SOLID SAWN Beautiful, real wood

ALL-COAST TIMBERS

Genuine All-Coast Solid Sawn Timbers provide sound structural integrity and natural aesthetics that only real wood can deliver. Our timbers are an excellent choice to add authenticity to rustic retreats, backyard patios, gazebos, horse barns, timber frame structures and custom homes.

We stock rough-sawn Douglas Fir, Redwood and Western Red Cedar and can provide fresh-milled textures to order — resawn 4 sides, surfaced 4 sides and hand-hewn. All-Coast can make corbels and kneebraces from any timber to your specification.

For top-quality products, look for the All-Coast Genuine Solid Sawn Timber and Quality Corbel seals.

KALENE'S EDITORIAL

Better Days

If you have watched the news here lately, it seems that the COVID cases are finally going away here in the United States. If you would have asked me this time last year, I honestly thought we would never see the "normal" we had in 2019. Here in Arkansas, they have lifted the mask mandate. I'm so glad because the Summertime temps here in Southern Arkansas feel like it's just melting you as soon as you step outside. We are so blessed to be able to see these better days!

As I work with Beth the last few months before her retirement, I can't help but realize how blessed Hoo-Hoo International has been to have had someone who cares and does so much to help everyone no matter what time of the day or night. As we continue preparing for the 129th Convention in Hot Springs,

she has been such a huge help in guiding me on how to prepare. Even down to the day on what needs to be done May - September for Convention. I pray she continues to get better daily and always have better days.

You never know just what someone is going through. Always be kind, love, and reach out to someone that's on your heart. A phone call, text, even an email could turn someone's day completely around. I hope we all get to meet and fellowship in September as planned for the Convention and wish Beth a happy retirement.

Cheers to better days,

Kalene Hooks

HHI SNARK DESK

To take from Charles Dickens, my term as Snark has been the best of times and the worst of times. I am so happy that I got to visit so many clubs and see the life and ideas coming out of our clubs. We tend to look at the recent doom and gloom from our media, the COVID shutdowns, the scare, the quarantining, but we are coming out of it and I see our clubs coming out with a vengeance. To the best of my knowledge, we made it through with minimal fatalities in our family (I am only aware of 2) and business is booming, people are back to work, and life is beginning to return to normal.

As my term, I was asked and accepted to step up a year early and stay for a bonus year, and I am so grateful for the opportunity. For each challenge, we have overcome and come out stronger and more prepared for our future.

- COVID - we took the time to revamp some of our procedures and become more efficient moving forward as well as federal assistance to help with our membership.
- Beth's Illness - we took this as a positive opportunity to get Kalene in the office full time and give her nearly 9 months with Beth assisting part-time to have a chance to get through all of the business cycles.
- Flood in the Kitchen at the museum - Remodel and fresh look on our place, and it is going to look great and modern with an island in the middle.

I plan on assisting our new Snark to move forward with the things we have done and build on them to become even more successful as the Chairman Of The Board.

I know the lumber industry is booming and let's take a challenge for each of you to invite someone to come to your next meeting, learn the comradery, and build our clubs back after this disastrous year and come out bigger, better, and stronger.

Health, Happiness, and Long Life to each and every one of you.

Steve Allison 98064
Snark Of The Universe

HHI FIRST VICE PRESIDENT

Paul Beltgens 90980

Hello Everyone, Well, Summer is upon us again, and we still have been asked to stay and travel close to home; unfortunately, it means no travelling out of our country yet. As the picture shows, the new days are coming. With that in mind, hopefully, we will be able to see each other across borders and oceans again soon. We are all anxious to get smiles with the "big black cat". During our isolation due to the Covid, we are enjoying and exploring our beautiful Vancouver Island. The latest and most impressive highlights were, The visit of Carmanah Provincial Park,

with the giant Sitka Spruce with over 12 ft in diameter. A hike among ancient Western Red Cedar in The Avatar Grove in Port Renfrew on the West coast of The Vancouver Island. Being in a lumber business for many years, I have to admit that of some of the unique old growth stands definitely have to be preserved for our future generations. To keep them for the education and environmental purposes, and to show what our ancestors had to deal without aid of any modern logging equipment. These are only couple of some of the Highlights of our Beautiful Vancouver Island, and it will be the great opportunity to discover them for those who will come for the 2023 Hoo Hoo International convention

on the Vancouver Island, Cowichan Club 229. In the mean time, hope to see you all very soon.

