zealand still retain a wealth of virgin forests and they displayed some of the most beautiful wood products most of us had seen.

Friday evening featured the closing banquet and dance hosted by Kevin F. Kelly who that afternoon had become Snark of the Universe. Doug Howick was Master of Ceremonies. The guest of honor was The Right Honourable Sir Billy Snedden, Speaker of the House of Representatives of the Parliament of Australia. Many of the delegates and visitors to Australia left feeling that they had been impressively and royally received and that the convention had been one of the most memorable in the annals of Hoo-Hoo International.

Lee 83969, J IX.

## Ladies' Days In Melbourne

In Hoo-Hoo conventions the ladies get special attention in the form of specially planned activities and "free time" for shopping to spend the money while members are in sessions. This was abundantly provided during the 90th convention in Melbourne. Activities were numerous, varied, interesting, unusual and any other superlative that one may wish to apply. They included — but were by no means limited to:

A tour of the Royal Melbourne Zoological Gardens which included Como House, a Victorian mansion, luncheon by Albert Park Lake and a stroll through Victoria Market;

An antique shopping tour which included Melbourne's High Street Antique Shops and markets and the Jam Factory where they were guests for morning tea;

A dinner and fashion parade at Ripponlea in the Australian National Trust property;

A winery tour of the grazing and wine producing area;

Thursday — a full day in the Dandenongs — ride on stream train, visit to William Ricketts sanctuary, panoramic views from Mt. Dandenongs and luncheon in the Blue Dandenongs Restaurant.

Also the ladies participated in many joint luncheons, the embalming ceremony where they were guests, the banquets and dances and the visits to Melbourne homes which was a most delightful feature of the convention.

# Officers And Directors Hoo-Hoo International

In this four-page section we sketch some of the basics of the organization of Hoo-Hoo International and give a brief outline of the Hoo-Hoo, business, and personal lives of the individuals who occupy the principal offices of Hoo-Hoo International for 1982-83. The Melbourne convention was the first outside North America, and elected the first Snark of the Universe who resided outside the continent. Kevin Kelly, therefore, becomes the first international officer of Hoo-Hoo International. The organization chart on this page illustrates how the principal officers fit into the international operation.

One international officer (the International Sec./Treas.) is not shown on the chart. He is a member of the Board of Directors and it is quite possible the convention may make him a member of the Executive Committee. The chart also does not show much of the informal structure nor the function of The Executive Committee.

The retiring Snark Dan Brown becomes a chairman of the corporation, the reigning Snark is president and the other officers of the corporation are Vice president and Secretary/Treasurer. These officers of the corporation plus the members of the Supreme Nine constitute the Board of Directors of Hoo-Hoo International.

# The "New" Supreme Nine

As everyone knows the world of Hoo-Hoo is divided into nine jurisdictions. Over each is a member of the Supreme Nine who is also a member of the Board of Directors, represents and votes for his delegation in annual conventions. Supreme Nine members from odd-numbered jurisdictions and even-numbered jurisdictions are elected in alternate years; this was the year for election or re-election of the members from even-numbered jurisdictions. The Supreme Nine members for the coming year are:

**LEE F. ROBERTS — L-61463**

Since 1958 he has attended 16 international conventions and in 1968 he became a Life Member. He has been in wholesale lumber since 1950 and General Manager of Martin Weigand since 1976. ## Dave Davis L-37575, R 48, Seer Of The House Of Ancients, Writes To Convention

It is my privilege to address Snark Dan Brown, 1st Vice President Kevin Kelly, Hoo-Hoo Officers, all delegates and friends to the 90th International Convention in Melbourne, Australia.

The challenge of today is the challenge that has existed for centuries, to live and work together in the spirit of the GOLDEN RULE, "Do unto others as you would have done unto you."

Our Hoo-Hoo Code of Ethics is older than that of any of our great service clubs. It contains the nine aims and objectives dedicated to and encouraging relations, confidence and cooperation among lumbermen, and to foster all activities that benefit the forest industry and humanity.

To apply the GOLDEN RULE in our life and business activities is an ideal to which Hoo-Hoo has subscribed since its founding in 1892.

The very Code of Ethics of our order is the essence of their fundamental words, "Through Hoo-Hoo a United Forest Products Industry," exemplifies its principles, aims and objectives.

Hoo-Hoo is an International fraternal order devoted exclusively to the

interests of the forest industry and to promoting the use of forest products. Hoo-Hoo is the oldest industrial fraternal order in the world of which we can be proud.

"Health, Happiness and Long Life" is the motto of our Order. In the spirit of that motto I know, having met so many of your Australian leaders, that you will have an outstanding 90th International Hoo-Hoo convention.

It is my loss not to be able to be with you in person, but I am with you in spirit.

Sincerely & Fraternaly,

*Dave Davis*

### Dramatic!

Some idea of the vast dramatic luxury of Hotel Wentworth, site of the 1982 convention can be gained from the picture on the left. This shot of a small part of the ground level which contained a lodge and restaurant was made from the 46th floor balcony. The hotel was built with a vast court on the ground level, this is a small segment of the total area. The gold-striped fabric drapes reached from above the 46th floor level to about the third floor level — thousands of yards of fabric.

## High Honor For Australian Graham Pope Of Newcastle

A high point of the convention was the posthumous award of the Paul Harris Fellowship, made famous in Rotary, to the family in honor of Graham Pope. In 1979 Graham visited the United States where he met and impressed a large number of Hoo-Hoo members.

Ernie Wales, L-45412, R. 50, presented the award to Dick Campbell 77398 of Sydney Club # to be transmitted to the Pope family. Ernie Wales made the presentation in the following beautiful manner:

Mr. Chairman and  
Fellow Hoo-Hoo Members:

I am now wearing my Rotary Badge of Spokane Club #21 identifying me as one of over 900,000 Rotary members in over 156 countries of the world.

One of the objectives of Rotary is to promote peace through World Understanding and Fellowship. The Rotary Foundation sponsors Group Study Exchange Teams of non-Rotarian young professionals and businessmen, who are sent overseas to meet with, live with and learn to know people in other countries.

In 1979, Hoo-Hoo member Graham Pope of Newcastle, New South Wales, was a member of a G.S.A. team, and came to Spokane. Graham studied with Ellen and me, and he spoke to our Hoo-Hoo Club #16 as well as our Rotary Club. Graham was a past Secretary of the Newcastle Hoo-Hoo and had been elected President for this year.

His friends in Spokane and other U.S. cities were shocked and saddened to hear of his tragic death, while working at his job.

Our Spokane Rotary Club sponsored the awarding, posthumously, of a Paul Harris Fellowship to Graham, and the award was made possible by other contributions from Spokane Hoo-Hoo Club #16 and thirteen Rotary Clubs in District 508.

It requires a \$1,000 contribution to the Rotary International Foundation

Ernie Wales (l.) presenting Fellowship to Dick Campbell.

for this award. In Rotary this is a very high honor, and the award is given to both Rotarians and non-Rotarians, and the money is used to further world understanding as mentioned before. Pope John Paul and many other prominent people have been so honored.

In a small way, we wish to honor the memory of Graham Pope in this manner.

Hoo-Hoo International President-elect Kevin Kelly very graciously put me in touch with Past Supreme Nine Member and President of Woy-Woy Rotary Club Dick Campbell, who will accept the award and deliver it to the Pope family for us. Let me read you two letters first.

After reading the letters the award was officially presented to Dick Campbell. The letters were from Doris Pike, Spokane Rotary Executive Secretary to Mrs. Robertson of Rotary International, and from Mrs. Robertson to Mrs. Graham Pope.

## Atlanta Club #1 Starts Program Of Support For Hoo-Hoo Museum

The following letter from the Atlanta Club #1 to Jim Jones L-72703, Chairman of the Museum Committee and Russell H. McClain 88090, Museum Director, is self-explanatory:

Enclosed is a check in the amount of \$100.00 to be donated to the Hoo-Hoo Museum in Gurdon. This is the first check of nine such checks that will be forwarded to the Museum for this 1982-83 Hoo-Hoo year. It is the intention of the Atlanta Hoo-Hoo Club #1 and its members to contribute \$900.00 this year from donations solicited from its members.

Contributors of the \$100.00 received with this letter were:

Pat Storey 83773	.....	\$20.00
David Lee 83769	.....	40.00
James Wilson 83778	.....	20.00
Ira Congino 59827	.....	20.00

Each month the check will be accompanied by the list of donors of that money. This is only one means of support for Hoo-Hoo shown by the No. 1 Club and its members. We hope that this money can be used in a constructive way for the preservation of the Hoo-Hoo archives and the further protection of our great order.

Fraternaly,  
DAVID E. LEE 83769  
S9, Jurisdiction IX

P.S. We hope to inaugurate this type of program in other clubs of Jurisdiction IX and encourage other clubs around the world to do the same.

EDITOR'S NOTE: Fantastic! On behalf of the Museum Committee, the Board of Directors and Hoo-Hoos everywhere our sincere thanks for this tremendous innovation and for support to the Museum!

## JURISDICTION REPORTS . . .

### Jurisdiction II

KENNETH R. HALLGREN  
SUPREME NINE

I am honored and pleased to be named Supreme Nine for Jurisdiction II. I have been in Hoo-Hoo for many years and have served my local club #139 in many capacities. I am enthusiastic about the prospects for a great Hoo-Hoo year and expect to give every support possible to the clubs and individuals in Jurisdiction II.

In this Jurisdiction plans are going forward for a busy and productive Hoo-Hoo year. My first plan is to visit the Museum and headquarters in Gurdon in October.

Visitations will start with the joint Buffalo #71-Rochester #184 meeting on December 11. The Detroit #28 annual Christmas party planned for December 16 is definitely on my schedule.

I have been in contact with the Northern Illinois Club #149 and Ben F. Springer Club #35 and I expect to visit these clubs early in 1983.

I have talked to Russ McClain in International Headquarters and he and I plan to be of mutual assistance in working together.

Enthusiastically I look forward to a great Hoo-Hoo year.