Paul Beltgens 90980
First Vice President
Health, Happiness, and Long Life

Paul Todd 99499

I have been fortunate enough to be afforded another opportunity to again become Snark. If approved, I will do my best to help this organization. I have some mighty big shoes to fill. I know, I have an awful lot to learn in a very short time. I truly love Hoo-Hoo and its people, leave no doubt about that.

I was amazed that even being a few years older and after the death of his wife, Carol Owens did not hesitate because he loves this organization. Sadly he died while in office and did not complete his term. I have seen many others step up when called to assume the position for the same reason. I myself was supposed to assume the position but was unable to because of my own illness and the death of Renee, my wife. Steve Allison, the same as Mary Moynahan, because of their love for Hoo-Hoo, again stepped up to the plate, to head this wonderful organization because they so love Hoo-Hoo. It is no small feat financially or timewise, my admiration for them is immense.

Call us for all your Redwood, Douglas-fir, and Preservative Treated lumber needs!

HHI SECOND VICE PRESIDENT

As I sit here, we are getting closer and closer to our convention in Hot Springs, AR. Last year was a tough year for everyone throughout the world. We had to postpone our in-person convention. This year we are going to have our convention. However, we will still have members who cannot attend because of COVID. They are unable to leave. We will also this year be having the retirement of our beloved Beth Thomas from the Executive Secretary position. Beth will be so dearly missed. I do however feel she is leaving us in good hands with Kalene.

We will also be good because of the outgoing Snark, Steve Allison. Steve has done an outstanding job the last 2 years. He has shown his dedication and true love for Hoo-Hoo. He is another fine example of what a Snark of the Universe truly is. I can only hope if approved to follow in his footsteps. Hope to see as many members that can make it to Hot Springs. I have missed you all and love you all.

HHLL
Paul Todd 99499
Second Vice President

2020'S IMPACT ON THE LUMBER INDUSTRY

During this past year, between the shutdowns, quarantine, and layoffs, millions of people had lots of down time. In that downtime, people took full advantage of the time and started remodels/building new homes that wouldn't have happened as quickly if it weren't for the extra time. I know for people here in Arkansas, there were multiple homes in Gurdon and surrounding areas that were newly built during the 2020 year. Most of all the logging crews in the South never missed a day due to COVID. They were able to keep the local mill, Georgia Pacific pretty well fed with lumber. Although they kept the mill full of wood, Georgia Pacific services a wide area of the United States. The supply and demand was a little much and has caused a drastic increase of prices and availability issues. There are waiting lists at local depot stores for contractors to get lumber to start construction.

The beginning of 2020, prices for 3/4" plywood was around \$32 a sheet. By February 2021 prices had jumped to an average of \$83 and increased by an average of \$15 more to \$99 by the end of April!

That's a 250% increase of one sheet of plywood. Over the last decade, some mill owners have been uncertain on how long they would be able to run production due to pricing being low. Fast forward to 2021, they are being "rewarded" for keeping on keeping on! The demand for lumber is alive and doing very well. Hats off to all who conquered through tough times!

RAMESES RAMBLING

After such a long absence of face-to-face social interaction, networking and fellowship with people that make up Hoo-Hoo and our industry my social rewards tank was empty. On Friday, June 4, I had the pleasure of attending the Willamette Valley Hoo-Hoo 33 annual golf event at Shadow Hills Country Club in Junction City, Oregon. Not only is this event a signature event for Willamette Hoo-Hoo 33, for me, it represents the grand reopening of Hoo-Hoo and face to face interaction with the people I love, admire and respect that make up this great forest products industry, the greatest industry on the planet.

Over eighty people attended. After 3 weeks,

I am still riding the emotional high that resulted from being in your presence. Many thanks to all of the participants. You made my day. I look forward to more. Hoo-Hoo is a great organization. If you participate, you will benefit from the interaction. You will make life-long friends, network, enjoy goodwill and fellowship, and enhance your career. I have been a member for 41 years and can attest to the benefits of Hoo-Hoo. Even though I did not know everyone at the

BY-LAW CHANGES

Legislation and Good the Order:

Committee chairman M. Clothier presented the HHI By-Law Proposed Changes that had been reviewed by his committee and recommended for approval at the 2019 Hoo-Hoo International Convention.

I. Article 7; Committees; Section 1 (a) Current By-Law States: Article 7; Committees; Section 1

(a) **EXECUTIVE COMMITTEE** to consist of the Chairperson of the Board, Snark of the Universe, Secretary/Treasurer, Executive Treasurer, 1st Vice President, and 2nd Vice President. The Chairperson for this committee will be The Snark of the Universe.