Fraternally,

Kenneth R. Hallgren #66051

### Jurisdiction III

AL MEIER  
SUPREME NINE

After being newly elected as a Supreme Nine member I left the Houston convention with lots of Hoo-Hoo enthusiasm, many things to learn, many miles to cover, and many Hoo-Hoo people to meet. Now that a year has passed by I have traveled many miles (9,300 to be exact) and I have visited most of the clubs in our Jurisdiction, some more than once but, some of them not at all. I didn't get to the Willimette Valley, or Elk Horn clubs in Oregon; nor the N.E.W. or the CanOkland clubs in Washington, or the Montana clubs. We have 24 dues paying clubs. Trying to visit all the clubs and still run a business is sometimes hard to accomplish. But, you can be assured that the previously unvisited clubs will be the first to be visited in the coming year.

I received the official membership report from the International office and it put me into a temporary state of shock when I read that we had lost 754 members. But, as soon as I recovered from the shock I realized that Jurisdiction III had not been given credit for three of our largest clubs, plus our members at large. So, it seems that after the smoke has cleared that our loss is closer to the 150 mark which I'm not bragging about, but it is much better than a loss of 750. Considering the number of members lost we find that our Jurisdiction has either the lowest or near the lowest loss percentage than most of the Jurisdictions and still have by far the greatest number of members than any other Jurisdiction in International.

The highlight of my year was when I had the honor of attending the formation and Concat for the new Goose Lake club. Thanks to the help from the Klamath-Falls people we concatted one of the largest groups of kittens ever in the records of Hoo-Hoo.

It is my desire and certainly my goal for the coming year to get our membership back to where it was a year ago plus some additional numbers.

A special thanks to the members who have furnished me with assistance, hospitality, entertainment and lodging during my visits to their clubs. I want to thank the club officers for their cooperation during the past year and a special thanks to my Deputy Supreme Nine members:

Western Washington: John Bratland  
Eastern Washington and Western Idaho: John Howard  
Northern and Eastern Oregon: Darrell Pardee  
Southeastern Oregon: Bill Patterson  
Montana and Wyoming: Jack Brubaker

Thanks also to Russ McClain and his staff at the International office for all their assistance.

NOVEMBER, 1982

Wishing everyone of you Health, Happiness, and Long Life.

Sincerely,

Al Meier 71555

### Jurisdiction V

FRED FRUDD  
SUPREME NINE

Because of a recession that has lasted longer than expected, a lumber market that is almost non-existent and lost jobs, it appears that Jurisdiction V has lost a few members.

During the year I attended all of the functions of the Victoria Club #183 and visited the Vancouver #48's Ladies Night and also their Fund-Raising Dinner. I attended a Concat of the Cowichan Valley Club #229 and attended their annual election of officers. Deputy Supreme Nine for eastern Canada, Keith Warren of Toronto has attended most of the Toronto Club #53's functions. I also attended the January Board Meeting in Palm Springs and the Jurisdiction III Mini Convention in Sun River, Oregon and a regular meeting of the Sydney Australia Club #215.

The three western Canadian Clubs of Vancouver, Victoria and Cowichan Valley had the honor in September of 1981 of the visitation of Kevin Kelly, International 1st V.P., his wife and daughters and past S9 for Jurisdiction IV Dick Campbell, and in October 1981 of the Snark of the Universe, Dan Brown, his wife and Jurisdiction III S9 Al Meier and his wife.

In May 1982 the Vancouver and Victoria Clubs were visited by Doug Howick and Dave Efron of the Melbourne Club #217 in promotion of the 1982 International Convention.

All of the Clubs in Jurisdiction V are active in their individual projects except the Midnite Sun Club #200 in Alaska and the Stampede City Club #196 in Calgary that are inactive but still maintain some members.

This first year has been very interesting to me. I have met many new friends and hope to meet many more in the coming year. I have enjoyed working with the Officers, Directors and members of Hoo-Hoo and look forward to the coming year.

Fraternally,

## Jurisdiction VI

KENNETH J. COLEMAN

SUPREME NINE

This past year has been a learning experience and the new boy on the block has met a lot more good lumber people (and Timber Merchants).

I regret my report was not made in time to be published in the August issue of *Log and Tally*, but I present it here at the 90th Hoo-Hoo Convention in Melbourne, Australia.

There were a few setbacks this past year, our Deputy Supreme Nine member for Arizona, Marvin Setzer, passed away and my attempts to appoint a new man in Arizona went astray.

My biggest disappointment was the cancellation in May of the Redwood Grove Committee meeting in Eureka at the last moment. I was really looking forward to the meeting and seeing our friends from Australia at that time. As it happened we were unable to get to see them at all due to their busy schedule.

Even with the disappointments, I believe this past year has been a very good one for fellowship in our Jurisdiction. I am very pleased that the San Diego Club #3 has been successfully reactivated and to see the great coverage of their Concat in the August *Log & Tally*.

Along with other Jurisdictions, we too are showing a loss of membership and we will all have to pick ourselves up by the boot straps and work a little harder for the 1982-83 year. I personally take the addage, that if each member brings in just one new member we could double the total membership of Hoo-Hoo International.

Since my last report, I have attended the San Diego Club #3's Concat where 13 new kittens were concatenated on April 2nd and Los Angeles Club #2's annual Leroy Stanton Cup Invitational on May 7th. A Concat was held at this meeting where 3 new kittens were brought into Hoo-Hoo Land. This makes a grand total of 55 kittens I have witnessed joining Hoo-Hoo during this past year. I also attended the Four Club meeting of Clubs #2, #3, #117, and #234 at Diamond Bar Country Club in Diamond Bar, California on August 13th.

My intention at this Convention is to run for election to the office of Supreme Nine of Jurisdiction VI for the next two year term and if I am elected, to continue in this capacity I will do my utmost to promote Hoo-Hoo and encourage the membership in the great fellowship of lumbermen.

Health, Happiness and Long Life.

Hoo-Hoo Conventions, Australian style, are something no Hoo-Hoo member should be denied! Each convention I attend reconfirms my commitment to the Order and the convention in Melbourne has done the same thing on an even grander scale.

The Melbourne Club and our other Australian Brothers should be congratulated on the best convention ever! Our thanks to "Sir" Doug Howick and the convention committee for their hard work.

My congratulations also to the other members of the board of their election and especially to Kevin Kelly, our Snark for 1982-83. I pledge to work very hard for the advancement of Hoo-Hoo throughout the world.

## Jurisdiction IX

DAVID E. LEE  
SUPREME NINE

Jurisdiction IX is looking forward to a more prosperous year for membership in 1983. Of all the seven clubs represented, each one has put forth a concerted effort to gain new members as well as reinstate many of the older Hoo-Hoo members who for one reason or another have left our organization.

Since returning from our annual convention in Australia, I have visited our Atlanta Club #1, Miami Club #42, and have scheduled visits to Hampton Roads Hoo-Hoo Club #154, Orlando Club #115, and Tampa Club #225 for the upcoming two months.

From the experiences so far, Orlando had a concat in September and enlisted twenty-two new members who were concated. Atlanta Club #1 has a concat scheduled for November and hopes to have ten new kittens. Concats are also scheduled for other clubs as well in our Jurisdiction.

There has also been interest shown in starting a new club in Asheville, North Carolina. I will have more about this in future reports.

It is our hope that all of these efforts will make Jurisdiction IX one of the strongest areas for the growth of Hoo-Hoo throughout the world.

Fraternally,

## Jurisdiction IV

STUART ST. CLAIR  
SUPREME NINE

By the time this *Log and Tally* is printed, everyone should have returned home after the International Convention in Melbourne, Australia. The support given by members from every Jurisdiction in Hoo-Hoo land was TREMENDOUS. To be able to host this year's convention in Australia shows that Jurisdiction IV has come of age.

The one most important factor to the growth in Jurisdiction IV, we believe is, communication. Due to the fact that we have five nations and twenty-one clubs, covering literally millions of square miles, communication is so important. Our membership should increase this year, with more Hoo-Hoo clubs starting up. We, like so many other Jurisdictions, are facing difficult times, due to our economic climate. Hoo-Hoo, we believe, is a great way of helping our industry, by allowing strong interaction between members.

What a great achievement it is to have Bro. Kevin Kelly Snark of the Universe. Many of you know and have met Kevin, a great Hoo-Hoo member, and one that will devote time and energy to this great movement. He will, of course, receive all the backing we can give from Jurisdiction IV, to help him carry out his duties this year. To all the members who were able to come to Australia for the Convention, we thank you for making it a great success. To all members in Hoo-Hoo Land: Health, Happiness and Long Life.

Washington Club #99 welcomed Howard Orebaugh, President and Chief Executive of United Savings and Loan of Virginia, as speaker in the April meeting. His interesting talk centered on the mortgage market at this time and some different mortgage instruments. He also mentioned some ways builders are approaching the tight money situation. One of these is by going after the "mingles" market.

May's meeting was a combination golf outing and elections night. Mother Nature cooperated beautifully and held a summer storm off until the end of play. Many thanks to Harold Hershey #50877, our eternal golf chairman, who single-handedly figured out who won what. Fortunately the elections were simpler than the Calloway system.

Jerry Gibala #79303 was elected President; Mickey Tinder #81096 was elected Vice President; and to the Board of Directors, Larry Dale #81087 and Charlie Weaver #82899. We look forward to an enjoyable summer and the planning of a new Hoo-Hoo year in the fall. The long summer season was broken by a family outing and picnic for members of Presque Isle Club #228 and their families.

Jim Hobbs' farm in Edinboro, Pa., was the setting for the joyous occasion. Members and families were treated to fresh sweet corn and many other delicacies courtesy of John Danco of Danco Building Supply, Crossville, Pa.

The regular monthly meetings of the club begin the third Wednesday in September and continue to June. The Presque Isle Club is based in Erie, Pa., and includes a strong nucleus of interested Hoo-Hoo members who will be delighted to welcome Hoo-Hoo who may live in the area or persons who may be interested in becoming new and active members of the fraternity.

## Detroit #28 Employs Star Reporter: VanEvery

Bob VanEvery reporting the happenings of Club 28. Surprised? So am I. I have agreed to take on this job in our club for the coming year.