Proposed HHI By-Law Change: Article 7; Committees; Section 1

(a) **EXECUTIVE COMMITTEE** to consist of the Chairperson of the Board, Snark of the Universe, Secretary/Treasurer, 1st Vice President and 2nd Vice President and one other current director to be elected by the Board of Directors. The Chairperson for this committee will be The Snark of the Universe.

II. Article 7; Committees; Section 1 - Legislation & Good of the Order Committee Current By-Law States: Article 7; Committees; Section 1 - Legislation & Good of the Order Committee

LEGISLATION & GOOD OF THE ORDER COMMITTEE - composed of nine (9) members, = 3 Rameses + 3 S9 and 3 Lay Members Goals and Assignments

1. Review and amend if necessary, any changes to the bylaws and make a recommendation to the board for updating and bringing them current.
2. Any recommended ritual changes must have been reviewed and approved by the Rameses on this committee.

Proposed HHI By-Law Change: Article 7; Committees; Section 1 - Legislation & Good of the Order Committee

LEGISLATION & GOOD OF THE ORDER COMMITTEE - composed of nine (9) members, = 3 Rameses + 3 S9 and 3 Lay Members Goals and Assignments

1. Review and amend if necessary, any changes to the bylaws and make a recommendation to the board for updating and bringing them current.
2. Any recommended ritual changes must have been reviewed and approved by the Rameses on this committee.
3. This committee shall be referred all matters of legislation, including revisions to the Code of Ethics and all other related matters not otherwise provided for.

FOR THE GOOD OF THE ORDER

The Cats Tales Sharing the News of Hoo-Hoo

S9 J2

June 2021 versus June 2020 huge difference. Fully vaccinated folks do not need to wear a mask. Restaurants are at 50% in Michigan, open 100% June 15, 2021. Sports stadiums are open, not many attending, same with movie theaters.

The chip shortage, WOW Ford Motor Company has thousands of F-150's sitting in parking lots all over Dearborn, Michigan waiting for a chip or two. For work and personal, I deal with two Ford dealers between the two they have less than a dozen of new F-150's on their lots. June 2020 they had 320 F-150's between them. In March, I wrote paying \$1,000.00 mbf for Firing Strips will I just paid \$1,650.00 mbf week of June 7, 2021.

Beginning to get some pushback on prices, some projects being on hold until 2022 some projects have been canceled altogether. Single-family home building is still strong in S.E. Michigan, although we can see a drop-off coming due to these amazingly high prices. I was up in the Upper Peninsula of Michigan last weekend. I have been going to the U.P. for 52 years. OMG, the motor homes covered the U.P. roads. I think motor homes outnumbered cars in the U.P. I have never seen so many motor homes, new drivers of motor homes too, pretty obvious they have never driven a big box down the road before. Really gotta drive carefully around these folks.

It is good to visit customers again. It is good to have our annual Detroit #28 Hoo-Hoo Christmas party. It is good to have an HHI convention this September. It is good the kids are back to playing sports and dance.

moment with only around 10% of the population being fully vaccinated, however our supplies are increasing and should help to speed up this process.

I have had my first Astrazeneca jab, but need to wait till August for the second. Unfortunately at this point in time there will not be any JIV Members at the Hoo-Hoo Convention in September "2021 where it all Begun", as our international borders are closed till next year. Yes, we can travel – but you have to apply for an exit visa which is a long-involved process and flights are difficult. On top of this we then have to isolate ourselves in a hotel for 2 weeks at your own expense. Leschenaultia Club No 274 based in Western Australia has been able to hold meetings and celebrate World Forestry Day on 21st March. There was a great dinner function with over 99 people attending including the local Member of Parliament and the Minister for Forestry – oh and ME!! I enjoyed myself-catching up with members both old and new, and spending some time with Harvey Strack was a highlight. A process is under way to start a new Club in Albany with assistance from the Leschenaultia club members. Will keep you up to date with this event. JIV has had to put the 50th Convention on hold again, it was meant to be held in Malaysia 2020, then 2021, however we will now aim for 2022 to go there. We are still hoping to host the 51st Convention on 13-15 August 2021, depending of course on the COVID situation at that time. Sending you all best wishes from JIV, and we look forward to being to embrace you in person soon. Personally I'm hoping to get there for the Annual Crab feeds kicking off in Sacramento!