Club 28 meets or has activities throughout the summer months. Our Golf Outing was held July 13th at Dun Rovin Country Club. We had a near record number of golfers as well as members who turned out for dinner with their guests. Prizes were abundant and everyone had a great time. Plans for the outing were arranged for by our President, Fred Coopriders and his committee.

### COOPRIDER 1982-83 PRESIDENT

September 9th was our annual meeting and election of officers and directors. They are:

Vicegerent Snark, Bill Graves 77068; President, Fred Coopriders 63892; 1st Vice President, Jim Niner 83688; 2nd Vice President, Kirk Martin 83683; Secretary/Treasurer, Gordon Graham 70604; Sergeant at Arms, Ed Zajac 63890.

Directors: Jim Maicki 86469, Larry Gervais 88562, Bob Adams 84497, Dick Gregory 88563; Mike Ianuzzi 86461, Ed Burry 74188, Jim Riley 73181, Bob VanEvery L-73186, Ed Zajac 63890.

The oath of office was initiated by Past-President and former S-9 member, Manny Litvin. All paid members of the club for the 1981-82 year, were treated to dinner and refreshments on the club. Some 80 members turned out for the occasion.

President-elect, Coopriders wasted no time calling his first board meeting on September 14th. Noting that both our club and international had suffered a loss of members last year, priority will be given to reversing this trend and try to increase membership.

The following agenda was approved for the next five months:

- October — General Membership Meeting
- November — Board Meeting
- December — Our Gala Christmas Luncheon
- January — Board Meeting
- February — Concat

### HAPPENINGS AMONG OUR FREQUENT CONVENTIONERS

June 20th — Vice-Gerent Snark, Bill Graves and wife Ruth were honored by a surprise 40th wedding anniversary party hosted by their daughters and families. Numerous friends, relatives and Hoo-Hoo were on hand to honor and surprise Bill and Ruth.

July 15th brought distinction to our club as daughter, Maureen, wife of Past-President, Tom Osborne, Jr. gave birth to twin daughters, Meghan and Jenniffer. Happy to report that mother, twins and Tom are all doing fine and expect to be in Victoria next September.

Detroit Hoo-Hoo Club wishes Health, Happiness and Long Life to all our brothers across Hoo-Hoo land.

Gordon Graham #70604, Secretary/Treasurer of Detroit Club #28, retired recently from the Johns-Manville Company. He had been employed by that company for 37 years. On August 28, Mrs. Graham (June), his family, neighbors and friends gave a surprise party in his honor. Of course a large number of Hoo-Hoo members were included. Reporter Bob VanEvery writes, "Anytime anyone can surprise Gordon (Mickey Mouse) Graham you know the party has to be and was a great success." Gordon's plans are indefinite except to do some traveling and keep working for the good of the Hoo-Hoo fraternity. He has written us for the address of F. D. ## Mike Wilson, U. Of W., Guest Of Seattle Club

The Seattle Hoo-Hoo Club #34 kicked off its opening meeting of the fall season on September 14th at the Norselander in downtown Seattle. Seattle is the home of the University of Washington, and Club #34 was proud to have Mike Wilson, Sports Information Director for U. of W. as our principal speaker. Mike candidly fielded questions from the audience and showed a terrific film on the 1982 Rose Bowl. Once again the Husky football program looks awesome and at this writing (9-24-82) they are ranked #1 in the nation by the Associated Press.

Nearly 60 members turned out for the meeting, and it was extremely refreshing to hear some positive comments about the local business climate and the lumber and plywood industry for a change!

During the meeting, V.P. Doug Mekkers announced that club #34 is planning a \$250.00 draw down for members whose dues are paid in full prior to our October 12th meeting. We found this event to be very popular last year, especially for Mekkers who won the kitty.

Our November 9th meeting will feature a turkey raffle and talent contest. (It may turn out to be a talent raffle and a turkey contest — we'll let you know!)

Club #34 extends its best wishes to all our friends around the country for a happy holiday season.

## Three Clubs Cruise Lake Coeur d'Alene

On the evening of July 24, 1982, members, wives and guests of the Spokane, and North East Washington Hoo-Hoo Clubs, along with the North Idaho Club, enjoyed a boat ride on beautiful Lake Coeur d'Alene. We were on the cruise boat Mish-An-Nock. Our honored guest was Snark Dan Brown and his lovely wife Elouise.

The food was fine, evening glorious, and friendship overflowed. No speeches. It was a great evening. The Spokane Club presented Dan with an autographed paddle, the North Idaho Club gave the Brown's two books, Beautiful North Idaho and Beautiful Washington.

The North Idaho and Spokane Clubs have enjoyed several of these joint cruises in the past, and no doubt will do so again. They are great.

# 120 Golfers In Rogue Valley Tourney

The annual golf tournament of Rogue Valley Club #94 on August 6 had a turnout of more than 120 golfers and duffers. The golfers were best represented by Franz Miller from Bend, Oregon, who shot the low gross score of 70, to take the honors, and "duffers" were represented by Club #94's own Lloyd Hanneberg, whose errant shot on #11 broke a window. The Friday event was "teed off" by a lovely cocktail party held on Thursday evening at the Red Lion and was hosted by all the local area railroad representatives. We wish to thank them for their part in making this a successful tournament.

On September 16th, Rogue Valley Hoo-Hoo-Ette Club #11 held initiation for new members. They had a healthy litter of 13 new kittens. The girls had asked and received the help of Gerry Foster, Hank Jensen, Lloyd Hanneberg, Lew Merrill, Norwood Licklider, Howard McCormick, John Weaver, Andy Jones, Ron Breedlove and R. J. Higgins (all of Hoo-Hoo Club #94), who acted as their degree team. The girls have a very active club and we extend our best wishes for continued success.

## **Jurisdiction VIII** Wichita #173 Makes One Payment Offer For All Club Activities

Pay \$99.99 in addition to annual dues and you can obtain a season ticket to all activities of Wichita Hoo-Hoo Club #173. That's the unique offer made by the club in its latest bulletin.

You may make a one-time non-refundable payment of \$99.99 in addition to your annual dues. This will entitle you to participate in all our scheduled club activities, except for the golf tournament, for the balance of the year at no additional cost. This does include your lady at the Christmas party and at our annual Meeting; and does include your entire family at the summer picnic. Such payment must accompany your annual dues payment and be received by our treasury on or before our

September 20th, meeting.

The first meeting of the Hoo-Hoo year for club #173 was in the Lakeshore Supper Club on September 20 starting at 6:29 with an Attitude Readjustment Period. The meeting included installation of officers and a presentation to the Institute of Logopedics. Also to be voted on was a proposal from the Board of Directors that the club pay both local and International dues for the four elected officers during their year of service.

Roger Grund, Executive Director of HOT (Home Owners Trust). His subject was announced: "The Lunatics are Running the Assylum."

The prize structure demonstrates

the ingenuity of the club's planners. The door prize winner is drawn from the hat containing the names of all participants. For the grand prize the "hat" contains the names of all participants from each regular meeting beginning with the prior September. The Grand Prize — drawing at the annual meeting in June — is a "free fee year." A third prize structure involves a drawing at each regular meeting for \$5.00. If there is no winner the prize will be carried forward to the next meeting. To win, an individual must be present at the meeting when his name is drawn — and — must be wearing his HHI Pin.

## Der Proposes Club Project

### Bob Der, County Forester Speaks To Tampa Bay #225

Bob Der, Hillsborough County Forester, was the principal speaker to the July meeting of Tampa Bay #225. The meeting was in Valle's Steak House in Atlanta.

The principal topic was the economic role of the lumber industry in Florida. The County Forester brings into the market the timber on small stands in the farming areas. We in the retail and wholesale lumber industry tend to overlook the tremendous amount of money this pumps into the economy of the county, city and state.

He suggested exciting possibilities for club projects including the care and planting of seedlings in the county. The session brought many questions and responses from the members.

Seedlings, we have them, for YOU!! Bob Der, County Forester tells Tampa Bay Hoo-Hoo Club #225 of the program for seedlings that could be a club project.

## Central Florida Hoo-Hoo Club #115 Has Seafood Fare

## **Jurisdiction IX**

It was five P.M. Friday afternoon when members, their wives and friends started arriving at the Florida Lumber and Building Materials Dealers Association Building on Lee Road. They were gathering for what has become our annual bus trip to the Packwoods, an off-the-beaten-path Seafood Restaurant south of New Smyrna Beach. There were about eighty-five signed-up to make the trip, but due to a breakdown in communications, reservations were made for sixty and couldn't be changed. For those that were not able to make the trip, you were all missed, and thanks to those who volunteered to stay behind.

The bus was filled to capacity. From the time it left the parking lot, till we arrived at the Packwoods, not a

minute passed without Bill Grimes, Phil Cocks, and Pat Ent leading all hands in a singalong in such songs as "Row Row Your Boat," "Moonlight Bay," "If You Knew Suzie," and most any other song you care to mention.

We arrived at our destination on time and everyone started the first go round of steamed shrimp, fried flounder, clam chowder, and hush puppies. Then came the steamed oysters, and they came, and they came, there seemed like no end. At last everyone was filled to the brim with seafood so we headed home to Orlando, like the trip over there were plenty of songs and laughs. *THIS WAS HOO-HOO AT ITS BEST.*

## Tampa Bay Club Contributes To New Raptor Aviary

Tampa Bay Hoo-Hoo Club #225 recently participated on a service project of tremendous importance to the local community. Thanks to donations from the Tampa Chapter, the Suncoast Seabird Sanctuary was able to build a new Raptor aviary for birds of prey. The Sanctuary, located on Indian Shores near St. Petersburg, is a non-profit zoological park dedicated to the rehabilitation of handicapped birds in an environment much like their natural habitat.

Ralph Heath, founder of the Suncoast Seabird Sanctuary, wishes to express his gratitude to all Hoo-Hoo members, and ask for our continuing support for the conservation of wildlife.

Mr. Heath plans to build a new Sanctuary soon, with the objectives of rehabilitation, education, and research. As the current Sanctuary, the new park will operate on donations and will always be free for all to visit.

Tampa Bay Hoo-Hoo Club and Ralph Heath invite all fellow members to visit this fine facility when in our area.