Health Happiness and Long Life

Ray Lamari 97512 R97 S9 J4

S9 J8

Happy June to all the members. It has been in the 90 degree range here in the Twin Cities for the past 10 plus days. It is somewhat funny

NATURALLY INNOVATIVE

S9 J4

Dear Snark, Fellow Board Members and all my wonderful Hoo-Hoo Family. As you can imagine there has not been a great deal happening within JIV lately, which we are hoping to improve moving forward. Now that Australia and New Zealand are almost COVID free and have entered into a Bubble we hope to be able to travel there soon. The vaccine rollout is a little slow at the

FOR THE GOOD OF THE ORDER

but we can handle the cold winter days much better than these hot days. One of the Twin Cities distinguished members lost his wife, Beth O'Meara. We are so sorry Tom O'Meara #83636, his daughters Callie and Ashley, their husbands and daughters. The business climate hasn't changed much. High price on just about everything and very limited supply. We will survive up here in Minnesota and South Dakota. The Twin Cities Club #12 will have its first board meeting on June 24th in over a year. The agenda is getting full and we will have plenty to discuss. Let's all work on dues and membership and work on getting all clubs back on track. Not much happening in the world of Hoo Hoo these days but that will change. I hope to see a lot of people in Hot Springs come September.

Health, Happiness and Long Life

Paul Boehmer #88436 S9 J8

J3-Willamette Valley Club 33

Greetings from the Willamette Valley! Club #33 has seen a lot of changes recently, even though the club has been pretty dormant because of COVID-19 restrictions... behind the scenes, things were happening! We have a new president, Joe Honochick from Zip-O-Log Mills & now have a vice-president Mike Gaber from Aiken-Ford. We have a new secretary Lisa Gardner who is trying her best to fill the shoes of Archie Brown who has been the heart of Club #33 for many years. Along with out-going president Amy Nystrom & 2 existing board members Barry Greathead & Pat Meyers staying on as board members, we have added 2 additional board members, KayCee Hallstrom & Nick Lake... who are all eager to revive & re-establish the value of being a Hoo-Hoo member. Our 1st endeavor since COVID hit & stopped all our events for 2020, we hosted our Annual Golf Tournament on June 4th, 2021 at Shadow Hills Country Club! We had a very successful tournament with 23 4-person teams participating. We held a raffle for some great prizes and swag, and we even had a couple impromptu auctions that spiced things up a bit!

Our golf tournament was a lot of fun & couldn't have been as successful without our generous sponsors...

who we'd like to thank for their generosity & give them some recognition for their donations. We had a total of 52 sponsors... When it's possible, Club #33 will be presenting Tom Maks with his lifetime membership to HHI having paid 50 consecutive years dues! We will also have a couple new members to introduce, and we are hoping for many more as we will be recruiting new members whenever we can. We had a surge of new members in 2019, so we hope to continue where we left off pre-COVID. We are looking forward to 2021 with plans of reviving old Hoo-Hoo events, and brainstorming new ones to make Hoo-Hoo membership fun, exciting, a place to meet other people on our industry & establishing the value of being a Hoo-Hoo member.

Lisa Gardner 101823
Secretary
Willamette Valley Club #33

J3-Portland Club 47

Portland Club #47 had their annual golf tournament on June 18th at Forest Hills Golf Course. The club has been focused on getting back into the swing of the social setting and the attendance at the tournament was a great sign for things to come. Teams from all walks of the lumber industry participated, and we are looking at putting together another tournament later in the summer. A big goal for our club is to adapt to the new normal and introduce new events that are educational and bring everyone together. Coming to you from the hot, hot Northwest... we certainly aren't used to all this heat! I can't really complain because I love the sunshine. Hope this report finds everyone healthy and happy and more importantly, getting back to a new normal. Being able to hug family and friends because you're all vaccinated is pure heaven.

Manke Lumber Company is family owned and has been serving the needs of the lumber industry since 1953. We take pride in milling and stocking quality lumber in a full range of commodity sizes and larger dimension timbers. We also answer your market needs for a wide variety of treated lumber products.

Our forest products are milled from carefully harvested Northwest trees ready for distribution to you—on time and at the right price.

Located in the Port of Tacoma, we have ready access to deep water shipping, rail heads or trucking terminals for longer haul loads. Manke operates its own fleet of trucks and is at your service for straight or mixed loads by truck, rail or sea.

We manufacture primarily Douglas fir and western hemlock, including

- 2x4 thru 2x12, Lengths 8-20'
- 3x4 thru 3x12, Lengths 8-26'
- 4x4 and wider, Lengths 8-26'
- 6x6 and wider, Lengths 8-26'
- 8x8 and wider, Lengths 8-26'
- Timber sized up to 12x12

J3-Tacoma Olympia Club 89

Club #89 hasn't got the go-ahead for group events yet, but we're getting close...

supposedly June 30th is the magic date. I have missed being together with people in person so much.