# Memo To Cartographers Don't Leave Tasmania Off The Map

By Russell H. McClain

Most inspiring of the convention opportunities are those to meet people from so many other countries and so many interesting places in the world. One of the fascinating people was A. John Parkinson, Director of a company called B. G. Clement Pty. Ltd., in Hobart, Tasmania. He was a real Tasmania patriot and had one major complaint: That Tasmania, an island of 26,000 square miles, was too often ignored — even left off the map.

I suppose it is easy for busy Australians and even easier for visitors from other parts of the world, even more likely that people in other parts of the world who do not visit, to ignore Tasmania.

The island lies just a few miles off the southeastern coast of Australia — not too many miles from Melbourne. Mr. Parkinson presented me with a plaque cut in the shape of the map of Tasmania and lami-

nated from the woods produced there: King William pine, radiata pine, blackwood, sassafras, celery top pine, Tasmanian oak, Huon pine — to name a few of them.

Tasmania must have one of the world's most ideal climates averaging 60 degrees in January, the hot month, and 40 in July. Rainfall is between 20-40 in the east and 40-60 in western Tasmania.

Everyone has heard of the Tasmanian devil — an animal about the size of a badger with coarse black fur spotted with white, large head, stout body. It hides at day and preys on and eats sheep, cats and other animals at night. But Mr. Parkinson was interested in everyone hearing the good — not concentrate on the bizarre and unusual.

It was a pleasure to meet John Parkinson and contribute our little bit toward rectifying the cartological oversight of leaving Tasmania off the map.

## ADMINISTRATION

CARLE HALL L-57737

The administration committee met and after much research and looking through previous *Log & Tally* for experience we offer the following report:

1. Physical Plant of Hoo-Hoo International was moved from Boston to Gurdon.
2. A successor for Cliff Cunningham was obtained in the services of our New Executive Secretary, Dr. Russ McClain and his able assistant Betty Wells.
3. In our checking over the check list for job description of the Executive Secretary — we found that for the most part, Russ had performed his duties well.
4. I personally cannot report about the reports of the officers — You must read the reports either in the August issue of the *Log & Tally* or those that will appear in the next issue.

## International Headquarters

Russell H. McClain, Executive Secretary

Without denigrating the importance of other issues or of the *Log & Tally* we state without hesitation that the November issue of the magazine is the most important of the year. Traditionally it tells the story of the convention or as much of it as a harried editor can prepare in the short time he has to work on it. Obviously the Melbourne convention was one that could conceivably monopolize the entire 48 or 52 pages.

It is also the November issue that formally introduces the new Snark of the Universe, adorns the cover with his portrait, carries his first "Memo to Members" stating his goals and hopes for the new year. This year Snark Kevin plans his first Board of Directors meeting early in the Hoo-Hoo year — in Gurdon October 30. This decision has at least two advantages: Plans can be made, goals set for the year. Also the Board will get a first-hand look at what has been accomplished in moving, expanding and re-establishing the Headquarters in Gurdon.

The November issue is also swamped with Club News as all the clubs and jurisdictions start fall meetings, elect officers and in general gear up for a great year. *Log & Tally* takes its responsibilities seriously. It is one of the important elements in the cement that holds the fraternity together, gives it tone, status, personal interest. It helps unite Hoo-Hoo as Hoo-Hoo unites the forest products industry.

To get out a good magazine someone — and more than one someone — must do a lot of work. Everybody must do his part. Supreme Nines, Club Secretaries, the Snark — everyone who contributes material is adding a building block to the edifice. Deadlines must be early enough to enable us to get material to the printer in time for us to get our magazine printed and in the mail on time. This cannot be done if material continues to drift in until the last few days of the preceding month as it did in October. Of course the convention made a difference and made the deadlines more difficult to meet.

So we would like to suggest a few ways in which we can cooperate to improve our magazine — note *our*. 1. We can use advertising to assist us in paying the constantly rising cost of printing and publication; call or write to us for suggestions or talk to your Supreme Nine about this. 2. Deadlines: September 25 for the November 1 issue; December 25 (make that 26th!) for the February 1 edition; March 25 for May 1 version, June 25 for the year's last publication on August 1. *But please* send in information as events occur; don't save it up and send it right on deadline. This enables us to get the material typed and ready and is a tremendous aid in planning. The better the material is written, the greater the contribution to the magazine; the ideal would be ready for publication as submitted. But that's what editors and rewrite people are for. Rewrite, plan, layout, work the pictures in and get the maximum use from our space; these are some of our goals and tasks.

Thanks for your help — with it I am sure we can continue to improve the magazine. If we can help you — let us know — The Editors.

Center stage: An astounding string of Walleye pike; backdrop: (l to r) Jack Ashbaugh 85653, Eugene D. Zanck L-68162, R. 71; Eloise Brown, Dan Brown L-74477, R. 74, now then Snark of the Universe.

President Charles Pennington of Gurdon Club #120 presents a check to Howard Campbell, Administrator of the Gurdon Community Hospital. Contributions by club members enabled the club to participate in a community campaign that raised the \$200,000 required to match a \$400,000 FmHA loan to build an addition and renovate the hospital. Note: The presentation was made in front of the famous Hoo-Hoo monument in Gurdon that was erected near the spot of conception of Hoo-Hoo. On the face of the monument is inscribed in stone the names of all Rameses. The hospital fund raising drive was successful — the cornerstone for the edifice was laid October 17.