Calling and talking to people is wonderful but definitely not the same. Wednesday, June 23rd, Larry and Linda Viguerie picked up Joe and myself and we attended the Bob Dagais Memorial Service at Tahoma National Cemetery. I had never been to this cemetery that honors our veterans. It was a wonderfully peaceful and beautiful spot for a final resting place. The service included a gun salute with the riflemen aiming their shots directly at the attendees...scary! Chad and his family arranged a beautiful service to honor Bob. The picture with Al Meyer, Bob Dagais, and Barney Wagner was prominently displayed.

Now the trio are together once again. Rest in peace to all three of you....you are missed by Club #89. The Board is looking forward to making arrangements for an Old Timer's Night and a golf tournament in the coming months.

Hope everyone is enjoying health and happiness this summer. Due to Joe's health status, we will not be attending the Convention this year. Hopefully we can get him back to a travel-ready state by next September. I will very much miss seeing all my Hoo-Hoo friends. And I will especially miss seeing Miss Beth honored for all she has given to all of us in Hoo-Hoo land. She is such a fabulous lady and I wish her nothing but the best in her retirement.

Health, Happiness and Long Life.

**Terry Hammerschmith 99531
Secretary/Treasurer**

J3-NW Montana Club 187

Greetings from Northwest Montana. Though the last year has been difficult to navigate on several fronts, Club #187 has experienced a season of growth and renewed interest from some old faces.

Now that Covid-19 is starting to show the signs of being a part of our past, the club has resumed full activities. After being limited on social gatherings, club meetings and activities have been a welcome relief to response to Covid-19.

One activity that the club always looks forward to is our annual spring trap shoot. The event was well attended, and a good time was had by all. Along with a fun evening of shooting and fellowship, the club nominated our annual Lumberman and Woodpecker of the year awards to be given out May 15th at the Montana Logging Association's membership meeting. Club #187's Lumberman of the Year award honors an individual who has brought distinction to this profession we call logging. This year's recipient is long time logging contractor Mr. Wayne Finch of Eureka, Montana.

FOR THE GOOD OF THE ORDER

Wayne has been a strong supporter of the industry and has a long list of accomplishments. Wayne is an active member of the Montana Logging Association, served a 5-year term on the MLA board of directors and was also recognized by the Montana Wood Products Association as Logger of the Year. Club #187's Woodpecker of the Year award honors individuals who have distinguished themselves by providing unconditional support for the various professions and disciplines that define our rich heritage. This year's recipient is Mr. Cary Weyrauch.

In the late 1970s that he and his longtime friend Mike Holder would take a gamble on starting their own tire business and M&C Tire was born. M&C Tire has supported the timber industry for over 40 years. Cary's professional affiliations also included active involvement with national, regional and

state organizations representing tire dealers and small business interests. His community affiliations include active involvement with his church, the Knights of Columbus and of course the Northwest Montana Hoo-Hoo Club where he is the beloved Treasurer of our Order. Congratulations to both recipients. They join a long list of accomplished people that have help promote and shape our industry. As summer is upon us, Northwest Montana Club #187 wishes you all a safe and productive season.

Health, Happiness and Long Life,

Tim McEntire 101854
Vice-President

FOR THE GOOD OF THE ORDER

J3-Winema Club 216

The COVID-19 pandemic had pretty well brought us to a standstill for quite a while. In March, we held our first meeting in about a year. We held our St. Paddy's day corned beef and cabbage feed at our local Moose Lodge. We had 22 in attendance, and it was great to get together once again. In April, we had a general meeting, and we started the process of nominating people for the board of directors of our club. There being none, we went on to other business.

We brought up the possibility of having a bus trip to the Brass Rail Restaurant in Alturas, California. The idea was well accepted, so we decided to pursue the idea. May turned out to be the bus trip. 32 members and guests piled onto a bus, and we started down the road to Alturas. Along the way we had three historians, Todd Keppel from the Klamath County Museum, Ryan Bartholomew from Kingsley Field Air Base, and Ron Loveness from our club showed us a lot of historical features along the route. The meal at the restaurant was huge and very tasty. It consisted of soup, salad, ravioli, baked potato, huge steak, shrimp, and dessert. There was also an endless supply of wine on the tables. All in all, it was a great time. June was our annual election and sporting clay shoot. Only 3 shooters attended, but we did have 18 in attendance for our election.

We elected the same slate as last year. Our club wants to wish Beth Thomas a very happy retirement. She truly deserves it.

Respectfully submitted,

Paul Wunder 85881
Secretary/Treasurer

J4-Ballararat Club 256

I am pleased to report that The Ballararat Club #256 is back from our draconian Lockdown that we all had to suffer during 2020. However the pain appeared to worthwhile as we were able to almost completely remove Covid-19 infections from community transmission towards the end of 2020. There were still many restrictions on activity and travel and social distancing is still a very

Seattle Hoo Hoo Club #34
wishes everyone Health
Happiness and Long Life

www.hoohoo.org/clubs/34

FOR THE GOOD OF THE ORDER

important process. We are currently dealing with the incredible "Indian" strain(s) of the virus and the various sub-types associated with that particular genome. We are now not permitted to refer to the current strain as "Indian" but rather as a new denotation based on the Greek alphabet. These particular strains are now known as the "delta" and "kappa" varieties. Greater Melbourne has once again, been locked down in a further circuit breaker lockdown. This time for two weeks. It means that no one from greater Melbourne is permitted to travel to Regional Victoria for fear of spreading the virus further. This has seriously impacted our Queen's Birthday long weekend and all meetings and travel has been stopped. Thankfully, we were able to hold our traditional Christmas Meeting as a "face-to-face" dinner at our

normal Motel venue. We were limited to a total of thirty persons, and we were also limited to staying in the restaurant for a maximum of two hours. We ended up with 15 members and partners present. Still, it was great to be able to catch up with our friends and fellow Hoo-Hoo members for some festive fun.

Our next meeting was held in March, this year, and although we didn't have a guest speaker, we had a great meeting with about 12 members and partners present. Our May Meeting held on 26th May was very special as we were finally able to arrange two special guests to present a wonderful talk on the recently completed Government Hub, in Ballarat, which was constructed adjacent to the famous Ballarat Civic Hall. We had 18 members and partners and two very special

guests present for the meeting. The two guest speakers were:

Paolo Lavischi - Program Development Manager, Wood Solutions (Mid Rise Advisory). Wood Solutions is a "Not-for-Profit" Timber Information and Support organization that provides a vast array of documents, guides, study notes, and training Webinars and Master class workshops to anyone involved in the timber industry. Peter Spence - Project Manager with Kane Constructions Pty Ltd. Kane Constructions formed a collaborative alliance with Nicholson Constructions, a very well-known and highly respected Builder in Ballarat. Together, Kane Constructions and Nicholson's put together a proposal to change the design of the Proposed Govt. Hub Building in Ballarat

Ballarat GovtHub

FOR THE GOOD OF THE ORDER

Completed Building

from a traditional concrete and steel construction to a more sustainable Engineered Timber solution using CLT (Cross Laminated Timber), Glulam Beams, and other engineered timber, such as LVL Beams. The Collaborative team of Kane/Nicholson's had to convince the Government that, by converting the design to a sustainable timber-framed construction, would not incur any cost penalties or construction time disadvantages. They also had to convince the regulatory bodies that a timber-framed construction would meet all the fire, sound transmission and maintain a safe construction entity.

After exhaustive reports and investigation, it was found to be quite competitive and complied with all the controls and restriction placed upon the design. It was noted that, had the building been designed as a "timber-framed" construction from the very start, it may have resulted in some additional savings.

It was a remarkable presentation and shows just how well-equipped we are to produce cost-effective and truly sustainable buildings by using the full range of Engineered timber products available and continue to grow in range as time proceeds.

Ballarat Club is also very much looking forward to our annual combined weekend trip away with our neighboring Hoo-Hoo Clubs: Mount Gambier #214, Adelaide #212, North East Victoria Club #236, Melbourne Club #217, and anyone else who would like to join us for a fun and relaxed weekend at

Koondrook on the banks of the Gunbower Creek at the junction with the mighty Murray River. Koondrook is located just east of Kerang and is approximately 300km NW of Melbourne.

Our Koondrook Weekend is coming up over 8th, 9th, and 10th October 2021. We stay at the Koondrook Caravan Park which is a lovely friendly park with a choice of cabins, powered caravan sites and Ensuite Caravan sites on grassy and shady sites. We will be conducting our annual Hoo-Hoo Challenge and enjoying the Communal Camp Kitchen for a get-together dinner on a Saturday evening. There is also a well-appointed Motel adjacent to the caravan park and this year there is a privately run "Glamping" tent section with all the luxury appointments that have become synonymous with "Glamping". More details and a "flyer" will be provided a little closer to the time of the weekend.

Our next scheduled meeting is due to be held on Wednesday, July 21, 2021 to be held at The Barkly Motel. A guest speaker has not yet been appointed for our next meeting.