### THAT LIST OF OFFICERS

Mr. Club Secretary: Lest you forget — the February issue of *Log & Tally* publishes the directory of officers. We need your list of officers as soon as possible so we can get the list prepared and to the printer.

To you who have already sent us the list — our sincere and grateful thanks for your cooperation.

WHEREAS the hard work and dedicated efforts of all the Hoo-Hoo Clubs of Australia, and particularly the Melbourne Club #217, has brought to fruition a wonderful convention here in Melbourne commemorating the 90th anniversary of the founding of our great Order and the 20th anniversary of the extension of Hoo-Hoo in Australia, BE IT RESOLVED that we here assembled give our sincere and heartfelt thanks to each, the Convention committees, Officers and Directors of the Australian Hoo-Hoo Clubs and the loyal industry supporters and Australian Forest Products supporters who have combined to make this such an outstanding convention.

WHEREAS, the Victoria, B.C. Hoo-Hoo Club #183 has invited us to their beautiful city, truly a bit of Olde England, for the 91st annual convention in 1984, BE IT RESOLVED that the Order's *Log & Tally* magazine take such steps as are necessary to publicize these conventions, and

WHEREAS Hoo-Hoo International is a fraternal organization of lumber and forest products persons, who are concerned about each other in the spirit of Health, Happiness and Long Life, and

WHEREAS involvement in the lumber and forest products industry is one of our main goals, BE IT RESOLVED that Hoo-Hoo International continue to support the efforts of the industry organizations, who promote a better understanding of the forests as a reasonable renewable resource, and continually support proper management of these resources, and

WHEREAS the Rotary Club of Spokane #21, plus a dozen other clubs in Washington and British Columbia's District 508, along with the Hoo-Hoo Club of Spokane #16 paid a high honor to one of our departed Hoo-Hoo brothers through this convention; BE IT RESOLVED, that we extend thanks and appreciation to these clubs.

WE, the Officers and Directors of Hoo-Hoo International assembled in Melbourne, Australia, acting in the spirit of Fraternity, Industry and Good Will, do hereby put our seal to these Resolutions on the 16th day of September, 1982.

Respectfully submitted,  
Ernie Wales L-45412, Rameses 50,

### Carle H. C. Hall Triple-Threat Man

Carle H. C. Hall L-57937, who came to the convention as Supreme Nine, J VII, and left as 1st Vice President, proved a triple-threat man in winning convention honors this year.

First — He received the George Mueth walking stick which is returned to the convention each year and awarded for one year to the Supreme Nine who traveled most miles in performance of his duties in the past year. Carle estimates that he traveled over 8,000 miles.

Second — Carle was honored with the Gordie Doman trophy. This trophy is awarded every year to the Supreme Nine who, in the opinion of an awards committee, was the super Supreme Nine of the past year or the standout member of the group. The trophy was presented by Snark Kevin Kelly at the closing banquet of the convention.

Third — Carle Hall was honored with election to second Vice President of Hoo-Hoo International. He was elected over the opposition of Norm Mikalson 65163, who had been nominated from the floor by Spokane Club #16. Election to 2nd Vice President is a major step toward Snark of the Universe.

### Membership Committee

Report of the Membership Committee to the 90th Annual Convention:

The members of this committee have some rather distressing news to report: During this year we have lost 947 members. Hoo-Hoo is still a strong and viable organization; we can stand the financial loss for a year or two but could not stand it for several years running. An equally great loss is that so many members decided not to pay dues.

We cannot totally blame the loss of membership on the economy; we have had some difficulty with sending out notices and involving Supreme Nine. There is always some difficulty in moving. We must place most of the blame on ourselves; the fact that we could not get the computer going had a great deal to do with the loss of membership.

The computer is going now and the members will receive notices and the Supreme Nine will be kept abreast of what is happening. We have also made a correction in billing by Board action. From now on clubs will get the dues notices as they did in the past — for the first two notices — the third notice will be mailed directly to each member. This was done this year by Headquarters and will be continued by Board

action.

We think with the new computer and the fact that each club and each Supreme Nine member being better informed we can reinstate many of the members who have failed to pay dues this year.

It behooves each of us to go back to our clubs and our jurisdictions and work to keep membership up, not only in numbers but in quality. Elect the best officers that can be found, attend the meetings and keep Hoo-Hoo vitality at the best level ever.

Thank you for listening.

### An Old Timer Shows Them How

Lorin M. Swift L-34021 (note the number) born in February, 1890, shows that he can still pull a crosscut. Lorin was born two years before Hoo-Hoo's birth date in Gurdon. He has been a member of Hoo-Hoo since January 19, 1924, Concat 236-A in Fresno. In the Portland convention (1977) he received a trophy as the oldest Hoo-Hoo in attendance. He has attended conventions as long as anyone can remember. He is a member of Sacramento Club #109 and still an active and enthusiastic Hoo-Hoo. He was one of the "stars" of the convention — attending everything and doing every activity. Also in the picture (l.) Al Meier 71555, S 9 JIII and an unidentified expert in the center.