Graham Paulin 100977
President - Ballarat Club 256

J4-NW Tasmania Club 272

Thank you for the opportunity to be your President, for the past two years. You are a great bunch of people.

It has been a hard time for all with Covid, although Tasmania has had a better time than most. We certainly are a lucky Island. We missed several meetings due to Covid and our main fundraiser, our Golf day was cancelled. On the positive side members and their partners enjoyed a weekend away at Strahan, highlighted by the cruise on the Gordon river. We also enjoyed a barbecue at Fern Glade. Our dinners were yummy when we could attend. The ladies in the kitchen who have provided us with amazing meals, as well as our Christmas in July and

December, the trouble you go to is beyond expectations. We do enjoy the decorations, food, and all. Thank you so much. The club donated financial support of \$5,000.00 to Terry and Jill's Grandson, who is home now waiting for surgery, and unable to work. He is having treatment now at the Burnie hospital, and could get a call to go back to Melbourne at any time, for more treatment or a major operation. The Club also donated \$1,000.00 to Breast Cancer and \$1,000.00 to Prostrate Thanks to Mick for his Secretary notes and all the other jobs he does as well, and Mort for counting all the 5 cents in his treasurer's role.

Early in the year I nominated Mick and Mort for life membership and being hasty I should have waited for the annual meeting, oops sorry about that.

Would still like the nominations to stand. There are also some members, one who has 30 years' service to Hoo Hoo Barry Walsh, and Terry Groves who has had more than 30 years' service, we are trying to find out how many years of service to Hoo Hoo that Terry has. I know Terry enrolled in Hobart, then went to Launceston, and joined North West Coast Hoo-Hoo as soon as one was established. I Believe these two fellows deserve some recognition, for their contribution to Hoo-Hoo.

I thank all the members for their support during the year and wish the new President health happiness and long life.

Junene Stephens
101108
President
Health, Happiness,
and Long Life

J5-Cowichan Valley Club 229

Once again, I am saying Hello from the west coast of Canada. In just over a week we will be having our first face to face, real live meeting, that won't have a computer monitor involved, or some password we have to log on with. So exciting!

But.... With that piece of good news, is the lack of things happening here. The Cowichan Valley Club is still at a standstill with happenings, but we hope to pick up the pace very soon.

Jan Bradford

FOR THE GOOD OF THE ORDER

At our next meeting we will be discussing when our plans are to have a social and a con-cat in 2021. I have been in touch with Vancouver club 48, and they have a few events that are just getting talked about for 2021. These last few years may have been quiet, but I am sure that once our restrictions are lifted, we will all be making serious plans for some fun events.

Jan Bradford
Secretary Cowichan Valley 229
S9 JV

J6-Sacramento Club 109

Sacramento Hoo-Hoo Club 109

Life is getting back to normal. The Sacramento Club had their first Club dinner meeting at Brahma Bar & Grill. It has been over 16 months since we last met. Great turnout with 45 attendees and 10 of those were "newbies".

More is on the horizon. A Concat is planned for August. Our annual Sac 109 Silver Dollar Golf Tournament is scheduled for Friday October 22nd. The night before we will have the BBQ dinner reception, always a hit. Dues collection was a struggle this year, but now that things have opened up and we can schedule activities more members will renew. And there will be more to write about – LOL.

Respectfully,
John Taylor – 95673
Vicegerent Snark

J6-Black Bart Club 181

Hi from Northern California. We celebrated a post-covid return to normalcy with an in-person board meeting at Charlie's Grill in Windsor on May 12.

The board finalized the 2021 event schedule. The club is excited to have in-person and fun events on the calendar and we look forward to seeing everyone's beautiful smile in person! Here is the Black Bart event schedule for 2021. Black Bart Hoo-Hoo 181 Trap Shoot – July 30 2021 - Ukiah Rifle & Pistol Club, Ukiah CA

Black Bart Hoo-Hoo 181 Golf Tournament – October 8 2021 - Ukiah Municipal Golf Course, Ukiah CA

Black Bart Hoo-Hoo 181 Concatenation – November 11 – Charlie's Grill, Windsor CA

Our beloved and much appreciated but underpaid Black Bart 181 Treasurer, former S9 for JVI, Edgar Massoletti and his beautiful wife, beloved and most certainly appreciated

but underpaid Black Bart Secretary Jan Massoletti are moving out of the area. We are looking for some Black Bart 181 members to get active on the board and take over these responsibilities as soon as possible. The Black Bart Board meets the first Wednesday of every month in Sonoma, Mendocino or Napa Counties. Edgar and Jan have kindly agreed to stay at it through the end of 2021 to train. You will have fun! If you are interested, please contact Black Bart 181 President Jeff Ward – jeffward@mendomill.com

The Hoo-Hoo International Convention will take place in Hot Springs AR in September 2021. Several Black Bart members will be attending and we would enjoy your company!

Please go to Hoo-Hoo.org and log in to see more information. As a shout out to history, I included some photos of an annual sister-club, Oakland Hoo-Hoo #39 event called the REVEILLE. The inaugural event was in 1933. Over 500 Hoo-Hoo members from Northern California attended the event in 1940. I thought you might appreciate looking at the names of sponsoring companies. We can do this again.

That is it for now. Get involved, we would love to see you! The Forest Products Industry is still the greatest on the planet. The people of our industry make it so.

FOR THE GOOD OF THE ORDER

J8-Twin Cities Club 12

Summer greetings and salutations from all in Twin Cities #12. At the last update, we were anxiously awaiting the snow to melt and eyes on continued measures to mitigate the spread of the COVID-19 virus.

Our industry has remained lucky to be labeled as "vital" during the last 15 months. We face many of the same challenges that were present prior to our world-changing: supply chain challenges, lack of labor, transportation bottlenecks, etc. Yet, we continue to construct a path forward as a club and collective industry. Bridget Reynolds has shared with us the perspective as board president but also Dean at the Dunwoody College of Technology --- she has seen both the challenges of our industry but also juggled the changes required in higher education under stay-at-home mandates.

She is happy to share that currently, the colleges have their sights on returning in Fall 2021 in a normal fashion. We wish them the best as we need the new recruit of grads to help us move forward! Lastly, the club would like to send condolences and support moving forward to friend and Hoo-Hoo stalwart Tom O'Meara (#83636) & family after Beth, his wife of 39 years, passed away on May 30th. Let us all be thankful of the time spent together yet look forward to finding the Spirit of Hoo-Hoo when we cross paths again. Until then, I wish you all continued health, happiness & long life. See you in Little Rock!

Respectfully submitted,
John P. Gerlach #100500

J9-S9

Hello, Hoo-Hoo's! I have been primarily in Michigan caring for my Mom.

We always do an East-Coast Tour during this time for the new Snark of the Universe. We start in Boston, visiting the Harry L Folsom Club #13 on the first Friday of December, which is December 3rd. Then onward to the Detroit Club #28 on the 6th of December. Ending up in Minneapolis for the Twin Cities Club #12 Lumberman of the Year event around the 8th of December. This is a great and easy way to visit three great Clubs in a short period of time. It's like the crab feed on the West Coast, but there is no crab!

The HHI 129th Convention is just around the corner. We begin on September 10th with our Board of Directors meeting. The Convention officially begins on the 11th and ends on the 14th. At this moment in time, we have 30 registered with another 20 or so promising to get their registrations to us by the end of June.

We appreciate you registering ASAP. All information can be found on the Hoo-Hoo website, along with easy payment via Pay-Pal. Make sure to send a copy of your registration form to John Yeakel, Keeper of the Records. His email and address are located at the bottom of the Registration Form.

I have been told the Canadian borders should be opening up near the end of June...so, JV, please make your presence known in Hot Springs! This Convention is being sponsored by the Rameses, so we could still use financial donations from you, your Club, or your Business. Contact me at beaspark999@gmail.com for details.

Health, Happiness, and Long Life.

Be a Spark!

I haven't been in Florida to work on activating the Daytona Beach Volusia County Club, but the Spark never backs down. I do feel there is great potential in the area and look forward to adding members to Club #136. My goal is to have an active Club that will sponsor an awesome HHI Convention down the road. There is so much to see and do in Florida, the Vacation Capital of the USA!

While in Michigan, I am still working as an active President for the Detroit Club #28.

We have a Board meeting scheduled for June 22nd where we will do a bit of planning for the Annual Christmas Luncheon being held on Monday, December 6th at the Dearborn Inn.

RISE WITH THE WEST.

MOSSADAMS

Assurance, tax, and consulting offered through Moss Adams LLP.
Investment advisory services offered through Moss Adams Wealth Advisors LLC. Investment banking offered through Moss Adams Capital LLC.

Proven Products Great Margins Rapid Turns It's What We Do

When you start a new program, you want it to grab hold quickly, turn easily, and become a profit center for your company. This is exactly how a Screw Products, Inc. display will perform in your stores, and precisely what the screws will do when used: start quickly, grab hold, finish strong and become a permanent fixture. It's impossible to specialize in many things, we specialize in screws.
